Published daily, except Sundays, Mondays, and days following official Federal holidays, by the Division of the Federal Register, the National Archives, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U. S. C., ch. 8B), under regulations prescribed by the Administrative Committee, approved by the President. Distribution is made only by the Superintendent of Documents, Government Printing Office, Washington 25, D. C.

The regulatory material appearing herein is keyed to the Code of Federal Regulations, which is published, under 50 titles, pursuant to section 11 of the Federal Register Act, as amended June 19, 1937.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $1.50 per month or $15.00 per year, payable in advance. The charge for individual copies (minimum 15¢) varies in proportion to the size of the issue. Remit check or money order, made payable to the Superintendent of Documents, directly to the Government Printing Office, Washington 25, D. C.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER.

1946 SUPPLEMENT
to the
CODE OF FEDERAL REGULATIONS

The following books are now available:

Book 1: Titles 1 through 8, including, in Title 3, Presidential documents in full text with appropriate reference tables and index.

Book 2: Titles 9 through 20.

Book 3: Titles 21 through 31.

These books may be obtained from the Superintendent of Documents, Government Printing Office, Washington 25, D. C., at $3.50 per copy.

A limited sales stock of the 1945 Supplement (4 books) is still available at $3 a book.

offices and district offices appropriately located throughout the country. The location of these offices is given in § 21.6 (11 F. R. 177A-305, 12783).

In addition, a New York Office of the Foreign Trade Division is located at Room 434, Customs House, New York City, to perform certain operations on foreign trade documents which are the source of statistics on foreign trade (see § 21.7 (11 F. R. 177A-305) and 15 CFR, and Supps., Part 30).

The Washington Office consists of:

	Section Nos.
Office of the Director	(21.2)
Twelve divisions as follows:	
Administrative service	(21.2)
Agriculture	(21.3)
Budget office	(21.4)
Business	(21.5)
Field	(21.6)
Foreign trade	(21.7)
Geography	(21.8)
Governments	(21.9)
Industry	(21.10)
Machine tabulation	(21.11)
Personnel	(21.12)
Population	(21.13)

2. The present text of § 21.7 *Foreign Trade Division* (11 F. R. 177A-305, 12783, 14611), is further amended by the deletion of paragraph (b).

(Sec. 1, 42 Stat. 1109, 15 U. S. C. 1109)

[SEAL] WILLIAM C. FOSTER,
Acting Secretary of Commerce.

AUGUST 19, 1947.

PART 703—APPOINTMENT OF COMMISSIONED OFFICERS, WARRANT OFFICERS, FLIGHT OFFICERS, AND CHAPLAINS

WARRANT OFFICERS

Correction

In Federal Register Document 47-7683, appearing at page 5546 of the issue for Saturday, August 16, 1947, the fifth and sixth lines of paragraph (b) of § 703.303 should read: "the time his name is reached on the eligible list for appointment as a warrant officer,".

TITLE 17—COMMODITY AND SECURITIES EXCHANGES

Chapter II—Securities and Exchange Commission

PART 239—FORMS PRESCRIBED UNDER THE SECURITIES ACT OF 1933

FORMS FOR REGISTRATION STATEMENTS

The Securities and Exchange Commission has heretofore duly published in the FEDERAL REGISTER notice of proposals with respect to the revision of Form S-2 (§ 239.12, 11 F. R. 177A-732) and the rescission of Forms S-12 (§ 239.19, 11 F. R. 177A-732) and C-1 (§ 239.3, 11 F. R. 177A-731) under the Securities Act of 1933. After due consideration of all relevant matters presented in regard to the proposals, the Commission has determined that the proposed action is necessary and appropriate in the public interest and for the protection of investors and necessary to carry out the provisions of the Act. Accordingly, the Commission, acting pursuant to authority conferred upon it by the above-mentioned act, particularly sections 7, 10 and 19 (a) thereof, hereby adopts a revised Form S-2 to read as set forth in copies thereof marked "Revised September 20, 1947" and rescinds Forms S-12 and C-1.

The purpose of the revision of Form S-2 is to provide a simple registration form for commercial and industrial companies which are still in the stage of development. Certain established companies which have heretofore used this form will, in the future, use Form S-1 (§ 239.11, 11 F. R. 117A-732, 12 F. R. 224), the Commission's general form for commercial and industrial companies.

Since the requirements of Form S-12 and the requirements of the revised Form S-2 are substantially the same, Form S-12 is being rescinded because it no longer serves any useful purpose.

Form C-1, which was prescribed for unincorporated investment trusts of the fixed or restricted management type, has become obsolete through the adoption of later forms for securities of such trusts. Accordingly, this form is being rescinded because it is no longer necessary.

The foregoing action shall become effective September 20, 1947.

(Secs. 7, 10, 19 (a), 48 Stat. 78, 81, 85; 15 U. S. C., 77g, 77j, 77s)

By the Commission.

[SEAL] NELLYE A. THORSEN,
Assistant to the Secretary.

AUGUST 15, 1947.

[F. R. Doc. 47-7944; Filed, Aug. 25, 1947; 8:45 a. m.]

TITLE 19—CUSTOMS DUTIES

Chapter I—Bureau of Customs

[T. D. 51740]

PART 4—VESSELS IN FOREIGN AND DOMESTIC TRADES

PART 5—CUSTOMS RELATIONS WITH CONTIGUOUS FOREIGN TERRITORY

PART 24—CUSTOMS FINANCIAL AND ACCOUNTING PROCEDURE

LICENSES AND PERMITS TO UNLADE AND LADE; REQUESTS FOR OVERTIME SERVICES

Section 4.30 (e) and (f), 5.2 (d), and 24.16 (c), Customs Regulations of 1943, relating to licenses and permits to unlade and lade and requests for overtime services amended or further amended.

1. Section 4.30, Customs Regulations of 1943 (19 CFR, Cum. Supp., 4.30), is hereby amended as follows:

Paragraphs (e) and (f) are amended to read:

§ 4.30 *Permits and special licenses for unlading and lading.* * * *

(e) A special license on customs Form 3851 running for any period up to 1 month and in multiples of months thereafter but not to exceed 1 year nor longer than the period of the supporting bond may be granted to a carrier operating passenger vessels making three or more trips a week between a port in the United States and a foreign port, or vessels used as ferryboats, including car ferries, to unlade merchandise, passengers, or baggage, or to lade merchandise or baggage in the case of any or all of such vessels at night or on a Sunday or holiday when customs supervision is required. The application for such a special license shall be on customs Form 3851 supplemented by a request on customs Form 3853 for overtime services of customs officers. Such request for overtime services must show the exact times when overtime services will be needed unless arrangements are made so that the proper customs officer will be seasonably notified during official hours in advance of the services requested as to the exact times that the services will be needed. The special license shall not be granted unless the required bond on customs Form 3587, 7567, or 7569 shall have been filed.

(f) The collector may also issue a permit running for any period up to 1 month, and in multiples of months thereafter but not to exceed 1 year, to unlade or lade vessels specified in paragraph (e) of this section during official hours. Customs Form 3851 (modified) shall be used for such purpose.

(Secs. 448, 450, 452, 453, 454, 624, 46 Stat. 714, 715, 716, 759, sec. 451, 46 Stat. 715, sec. 9, 52 Stat. 1082, sec. 1, 58 Stat. 269; 19 U. S. C. 1448, 1450, 1452, 1453, 1454, 1624; 19 U. S. C., Sup. 1451)

2. Paragraph (d) of § 5.2 *Vessels and vehicles; overtime services of Customs officers; lading and unlading; permits*, Customs Regulations of 1943 (19 CFR, Cum. Supp., 5.2 (d)), is hereby amended as follows:

The second sentence is amended by deleting the words "or a vehicle" and substituting "term" for "monthly".

Another sentence is added, to read, "A term license or permit to unlade or lade may also be issued to a common carrier by vehicle for any of the periods permitted by § 4.30 (e) and (f) when an application as prescribed therein and any required bond are on file." (R. S. 251, sec. 624, 46 Stat. 759; 19 U. S. C. 66, 1624)

3. Paragraph (c) of § 24.16 *Overtime services; overtime compensation; rate of compensation,* Customs Regulations of 1943 (19 CFR, Cum. Supp., 24.16 (c)), as amended by T. D. 51149, is hereby further amended by adding the following sentences:

(c) * * * An application on customs Form 3853 for overtime services of customs employees when supported by a bond on customs Form 7599 may be granted for any period up to 1 month or multiples of months thereafter but not longer than for 1 year nor longer than the period of the supporting bond. In such a case, the application must show the exact times when the overtime services will be needed unless arrangements are made so that the proper customs officer will be seasonably notified during official hours in advance of the services requested as to the exact times that the services will be needed.

(Secs. 450, 452, 624, 46 Stat. 715, 759, sec. 451, 46 Stat. 715, sec. 9, 52 Stat. 1082, sec. 1, 58 Stat. 269; 19 U. S. C. 1450, 1452, 1624, and 19 U. S. C. Sup. 1451)

[SEAL] FRANK DOW,
Acting Commissioner of Customs.

Approved: Aug. 19, 1947.

A. L. M. WIGGINS,
Acting Secretary of the Treasury.

[F. R. Doc. 47-7952; Filed, Aug. 25, 1947; 8:48 a. m.]

TITLE 36—PARKS AND FORESTS

Chapter II—Forest Service, Department of Agriculture

PART 201—NATIONAL FORESTS

CHUGACH NATIONAL FOREST

CROSS REFERENCE: For order affecting the tabulation contained in § 201.1, see Public Land Order 396 under Title 43, *infra*, excluding certain lands from the Chugach National Forest.

TITLE 42—PUBLIC HEALTH

Chapter I—Public Health Service, Federal Security Agency

PART 02—ORGANIZATION AND FUNCTIONS[1]

MISCELLANEOUS AMENDMENTS

Subpart A *General Organization and Functions* is amended in the following respect:

Section 02.112 (c) is amended by adding the following subparagraph:

§ 02.112 *Availability of public records.* * * *

(c) * * *

(9) Information relating to training grants in mental health to the extent and for such period as may be recommended in the public interest by the National Advisory Mental Health Council.

Subpart B *Office of the Surgeon General* is amended in the following respects:

1. Section 02.201 is amended to read as follows:

§ 02.201 *Principal subdivisions.*

Division of Commissioned Officers.
Division of Dentistry.
Division of Sanitary Engineering.
Division of Nursing.
Division of Public Health Methods.
National Office of Vital Statistics.
Office of International Health Relations.
Office of the Executive Assistant.
Office of Personnel.
Office of Purchase and Supply.
Budget and Fiscal Office.

2. Section 02.205 (c) is amended to read as follows:

§ 02.205 *Division of Sanitary Engineering.* * * *

(c) In connection with these operating programs, the Division conducts an extensive fact-finding program, including: (1) Nation-wide inventory of needs for sanitary facilities in urban and rural areas; (2) annual report of outbreaks of disease the sources of which are water, milk, and foods; (3) continuous listing of water and sewerage systems in the United States. It conducts field surveys on a wide variety of sanitary problems. It develops standards for the sanitation of water supplies, shellfish production, milk and food sanitation, sewage disposal, vessel sanitation, and laboratory analysis. In cooperation with interested industries and health authorities, it develops standard ordinances and codes for water, milk, and food sanitation for voluntary adoption by State and local governments. Periodically the Division rates communities which have adopted ordinances recommended by the Public Health Service, and publishes the ratings. It publishes periodically a list of sanitary ratings of interstate milk shippers.

3. Section 02.207 is amended to read as follows:

§ 02.207 *Division of Public Health Methods.* (a) The four main functions of this Division are: (1) to evaluate national health problems through measurement of the nature and extent of ill health in the population, the services and facilities which are available, and the means by which those services and facilities are employed to meet health needs; (2) to develop methods for meeting such problems; (3) to advise the Surgeon General on these matters; and (4) to transmit public health information to the public and specialized groups.

(b) Among the specific activities of the Division are: the collection and publication of current statistics on communicable and other reportable diseases; studies of the relation of sickness and death in the general population to social and economic conditions; studies of administrative methods and procedures for the provision of health services and medical care; development of techniques for the analysis and utilization of statistical information; evaluation of clinical service in public and private institutions; and development of methods for the training of public health personnel.

(c) The Office of Health Information prepares materials relating to public health and acts as a clearing house for informational and educational material issued by the U. S. Public Health Service. It maintains liaison with information services of other agencies, with the press and radio; answers requests for health information; plans and directs the distribution of materials; and evaluates the effectiveness of distribution techniques.

4. Section 02.210 is amended to read as follows:

§ 02.210 *Office of the Executive Assistant.* In addition to assisting on a variety of administrative matters, the Executive Assistant has general supervision of the work of the Chief Clerk whose staff provides office services at headquarters.

5. Section 02.211 is amended to read as follows:

§ 02.211 *Office of Personnel.* This office is responsible for planning and administering recruitment, selection, promotion, transfer, reassignment, classification, appointment, training and retirement of all civil service employees, departmental and field. It is also responsible for coordinating personnel policies, procedures and methods.

6. Sections 02.212 and 02.213 are added as follows:

§ 02.212 *Office of Purchase and Supply.* This office is responsible for the procurement and delivery of all equipment and supplies of the Service. It gives technical guidance to field stations which do much of their own purchasing. It keeps property records and promotes the best use of items purchased.

§ 02.213 *Budget and Fiscal Office.* (a) This office administers all budgetary and fiscal affairs of the Public Health Service. It is headed by a Chief Budget Officer.

(b) The office prepares or supervises the preparation of all estimates for appropriations required for the operation of the Service, including justifications for such appropriations; it presents estimates to the Budget Officer of the Federal Security Agency and through him, to the Bureau of the Budget.

(c) The Budget and Fiscal Office also maintains accounts for the control of appropriated funds. It processes all disbursements, including expenditures for salaries, travel expenses, purchases and supplies, transportation, and miscellaneous expenditures.

Subpart C *National Institute of Health* is amended in the following respect:

Section 02.301 is amended to read as follows:

§ 02.301 *Principal subdivisions:*

National Cancer Institute.
Division of Infectious Diseases.
Division of Physiology.
Research Grants Division.
Biologics Control Laboratory.
Chemistry Laboratory.
Industrial Research Laboratory.

[1] 11 F. R. 177A-549.

Pathology Laboratory.
Division of Tropical Diseases.

Subpart D *Bureau of Medical Services* is amended in the following respect:

Section 02.402 (c) is amended to read as follows:

§ 02.402 *Functions.* * * *

(c) Other Federal agencies to which one or more Public Health Service officers are assigned through the Bureau of Medical Services for the development and administration of medical programs include the Bureau of Employees' Compensation and the Office of Vocational Rehabilitation (Federal Security Agency); the United States Maritime Commission; and the Foreign Service of the Department of State.

The indicated portions of Appendix A *List of Field Stations* are amended to read as follows:

U. S. PUBLIC HEALTH SERVICE DISTRICT OFFICES

Correspondence with District Offices should be addressed to: District Director, U. S. Public Health Service District No. ——.

District No., Address and Jurisdiction

1—U. S. Sub-Treasury Building, 15 Pine Street, New York 5, N. Y.:
Connecticut, Delaware, Maine, Massachusetts, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, Vermont.
2—State-Planters Bank Building, Richmond 19, Va.:
District of Columbia, Maryland, North Carolina, South Carolina, Virginia, West Virginia.

New Mexico, Oklahoma, Texas.

BRANCH LABORATORIES OF THE NATIONAL INSTITUTE OF HEALTH

Correspondence with branch laboratories of the National Institute of Health of the U. S. Public Health Service should be addressed to: Officer in Charge.

Rocky Mountain Laboratory, Hamilton, Mont.
Malaria Investigations Station, 874 Union Avenue, Memphis, Tenn.
Malaria Research Laboratory, State Hospital, Columbia, S. C.

COMMUNICABLE DISEASE CENTER

Medical Officer in Charge, Communicable Disease Center, 605 Volunteer Building, Atlanta, Ga.

FIELD STATIONS OF THE STATES RELATIONS DIVISION

Correspondence with the field stations of the States Relations Division should be addressed to: Medical Officer in Charge.

Plague-Suppressive Laboratory, 14th Avenue and Lake Street, San Francisco 18, Calif.
Heart Disease Control Section, Temple University Medical School, Phiadelphia, Pa.
Diabetes Control Section, 695 Huntington Avenue, Boston, Mass.

TUBERCULOSIS DEMONSTRATION

Medical Officer in Charge, Hixson Memorial Laboratory, University of Kansas Hospital, Kansas City, Kans.

VENEREAL DISEASE LABORATORIES AND MEDICAL CENTERS

Correspondence with venereal disease field stations should be addressed to: Medical Officer in Charge.

Laboratory of Experimental Therapeutics, Johns Hopkins School of Hygiene, 615 North Wolfe Street, Baltimore 5, Md.
U. S. Public Health Service Medical Center, Hot Springs National Park, Ark.
Hampton Roads Medical Center, 42nd and Powhatan Avenue, Norfolk 1, Va.
Midwestern Medical Center, 3630 Marine Avenue, St. Louis 18, Mo.
Venereal Disease Research Laboratory, U. S. Marine Hospital, Staten Island 4, N. Y.

PART 03—PROCEDURES AND FORMS[2]

MISCELLANEOUS AMENDMENTS

Subpart B *Office of the Surgeon General* is amended in the following respects:

1. Section 03.236 is amended to read as follows:

§ 03.236 *General statement.* Sanitation of vessels operating in interstate traffic is subject to the provisions of the Interstate Quarantine Regulations, contained in Part 12 of this chapter. The activities relating to shore sources of potable water are performed under the supervision of the Land and Air Carrier Section of the Sanitary Engineering Division; those relating to sanitation on board vessels, under the Vessel Sanitation Section, Sanitary Engineering Division.

2. Section 03.237 is amended to read as follows:

§ 03.237 *Water supplies and watering points on shore.* Procedures are the same as those described in § 03.232 except that the circulation of vessel companies is performed by the Vessel Sanitation Section, Sanitary Engineering Division, on a form entitled "Sources of Potable Water Used on Vessels (Ports of Call)".

3. Section 03.238 is amended to read as follows:

§ 03.238 *Sanitation on vessels.* Vessels, while in port, are inspected by personnel of the district offices to determine compliance with the regulations. The inspector prepares and presents to the senior officer on board a "Memorandum to the Captain of the Vessel" listing the defects found and recommended methods of correction. This Memorandum is kept with the ship's papers. Upon the basis of the inspector's report to him, the district engineer in the district office transmits to the vessel operator either a Record of Inspection, which is issued in the case of vessels having defects and which records those defects and makes recommendations for their removal, or a Certificate of Compliance, which is issued to vessels on which no defects are found. A copy of the Record or Certificate is posted on the vessel to which it is applicable.

[2] 11 F. R. 177A-555.

4. Section 03.239 is amended to read as follows:

§ 03.239 *Vessels under construction or reconstruction.* (a) The Vessel Engineering Section, Sanitary Engineering Division, will, on request addressed to the Division at Washington 25, D. C., assist naval architects and shipyards in developing construction plans which will give reasonable assurance that sanitation aspects of new vessels, or the rebuilt parts of existing vessels, operating or destined to operate in interstate traffic will comply with the Interstate Quarantine Regulations. A similar advisory service is offered to vessels which operate in foreign traffic and the owners or operators of which desire plan approval and certification of construction by the U. S. Public Health Service. In the latter case, plans will be reviewed during the developmental stage in the light of the recommendations contained in the "Administrative Guide for Plan Approval, Inspection and Certification of Vessel Sanitation" (July 1, 1947), and recommendations will be made as to any changes that may be indicated. Plans and specifications as they are developed may be submitted to the Division for review. Two copies of the specifications and two copies of the plan schedule should be submitted as soon as developed and three copies of each plan related to sanitation should be submitted as soon as it is prepared. If approved, one set of the specifications and one copy of each plan will be so marked and returned to the naval architect or shipyard; if not approved, the plans and specifications will be returned with recommendations.

(b) In connection with actual construction activity, the district offices will offer the advice of inspectors on compliance with plans, or on measures necessary to qualify the vessel for certification by the Service as either having met the requirements of the Interstate Quarantine Regulations or having adopted the recommendations of the Administrative Guide. Upon completion of construction, vessels operating or destined to operate in interstate traffic will be issued certificates indicating the degree of the vessel's compliance at the time of inspection with the requirements of the regulations. In addition, upon the request of the owners or operators of vessels, whether in interstate or foreign traffic, there will be issued to such vessels as have adopted practices recommended in the Administrative Guide, one construction certificate on which will be indicated the categories of sanitation with respect to which such practices have been adopted. Examples of such categories are: potable water system; wash water system; food storage and handling; plumbing related to the aforementioned; general sanitation; and ratproofing.

Subpart C *National Institute of Health* is amended in the following respect:

Section 03.303 is amended to read as follows:

§ 03.303 *Applications for licenses.* Applications for licenses may be obtained from the Surgeon General, U. S. Public Health Service, Washington 25, D. C. Detailed information is required on the

technical facilities of the establishment and on the methods of preparation and testing of the product. Assistance in completing application forms may be obtained from the Biologics Control Laboratory, National Institute of Health, Bethesda 14, Maryland.

Subpart D *Bureau of Medical Services* is amended by adding the following:

GRANTS AND STIPENDS FOR MENTAL HEALTH TRAINING

§ 03.671 *General statement.* Section 303 of the Public Health Service Act of July 1, 1944, as amended by the act of July 3, 1946 (Public Law 487, 79th Cong.) provides in part for (a) grants to public and other nonprofit institutions for training, instruction, and demonstrations in the field of mental health and (b) per diem allowances to qualified persons accepted for training and instruction in matters relating to psychiatric disorders (i. e. in psychiatry, clinical psychology, psychiatric social work, psychiatric nursing, and other related specialties).

General administrative responsibility for this program is exercised by the Mental Hygiene Division in the Bureau of Medical Services.

§ 03.672 *Grants to public and other nonprofit institutions*—(a) *Application forms.* Institutions seeking grants may obtain application forms and instructions from the Surgeon General, U. S. Public Health Service, Washington 25, D. C. A separate application is required for each type of specialty training the institution proposes to provide. The application form requires information on the present curriculum, teaching staff and teaching facilities, proposed new or modified training program, and itemized budget for the funds sought by the institution. The form also requires information on the number and size of stipends for trainees, since stipend payments (per diem allowances) under section 303 (b) of the Public Health Service Act, as amended, are paid to trainees by the institutions out of their grants.

(b) *Processing of applications.* Applications received from institutions are submitted by the Mental Hygiene Division to the Committee on Training of the National Advisory Mental Health Council. This committee, consisting of outside consultants appointed by the Surgeon General, reviews applications and makes recommendations to the Council. The Council then prepares and submits its recommendations to the Surgeon General. A personal visit to the institution may be made by a member of the committee or of the Council, or by a representative of the Surgeon General.

(c) *Action by the Surgeon General.* If the National Advisory Mental Health Council recommends approval of a grant to an institution, a certificate of approval is transmitted to the Surgeon General for final action. Upon final action by the Surgeon General, the institution is notified of approval, deferment for additional information, or disapproval of the application.

§ 03.673 *Per diem allowances (stipends) for trainees*—(a) *Application forms.* Individuals seeking per diem allowances (stipends) as trainees under section 303 (b) of the Public Health Service Act, as amended, apply directly to one of the institutions receiving a grant for training and instruction. Application forms and instructions, forwarded by the Surgeon General to the institution, may be obtained from the institution.

(b) *Processing of applications.* The filled-in applications are returned to the institution. There, they are screened to determine whether the candidates meet the institution's qualifications for admission to the course of instruction and meet the qualifications approved by the Surgeon General and set forth in the instructions accompanying the application forms. After reviewing the applications, the institution recommends to the Surgeon General a list of candidates ranked in order of preference. The application forms of these candidates are forwarded to the Surgeon General with the institution's recommendations.

(c) *Action by the Surgeon General.* On the basis of the data contained in the application and the institution's recommendations, the Surgeon General designates, from among the candidates he finds properly qualified, those who are to receive stipends. The candidate is notified through the institution of action taken on his application.

(d) *Stipend payments.* Stipend payments are made to trainees by the institution out of funds granted as described in § 03.672.

Subpart E *Bureau of State Services* is amended in the following respects:

1. Section 03.731 is amended to read as follows:

§ 03.731 *General statement.* Funds are made available through the Venereal Disease Division to any State or, with the consent of the State health authority, to any county, health district or other political subdivision of a State, for the operation of rapid treatment facilities in which persons infected with venereal diseases are given in-patient care, in accordance with authorizations contained in current appropriation acts. Under the same authority, funds may be allotted to rapid treatment facilities for the payment of fees to private physicians or nonprofit institutions for the diagnosis and referral of persons infected with syphilis in the infectious or potentially infectious stages.

2. Section 03.781 is amended to read as follows:

§ 03.781 *General statement.* The Bureau of State Services engages in various cooperative public health programs with State and local health agencies, other Federal agencies, and voluntary or nonofficial organizations, in accordance with sections 301, 311, and 314 of the Public Health Service Act, as amended.

(Sec. 3, 12, 60 Stat. 237, 244; 5 U. S. C. Sup. 1002, 1011)

Dated: August 21, 1947.

[SEAL] THOMAS PARRAN,
Surgeon General.

Approved:

MAURICE COLLINS,
Acting Federal Security Administrator.

[F. R. Doc. 47-7962; Filed, Aug. 25, 1947; 8:47 a. m.]

TITLE 43—PUBLIC LANDS: INTERIOR

Subtitle A—Office of the Secretary of the Interior

PART 6—PATENT REGULATIONS

Orders Nos. 1763 (7 F. R. 10161), 1871 (8 F. R. 12523), 2083 (10 F. R. 9722), and 2158 (11 F. R. 1046) are superseded except to the extent that they control rights in inventions already made, and Part 6 is revised to read as follows:

SUBPART A—INVENTIONS BY EMPLOYEES

Sec.
6.1 Purpose.
6.2 Rights of Government and employee.
6.3 Report of inventions.
6.4 Contents of invention reports.
6.5 Publication and public use.
6.6 Action by supervisor.
6.7 Action by head of bureau.
6.8 Action by Solicitor.
6.9 Publicity concerning inventions.
6.10 Application of subpart.
6.11 W. A. E. employees.

SUBPART B—LICENSES

6.51 Purpose.
6.52 Patents.
6.53 Unpatented inventions.
6.54 Use or manufacture by or for the Government.
6.55 Terms of licenses or sublicenses.
6.56 Issuance of licenses.
6.57 Evaluation Committee.

AUTHORITY: §§ 6.1 to 6.11, inclusive, and §§ 6.51 to 6.57, inclusive, issued under R. S. 161, 48 Stat. 190; 5 U. S. C. 22, 30 U. S. C. 321; E. O. 9865, June 14, 1947, 12 F. R. 3907.

§ 6.1 *Purpose.* The regulations in this subpart are issued in order to (a) secure for the people of the United States the full benefits of Government research and investigation in the Department of the Interior, (b) make definite the rights and obligations of employees with respect to any inventions made by them during their employment in the Department, (c) establish a uniform procedure by which these rights and obligations may be equitably determined in each case, and (d) encourage and recognize individual and cooperative achievement in research and investigation. The Department undertakes to do all within its power to reward its employees who, through their inventive achievements, advance the technological and scientific knowledge of the Nation. The Department will also endeavor to further the use to the fullest possible extent by industry and the public of the inventions conceived in this

Department and assigned to the Government.

§ 6.2 *Rights of Government and employee.* (a) The Government, as the employer and as the representative of the people of the United States, should have the ownership and control of any invention developed in the course of governmental activities. Each employee of the Department of the Interior is required upon request to assign to the United States, as represented by the Secretary of the Interior, all domestic and foreign rights to any invention made by the employee within the general scope of his governmental duties, unless such requirement is waived in writing by the Solicitor. An invention will be considered as having been made within the general scope of the governmental duties of an employee (1) whenever his duties include research or investigation, or the supervision of research or investigation, and the invention arose in the course of such research or investigation and is relevant to the general field of an inquiry to which the employee was assigned, or (2) whenever the invention was in a substantial degree made or developed through the use of Government facilities or financing, or on Government time, or through the aid of Government information not available to the public.

(b) An employee of the Department is entitled to all rights resulting from any invention which was made by him outside the general scope of his governmental duties, as defined in paragraph (a) of this section.

(c) If the Solicitor finds that an invention made by an employee of the Department outside the general scope of his governmental duties is used or liable to be used in the public interest, and executes a certificate to that effect, the employee may, if he wishes to do so, request that an application for a patent be filed and prosecuted at the expense of the Government under the act of March 3, 1883, as amended (35 U. S. C. 45). Under such circumstances, the invention may be manufactured and used by or for the Government for governmental purposes without the payment of any royalty.

(d) The requirement relative to the assignment of domestic patent rights to the United States, set forth in paragraph (a) of this section, may be waived in whole or in part, in writing, by the Solicitor in the case of any invention as to which he finds, upon grounds to be specified by him, that the interests of the United States do not require the full assignment of such rights.

(e) The requirement relative to the assignment of foreign patent rights to the United States, set forth in paragraph (a) of this section, may be waived in whole or in part, in writing, by the Solicitor if the Department of Commerce, pursuant to section 3 of Executive Order No. 9865 (June 14, 1947, 12 F. R. 3907), determines as to an invention that no foreign patent protection shall be procured or that foreign patent protection shall be procured only in specified foreign jurisdictions. An employee of this Department shall not file in any foreign jurisdiction any patent application relating to an invention made within the general scope of his governmental duties unless the Solicitor has waived in writing the requirement that foreign rights be assigned to the United States.

§ 6.3 *Report of inventions.* (a) Every invention made by an employee of the Department of the Interior shall be reported by such employee through his supervisor and the head of the bureau to the Solicitor, unless the invention obviously is unpatentable. If the invention is the result of group work, the report shall be made by the supervisor and shall be signed by all employees participating in the making of the invention. The original and three copies of the invention report shall be furnished to the Solicitor. The Solicitor may prescribe the form of the reports.

(b) The report shall be made as promptly as possible, taking into consideration such factors as possible publication or public use, reduction to practice, and the necessity for protecting the Government's rights in the invention. Although it is not necessary to withhold the report until the process or device is completely reduced to practice, reduction to practice assists in the preparation of a patent application and, if diligently pursued, protects the interests of the Government and of the inventor. If an invention is reduced to practice after the invention report is filed, the Solicitor must be notified forthwith.

(c) For the protection of the rights of the Government and of the inventor, invention reports and memoranda or correspondence concerning them are to be considered as confidential documents.

§ 6.4 *Contents of invention reports.* (a) An invention report shall contain the following information:

(1) The title of the invention;

(2) The full name, the residence, and the office address of the inventor or inventors; bureau and division or branch; position or title; official working place;

(3) A statement of the evidence that is available as to the making of the invention, including information relative to conception, disclosures to others, and reduction to practice;

(4) Information concerning any publication or public use of the invention;

(5) The problems which led to the making of the invention;

(6) The objects, advantages, and uses of the invention;

(7) A description of the invention;

(8) Experimental data;

(9) Information which the inventor may have obtained as to the prior art;

(10) The inventor's opinion as to the foreign countries in which the invention would be most useful and would have the greatest commercial value;

(11) Either a statement that the employee is willing to assign the rights in the invention to the Government, or a request for a determination of the respective rights of the Government and the inventor, pursuant to paragraph (b) of this section.

(b) If the inventor believes that the invention was made outside the general scope of his governmental duties, and if he is unwilling to assign the rights in the invention to the Government, he shall, in his invention report, request that the Solicitor determine the respective rights of the Government and the inventor in the invention, and shall also include in his invention report information on the following points:

(1) The circumstances under which the invention was made and developed;

(2) The employee's official duties, as given on his job sheet or otherwise assigned, at the time of the making of the invention;

(3) Whether he wishes a patent application to be prosecuted under the act of March 3, 1883, as amended (35 U. S. C. 45), if it should be determined that an assignment of the invention to the Government is not required under § 6.2; and

(4) The extent to which he would be willing voluntarily to assign foreign rights in the invention to the United States if it should be determined that an assignment of the invention to the Government is not required under § 6.2.

§ 6.5 *Publication and public use.* (a) Publication or public use of an invention constitutes a statutory bar to the granting of a patent for the invention unless a patent application is filed within one year of the date of such publication or public use. In order to preserve rights in unpatented inventions, it shall be the duty of the inventor, or of his supervisor, if the inventor is not available to make such report, to report forthwith to the Solicitor any publication or use (other than experimental) of an invention, irrespective of whether an invention report has previously been filed. If an invention report has not been filed, such a report, including information concerning the public use or publication, shall be filed at once. If an invention is disclosed to any person who is not employed by the Department of the Interior or working in cooperation with the Department upon that invention, a record shall be kept of the date and extent of the disclosure, the name and address of the person to whom the disclosure was made, and the purpose of the disclosure.

(b) No description, specification, plan, or drawing of any unpatented invention upon which a patent application is likely to be filed shall be published, nor shall any written description, specification, plan, or drawing of such invention be furnished to anyone other than an employee of the Department of the Interior or a person working in cooperation with the Department upon that invention, unless the Solicitor is of the opinion that the interests of the Government will not be prejudiced by such action. If any publication disclosing the invention, not previously approved by the Solicitor, comes to the attention of the inventor or his supervisor, it shall be the duty of such person to report such publication to the Solicitor.

§ 6.6 *Action by supervisor.* The preparation of an invention report and other official correspondence on patent matters is one of the regular duties of an employee who has made an invention, and the supervisor shall see that he is

allowed sufficient time from his other duties to prepare such documents. The supervisor shall ascertain that the invention report and other papers are prepared in conformity with the regulations in this subpart; and, before transmitting the invention report to the bureau head, shall check its accuracy and completeness, especially with respect to the circumstances in which the invention was developed, and shall add whatever comments he may deem to be necessory or desirable. The supervisor shall add to the file whatever information he may have concerning the governmental and commercial value of the invention, and the foreign countries in which it is likely that the invention would be most useful and would have the greatest commercial value.

§ 6.7 *Action by head of bureau.* (a) The head of the bureau shall make certain that the invention report is as complete as circumstances permit. He shall provide whatever information may be available in his bureau concerning the governmental and commercial value of the invention, and the foreign countries in which it is likely that the invention would be most useful and would have the greatest commercial value.

(b) If the employee inventor requests that the Solicitor determine his rights in the invention, the head of the bureau shall state his conclusions with respect to such rights.

(c) The head of the bureau shall indicate whether, in his judgment, the invention is liable to be used in the public interest, and he shall set out the facts supporting his conclusion whenever the employee's invention report does not contain sufficient information on this point.

§ 6.8 *Action by Solicitor.* (a) If an employee inventor requests, pursuant to paragraph (b) of § 6.4, that such a determination be made, the Solicitor shall determine the respective rights of the employee and the Government in the invention.

(b) In every case in which the Government is entitled to an assignment of the invention or in which the employee is willing to assign the invention to the Government, and in every case in which the invention, although not required to be assigned to the Government, is liable to be used in the public interest and the inventor wishes to have the patent application prepared and prosecuted under the provisions of the act of March 3, 1883, as amended (35 U. S. C. 45), the Solicitor shall make appropriate arrangements for the preparation and prosecution of the patent application.

(c) If the invention is required to be assigned to the Government or if the inventor is willing to grant the Government an assignment of any of his foreign rights, the Solicitor shall take appropriate steps, in accordance with governmental regulations, to protect the interests of the United States.

§ 6.9 *Publicity concerning inventions.* (a) In order that the public may obtain the greatest possible benefit from inventions in which the Secretary of the Interior has transferable interests, inventions assigned to the Secretary upon which patent applications have been filed shall be publicized as widely as possible, within limitations of authority, by the Department, by the originating bureau, by the branch or division of that bureau in which the inventor is employed, and by the inventor himself in his contacts with industries in which the invention is or may be useful. Regular organs of publication shall be utilized to the greatest extent possible. In addition, it shall be the duty of the Solicitor of the Department, upon being advised of the issuance of any patent assigned to the Secretary, to take steps towards listing the patent as available for licensing in the register in the Patent Office established for that purpose.

§ 6.10 *Application of subpart.* (a) The regulations in this subpart, as were those of Departmental Orders Nos. 1763 (7 F. R. 10161) and 1871 (8 F. R. 12523) as amended (10 F. R. 9722), shall be a condition of employment of all employees of the Department of the Interior and shall be effective as to all inventions made during any period of employment since November 17, 1942, except that the provisions relating to foreign patent rights and foreign patent applications shall not apply to inventions which, prior to the effective date of the regulations in this subpart, have been reported to the Solicitor and upon which foreign patent applications already have been filed in accordance with the provisions of Orders Nos. 1763 and 1871. The regulations in this subpart shall be effective without regard to any existing or future contracts to the contrary entered into by any employee of this Department with any person other than the Government.

(b) If a patent application is filed upon an invention which has been made by an employee of this Department within the general scope of his governmental duties, as defined in paragraph (a) of § 6.2, but which has not been reported to the Solicitor pursuant to the regulations in this subpart, title to such invention shall immediately vest in the Government, as represented by the Secretary of the Interior, and the contract of employment shall be considered an assignment of such rights.

§ 6.11 *W. A. E. employees.* Scientific and professional employees of the Department receiving compensation on a "when actually employed" basis are subject to the provisions of this subpart only with respect to inventions arising out of their governmental duties or made or developed to a substantial degree through the use of Government facilities or financing, or on Government time, or through the aid of Government information not available to the public.

SUBPART B—LICENSES

§ 6.51 *Purpose.* It is the purpose of the regulations in this subpart to secure for the people of the United States the full benefits of Government research and investigation in the Department of the Interior (a) by providing a simple procedure under which the public may obtain licenses to use United States patents and inventions in which the Secretary of the Interior has transferable interests and which are available for licensing; and (b) by providing adequate protection for the inventions until such time as they may be made available for licensing without undue risk of losing patent protection to which the public is entitled.

§ 6.52 *Patents.* United States patents in which the Secretary of the Interior has transferable interests, and under which he may issue licenses or sublicenses, are classified as follows:

(a) *Class A.* Patents, other than those referred to in paragraph (c) of this section, which are owned by the United States, as represented by the Secretary of the Interior, free from restrictions on licensing except such as are inherent in Government ownership;

(b) *Class B.* Patents in which the interest of the United States, as represented by the Secretary of the Interior, is less than full ownership, or is subject to some express restriction upon licensing or sublicensing (including patents upon which the Secretary of the Interior holds a license, patents assigned to the Secretary of the Interior as trustee for the people of the United States, and patents assigned to the Secretary of the Interior upon such terms as to effect a dedication to the public);

(c) *Class C.* Patents and patent rights acquired by the Secretary of the Interior pursuant to the act of April 5, 1944 (58 Stat. 190; 30 U. S. C., Supp. 321–325), and any amendments thereof.

§ 6.53 *Unpatented inventions.* The Secretary of the Interior may also have transferable interests in inventions which are not yet patented. In order to protect the patent rights of the Department, for the eventual benefit of the public, a license may be granted with respect to such an invention only if (a) a patent application has been filed thereon; (b) the invention has been assigned to the United States, as represented by the Secretary of the Interior, and the assignment has been recorded in the Patent Office; and (c) the Solicitor of the Department is of the opinion that the issuance of a license will not prejudice the interests of the Government in the invention. Such licenses shall be upon the same terms as licenses relating to patents of the same class, as described in § 6.52.

§ 6.54 *Use or manufacture by or for the Government.* A license is not required with respect to the manufacture or use of any invention patented under the act of March 3, 1883, as amended (35 U. S. C. 45), or assigned or required to be assigned without restrictions or qualifications to the United States, as represented by the Secretary of the Interior, when such manufacture or use is by or for the Government for governmental purposes. A license or sublicense may be required, however, for such manufacture or use in the case of Class B patents or patent rights when the terms under which the Secretary of the Interior acquires interests therein necessitate the issuance of a license or sublicense in such circumstances.

§ 6.55 *Terms of licenses or sublicenses.* (a) The terms of licenses and sublicenses issued under this subpart shall not be unreasonably restrictive. All terms and conditions required by these regulations shall be expressly stated in licenses and sublicenses.

(b) To the extent that they do not conflict with any restrictions to which the licensing or sublicensing of Class B patents and unpatented inventions may be subject, all licenses and sublicenses relating to Class A and Class B patents and unpatented inventions shall be subject to the following terms and provisions, and to such other terms and conditions as the Solicitor may prescribe:

(1) The acceptance of a license or sublicense shall not be construed as a waiver of the right to contest the validity of the patent. A license or sublicense shall be revocable only upon a finding by the Solicitor of the Department that the terms of the license or sublicense have been violated and that the revocation of the license or sublicense is in the public interest. Such finding shall be made only after reasonable notice and an opportunity to be heard.

(2) Licenses and sublicenses shall be nontransferable. Upon a satisfactory showing that the public will be benefited thereby, they may be granted to properly qualified applicants royalty-free. If no such showing is made, they shall be granted only upon a reasonable royalty or other consideration, the amount or character of which is to be determined by the Solicitor. A cross-licensing agreement may be considered adequate consideration.

(3) Licensees and sublicensees may be required to submit annual or more frequent technical or statistical reports concerning practical experience acquired through the exercise of the license or sublicense, the extent of the production under the license or sublicense, and other related subjects.

(4) A licensee or sublicensee manufacturing a patented article pursuant to a license or sublicense shall give notice to the public that the article is patented by affixing thereon the word "patent," together with the number of the patent, or when, from the character of the article, this cannot be done, by fixing to it, or to the package in which it is enclosed, a label containing such notice.

(c) Licenses and sublicenses relating to Class C patents and patent rights shall be granted upon such terms and conditions as may be prescribed pursuant to sections 3 and 5 of the act of April 5, 1944, and any amendments thereof.

§ 6.56 *Issuance of licenses.* (a) Any person desiring a license relating to an invention upon which the Secretary of the Interior holds a patent or patent rights may file with the Solicitor of the Department of the Interior an application for a license, stating:

(1) The name, address, and citizenship of the applicant;

(2) The nature of his business;

(3) The patent or invention upon which he desires a license;

(4) The purpose for which he desires a license;

(5) His experience in the field of the desired license;

(6) Any patents, licenses, or other patent rights which he may have in the field of the desired license; and

(7) The benefits, if any, which the applicant expects the public to derive from his proposed use of the invention.

(b) It shall be the duty of the Solicitor, after consultation with the bureau most directly interested in the patent or invention involved in an application for a license, and with the Evaluation Committee if royalties are to be charged, to determine whether the license shall be granted. If he determines that a license is to be granted, he shall execute, on behalf of the Secretary, an appropriate license.

§ 6.57 *Evaluation Committee.* At the request of the Solicitor, an Evaluation Committee will be appointed by the Secretary to recommend royalty rates with respect to any patents or inventions for which royalties may be charged.

C. GIRARD DAVIDSON,
Acting Secretary of the Interior.

AUGUST 19, 1947.

Chapter I—Bureau of Land Management, Department of the Interior

[Circular No. 1651]

PART 161—FEDERAL RANGE CODE FOR GRAZING DISTRICTS

REGULAR LICENSES AND PERMITS

The note following § 161.8 (b) is hereby amended to read as follows:

§ 161.8 *Fees; time of payment; refunds.* * * *

(b) *Regular licenses and permits.* * * *

NOTE. In accordance with the provisions of § 161.8 (b) of the Federal Range Code for Grazing Districts (Circular 1630, December 11, 1946; 11 F. R. 14496), notice is hereby given that effective August 6, 1947, and pursuant to Public Law 376 (80th Cong.), approved August 6, 1947, a grazing fee of six cents per animal-unit month and a range-improvement fee of two cents per animal-unit month will be charged each regular licensee or permittee for each month of the grazing period covered by the licenses or permits, as follows:

1. Grazing fee: Six cents per head for cattle and horses, one and one-fifth cents per head for sheep and goats.

2. Range-improvement fee: Two cents per head for cattle and horses, two-fifths cent per head for sheep and goats.

Provided, That as to licenses or fee notices issued prior to August 6, 1947, three-fourths of any collections made thereunder on or after August 6 shall be considered as from grazing fees and one-fourth as from range-improvement fees, and no increase in fees shall be effected hereunder as to such licenses or fee notices until the next license or fee notice is issued.

This notice will not prevent the fixing of a different fee in appropriate cases, in accordance with the proviso in § 161.8 (b) of the Federal Range Code for Grazing Districts.

FRED W. JOHNSON,
Director.

Approved: August 18, 1947.

OSCAR L. CHAPMAN,
Under Secretary of the Interior.

Appendix—Public Land Orders

[Public Land Order 394]

ALASKA AND CALIFORNIA

AMENDING CERTAIN PUBLIC LAND ORDERS WITHDRAWING PUBLIC LANDS FOR USE OF DEPARTMENT OF COMMERCE

By virtue of the authority vested in the President and pursuant to Executive Order No. 9337 of April 24, 1943, (3 CFR Cum. Supp.) it is ordered as follows:

Public Land Orders Nos. 17 (July 21, 1942, 12 F. R. 495), 19 (Aug. 4, 1942, 12 F. R. 494), 42 (Sept. 18, 1942, 3 CFR Cum. Supp. Chap. I App.), and 151 (July 19, 1943, 12 F. R. 495), withdrawing certain public lands in Alaska and California for the use of the Department of Commerce in the maintenance of air-navigation facilities, are hereby amended by adding thereto the following paragraph:

The jurisdiction granted by this order shall cease at the expiration of the six months' period following the termination of the unlimited national emergency declared by Proclamation No. 2487 of May 27, 1941 (55 Stat. 1647). Thereupon, jurisdiction over the lands hereby reserved shall be vested in the Department of the Interior, and any other department or agency of the Federal Government according to their respective interests then of record. The lands, however, shall remain withdrawn from appropriation as herein provided until otherwise ordered.

The penultimate paragraph of the said Public Land Order No. 151, relating to the return of jurisdiction over the lands withdrawn by the order, is hereby revoked.

OSCAR L. CHAPMAN,
Under Secretary of the Interior.

AUGUST 15, 1947.

[Public Land Order 395]

OHIO

TRANSFERRING JURISDICTION OVER OIL AND GAS DEPOSITS IN CERTAIN LAND OWNED BY UNITED STATES

Whereas the hereinafter-described land, title to which has been acquired by the United States, and which is embraced in the Muskingum County Watershed Conservancy District, Fairfield and Dover Townships, Tuscarawas County, Ohio, and is under the jurisdiction of the War Department, is reported to be subject to drainage of its oil and gas deposits by wells on adjacent lands held in private ownership; and

Whereas it is necessary in the public interest that such protective action be taken as will prevent loss to the United States by reason of the drainage of such deposits from the land; and

Whereas in order to facilitate such action it is considered advisable that jurisdiction over the oil and gas deposits in such land be transferred to the Department of the Interior; and

Whereas such transfer of jurisdiction has the concurrence of the Secretary of War:

Now therefore, by virtue of the authority vested in the President and pursuant to Executive Order 9337 of April 24, 1943 (3 CFR, Cum. Supp.) it is ordered as follows:

(1) The jurisdiction over the oil and gas deposits in the following described land is hereby transferred from the War Department to the Department of the Interior:

Beginning at the point of intersection of the south line of Lot 31 with the west right-of-way line of the original location of the Pennsylvania Railroad, which point is North eighty-five degrees and seven minutes West (N. 85°07' W.) one thousand and forty and two-tenths (1040.2) feet from an iron pin at the southeast corner of Lot 31; thence from this point of beginning, along the south line of Lot 31, North eighty-five degrees and seven minutes West (N. 85°07' W.) five hundred and sixty-five and five-tenths (565.5) feet to an iron pin on the tow path of the Ohio Canal; thence along the said tow path the following nine (9) courses, first, North forty-two degrees and twenty-three minutes East (N. 42 23' E.) one hundred and forty-two and six-tenths (142.6) feet, thence North fifty-two degrees and fifty-nine minutes East (N. 52°59' E.) one hundred and thirty and two-tenths (130.2) feet, thence North, forty-eight degrees and forty-one minutes East (N. 48°51' E.) one hundred and sixty-eight (168) feet, thence North forty-two degrees and forty-five minutes East (N. 42°45' E.) two hundred and ninety-eight and four-tenths (298.4) feet, thence North fifty degrees and forty-three minutes East (N. 50°43' E.) two hundred and six and seven-tenths (206.7) feet, thence North fifty-three degrees and thirty-four minutes East (N. 53°34' E.) four hundred and eighty-nine and seven-tenths (489.7) feet, thence North fifty-five degrees and eighteen minutes East (N. 55°18' E.) two hundred and thirty-six and eight-tenths (236.8) feet, thence North sixty degrees and eighteen minutes East (N. 60°18' E.) three hundred and twenty-seven and six-tenths (327.6) feet, and thence North forty-five degrees and fifty minutes East (N. 45°50' E.) two hundred and twenty-four and five-tenths (224.5) feet to an iron pin on the east line of Lot 31 which is also the east line of Dover Township; thence along the said east line of Lot 81, North four degrees and forty-eight minutes East (N. 4°48' E.) one thousand two hundred and sixty (1,260) feet more or less to the northeast corner of Lot 31, Township Nine (9) North Range Two (2) West which is the southwest corner of the northwest quarter of Section 6, Township Nine (9) North Range One (1) West; thence along the west line of Section 6, which is also the west line of Fairfield Township, North four degrees and fifty-two minutes East (N. 4°52' E.) three hundred and thirty (330) feet; thence South eighty-five degrees and eight minutes East (S. 85° 08' E.) four hundred and fourteen and eight-tenths (414.8) feet; thence South four degrees and seven minutes West (S. 4°07' W.) three hundred and thirty (330) feet to a point on the south line of the said northwest quarter; thence along south line of said northwest quarter said section 6 to south west corner of southeast quarter northwest quarter (SE¼NW¼); thence along west line of said southeast quarter northwest quarter to the northwest corner of southeast quarter northwest quarter; thence along north line of said southeast quarter northwest quarter to the northeast corner of southeast quarter northwest quarter; thence North three degrees and forty minutes East (N. 3°40' E.) along west line of northeast quarter said section 6 two hundred and eighty (280) feet more or less to a point on the west bank of the Ohio Canal; thence along the said west bank of the canal, North thirty-one degrees and eighteen minutes East (N. 31°18' E.) one thousand two hundred and nine and five-tenths (1209.5) feet to a point on the north line of Section 6; thence along the said north line, South eighty-six degrees and fourteen minutes East (S. 86°14' E.) six hundred and seventy-eight and six-tenths (678.6) feet to a point on the west right-of-way line of the original location of the Pennsylvania Railroad; thence continuing along said north line of section 6 one hundred twenty-three and fifty-six hundredths (123.56) feet to its point of intersection with the west right of way line of the relocation of the Pennsylvania Railroad, which point is North eighty-six degrees and fourteen minutes West (N. 86°14' W.) a distance of one thousand three hundred and four and ninety-one hundredths (1304.91) feet from a stone at the northeast corner of said Section 6; thence along the said west right of way line of the relocation, the following eleven (11) courses, first, parallel to and sixty (60) feet northwesterly from the center line of said relocation, South thirty-one degrees and sixteen minutes West (S. 31°16' W.) two hundred and sixty and sixty-two hundredths (260.62) feet, thence along an offset South fifty-eight degrees and forty-four minutes East (S. 58°44' E.) twenty-five (25) feet, thence South thirty-one degrees and sixteen minutes West (S. 31°16' W.) two hundred and forty-six and thirty-eight hundredths (246.38) feet, thence along a curve to the left having a radius of one thousand nine hundred and forty-five and sixty-four hundredths (1945.64) feet, for a distance of two hundred and ninety-five and ninety-eight hundredths (295.98) feet, thence parallel to and thirty-five (35) feet northwesterly from the centerline of the said relocation, South twenty-two degrees and thirty-three minutes West (S. 22°33' W.) two hundred and sixty-three and seven hundredths (263.07) feet, thence South thirty-nine degrees and no minutes West (S. 39°00' W.) one hundred and seventy-six and fifty-four hundredths (176.54) feet, thence parallel to and eighty-five (85) feet northwesterly from the centerline of the said relocation, South twenty-two degrees and thirty-three minutes West (S. 22°33' W.) eighty (80) feet, thence along a curve to the right having a radius of one thousand eight hundred and twenty-five and sixty-four hundredths (1825.64) feet, for a distance of three hundred and sixteen and eighteen hundredths (316.18) feet, thence South ten degrees and fifty-seven minutes West (S. 10°57' W.) one hundred and twenty-seven and twenty-six hundredths (127.26) feet, thence parallel to and thirty-five (35) feet northwesterly from the centerline of said relocation, South thirty-four degrees and fifty-two minutes West (S. 34°52' W.) one thousand (1000) feet, and thence South seventy-seven degrees and thirty minutes West (S. 77°30' W.) ninety-nine and sixty-four hundredths (99.64) feet to a point on the center line of the original location of the Pennsylvania Railroad; thence along the said center line of the original location, approximately South thirty-three degrees West (S. 33° W.) two hundred and sixty (260) feet to a point on the west right of way line of the relocation of the Pennsylvania Railroad; thence along the said west right of way line of the relocation, the following fifteen (15) courses, first, South fourteen degrees and twenty minutes West (S. 14°20' W.) two hundred and eighty (280) feet, thence southwesterly, parallel to and thirty-five (35) feet northwesterly from the centerline of the said relocation, along a curve to the right having a radius of one thousand six hundred and three and one-tenth (1503.1) feet, for a distance of five hundred and fifty-nine and sixty-seven hundredths (559.67) feet, thence South sixty degrees and fifty-five minutes West (S. 60°55' W.) four hundred and forty-four and ninety-three hundredths (444.93) feet, thence along a curve to the left having a radius of one thousand nine hundred and forty-five and sixty-four hundredths (1945.64) feet, for a distance of ninety-two and nine hundredths (92.09) feet, thence parallel to and seventy-five (75) feet northeasterly from the axis of the Dover Dam, South thirty-seven degrees and thirty-eight minutes East (S. 37°38' E.) eight and sixteen hundredths (8.16) feet, thence southwesterly, crossing the axis of the Dover Dam, along a curve to the left having a radius of two thousand five hundred and sixty-nine and sixty-four hundredths (2569.64) feet, for a distance of one hundred and fifty and three-tenths (150.3) feet, thence parallel to and seventy-five (75) feet southwesterly from the axis of the Dover Dam, North thirty-seven degrees and thirty-eight minutes West (N. 37°38' W.) eight and eighty-two hundredths (8.82) feet, thence southwesterly along a curve to the left having a radius of one thousand nine hundred and forty-five and sixty-four hundredths (1945.64) feet, for a distance of one hundred and seventy-three and seventy-six hundredths (173.76) feet, thence parallel to and thirty-five (35) feet northwesterly from the centerline of the said relocation, South forty-eight degrees and forty minutes West (S. 48°40' W.) two hundred (200) feet, thence along an offset North forty-one degrees and twenty minutes West (N. 41°20' W.) forty-five (45) feet, thence South forty-two degrees and twenty-seven minutes West (S. 42°27' W.) two hundred and seventy-six and seventy-five hundredths (276.75) feet, thence southwesterly parallel to and fifty (50) feet northwesterly from the centerline of said relocation, along a curve to the right having a radius of two thousand eight hundred and fourteen and ninety-three hundredths (2814.93) feet, for a distance of three hundred and nineteen and thirty-two hundredths (319.32) feet, thence along a radial line of the curve South thirty-four degrees and fifty minutes East (S. 34°50' E.) fifteen (15) feet, thence continuing southwesterly along a curve to the right having a radius of two thousand eight hundred and twenty-nine and ninety-three hundredths (2829.93) feet, for a distance of fifty-four and thirty-one hundredths (54.31) feet, and thence South fifty-six degrees and sixteen minutes West (S. 56°16' W.) three hundred and fifty-two and eighty-three hundredths (352.83) feet to the west line of said section 6, at its point of intersection with the west right of way line of the relocation of the Pennsylvania Railroad, the said point being North four degrees and forty-eight minutes East (N. 4°48' E.) a distance of seven hundred and ninety-one (791) feet from an iron pin at the southwest corner of said section 6; thence along the said west right of way line of the relocation, the following three (3) courses, first, parallel to and thirty-five (35) feet northwesterly from the centerline of the said relocation, South fifty-six degrees and sixteen minutes West (S. 56°16' W.) one hundred and seventeen and seventeen hundredths (117.17) feet, thence along an offset, North thirty-three degrees and forty-four minutes West (N. 33°44' W.) fifty (50) feet, and thence South fifty-six degrees and sixteen minutes West (S. 56°16' W.) two hundred and fifty feet (250) feet, thence along the said west right of way line of the relocation, the following five courses, first, along the said offset South thirty-three degrees and forty-four minutes East (S. 33°44' E.) fifty (50) feet, thence parallel to and fifty (50) feet northwesterly from the centerline of said relocation, South fifty-six degrees and sixteen minutes West (S. 56°16' W.) three hundred (300) feet, thence along an offset South thirty-three degrees and forty-four minutes East (S. 33°44' E.) fifteen (15) feet, thence South fifty-six degrees and sixteen minutes West (S. 56°16' W.) two hundred and twenty-eight and forty-nine hundredths (228.49) feet, and thence along a curve to the left having a radius of one thousand six hundred and seventy-three and one-tenth (1673.1) feet for a distance of three hundred and thirty-one and three-tenths (331.3) feet to the south line of Lot 31, thence North eighty-five degrees and seven minutes West (N. 85°07' W.) ninety-seven and ninety-five hundredths (97.95) feet to the point of beginning, exclusive of the right of way of the original location of the Pennsylvania Railroad, containing in all 136.81 acres.

(2) The Secretary of the Interior shall take such action as may be necessary to protect the United States from loss of oil and gas on account of drainage from such land.

(3) The jurisdiction of the Department of the Interior over such land shall be subject to the primary jurisdiction of the War Department over the land.

(4) All money received as royalties or otherwise on account of oil and gas extracted from such lands shall be paid into the Treasury of the United States and credited to miscellaneous receipts.

G. GIRARD DAVIDSON,
Assistant Secretary of the Interior.

[Public Land Order 396[1]]

ALASKA

MODIFYING EXECUTIVE ORDER NO. 1919½ OF APRIL 21, 1914, AS AMENDED, WHICH WITHDRAWS CERTAIN LANDS FOR TOWNSITE PURPOSES, AND EXCLUDING CERTAIN LANDS FROM THE CHUGACH NATIONAL FOREST

By virtue of the authority vested in the President by section 1 of the act of March 12, 1914, 38 Stat. 305, 307, (U. S. C., Title 48, secs. 303 and 304), and by the act of June 4, 1897, 30 Stat. 11, 36 (U. S. C., Title 16, sec. 473), and pursuant to Executive Order No. 9337 of April 24, 1943, it is ordered as follows:

The following-described lands at Passage Canal (Portage Bay) are hereby reserved for the use of the Alaska Railroad as a Terminal Reserve and Executive Order No. 1919½ of April 21, 1914, as amended by Public Land Order No. 219 of March 28, 1944 (43 CFR, 1944 Supp., Chap. I, App.), which reserves certain lands for townsite purposes is modified accordingly:

Beginning at Corner No. 1 identical with Corner No. 1 of U. S. Survey No. 2559, Whittier Townsite, Alaska, from which survey station 24 plus 44.45 in the center line of The Alaska Railroad, Passage Canal connection bears N. 11 03' E., 250.65 feet, and U. S. L. M. No. 2559 bears S. 78 51' E., 971.83 feet, latitude 60 46'30'' N., longitude 148 43'20'' W.

From the initial point,

South, 1625.78 feet to Corner No. 2, identical with Corner No. 2 of U. S. Survey No. 2559;
West, 200.00 feet to Corner No. 3;
North, 615.38 feet to Corner No. 4;
N. 28°00' W., 1393.46 feet to Corner No. 5, from which survey station 33 plus 25.00 in the center line of the main track of the Alaska Railroad bears N. 11°09' E., 200.00 feet;
Northwesterly 1275.80 feet, 200 feet from, and parallel to, the center line of the main track, to Corner No. 6, from which a point in the center line of the main track at the station equation 46 plus 28.75 equals 46 plus 43.25 bears N. 3°09' E., 200 feet;
N. 3°09' E., 100.00 feet, to Corner No. 7;
Southwesterly, 2504.26 feet, 100 feet from, and parallel to, the center line of the main track, to Corner No. 8, from which survey station 70 plus 00 bears N. 55°14' E., 185.95 feet;
S. 55°14' W., 692.06 feet to Corner No. 9;
N. 71°18' W., 640.00 feet to Corner No. 10;
S. 78°42' W., 1760 feet to Corner No. 11;
N. 38°16' W., 825.46 feet to Corner No. 12, from which survey station 104 plus 00 bears N. 18°42' E., 980.00 feet;
N. 18°42' E., 3116.27 feet to Corner No. 13;
East 1320.00 feet to Corner No. 14;
S. 73 00' E., 860.00 feet to Corner No. 15, a point on the mean high water line, Passage Canal;
Southeasterly, 3500 feet, along the line of mean high water, Passage Canal, to Corner No. 16, from which survey station 66 plus 00 in the center line of the main track, Alaska Railroad, bears S. 16 33' E., 100 feet;
Northeasterly, 1591.22 feet, 100 feet from, and parallel to, the center line of the main track, to Corner No. 17, from which a point in the center line of the main track at the station equation 46 plus 28.75 equals 46 plus 43.25 bears S. 3 09' W., 100 feet;
N. 3 09' E., 100 feet to Corner No. 18;
Southeasterly 1467.64 feet, 200 feet from, and parallel to, the center line of the main track, to Corner No. 19, a point on the mean high water line, Passage Canal, from which survey station 31 plus 89.00 bears S. 11 09 W., 200. feet;
Easterly, 4050.00 feet, along the line of mean high water, Passage Canal, to Corner No. 20, from which survey station 3 plus 00.00 in the center line of the main track bears S. 3 52' E., 115.00 feet, and 100.00 feet from the center line of No. 1 Dock Track;
Northeasterly, 3913.29 feet, 100 feet from, and parallel to, the center line of No. 1 Dock Track and a prolongation thereof, to Corner No. 21, a point on the mean high water line, Passage Canal;
Northeasterly and southerly, 940.00 feet, along the line of mean high water, around a point of land and across the mouth of Cove Creek, to Corner No. 22, a point on the east boundary of Passage Canal Townsite withdrawal described in Executive Order No. 1919½, April 21, 1914, from which Corner No. 7, U. S. Survey No. 2559 bears south 1204.88 feet and west 2032.85 feet;
South 1370.00 feet, along the east boundary of townsite withdrawal, to Corner No. 23;
West 1920.00 feet to Corner No. 24, from which Corner No. 7, U. S. Survey No. 2559 bears N. 34°21' W., 200.00 feet;
N. 34°21' W., 640.00 feet to Corner No. 25, identical with Corner No. 8, U. S. Survey No. 2559, from which survey station minus 11 plus 96.34 in the center line of the main track, bears N. 34°21' W. 200. feet;
S. 55°39' W., 1565.74 feet, to Corner No. 26, identical with Corner No. 9, U. S. Survey No. 2559;
N. 75°51' W., 2298.48 feet to Corner No. 1, the point of beginning.

The tract as described contains 382.24 acres.

The above-described lands, and those designated as United States Survey No. 2559 of Whittier Townsite, comprising 72.72 acres, are hereby excluded from the Chugach National Forest, established by the Proclamation of July 23, 1907, 35 Stat. 2149. This order shall not affect valid existing rights.

C. GIRARD DAVIDSON,
Acting Secretary of the Interior.

AUGUST 19, 1947.

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter I—Interstate Commerce Commission

[4th Rev. S. O. 180, Amdt. 16]

PART 95—CAR SERVICE

DEMURRAGE ON REFRIGERATOR CARS

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 20th day of August A. D. 1947.

Upon further consideration of Fourth Revised Service Order No. 180 (49 CFR 95.330) as amended (10 F. R. 14970; 11 F. R. 1627, 1991, 3605, 4038, 9453, 10091, 11707, 12395; 12 F. R. 1421, 3032, 3672, 4028, 4269, 4720), and good cause appearing therefor: *It is ordered*, That:

Fourth Revised Service Order No. 180, as amended, be, and it is hereby suspended from 7:00 a. m., August 25, 1947, until further order of this Commission. In lieu thereof the rules, regulations and charges provided in lawfully-published tariffs shall apply.

It is further ordered, That a copy of this order and direction shall be served upon each State Commission and upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

(40 Stat. 101, sec. 402, 41 Stat. 476, sec. 4, 54 Stat. 901; 49 U. S. C. 1 (10)–(17))

By the Commission, Division 3.

[SEAL] W. P. BARTEL, *Secretary.*

[F. R. Doc. 47-7947; Filed, Aug. 25, 1947; 8:45 a. m.]

[Rev. S. O. 188, Amdt. 14]

PART 95—CAR SERVICE

REFRIGERATOR CAR DEMURRAGE ON STATE BELT RAILROAD OF CALIFORNIA

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 20th day of August, A. D. 1947.

Upon further consideration of Revised Service Order No. 188 (49 CFR, 95, 334) as amended (10 F. R. 15175, 11 F. R. 1626, 3605, 4038, 7043, 9453, 10092; 12 F. R. 1420, 3033, 3672, 3673, 4269, 4720), and good cause appearing therefor: *It is ordered*, That:

Revised Service Order No. 188, as amended, be, and it is hereby suspended from 7:00 a. m., August 25, 1947, until further order of this Commission. In lieu thereof the rules, regulations and charges provided in lawfully-published tariffs shall apply.

It is further ordered, That a copy of this order and direction shall be served upon the California State Railroad Commission and upon the State Belt Railroad of California; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

(40 Stat. 101, sec. 402, 41 Stat. 476, sec. 4, 54 Stat. 901; 49 U. S. C. 1 (10)–(17))

By the Commission, Division 3.

PROPOSED RULE MAKING

CIVIL AERONAUTICS BOARD

[14 CFR, Part 43]

FLIGHT AREA LIMITATIONS

NOTICE OF PROPOSED RULE MAKING

AUGUST 20, 1947.

Part 20 of the Civil Air Regulations provides that graduates of certificated flying schools be permitted privileges of exemption from certain requirements of that part which otherwise would be applicable. Such privileges are accorded in view of the high standards of personnel, equipment, and curriculum required for certificated flying schools and the specialized instruction thus afforded.

In view of such existing requirements, proposal is herein made to permit a student pilot in a certificated flying school to operate an aircraft outside of a local flying area designated by his instructor, prior to having acquired 10 solo flight hours, when he is deemed competent to do so by the flying school concerned. The proposed amendment will expedite student training in certificated flying schools, particularly in cases involving flight instruction in two-control aircraft, without adversely affecting existing safety standards.

Pursuant to section 4 (a) of the Administrative Procedure Act the Safety Bureau of the Civil Aeronautics Board will recommend to the Board that the following amendment to the Civil Air Regulations be adopted with an effective date 30 days after the date of adoption:

Amend § 43.52, *Flight area limitations*, to read as follows:

§ 43.52 *Flight area limitations.* A student shall not pilot an aircraft outside a local flying area designated by his flight instructor until:

(a) He has had at least 10 solo flight hours or, if enrolled in and receiving flying instruction from an approved air agency, he is deemed competent by such agency, and

(b) His student pilot certificate has been appropriately endorsed by a flight instructor.

This regulation is proposed under authority of Title VI of the Civil Aeronautics Act of 1938, as amended.

The Safety Bureau requests written comment regarding this proposal to be submitted to the Safety Bureau, Civil Aeronautics Board, Washington 25, D. C., within 15 days from the date of this public notice.

(52 Stat. 984, 1007; 49 U. S. C. 425, 551)

By the Safety Bureau.

[SEAL] JOHN M. CHAMBERLAIN, *Acting Director.*

ALASKA

NOTICE FOR FILING OBJECTIONS TO PUBLIC LAND ORDER 396[1] RESERVING PUBLIC LANDS FOR USE OF ALASKA RAILROAD

Notice is hereby given that for a period of 30 days from the date of publication of this notice, persons having cause to object to the terms of Public Land Order 396, of August 19, 1947, reserving certain lands withdrawn for townsite purposes for the use of The Alaska Railroad as a Terminal Reserve, at Passage Canal (Portage Bay), and excluding such lands and those designated as United States Survey No. 2559 of Whittier Townsite, from the Chugach National Forest, may present their objections to the Secretary of the Interior. Such objections should be in writing, should be addressed to the Secretary of the Interior, and should be filed in duplicate in the Department of the Interior, Washington 25, D. C.

In case any objection is filed and the nature of the opposition is such as to warrant it, a public hearing will be held at a convenient time and place, which will be announced, where opponents to the order may state their views and where the proponents of the order can explain its purpose, intent and extent. Should any objection be filed, whether or not a hearing is held, notice of the determination by the Secretary as to whether the order should be rescinded, modified or let stand will be given to all interested parties of record and the general public.

C. GIRARD DAVIDSON, *Acting Secretary of the Interior.*

[F. R. Doc. 47-7955; Filed, Aug. 25, 1947; 8:50 a. m.]

[Docket Nos. 8489, 8490]

INDEPENDENT BROADCASTING CO. INC. (WIBK)

ORDER DESIGNATING APPLICATIONS FOR HEARING ON STATED ISSUES

In re applications of Independent Broadcasting Company, Inc. (WIBK), Knoxville, Tennessee, for FM construction permit, File No. BPH–1146, Docket No. 8489; for AM broadcast license, File No. BL–2550, Docket No. 8490.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 14th day of August 1947;

The Commission having under consideration the above-entitled applications requesting (1) a construction permit for a new Class B FM broadcast station at Knoxville, Tennessee (File No. BPH–1146) and (2) a license to cover construction permit for a new AM broadcast station (File No. BL–2550) to operate on 800 kc, with 1 kw power, daytime only, at Knoxville, Tennessee;

It appearing, that on October 10, 1946, the Commission granted the application of Independent Broadcasting Company, Inc. (File No. BP–5000), requesting a construction permit for a new AM broadcast station to operate on 800 kc, with 1 kw power, daytime only, at Knoxville, Tennessee, and on April 7, 1947, and July 3, 1947, the Commission granted modifications of construction permit (File Nos. BMP–2073 and BMP–2855, respectively); and

It appearing, upon the basis of information recently obtained by the Commission, that statements and representations in the applications filed by the said applicant may not correctly, accurately, and fully state the facts with regard to the ownership, operation, control, and financing of the said applicant and the proposed stations, and with regard to other matters; and that the Commission is unable to determine that a grant of the pending applications would serve the public interest, convenience, or necessity;

It is ordered, That, pursuant to section 309 (a) and 319 (b) of the Communications Act of 1934, as amended, the applications of Independent Broadcasting Company, Inc., for an FM construction permit (File No. BPH–1146) and for an AM broadcast license covering construction permit (File No. BL–2550) be, and they are hereby, set for hearing at a time and place to be designated by subsequent order of the Commission upon the following issues:

1. To determine the legal, financial, and other qualifications of the applicant, its officers, directors, and stockholders to construct and operate the proposed AM and FM broadcast stations.

2. To determine whether the statements and representations made in the various applications, documents, and reports filed with the Commission on behalf of the applicant by its officers, directors, and agents have fully and accurately reflected the facts concerning the ownership, operation, control, and financing of the proposed AM and FM broadcast stations.

3. To determine whether all contracts, obligations, undertakings, and agreements which have been entered into by the applicant or by its officers, directors, and stockholders, with respect to the ownership, operation, financing and control of the applicant corporation, have been reported to the Commission as required by its rules and regulations.

4. To determine whether the construction permit granted to the applicant corporation, or the rights and responsibilities incident thereto, have been transferred, assigned, or disposed of, directly or indirectly, without the consent of the Commission, under the provisions of the Communications Act of 1934, as amended, particularly section 310 (b) thereof.

5. To determine whether the applicant, its officers, directors or stockholders, in applications filed with the Commission, have misrepresented or failed to make full disclosure of the business, financial or other interests of the said officers, directors and stockholders, particularly with regard to the interest of J. Harold Smith in Station XERF, Via Cuna, Mexico, or any other foreign broadcast station.

6. To determine the type and character of program services proposed to be rendered and whether they would meet the requirements of the populations and areas proposed to be served.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE, *Secretary.*

AM STATION KSMA, SANTA MARIA, CALIF.

PUBLIC NOTICE CONCERNING THE PROPOSED ASSIGNMENT OF LICENSE [1]

The Commission hereby gives notice that on August 13, 1947 there was filed with it an application (BAL–633) for its consent under section 310 (b) of the Communications Act to the proposed assignment of license of AM Station KSMA, Santa Maria, California, from Hugh G. Shurtliff, Charles A. Shurtliff, Mareby Cardella (Della) Shurtliff and Cleo Agnes Center, a partnership, to Santa Maria Broadcasting Company, a corporation. The proposal to assign the license arises out of a contract of July 7, 1947 pursuant to which the above-named partnership agrees to sell and the above-named corporation agrees to buy all the station assets and properties of station KSMA for a total consideration of $32,500 (subject to the assumption by the purchasers of the difference between current income and operating expenses between August 1, 1947 and the closing date) to be paid as follows: $5,000 in cash deposited in escrow on July 7, 1947, and the remaining $27,500 to be paid in escrow within 15 days after Commission consent to the instant assignment. Further information as to the arrangements may be found with the application and associated papers which are on file at the offices of the Commission in Washington, D. C.

[1] Section 1.321, Part I, Rules of Practice and Procedure.

Pursuant to § 1.321 which sets out the procedure to be followed in such cases including the requirement for public notice concerning the filing of the application, the Commission was advised by applicant on August 13, 1947 that starting on August 20, 1947 notice of the filing of the application would be inserted in a newspaper of general circulation at Santa Maria, California in conformity with the above rule.

In accordance with the procedure set out in said rule, no action will be had upon the application for a period of 60 days from August 20, 1947 within which time other persons desiring to apply for the facilities involved may do so upon the same terms and conditions as set forth in the above described contract.

(Section 310 (b), 48 Stat. 1086; 47 U. S. C. A. 310 (b))

AM STATION WVOS, LIBERTY, N. Y.

PUBLIC NOTICE CONCERNING THE PROPOSED ASSIGNMENT OF PERMIT [1] AND/OR LICENSE

The Commission hereby gives notice that on August 12, 1947, there was filed with it an application (BAP–63) for its consent under section 310 (b) of the Communications Act to the proposed assignment of construction permit and/or license of AM station WVOS, Liberty, New York, from Bernard K. Johnpoll to Sullivan County Broadcasting Corporation. The proposal to assign the permit and/or license arises out of a contract of July 21, 1947, pursuant to which the seller agrees to sell and the buyer agrees to buy all the assets and properties of WVOS for a total consideration of $22,020.23 (representing the total amount of the assignor's investment in the station to date) plus an additional amount, not to exceed $4,000 (representing the amount the assignor will have spent for completion of the construction of the station), said amounts to be paid as follows at the election of the assignor: Either (1) all in cash at date of closing or (2) assumption by the assignee of all existing chattel mortgages on equipment in the station and all mortgages on the real estate plus the assumption of all obligations outstanding and incurred in connection with the station, the balance to be paid in cash. Further information as to the arrangements may be found with the application and associated papers which are on file at the offices of the Commission in Washington, D. C.

Pursuant to § 1.321 which sets out the procedure to be followed in such cases including the requirement for public notice concerning the filing of the application, the Commission was advised by applicant on August 15, 1947 that starting on August 19, 1947 notice of the filing of the application would be inserted in a newspaper of general circulation at Liberty, New York in conformity with the above rule.

In accordance with the procedure set out in said rule, no action will be had upon the application for a period of 60 days from August 19, 1947, within which time other persons desiring to apply for the facilities involved may do so upon the same terms and conditions as set forth in the above described contract.

FEDERAL POWER COMMISSION

[Docket Nos. G–776, G–810, G–820]

EASTERN INDIANA GAS CO. ET AL.

ORDER CONSOLIDATING PROCEEDINGS AND FIXING DATE OF HEARING

In the matters of Eastern Indiana Gas Company, Docket No. G–776; Summit Gas and Water Company, Inc., Docket No. G–810; Knightstown Natural Gas Company, Docket No. G–820.

Upon consideration of the following applications filed with the Commission pursuant to the provisions of section 7 of the Natural Gas Act, as amended:

(1) Application filed September 6, 1946, and the supplement thereto filed on November 1, 1946, at Docket No. G–776, by Eastern Indiana Gas Company (Eastern Indiana), an Indiana corporation having its principal office at Indianapolis, Indiana.

(2) Application filed on November 12, 1946, at Docket No. G–810, by Summit Gas and Water Company, Inc. (Summit), an Indiana corporation having its principal place of business at Mt. Summit, Indiana.

(3) Application filed on November 25, 1946, and the supplement thereto filed on January 24, 1947, at Docket No. G–820, by Knightstown Natural Gas Company (Knightstown Natural), an Indiana corporation having its principal place of business at Knightstown, Indiana.

It appears to the Commission that:

(a) Due notice of the filing of the applications has been given, including publication in the FEDERAL REGISTER on September 20, 1946, of notice of the application at Docket No. G–776, and on December 14, 1946, of notices of the applications at Docket Nos. G–810 and G–820, (11 F. R. 10617–10618, 14332–14333, and 14333–14334, respectively).

(b) Copies of the said applications at Docket G–7776, G–810, and G–820 have been served on the Public Service Commission of Indiana.

(c) Copies of the application at Docket No. G–776 were served on Panhandle Eastern Pipe Line Company (Panhandle) and Indiana Gas and Water Company (Indiana Gas and Water) on September 20, 1946, which companies have filed responses with the Commission.

(d) Copies of the applications at Docket Nos. G–810 and G–820 were served on Panhandle, Eastern Indiana, and Indiana Gas and Water on December 12, 1946, which companies have filed responses with the Commission.

(e) The issues presented by the said applications, as supplemented, and other pleadings herein, in addition to the usual issues presented in certificate cases, include the following:

(1) Whether the proposed facilities, as designed and applied for, and the proposed methods of operation thereof are adequate to render the services proposed, and to meet the estimated demands for natural gas in the areas to be served.

(2) Whether the estimated costs of construction of the proposed facilities are reasonable and adequate and whether each applicant has available sufficient financial resources to construct the facilities respectively proposed.

(3) Whether there exists sufficient capacity in Indiana Gas and Water's 8-inch natural-gas transmission line, extending from its connection with Panhandle's natural-gas transmission facilities near Muncie, Indiana, to Newcastle, Indiana, to transport the additional volumes of gas contemplated by the applications at Docket Nos. G–776, G–810 and G–820, and, further, whether such proposed transportation by Indiana Gas and Water would impair its ability to render adequate service to its customers.

(4) Whether Indiana Gas and Water is engaged in the transportation of natural gas in interstate commerce, or the sale in interstate commerce of such gas for resale, and whether it is a "natural-gas company" within the meaning of the Natural Gas Act, as amended.

(5) Whether the issuance of orders, as requested by the respective applicants, directing the establishment of certain physical connections of natural-gas transportation facilities, and directing the sale and delivery of natural gas to the said applicants, is necessary or desirable in the public interest, and whether the issuance of such orders would place upon any of such respondents any undue burden or impair their ability to render adequate service to their customers.

(f) For a more detailed statement of facts and law asserted, interested persons may refer to said applications and supplements and other pleadings filed in these proceedings, which may be inspected at the offices of the Federal Power Commission, Washington, D. C.

(g) Good cause exists for consolidating the proceedings at Docket Nos. G–776, G–810, and G–820 for the purpose of hearing.

The Commission therefore orders, that:

(A) The proceedings at Docket Nos. G–776, G–810 and G–820 be and the same are hereby consolidated for the purpose of hearing.

(B) Pursuant to authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by section 7 and 15 of the Natural Gas Act, as amended, and the Commission's rules of practice and procedure (effective September 11, 1946), a public hearing be held on the 10th day of September, 1947, at 10:00 a. m. (cdst) in Room 216, Post Office and Court House Building, Indianapolis, Indiana, concerning the matters involved and the issues presented by the applications and other pleadings in these proceedings.

(C) Prior to the date herein fixed for the commencement of the public hearings, the officer designated by the Commission to preside at the public hearing, hold a prehearing conference of all parties participating in the proceedings concerning the matters of fact and law asserted in the applications and other pleadings filed in the proceedings, for the purpose of settling, simplifying or limiting the issues and further apprising the parties of the formulated or stipulated issues upon which evidence must be adduced at the public hearings, such prehearing conference to be held commencing on the 8th day of September at 10:00 a. m. (cdst) in Room 216, Post Office and Court House Building, Indianapolis, Indiana.

(D) Interested State commissions may participate as provided by Rules 8 and 37 (f) (18 CFR 1.8 and 1.37 (f)) of the said rules of practice and procedure.

Date of issuance: August 20, 1947.

By the Commission.

[SEAL] LEON M. FUQUAY,
Secretary.

FEDERAL TRADE COMMISSION

[File No. 21-406]

WHOLESALE CONFECTIONERY INDUSTRY

NOTICE OF HOLDING OF TRADE PRACTICE CONFERENCE

At a regular session of the Federal Trade Commission held at its office in the city of Washington, D. C., on the 20th day of August 1947.

Notice is hereby given that a Trade Practice Conference will be held by the Federal Trade Commission for the Wholesale Confectionery Industry in Room 332, Federal Trade Commission Building, Pennsylvania Avenue at Sixth Street NW., Washington, D. C., on September 19, 1947, commencing at 10:00 a. m., daylight saving time (9:00 a. m., e. s. t.).

The industry for which the conference is called is composed of the persons, firms, corporations and organizations engaged in the sale and distribution at wholesale of bulk candy, packaged candy, candy bars, chewing gum, and related confectionery items, as well as allied lines of merchandise. All members of the industry are cordially invited to attend or be represented at the conference.

The Conference and further proceedings in the matter will be directed toward the eventual establishment and promulgation by the Commission of trade practice rules for the industry under which unfair methods of competition, unfair or deceptive acts or practices, and other trade abuses, may be eliminated and prevented.

By direction of the Commission.

[SEAL] OTIS B. JOHNSON,
Secretary.

SECURITIES AND EXCHANGE COMMISSION

[File No. 54-75, 70-726]

COMMONWEALTH & SOUTHERN CORP. (DELAWARE)

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the city of Philadelphia, Pa., on the 19th day of August 1947.

The Commonwealth & Southern Corporation ("Commonwealth"), a registered holding company, having filed a declaration pursuant to the Public Utility Holding Company Act of 1935, particularly section 12 (c) thereof and Rule U-46 thereunder, regarding the proposed payment of a dividend of $3.00 per share or an aggregate of $4,323,741 on the outstanding shares of its preferred stock, payable on the 28th day after the date of the order of the Commission permitting the payment of such dividend or on October 1, 1947, whichever date is later, to stockholders of record at the close of business on the 10th day after the date of such order (or if such 10th day is not a business day, the first business day following such 10th day) or on September 10, 1947, whichever date is the later; and

The Commission having heretofore instituted proceedings under sections 11 (b) (1) and 11 (b) (2) of the act with respect to Commonwealth and its subsidiaries; and

Commonwealth having filed a plan for compliance with such sections of the act, providing, among other things, for the liquidation of Commonwealth; and

Commonwealth having stated in the instant declaration that "The Board . . . recognizes that, in view of the pending proceedings, the 'Earned Surplus' account may be so qualified that, under the rules and practice of the Commission, payment of said dividend is subject to the requirement of Commission authorization under the provisions of section 12 (c) of the act and Rule U-46 in spite of the fact that, as authorized by section 34 of the Delaware General Corporation Law, the source of payment of such dividend under such Law is Commonwealth's net profits for the current and preceding fiscal years"; and

The instant declaration having been filed on July 30, 1947 and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for a hearing with respect to said declaration within the period specified in the said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission deeming that it would not be necessary or appropriate to deny effectiveness to the declaration under the standards of section 12 (c) of the act and Rule U-46 if it should be found that the proposed payment were to be made out of capital and that, therefore, it is unnecessary for the Commission to determine whether said proposed payment is being made out of capital; and

The Commission therefore deeming it appropriate in the public interest and in the interest of investors and consumers to permit said declaration to become effective insofar as section 12 (c) and Rule U-46 are applicable to the proposed payment; and

Commonwealth having requested that the Commission's order be issued herein on or before August 30, 1947, and become effective forthwith so that Commonwealth may pay the proposed dividend not later than October 1, 1947, and the Commission deeming it appropriate to grant such request:

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of the act and subject to the terms and conditions prescribed in Rule U-24, that the aforesaid declaration be, and the same hereby is, permitted to become effective forthwith, *Provided, however*, That this order shall not be construed as a determination that such dividend payment is or is not taxable to the recipient pursuant to the provisions of the Internal Revenue Code, *And provided further*, That Commonwealth accompany the dividend checks with a statement to the effect (1) that Commonwealth filed the declaration regarding the proposed dividend payment pursuant to section 12 (c) and Rule U-46 by reason of its uncertainty as to whether the "Earned Surplus" account may be so qualified that, under the rules of practice of the Commission, payment of the proposed dividend is subject to the requirement of Commission authorization under the act and the rules thereunder and that the Commission permitted the declaration to become effective without determining whether the proposed payment is being made out of capital and (2) that the Commission's action in permitting the declaration to become effective should not be construed as a determination that such dividend payment is or is not taxable to the recipient pursuant to the provisions of the Internal Revenue Code.

By the Commission.

[SEAL] NELLYE A. THORSEN,
Assistant to the Secretary.

[F. R. Doc. 47-7940; Filed, Aug. 25, 1947, 8:45 a. m.]

[File No. 70-1210]

NORTH AMERICAN CO.

ORDER PERMITTING AMENDED DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the city of Philadelphia, Pa., on the 19th day of August 1947.

The Commission having heretofore permitted to become effective a declaration filed by The North American Company ("North American"), a registered holding company, pursuant to the applicable provisions of the Public Utility Holding Company Act of 1935 ("act") and the rules and regulations promulgated thereunder, regarding the issuance of Bank Loan Notes by North American to certain banks pursuant to a "Custodian Agreement" providing, among other things, for the pledge of certain common stocks held by North American as collateral for said Bank Loan Notes; and

North American having filed an amendment to its declaration whereby it proposes to effect a modification of the provisions of said Bank Loan Notes substantially as follows:

The holders of the Bank Loan Notes, outstanding in the amount of $2,537,296.06 as of August 1, 1947 have agreed with North American to effect a modification of the loan so as to change it from a secured to an unsecured obligation. The terms of the modification provide for the elimination of the Custodian Agreement, as amended, and certain covenants contained in the Bank Loan Notes, and the withdrawal of all collateral pledged to secure said Notes. It is further provided that the obligation of the banks to lend certain additional amounts to North American is discharged.

The Commission finding with respect to said declaration, as amended, that the requirements of the applicable provisions of said act and rules thereunder are satisfied, and the Commission deeming it appropriate in the public interest and in the interest of investors and consumers to permit said declaration, as amended, to become effective:

It is hereby ordered, pursuant to the applicable provisions of the act and subject to the terms and conditions prescribed in Rule U-24, that said declaration, as amended, be, and the same hereby is, permitted to become effective forthwith.

By the Commission.

[SEAL] NELLYE A. THORSEN,
Assistant to the Secretary.

[F. R. Doc. 47-7943; Filed, Aug. 25, 1947; 8:46 a. m.]

[File No. 70-1577]

PUBLIC SERVICE CO. OF OKLAHOMA ET AL.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Philadelphia, Pa., on the 19th day of August A. D. 1947.

In the matter of Public Service Company of Oklahoma, Central and South West Corporation, The Lawton Corporation, File No. 70-1577.

Notice is hereby given that Central and South West Corporation, a registered holding company, its public utility subsidiary, Public Service Company of Oklahoma ("Public Service") and The Lawton Corporation ("Lawton"), a wholly-owned non-utility subsidiary of Public Service, have filed joint declarations pursuant to the Public Utility Holding Company Act of 1935. Said declarations designate sections 12 (c), 12 (d) and 12 (f) of the act and Rules U-42, U-43 and U-44 promulgated thereunder as applicable to the proposed transactions.

Notice is further given that any interested person may, not later than August 29, 1947, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law raised by said declarations which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. At any time after August 29, 1947, said declarations, as filed or as amended, may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under said act, or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof.

All interested persons are referred to said declarations, which are on file in the offices of this Commission, for a statement of the transactions therein proposed which are summarized as follows:

Public Service proposes to sell to Consolidated Gas Utilities Corporation ("Consolidated"), a nonaffiliated company which is neither a registered holding company nor a subsidiary of a registered holding company, all the gas production, transmission and distribution properties of Public Service (except gas property used by Public Service for the supply of gas to its electric generating plants at McAlester and Weleetka, Oklahoma, all of which is classified as electric utility property) for a base purchase price of $2,737,071, payable in cash, subject to closing adjustments.

Lawton, which is engaged in producing and purchasing natural gas for sale to Public Service and producing and selling oil, has entered into a contract, which is dependent upon the sale by Public Service of its gas properties to Consolidated, to sell all of its physical properties to Consolidated for $20,000 in cash, subject to closing adjustments. Upon the sale of its properties, Lawton proposes to liquidate and distribute its remaining assets, which will consist primarily of cash, to Public Service. Public Service will surrender the outstanding common stock of Lawton for cancellation.

The declarations indicate that data in respect of the gas properties was sent to ten prospective purchasers and requests made for bids. The bid of Consolidated was the highest bid received.

Public Service states that the sale of its gas utility properties is in compliance with the section 11 (b) (1) order entered by this Commission on February 16, 1945 and that it proposes to invest in electric utility plant or to expend, within twenty-four months from consummation of the proposed sale, the proceeds of such sale or amounts equivalent thereto, for such purpose or purposes specified in sections 371, 372 and 373 of the Internal Revenue Code as this Commission by subsequent orders may approve. Declarants, accordingly, request that the Commission's order permitting said declarations to become effective conform to the requirements of sections 371, 372 and 373 and 1808 (f) of the Internal Revenue Code, as amended, insofar as such sections are applicable.

Declarants state that no commission, other than this Commission, has jurisdiction over the tranactions proposed by Public Service and Lawton and that Public Service has been informed that the proposed purchase by Consolidated is not subject to any regulatory authority.

Declarants request that the Commission's order permitting said declarations to become effective be issued as soon as practicable and become effective forthwith.

By the Commission.

[SEAL] NELLYE A. THORSEN,
Assistant to the Secretary.

[File Nos. 70-1596, 70-1597]

WASHINGTON RAILWAY AND ELECTRIC CO. AND THE NORTH AMERICAN CO.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Philadelphia, Pa., on the 19th day of August 1947.

Washington Railway and Electric Company ("Washington Railway"), a registered holding company and a subsidiary of The North American Company ("North American"), also a registered holding company, having filed an application and declaration (File No. 70-1596) pursuant to the applicable provisions of the Public Utility Holding Company Act of 1935 ("the act") and the rules and regulations promulgated thereunder regarding the issuance by Washington Railway of transferable Purchase Warrants ("Warrants") for the purchase by common stockholders of Washington Railway, of shares of Capital Stock of its subsidiary, Capital Transit Company ("Transit"); and

North American having filed an application (File No. 70-1597) pursuant to the applicable provisions of the act and the rules and regulations promulgated thereunder regarding the proposed purchase by North American of shares of Capital Stock of Transit under the provisions of the Warrants proposed to be issued by Washington Railway; and

It appearing to the Commission that the foregoing matters under File Nos. 70-1596 and 70-1597 are related and involve common questions of law and fact, and that the proceedings on such matters should be consolidated; and it further appearing to the Commission that it is appropriate that a notice of filing of said applications and declarations and the consolidation of these proceedings be issued pursuant to Rule U-23:

It is ordered, that the proceedings upon the applications and declarations filed by Washington Railway and North American be, and the same are hereby, consolidated; and

Notice is hereby given that any interested person may, not later than September 3, 1947, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matters, stating the reasons for such request and the issues, if any, of fact or law raised by said applications and declaration proposed to be controverted, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter, such applications and declaration, as filed or as amended, may be granted as provided in Rule U-23 of the rules and regulations promulgated pursuant to said act, or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania.

All interested persons are referred to said applications and declaration which are on file in the offices of this Commission for a statement of the transactions therein proposed, which are summarized below:

Washington Railway's application-declaration states that it proposes to issue on or about September 12, 1947, to holders of its Common Stock (other than North American) of record on September 8, 1947, transferable Warrants in bearer form, entitling such holders to purchase, at a price of $20 per share, two shares of Transit stock for each share of Washington Railway Common Stock held, and to issue to North American Warrants which will entitle North American to purchase less than its proportionate share of Transit stock at the price of $20 per share. North American has agreed to accept a lesser amount than it is entitled to, in order that Washington Railway may issue Warrants on a 2 for 1 basis to holders other than North American, thus avoiding cumbersome fractions in the exercise of such Warrants. Washington Railway's entire holdings, aggregating 120,000 shares of Transit stock (which represent 50% of the total outstanding) will be offered for sale under the proposed transactions.

Such Warrants will be of two kinds, Full Warrants, entitling the holder to purchase one share, or multiples thereof, of Transit stock, and Fractional Warrants which, when combined with other Fractional Warrants, will entitle the holder to purchase the whole number of shares of Transit stock called for in the aggregate by such Fractional Warrants. No fractional shares of Transit stock will be issued and the holders of Fractional Warrants can use the Warrants for purchasing such stock only by combining them with other fractional Warrants.

The privilege to purchase such shares of stock under the provisions of the Warrants will expire 30 days after the original issue thereof.

It is not anticipated that there will be any record date for determining holders of Transit stock entitled to receive any dividends or distribution on such stock during the period within which the Warrants may be exercised, but in the event there should be any record date the Warrant holders who have exercised their Warrants and have become stockholders of Transit at the time will be entitled to such dividend or distribution.

Washington Railway proposes to apply the net proceeds to be received from the sale of the Transit stock, together with other treasury funds, toward the payment, without premium, of its bank loan notes, outstanding in the principal amount of $2,800,000.

Washington Railway represents that the proposed transactions are essential steps in the carrying out of its Amended Plan under section 11 of the act, approved by order of this Commission, dated May 15, 1947 (Holding Company Act Release No. 7410) and by order of the District Court of the United States for the District of Columbia, dated June 16, 1947.

Washington Railway designates sections 6 (a), 7, 12 (c) and 12 (d) of the act and Rules U-23, U-42, U-43, U-44 and U-50 promulgated thereunder as applicable to the proposed transactions, and requests that the proposed sale of the Transit stock be exempted from the provisions of such Rule U-50.

Washington Railway further requests that the Commission in its order approving the proposed transactions, recite appropriate statements, conforming to the requirements of Supplement R of Chapter 1 and 1808 (f) of Chapter 11 of the Internal Revenue Code, as amended, that the proposed transactions are necessary and appropriate to effectuate the provisions of section 11 (b) of the act.

North American, in its application, states that it proposes to exercise its rights under the provisions of the aforesaid Warrants to purchase an aggregate of 93,655 shares of Transit stock at the price of $20 per share, and in addition will enter into an agreement with Washington Railway, under the terms of which North American will agree to purchase at $20 per share all of the shares of Transit stock not purchased by others.

North American represents that it is the beneficial owner of 79.74% (51,827.8 shares) of the outstanding common stock of Washington Railway and that the proposed transactions are part of the general program of Washington Railway to consummate its Amended Plan filed pursuant to section 11 (e) of the act and approved by the aforesaid order of the Commission dated May 15, 1947.

North American has designated sections 9 (a) and 10 of the act and Rule U-23 as applicable to the proposed transactions by it.

It is further ordered, That the Secretary of this Commission shall serve notice of the aforesaid notice and order by mailing a copy thereof to Washington Railway and North American by registered mail, and that notice be given to all other persons by publication of this notice in the FEDERAL REGISTER.

By the Commission.

[SEAL] NELLYE A. THORSEN,
Assistant to the Secretary.

[File No. 70-1599]

STATEN ISLAND EDISON CORP.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 19th day of August 1947.

Notice is hereby given that a declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("Act") by Staten Island Edison Corporation ("Staten Island"), an indirect subsidiary of General Public Utilities Corporation, a registered holding company. Declarant has designated sections 6 (a) and 7 of the act as applicable to the proposed transaction.

Notice is further given that any interested person may, not later than September 4, 1947, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request, the nature of his interest and the issues of fact or law raised by said declaration which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. At any time after September 4, 1947 said declaration, as filed, or as amended, may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transaction as provided in Rule U-20 (a) and Rule U-100 thereof.

All interested persons are referred to said declaration which is on file in the offices of this Commission for a statement of the transaction therein proposed, which is summarized as follows:

Staten Island proposes to issue and sell for cash at principal amount to four commercial banks an aggregate of $500,000 principal amount of notes which will mature on April 1, 1948, and will bear interest at the rate of 1½% per annum. The net cash proceeds of the sale of the notes are to be used for construction requirements of the company.

Declarant states that the transaction is not subject to the jurisdiction of any commission other than this Commission.

Declarant requests that the Commission enter its order so as to permit consummation of the proposed transaction not later than September 5, 1947.

By the Commission.

[SEAL] NELLYE A. THORSEN,
Assistant to the Secretary.

[Vesting Order 9639]

PETER A. KLOBER

In re: Estate of Peter A. Klober, deceased; File No. D-28-11605; E. T. sec. 15817.

Under the authority of the Trading with the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Johannes Klober and Elizabeth Klober, whose last known address is Germany, are residents of Germany and nationals of a designated enemy country, (Germany);

2. That the issue, names unknown, of Johannes Klober, who there is reasonable cause to believe are residents of Germany, are nationals of a designated enemy country, (Germany);

3. That all right, title, interest and claim of any kind or character whatsoever of the persons identified in subparagraphs 1 and 2 hereof, and each of them, in and to the estate and the trust created under the will of Peter A. Klober, deceased, is property payable or deliverable to, or claimed by, the aforesaid nationals of a designated enemy country, (Germany);

4. That such property is in the process of administration by Nellie K. Cooper, as executrix and trustee, acting under the judicial supervision of the Surrogate's Court of Passaic County, State of New Jersey;

and it is hereby determined:

5. That to the extent that the persons identified in subparagraph 1 and the issue, names unknown, of Johannes Klober, are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on August 13, 1947.

For the Attorney General.

[SEAL] DAVID L. BAZELON,
Assistant Attorney General,
Director, Office of Alien Property.

Washington, Wednesday, August 27, 1947

TITLE 3—THE PRESIDENT

EXECUTIVE ORDER 9888

SUSPENDING CERTAIN STATUTORY PROVISIONS RELATING TO EMPLOYMENT IN THE CANAL ZONE

By virtue of the authority vested in me by section 2 of the War Department Civil Appropriation Act, 1948 (Public Law 296, 80th Congress), section 104 of the Navy Department Appropriation Act, 1948 (Public Law 202, 80th Congress), and section 5 of the Military Appropriation Act, 1948 (Public Law 267, 80th Congress), relating to certain kinds of employment in the Canal Zone, and deeming such course to be in the public interest, I hereby suspend, from and including the effective dates of the said Acts, compliance with the provisions of the said sections during the continuance of any of the wars in which the United States is now engaged or of the present national emergency.

Finding such action necessary because of a shortage of housing, I hereby suspend, for the fiscal year 1948, the application of those portions of the cited sections of the respective Acts which require the employment of citizens of the Republic of Panama or of the United States in skilled, technical, clerical, administrative, executive, or supervisory positions.

HARRY S. TRUMAN

TITLE 7—AGRICULTURE

Chapter I—Production and Marketing Administration (Standards, Inspections, Marketing Practices)

PART 52—PROCESSED FRUITS, VEGETABLES, AND OTHER PRODUCTS (INSPECTION, CERTIFICATION, AND STANDARDS)

CANNED GREEN BEANS AND CANNED WAX BEANS [1]

On June 25, 1947, notice of proposed rule making was published in the FEDERAL REGISTER (12 F. R. 4117) regarding the proposed revision of United States Standards for Grades of Canned Green Beans and Canned Wax Beans. After consideration of all relevant matters presented, including the proposals set forth in the aforesaid notice, the following revised United States Standards for Grades of Canned Green Beans and Canned Wax Beans are hereby promulgated pursuant to the authority contained in the Agricultural Appropriation Act, 1948 (Pub. Law 266, 80th Cong., 1st sess., approved July 30, 1947):

§ 52.165 *Canned green beans and canned wax beans*—(a) *Identity.* (1) "Canned green beans" means canned green beans as defined in the definitions and standard of identity for canned green beans (21 CFR 51.10; 12 F. R. 1138), issued pursuant to the Federal Food, Drug, and Cosmetic Act.

(2) "Canned wax beans" means canned wax beans as defined in the definitions and standard of identity for canned wax beans (21 CFR 51.15; 12 F. R. 1138), issued pursuant to the Federal Food, Drug, and Cosmetic Act.

(3) "Canned beans" means canned green beans or canned wax beans.

(4) "Whole green beans" or "whole wax beans" means canned beans consisting of whole pods, or transversely cut pods not less than 2¾ inches in length.

(5) "Unit" means an individual green bean or wax bean, or portion of either, in canned beans.

(b) *Styles of canned beans.* (1) "Whole" means canned beans that are not arranged in any definite position in the container.

(2) "Whole vertical pack" means canned beans that are packed parallel to the sides of the container.

(3) "Whole asparagus style" means canned beans consisting of pods that are cut at both ends, are of substantially equal length, and are packed parallel to the sides of the container.

(4) "Sliced lengthwise" or "french style" means canned beans consisting of pods that are sliced lengthwise.

(5) "Cut" or "cuts" means canned beans consisting of pods that are cut transversely into pieces less than 2¾ inches, cut not less than ¾ inch, in length, and may contain shorter end pieces which result from cutting.

(Continued on p. 5745)

[1] The requirements of these standards shall not excuse failure to comply with the provisions of the Federal Food, Drug, and Cosmetic Act.

(6) "Short cut" or "short cuts" means canned beans consisting of pieces of pods less than ¾ inch in length.

(c) *Grades of canned beans.* (1) "U. S. Grade A" or "U. S. Fancy" is the quality of canned green beans or canned wax beans that possess similar varietal characteristics; possess a normal flavor and odor; are very young and tender; and are of such quality with respect to clearness of liquor, uniformity of color, and absence of defects as to score not less than 90 points when scored in accordance with the scoring system outlined herein.

(2) "U. S. Grade B" or "U. S. Extra Standard" is the quality of canned green beans or canned wax beans that possess similar varietal characteristics; possess a reasonably normal flavor and odor; possess a reasonably uniform typical color; are young and reasonably tender; are reasonably free from defects; and are of such quality with respect to clearness of liquor as to score not less than 75 points when scored in accordance with the scoring system outlined herein.

(3) "U. S. Grade C" or "U. S. Standard" is the quality of canned green beans or canned wax beans that possess similar varietal characteristics; possess a normal flavor and odor; possess a fairly uniform typical color; are nearly mature and fairly tender; possess a fairly good liquor; are fairly free from defects; and score not less than 60 points when scored in accordance with the scoring system outlined herein.

(4) "U. S. Grade D" or "Substandard" is the quality of canned beans that fail to meet the requirements of U. S. Grade C or U. S. Standard.

(5) "U. S. Grade D—Below standard in quality good food—not high grade" or "Substandard—Below standard in quality good food—not high grade" is the quality of canned beans that fall below the standard of quality of canned green beans (21 CFR 51.11; 12 F. R. 1140) or the standard of quality of canned wax beans (21 CFR 51.16; 12 F. R. 1141); as the case may be.

(d) *Recommended fill of container.* The recommended fill of container is not incorporated in the grades of the finished product since fill of container, as such, is not a factor of quality for the purpose of these grades. It is recommended that each container of canned beans be filled with green beans or wax beans, as the case may be, as full as practicable without impairment of quality and that the product and packing medium occupy not less than 90 percent of the total capacity of the container.

(e) *Recommended drained weight.* The drained weight recommendations in Table No. I of this section are not incorporated in the grades of the finished product since drained weight, as such, is not a factor of quality for the purpose of these grades. The drained weight of green beans or wax beans, as the case may be, is determined by emptying the contents of the container upon a circular sieve of proper diameter containing 8 meshes to the inch (0.097-inch square openings) and allowing to drain for 2 minutes. A sieve 8 inches in diameter is used for No. 3 size cans (404 x 414) and smaller, and a sieve 12 inches in diameter is used for containers larger than the No. 3 size can (404 x 414).

TABLE NO. I

RECOMMENDED DRAINED WEIGHTS, IN OUNCES, OF GREEN BEANS AND WAX BEANS

No. 2½	16½	18	17½	16¾
No. 10	61		65	63

[1] Minimum.

TABLE NO. II

SIZES OF GREEN BEANS AND WAX BEANS IN CANNED BEANS

Size of beans (inches in thickness)	Round type beans in various styles of canned beans: Number designation	Whole beans: Word designation	Cut or short cut beans: Word designation	Flat type beans in whole cut, or short cut beans: Number designation	Word designation
Less than 14½/64 inch in thickness	Size 1	Tiny	Small	Size 2	Small.
14½/64 inch to, but not including, 18½/64 inch in thickness.	Size 2	Small	do	Size 3	Medium.
18½/64 inch to, but not including, 21/64 inch in thickness	Size 3	Medium	do	Size 4	Medium large.
21/64 inch to, but not including, 24/64 inch in thickness.	Size 4	Medium large	Medium	Size 5	Large.
24/64 inch to, but not including, 27/64 inch in thickness.	Size 5	Large	Large	Size 6	Extra large.
27/64 inch or more in thickness	Size 6	Extra large	Extra large	Size 6	Do.

(f) *Types of canned beans.* The type of canned beans is not incorporated in the grades of the finished product, since the type of canned beans is not a factor of quality for the purpose of these grades. The type of canned beans is dependent upon the type of beans packed in the container and is described as round type or flat type.

(1) "Round type canned green beans" are canned beans consisting of round type green beans having a width not greater than 1½ times the thickness of the bean. "Round type canned wax beans" are canned beans consisting of round type wax beans having a width not greater than 1½ times the thickness of the bean.

(2) "Flat type canned green beans" are canned beans consisting of flat type green beans having a width greater than 1½ times the thickness of the bean. "Flat type canned wax beans" are canned beans consisting of flat type wax beans having a width greater than 1½ times the thickness of the bean.

(g) *Sizes of green beans or wax beans in canned beans.* The size of green beans or wax beans is not a factor of quality of canned beans for the purpose of these grades. The size of a green bean or wax bean is determined by measuring the shorter diameter of the bean transversely to the long axis at the thickest portion of the pod. The designations of the various sizes of round type and flat type green beans or wax beans packed as canned beans are shown in Table No II of this section.

(h) *Ascertaining the grade.* (1) The grade of canned beans may be ascertained by considering, in addition to the requirements of the respective grade, the following factors: Clearness of liquor, color, absence of defects, and maturity. The relative importance of each factor is expressed numerically on the scale of 100. The maximum number of points that may be given each factor is:

	Points
(i) Clearness of liquor	10
(ii) Color	15
(iii) Absence of defects	35
(iv) Maturity	40
Total score	100

(2) "Normal flavor and normal odor" means that the canned beans are free from objectionable flavors and objectionable odors of any kind.

(i) *Ascertaining the rating of each factor.* The essential variations within each factor are so described that the value may be ascertained for each factor and expressed numerically. The numerical range within each factor is inclusive (for example, "32 to 35 points" means 32, 33, 34, or 35 points).

(1) *Clearness of liquor.* (i) Canned beans that possess a practically clear liquor may be given a score of 9 to 10 points. "Practically clear liquor" means

that the liquor may possess a slight tint of yellow-green to green color and that not more than a trace of suspended material and sediment is present.

(ii) If the canned beans possess a reasonably clear liquor, a score of 7 to 8 points may be given. "Reasonably clear liquor" means that the liquor may be cloudy or contain a small quantity of sediment.

(iii) If the canned beans possess a fairly good liquor, a score of 5 to 6 points may be given. "Fairly good liquor" means that the liquor may be dull in color, but not off color; may be cloudy; or may possess a noticeable accumulation of sediment.

(iv) Canned beans that possess a liquor that is definitely off-color for any reason, is excessively cloudy, or contains a seriously objectionable quantity of sediment may be given a score of 0 to 4 points and shall not be graded above U. S. Grade D or Substandard, regardless of the total score for the product (this is a limiting rule).

(2) *Color.* (i) Canned beans that possess a practically uniform bright typical color may be given a score of 14 to 15 points. "Practically uniform bright typical color" means that the canned beans possess a color that is bright and typical of very young and tender green beans or wax beans, as the case may be, of similar varietal characteristics with not more than 5 percent, by count, which vary markedly from this color.

(ii) If the canned beans possess a reasonably uniform typical color, a score of 12 to 13 points may be given. "Reasonably uniform typical color" means that the canned beans possess a color that is typical of young and reasonably tender green beans or wax beans, as the case may be, of similar varietal characteristics with not more than 10 percent, by count, which vary markedly from this color.

(iii) Canned beans that possess a fairly uniform typical color may be given a score of 10 to 11 points. Canned beans that fall into this classification shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a limiting rule). "Fairly uniform typical color" means that the canned beans possess a color that is typical of nearly mature and fairly tender green beans or wax beans, as the case may be, or similar varietal characteristics with not more than 15 percent, by count, which vary markedly from this color.

(iv) Canned beans that are definitely off-color or fail to meet the requirements of subdivision (iii) of this subparagraph may be given a score of 0 to 9 points and shall not be graded above U. S. Grade D or Substandard, regardless of the total score for the product (this is a limiting rule).

(3) *Absence of defects.* (i) The factor of absence of defects refers to the degree of freedom from extraneous vegetable matter, loose seed and pieces of seed, unstemmed units, ragged-cut units, split units, small pieces of pods, units damaged by mechanical injury, and units blemished by scars, pathological injury, insect injury, or blemished by other means.

(*a*) "Blemished unit" means any unit in which the aggregate area affected exceeds the area of a circle $\frac{1}{8}$ inch in diameter.

(*b*) "Seriously blemished" means blemished to such an extent that the appearance or eating quality of the unit is seriously affected.

(*c*) "Extraneous vegetable matter" means leaves, detached stems, and other similar vegetable matter.

(*d*) "Ragged-cut units" means sections of pods that have very ragged edges, or are partially cut.

(*e*) "Practically intact" means that not more than 5 percent, by weight, of the units in a container are split into two parts.

(*f*) "Small pieces of pods" means pieces of pods less than $\frac{1}{2}$ inch in length.

(*g*) "Damaged by mechanical injury" means damaged to such an extent that the appearance or eating quality of the unit is seriously affected.

(ii) Canned beans that are practically free from defects may be given a score of 32 to 35 points. "Practically free from defects" has the following meanings with respect to the following styles of packs of canned green beans or canned wax beans:

(*a*) *Whole or cut.* "Practically free from defects" means that the units are practically intact; the weight of all loose seed and pieces of seed does not exceed 3 percent of the drained weight of the units; the combined weight of all other defects and defective units does not exceed 10 percent of the drained weight of the units; and that for each 12 ounces, drained weight, of units there may be present:

Not more than 1 piece of extraneous vegetable matter, exclusive of detached stems;

Not more than 4 unstemmed units or 4 detached stems, or any combination of not more than 4 unstemmed units and detached stems;

Not more than 4 blemished units, of which not more than 2 units are seriously blemished;

Not more than 5 ragged-cut units or 5 units damaged by mechanical injury; and

Not more than 60 small pieces of pods in cut style.

(*b*) *Sliced lengthwise or french style.* "Practically free from defects" means that the pods are well sliced and the combined weight of all other defects and defective units does not exceed 10 percent of the drained weight of the units, and that for each 12 ounces, drained weight, of units there may be present:

Not more than 1 piece of extraneous vegetable matter, exclusive of detached stems;

Not more than 4 unstemmed units or 4 detached stems, or any combination of not more than 4 unstemmed units and detached stems; and

Not more than 4 blemished units, of which not more than 2 units are seriously blemished.

(*c*) *Short cuts.* "Practically free from defects" means that the units are practically intact; the weight of all loose seed and pieces of seed does not exceed 3 percent of the drained weight of the units; the combined weight of all other defects and defective units does not exceed 10 percent of the drained weight of the units; and that for each 12 ounces, drained weight, of units there may be present:

Not more than 2 pieces of extraneous vegetable matter, exclusive of detached stems;

Not more than 5 unstemmed units or 5 detached stems, or any combination of not more than 5 unstemmed units and detached stems;

Not more than 8 blemished units, of which not more than 4 units are seriously blemished;

Not more than 10 ragged-cut units or 10 units damaged by mechanical injury; and

Not more than 60 small pieces of pods in cut style.

(*b*) *Sliced lengthwise or french style.* "Reasonably free from defects" means that the pods are reasonably well sliced and the combined weight of all other defects and defective units does not exceed 15 percent of the drained weight of the units, and that for each 12 ounces, drained weight, of units there may be present:

Not more than 2 pieces of extraneous vegetable matter, exclusive of detached stems;

Not more than 5 unstemmed units or 5 detached stems, or any combination of not more than 5 unstemmed units and detached stems; and

Not more than 8 blemished units, of which not more than 4 units are seriously blemished.

(*c*) *Short cuts.* "Reasonably free from defects" means that the units are practically intact; the weight of all loose seed and pieces of seed does not exceed 4 percent of the drained weight of the units; the combined weight of all other defects and defective units does not exceed 15 percent of the drained weight of the units; and that for each 12 ounces, drained weight, of units there may be present:

Not more than 2 pieces of extraneous vegetable matter, exclusive of detached stems;

Not more than 5 unstemmed units or 5 detached stems, or any combination of not more than 5 unstemmed units and detached stems;

Not more than 8 blemished units, of which not more than 4 units are seriously blemished;

Not more than 10 ragged-cut units or 10 units damaged by mechanical injury; and

Not more than 60 small pieces of pods in cut style.

(*b*) *Sliced lengthwise or french style.* "Reasonably free from defects" means that the pods are reasonably well sliced and the combined weight of all other defects and defective units does not exceed 20 percent of the drained weight of the units, and that for each 12 ounces, drained weight, of units there may be present:

Not more than 2 pieces of extraneous vegetable matter, exclusive of detached stems;

Not more than 5 unstemmed units or 5 detached stems, or any combination of not more than 5 unstemmed units and detached stems; and

Not more than 8 blemished units, of which not more than 4 units are seriously blemished.

(*c*) *Short cuts.* "Reasonably free from defects" means that the units are practically intact; the weight of all loose seed and pieces of seed does not exceed 5 percent of the drained weight of the units; the combined weight of all other defects and defective units does not exceed 20 percent, drained weight, of the units and that:

The combined weight of all extraneous vegetable matter does not exceed 0.6 ounce per 60 ounces, drained weight, of the units [1];

There are not more than 6 unstemmed units per 12 ounces, drained weight, of the units [1]; and

There are not more than 12 blemished units per 12 ounces, drained weight, of the units [1] of which not more than 6 units are seriously blemished.

(v) Canned beans that fail to meet the requirements of subdivision (iv) of this subparagraph may be given a score of 0 to 21 points and shall not be graded above U. S. Grade D or Substandard, regardless of the total score for the product (this is a limiting rule).

(vi) Canned beans that fall below the standard of quality of canned green beans (21 CFR 51.11; 12 F. R. 1140) or the standard of quality of canned wax beans (21 CFR 51.16; 12 F. R. 1141), as the case may be, shall not be graded above U. S. Grade D—Below standard in quality good food—not high grade, or Substandard—Below standard in quality good food—not high grade, regardless of the total score for the product (this is a limiting rule).

(4) *Maturity.* (i) The factor of maturity refers to the degree of development of pods and seeds and the tenderness of the pods.

(*a*) "Trimmed pod" means any pod from which there has been trimmed off as far as the end of the space formerly occupied by seed, any portion of the pod from which seed have become separated.

(*b*) "Tough strings" means strings or pieces of string at least $\frac{1}{2}$ inch in length which will support a $\frac{1}{2}$ pound weight for not less than 5 seconds.

(*c*) "Fibrous material" means the properly prepared, dried cellulose material obtained from deseeded pods.

(ii) Canned beans that are very young and tender may be given a score of 35 to 40 points. "Very young and tender" means that the units are full-fleshed for the variety, tender and not fibrous; the seeds are in the early stages of maturity; and not more than 2 percent, by count, of the units possess tough strings.

(iii) If the canned beans are young and reasonably tender a score of 29 to 34 points may be given. Canned green beans or canned wax beans that fall into this classification shall not be graded above U. S. Grade B or U. S. Extra Standard, regardless of the total score for the product (this is a limiting rule). "Young and reasonably tender" means that the units may, to some extent, have lost their fleshy structures; the seeds may have passed the early stages of maturity and have not reached the late stages of maturity; are not fibrous; and not more than 5 percent by count of the units may possess tough strings.

(iv) If the canned beans are nearly mature and fairly tender a score of 23 to 28 points may be given. Canned green beans or canned wax beans that fall into this classification shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a limiting rule). "Nearly mature and fairly tender" means that the pods may have lost, to a considerable extent, their fleshy structure, and that:

The trimmed pods contain not more than 15 percent, by weight, of seed and pieces of seed; [2]

The deseeded pods contain not more than 0.15 percent, by weight, of fibrous material; [2] and

Not more than 10 percent, by count, of the units may possess tough strings except that in case there are present units at least $\frac{25}{64}$ inch in diameter, there are not more than 12 strings or pieces of strings in 12 ounces, drained weight, which will support a $\frac{1}{2}$ pound weight for not less than 5 seconds.[2]

(v) Canned beans that fail to meet the requirements of subdivision (iv) of this subparagraph may be given a score of 0 to 22 points and shall not be graded above U. S. Grade D or Substandard, regardless of the total score for the product (this is a limiting rule).

(vi) Canned beans that fall below the standard of quality of canned green beans (21 CFR 51.11; 12 F. R. 1140) or the standard of quality of canned wax beans (21 CFR 51.16; 12 F. R. 1141), as the case may be, shall not be graded above U. S. Grade D—Below standard in quality good food—not high grade, or Substandard—Below standard in quality good food—not high grade, regardless of the total score for the product (this is a limiting rule).

(j) *Tolerance for certification of officially drawn samples.* (1) When certifying samples that have been officially drawn and which represent a specific lot of canned green beans or canned wax beans, the grade for such lot will be determined by averaging the total score of all containers, if:

(i) Not more than one-sixth of the containers comprising the sample fails to meet all the requirements of the grade indicated by the average of such total scores, and with respect to such containers which fail to meet the requirements of the indicated grade by reason of a limiting rule, the average score of all containers in the sample for the factor, subject to such limiting rule, must be within the range for the grade indicated;

(ii) None of the containers comprising the sample falls more than 4 points below the minimum score for the grade indicated by the average of the total score; and

(iii) All containers comprising the sample meet all applicable standards of quality promulgated under the Federal Food, Drug, and Cosmetic Act and in effect at the time of the aforesaid certification.

(k) *Score sheet for canned green beans or canned wax beans.*

Container size	
Container code or marking	
LABEL	
Net weight (in ounces)	
Vacuum (in inches)	
Drained weight (in ounces)	
Type (round or flat)	
Variety (green or wax)	
Style	
Size of green beans or wax beans	

[1] Determined as outline in the standards of quality of canned green beans (21 CFR 51.11) and canned wax beans (21 CFR 51.16), promulgated under the Federal Food, Drug, and Cosmetic Act.

Factors	Score points		
I. Clearness of liquor	10	(A)	9–10
		(B)	7– 8
		(C)	5– 6
		(D) [1]	0– 4
II. Color	15	(A)	14–15
		(B)	12–13
		(C) [1]	10–11
		(D) [1]	0– 9
III. Absence of defects	35	(A)	32–35
		(B)	27–31
		(C) [1]	22–26
		(D) [1]	0–21
IV. Maturity	40	(A)	35–40
		(B) [1]	29–34
		(C) [1]	23–28
		(D) [1]	0–22
Total score	100		
Grade			
Normal flavor and odor			

[1] Indicates limiting rule within classification.

(1) *Effective time and supersedure.* The United States Standards for Grades of Canned Green Beans and Canned Wax Beans (which are the third issue) contained in this section shall become effective thirty days after publication of these standards in the FEDERAL REGISTER. (Pub. Law 266, 80th Cong.)

Issued at Washington, D. C., this 21st day of August 1947.

[SEAL] RALPH S. TRIGG,
Acting Administrator, Production and Marketing Administration.

[F. R. Doc. 47-7990; Filed, Aug. 26, 1947; 8:51 a. m.]

Chapter III—Bureau of Entomology and Plant Quarantine, Department of Agriculture

PART 322—IMPORTATION OF ADULT HONEYBEES INTO THE UNITED STATES

PREVENTION OF INTRODUCTION OF ISLE OF WIGHT OR ACARINE DISEASE

Pursuant to the provisions of section 1 of the act of August 31, 1922 (42 Stat. 833; 7 U. S. C. 281 et seq.), regulating the importation of adult honeybees into the United States, and of the regulations issued thereunder on May 12, 1923 by the Secretary of the Treasury and the Secretary of Agriculture (7 CFR 322.1 to 322.6, inclusive), together with the special rules issued by the Secretary of Agriculture on June 19, 1923 (7 CFR 322.7 et seq.), and in accordance with the requirements of the Administrative Procedure Act (Pub. Law 404, 79th Cong.; 60 Stat. 237), a notice of proposed rule making was published in the FEDERAL REGISTER on July 18, 1947 (12 F. R. 4790), concerning a proposed amendment to the regulations by revocation of regulation 4 (7 CFR 322.4) and the special rules (7 CFR 322.7 et seq.). After consideration of the proposals set forth in the aforementioned notice, and all relevant matters, it is hereby found and determined that:

(1) The existing regulations and special rules are inadequate to prevent the introduction into the United States of Isle of Wight, or acarine, disease;

(2) The introduction of such disease will endanger the American beekeeping industry with attendant dangers to American agriculture;

(3) The revocation of regulation 4 (7 CFR 322.4) and the special rules (7 CFR 322.7 et seq.) will benefit such beekeeping industry and is in the public interest;

(4) The said regulations as hereby amended, and all of the terms and conditions of said regulations as hereby amended, will tend to effectuate the declared policy of the act; and

(5) Compliance with the effective date requirements of the Administrative Procedure Act (Pub. Law 404, 79th Cong.; 60 Stat. 237) is impracticable, unnecessary and contrary to the public interest in that immediate revocation of the aforesaid regulation and special rules is necessary in order to prevent the introduction of queen-bees infected with the Isle of Wight, or acarine, disease during the present shipping season now under way.

It is, therefore, ordered, That, from and after the effective date hereof:

(1) The regulations in this part governing the importation of adult honeybees into the United States shall be amended by revoking regulation 4 (§ 322.4) and redesignating regulation 5 (§ 322.5) and regulation 6 (§322.6) to read, respectively, § 322.4 and § 322.5; and

(2) The special rules in this part issued June 19, 1923 (7 CFR 322.7–322.10, inclusive), are revoked.

This order shall become effective upon its publication in the FEDERAL REGISTER.

Done at Washington, D. C., this 21st day of August 1947.

(42 Stat. 833; 7 U. S. C. 281 et seq.)

[SEAL] CHARLES F. BRANNAN,
Acting Secretary of Agriculture.

[F. R. Doc. 47-7988; Filed, Aug. 26, 1947; 9:20 a. m.]

Chapter IV—Production and Marketing Administration (Crop Insurance)

[Amdt. 1]

PART 400—FEDERAL CROP INSURANCE CORPORATION

Part 400, Chapter IV, 7 CFR, is hereby revised and amended in its entirety to read as follows:

SUBPART A—ORGANIZATION

Sec.
400.1 Creation.
400.2 Stock.
400.3 Board of Directors.
400.4 Management.
400.5 Central Office.
400.6 State crop insurance directors.
400.7 Availability of information and records.

SUBPART B—FUNCTIONS AND PROCEDURES

400.10 Crops insured.

AUTHORITY: §§ 400.1 to 400.10, inclusive, issued under secs. 3, 12, 60 Stat. 238, 244; 5 U. S. C., Sup. 1002, 1011.

SUBPART A—ORGANIZATION

§ 400.1 *Creation.* The Federal Crop Insurance Corporation was created February 16, 1938, by the Federal Crop Insurance Act (7 U. S. C. 1501 et seq.). The Corporation is a part of the United States Department of Agriculture and its operations are under the supervision and control of the Secretary of Agriculture.

§ 400.2 *Stock.* All capital stock of the Federal Crop Insurance Corporation is owned by the United States.

§ 400.3 *Board of Directors.* The Federal Crop Insurance Act provides that the Board of Directors shall consist of the manager of the Corporation, two other persons employed in the Department of Agriculture, and two persons experienced in the insurance business who are not otherwise employed by the Government. The Board is appointed by and holds office at the pleasure of the Secretary of Agriculture.

§ 400.4 *Management.* The management of the Federal Crop Insurance Corporation is vested in the Board of Directors, subject to the general supervision of the Secretary of Agriculture. The Manager of the Corporation is its chief executive officer, and he is appointed by and holds office at the pleasure of the Secretary of Agriculture. Under the general supervision of the Board, the Manager is responsible for the general direction and supervision of all activities of the Corporation.

§ 400.5 *Central Office*—(a) *General.* The principal office of the Federal Crop Insurance Corporation is at Washington 25, D. C., in the South Agriculture Building. It consists of the Office of the Manager of the Corporation, the Program Development Division, the Underwriting Division, the Finance Division, the Administrative Division, the Sales Promotion Unit, and the Loss Adjustment Unit. In addition, the branch office, although located in the field, is part of the central office.

(b) *Manager.* Under the general supervision of the Board of Directors and within established policies, the Manager has final authority for the executive direction of the Corporation's programs and activities both in Washington and in the field. He determines or approves methods and procedures to be used, coordinates the activities of the Corporation with that of the cooperating agencies and is responsible for commodity operations of the Corporation. In the office of the Manager there are area directors who assist in the supervision of the field activities.

(c) *Divisions and units.* The divisions and units are as follows:

(1) *Program development division.* Develops plans for annual program changes on each commodity and plans for insurance on new commodities; develops insurance contracts and regulations; develops procedures for the writing of insurance, the determination of acreage and other contract terms, the adjustment of losses and the collection of premiums, makes economic and statistical analysis of the program and proposals for changes; develops and maintains current information on the volume of insuranace.

(2) *Underwriting division.* Estimates the amount of risk to which the Corporation may be subjected for the amounts of insurance and other terms of the contract; develops the actuarial basis for the insurance and prepares the actuarial tables; prepares procedures for field determination of amounts of insurance and premium rates; gives technical assistance to State Directors in connection with actuarial and underwriting phases of the crop insurance program.

(3) *Finance division.* Plans and directs or performs the fiscal activities of the Corporation relative to receipt of premiums and payment of indemnities and for administrative funds and their expenditure. Plans and directs or performs the necessary accounting. Prepares financial reports.

(4) *Administrative division.* Plans and directs or performs the administrative management work of the Corporation including personnel management, organization analyses, property and supply management and records and communications management.

(5) *Sales promotion unit.* Plans, coordinates, promotes and assists in sales and public information activities.

(6) *Loss adjustment unit.* Plans, directs and coordinates loss adjustment work and reviews unusual claims for loss. Devises policies and procedures for selection and training of loss adjusters.

(d) *Branch office.* The branch office of the Corporation is located at 623 South Wabash Avenue, Chicago 5, Illinois. This office serves all states. Under the immediate supervision of the Manager, this office performs the audit and accounting functions relating to crop insurance contracts, receives and maintains files of the insurance contracts and related documents, receives premiums and processes indemnity claims. The branch office manager has final authority to determine the amount of premium due, to approve indemnity claims and to cancel or adjust debts (6 CFR, Part 01).

§ 400.6 *State crop insurance directors.* (a) These directors are located as follows and serve the State where located except where additional States are listed:

AAA Building, Auburn, Alabama, for Alabama and Florida; 415 First Street, S., Phoenix, Arizona; 108½ West 3d Street, Little Rock, Arkansas; 2268 Fulton Street, Berkeley, California, for California and Nevada; 225 West Oak Street, Ft. Collins, Colorado, for Colorado and Wyoming; Old Post Office Building, Athens, Georgia; Room 317 Yates Building, 103 South 9th Street, Boise, Idaho; Second Floor Standard Building, 124 South Water Street, Decatur 12, Illinois; 105 South Meridian Street, Room 300 Big Four Building, Indianapolis 9, Indiana; 1101 Walnut Street, Des Moines 7, Iowa; 417–419 Humboldt Street, Manhattan, Kansas; Mill and Maxwell Streets, Lexington, Kentucky; P. O. Box 8597, University Station, Baton Rouge, Louisiana; Rossborough Inn, University of Maryland, College Park, Maryland, for Maryland, Delaware, and West Virginia; 200 North Capitol Avenue, Lansing 4, Michigan; Room 1130 Main P. O. Building, Box 3110, St. Paul 1, Minnesota, for Minnesota; 1130 West Capitol Street, Box 1251, Jackson, Mississippi; IOOF Building, 10th and Walnut Streets, Columbia, Missouri; Armory Building, 24 West Mendenhall Street, Bozeman, Montana; 304 Trust Building, 10th and O Streets, Box 793, Lincoln 1, Nebraska; Regulatory Building, State College, New Mexico; AAA Building, College Station, Raleigh, North Carolina; 304 de-Lendrecie Building, Fargo, North Dakota; Room 224 Old Federal Building, South State and East Third Streets, Columbus 15, Ohio; 6th and Main Streets, Stillwater, Oklahoma; 6th Floor, Eastern Building, 515 SW. 10th Street, Portland 5, Oregon; 923 North Third Street, Harrisburg, Pennsylvania, for Pennsylvania, New Jersey, New York, Connecticut, and Massachusetts; Knowlton Building, 1615 Hampton Street, Columbia, South Carolina; 56 Third Street SE, Huron, South Dakota; 152 Fourth Avenue North, Nashville, Tennessee; AAA Building, College Station, Texas; Old Terminal Building, 222 S.W. Temple Street, Salt Lake City, Utah; 600 East Main Street, Richmond 19, Virginia; P. O. Box 1491, 3d Floor Hutton Building, Spokane 8, Washington; 14 East Dayton Street, Oxford Building, Madison 3, Wisconsin.

(b) Under the immediate supervision of the office of the Manager of the Corporation, the State crop insurance director reviews and accepts or rejects applications for crop insurance, supervises and reviews the adjustment of losses, provides information concerning crop insurance and in general represents the Corporation in the State. The State Director is assisted by district supervisors who in turn supervise part-time adjusters. State directors have final authority to approve amounts of insurance and premium rates. Field work in connection with establishing amounts of insurance per acre and premium rates, the sale of insurance, obtaining reports of insured acreage and collecting premiums, is performed under the supervision of the State crop insurance director.

§ 400.7 *Availability of information and records.* Any person desiring information with respect to crop insurance should request such information from the State Director for the particular State involved or from the Manager, Federal Crop Insurance Corporation, U. S. Department of Agriculture, Washington 25, D. C. Records of the Corporation, including those maintained in the field offices, are available for examination in accordance with the rules and designation of records issued by the Secretary (7 CFR, Part 2100).

SUBPART B—FUNCTIONS AND PROCEDURES

§ 400.10 *Crops insured.* (a) In 1947 and prior years, the Federal Crop Insurance Act (7 U. S. C. §§ 1501–1519) authorized the Corporation to insure, without limitation as to number of counties, producers of wheat, cotton, and flax, against loss in yields due to unavoidable causes, and, for the purpose of determining the most practical plans, terms, and conditions of insurance, to insure on a trial basis, in not more than 20 counties for each commodity, any other agricultural commodity, if sufficient actuarial data are available as determined by the Board. On the latter basis, corn and tobacco are presently insured. Commencing in 1948, by virtue of Public Law 320, 80th Congress, all commodities will be insured on a trial basis. Insurance of wheat will be limited to 200 counties, cotton to 56 counties, corn and flax to 50 counties each, and tobacco to 35 counties. Any other commodity insured will be limited to not more than 20 counties. Two new commodities may be insured in 1948, but in 1949 and thereafter three new commodities may be insured each year.

(b) Regulations governing the wheat, cotton, flax, corn and tobacco programs may be found as follows: Cotton (7 CFR Part 419), Flax (7 CFR Part 415), Corn (7 CFR Part 416), Tobacco (7 CFR Part 417), and Wheat (7 CFR Parts 414 and 418).

Issued this 21st day of August 1947.

[SEAL] CHARLES F. BRANNAN,
Acting Secretary of Agriculture.

[F. R. Doc. 47-8001; Filed, Aug. 26, 1947; 8:51 a. m.]

Chapter XXI—Organization, Functions and Procedure

PART 2323—FEDERAL CROP INSURANCE CORPORATION

REVOCATION

Part 2323, 7 CFR, Subtitle C, Chapter XXI, is hereby revoked.

Issued this 21st day of August 1947.

[SEAL] CHARLES F. BRANNAN,
Acting Secretary of Agriculture.

TITLE 8—ALIENS AND NATIONALITY

Chapter I—Immigration and Naturalization Service, Department of Justice

Subchapter B—Immigration Regulations

PART 110—PRIMARY INSPECTION AND DETENTION

AIRPORTS OF ENTRY: REVOCATION OF DESIGNATION OF DINNER KEY SEAPLANE BASE, MIAMI, FLA.; CHANGES IN DESIGNATION OF HAVRE-HILL COUNTY AIRPORT, HAVRE, MONT.; JOHN G. HINDE AIRPORT, SANDUSKY, OHIO; AND WATERTOWN MUNICIPAL AIRPORT, WATERTOWN, N. Y.

AUGUST 20, 1947.

Section 110.3, *Airports of entry,* Chapter I, Title 8, Code of Federal Regulations is hereby amended in the following respects:

1. Section 110.3 (a) is amended by deleting "Miami, Fla., Dinner Key Seaplane Base" from the list of permanent airports of entry for aliens.

2. Section 110.3 (a) is further amended by making the following insertions in the list of permanent airports of entry for aliens: "Havre, Mont., Havre-Hill County Airport" between "Fairbanks, Alaska, Weeks Municipal Airfield" and "Juneau, Alaska, Juneau Airport"; "Sandusky, Ohio, John G. Hinde Airport" between "San Diego, Calif., San Diego Municipal Airport (Lindbergh Field)" and "San Juan, P. R., Isla Grande Airport"; and "Watertown, N. Y., Watertown Municipal Airport" between "Swanton, Vt., Warren R. Austin Airport" and "West Palm Beach, Fla., Roosevelt Flying Service Base (Currie Common Park)."

3. Section 110.3 (b) is amended by making the following deletions from the list of temporary airports of entry for aliens: "Havre, Mont., Havre-Hill County

Airport"; "Sandusky, Ohio, John G. Hinde Airport"; and "Watertown, N. Y., Watertown Municipal Airport."

Notice of the proposed revocation of the designation of Dinner Key Seaplane Base, Miami, Florida, as a permanent airport of entry for aliens, and changes in designation of Havre-Hill County Airport, Havre, Montana; John G. Hinde Airport, Sandusky, Ohio; and Watertown Municipal Airport, Watertown, New York, from temporary to permanent airports of entry for aliens was published in the FEDERAL REGISTER dated June 28, 1947 (12 F. R. 4232), pursuant to section 4 of the Administrative Procedure Act (60 Stat. 238; 5 U. S. C., Sup., 1003).

The revocation of the designation of Dinner Key Seaplane Base shall be effective August 1, 1947, the delayed effective date requirements of section 4 (c) of the Administrative Procedure Act being dispensed with for the reason that the revocation of the designation of this seaplane base as a customs airport of entry was effective August 1, 1947 (12 F. R. 4174). The revocation of the designation of this airport is based on the fact that the site in which the seaplane base was located is no longer available for use by seaplanes.

Changes in designation of Havre-Hill County Airport, John G. Hinde Airport, and Watertown Municipal Airport from temporary to permanent airports of entry for aliens shall be considered as having become effective on June 1, 1947, the delayed effective date requirements of section 4 (c) of the Administrative Procedure Act being dispensed with for the reasons that (1) the redesignation of these airports as customs airports of entry became effective on June 1, 1947, and (2) the changes in designation have no effect on the type of service rendered to the public at these airports by the Immigration and Naturalization Service. The changes in designation of these airports are for the purpose of aligning the designations with redesignations of the same airports made for customs purposes (12 F. R. 4174).

(Sec. 7 (d), 44 Stat. 572, 54 Stat. 1238; 49 U. S. C. 177 (d), 5 U. S. C. 133t)

DOUGLAS W. MCGREGOR,
Acting Attorney General.

Recommended:

UGO CARUSI,
Commissioner of Immigration and Naturalization.

TITLE 9—ANIMALS AND ANIMAL PRODUCTS

Chapter I—Bureau of Animal Industry, Department of Agriculture

Subchapter F—Animal Breeds

[B. A. I. Order 365, Amdt.]

PART 151—RECOGNITION OF BREEDS AND PUREBRED ANIMALS

HORSES

Pursuant to the authority vested in the Secretary of Agriculture by section 201, paragraph 1606, Title II, of the act of June 17, 1930 (46 Stat. 673; 19 U. S. C., sec. 1201, par. 1606), paragraph (a) of § 151.6, Chapter I, Title 9, Code of Federal Regulations (section 2, paragraph 2, regulation 2, B. A. I. Order 365) is amended, effective thirty days from the date of publication hereof in the FEDERAL REGISTER, by adding to the subdivision of said paragraph relating to horses the following breed and book of record:

HORSES

Name of Breed, Book of Record, and by Whom Published
Thoroughbred—Stud Book de Chile—Club Hipico de Santiago, Fermin Donoso D., Secretary, Santiago, Chile

(46 Stat. 673; 19 U. S. C. 1201, par. 1606)

Done at Washington, D. C. this 21st day of August 1947. Witness my hand and the seal of the Department of Agriculture.

[SEAL] CHARLES F. BRANNAN,
Acting Secretary of Agriculture.

[F. R. Doc. 47-8000; Filed, Aug. 26, 1947; 8:50 a. m.]

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

[Civil Air Regs., Amdt. 04b-6]

PART 04b — AIRPLANE AIRWORTHINESS REGULATIONS EFFECTIVE ON NOVEMBER 9, 1945

AIR CARRIER GYROSCOPIC BANK AND PITCH INDICATOR

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 19th day of August 1947.

Part 04b of the Civil Air Regulations currently requires under §§ 04b.51 (a) (5) that all airplanes subject to certification under this part be equipped with a nonupsetting type gyroscopic bank and pitch indicator. Service experience with instruments of this type has not been sufficiently extensive to warrant a requirement that this type be installed to the exclusion of other types which, while not completely upsetting, have shown satisfactory service characteristics over a long period of time. It appears, therefore, that safety would be served equally well if instruments which are currently used in airplanes certificated under other airworthiness parts of the Civil Air Regulations are allowed to be used for the present.

Interested persons have been afforded an opportunity to participate in the making of this amendment, and full consideration has been given to all relevant matters presented. Since this is an amendment relieving restriction, good cause exists for making it effective without delay.

Pursuant to the Civil Aeronautics Act of 1938, as amended, particularly sections 205 (a), 601, and 603 thereof, the Civil Aeronautics Board hereby amends §§ 04b.51 (a) (5) of the Civil Air Regulations (14 CFR, 04b.51 (a) (5) as amended), as follows:

Effective August 19, 1947, § 04b.51 (a) (5) is amended by deleting therefrom the words "(nonupsetting type)".

(52 Stat. 984, 1007, 1009; 49 U. S. C. 425, 551, 553)

By the Civil Aeronautics Board.

[SEAL] M. C. MULLIGAN,
Secretary.

[F. R. Doc. 47-7966; Filed, Aug. 26, 1947; 8:51 a. m.]

TITLE 24—HOUSING CREDIT

Chapter VII—Housing and Home Finance Agency

PART 703—PUBLIC WAR HOUSING

DISPOSITION OF FEDERALLY OWNED PERMANENT WAR HOUSING

Sec.
703.51 Purpose.
703.52 Responsibilities with respect to disposition.
703.53 Consultation with local governments.
703.54 General policies.
703.55 Preferred purchasers; general.
703.56 Preferred purchasers; order of preference.
703.57 Preferred purchasers; sales procedures.
703.58 Sales to non-preferred purchasers.
703.59 Conditions of sale.
703.60 Demountable housing.
703.61 Disposition of non-dwelling structures.
703.62 Vacant land.
703.63 Minority racial groups.
703.64 Exceptions.
703.65 Definitions.
703.66 Savings clause.

AUTHORITY: §§ 703.51 to 703.66, inclusive, issued under 54 Stat. 872, 883, as amended, 54 Stat. 1125, as amended, 55 Stat. 14, 55 Stat. 197, 198, 55 Stat. 810, 818, 59 Stat. 613; 42 U. S. C. Sup. 1521, 5 U. S. C. Sup. 133y, Reorganization Plan No. 3 of 1947, 12 F. R. 4981.

§ 703.51 *Purpose*—(a) *General.* These §§ 703.51 to 703.66, inclusive, provide for the disposition of permanent war housing acquired or constructed under the Lanham Act, as amended (54 Stat. 1125, as amended; 42 U. S. C. Sup. 1521), Public Law 781, 76th Congress, as amended (54 Stat. 872, 883, as amended), and Public Laws 9, 73, and 353, 77th Congress (Temporary Shelter Acts), 55 Stat. 14, 198, 818), except that they shall not apply to housing provided by the Home Owners' Loan Corporation or the Federal Public Housing Authority under the Homes Use Conversion Program.

(b) *Veterans' preference.* These §§ 703.51 to 703.66, inclusive, are a revision of and supersede §§ 703.24 and 703.25 and other portions of §§ 703.20 to 703.31, inclusive, 11 F. R. 117 (NHA Regulation No. 60-13B) in so far as they relate to permanent war housing. It is the purpose of this revision to prescribe the conditions under which permanent war housing will be disposed of and particularly the preference to be given veteranas and servicemen, and their families, in the disposition of such housing.

§ 703.52 *Responsibilities with respect to disposition*—(a) *Termination.* The Office of the Administrator shall determine when permanent projects or parts thereof are no longer needed in the interest of the orderly demobilization of the war effort and will then terminate such projects or parts thereof, thereby making them available for disposition.

(b) *Execution.* The Public Housing Administration shall be responsible for executing the disposition program, in accordance with applicable laws and these §§ 703.51 to 703.66, inclusive, and subject to the direction and supervision of the Administrator.

§ 703.53 *Consultation with local governments*—(a) *General.* Formal discussions with representatives of local governments regarding disposition problems shall be initiated sufficiently in advance of the disposition of projects in their localities so that local governmental agencies will have adequate prior opportunity to study such problems, reach agreements within the community, and prepare recommendations regarding disposition programs. Where more than one unit of local government is affected by the disposition, joint consultation shall be sought.

(b) *FHA participation.* The FHA State or District Office serving the locality shall be informed concerning disposition discussions and plans and shall be invited to participate in the discussions with the local governments with respect to the formulation of locality disposition programs.

(c) *Local recommendation.* The Public Housing Administration shall follow the recommendations of the representatives of the local government insofar as practicable, subject to the provisions of applicable law, the policies stated in these §§ 703.51 to 703.66 inclusive, and considerations of an equitable return to the Government.

§ 703.54 *General policies*—(a) *Termination.* Permanent war housing projects or parts thereof shall be terminated as rapidly as possible. No exceptions to termination shall be permitted to continue unless approved by the Administrator.

(b) *Timing of disposition.* All terminated permanent war housing shall be disposed of as rapidly as possible consistent with the public interest, the obtaining of an equitable return of the Government's investment, and with the other policies established by these §§ 703.51 to 703.66, inclusive.

(c) *Disposition for private residential purposes.* In accordance with the Lanham Act, as amended (54 Stat. 1125, as amended; 42 U. S. C. Sup. 1521), permanent war housing shall (subject to the provisions of § 703.54 (e) and (f)) be sold for private residential purposes.

(d) *Subdivision of projects.* In order to encourage home ownership, and facilitate participation in the disposition program by small investors, projects being offered for sale shall be subdivided into the smallest feasible units of sale consistent with a practicable plan for their disposition.

(e) *Transfers to War or Navy Departments.* Under section 4 of the Lanham Act, as amended (54 Stat. 1127, as amended; 42 U. S. C. Sup. 1541), the Administrator may, in his discretion, upon the request of the Secretaries of War or Navy transfer to the jurisdiction of the War or Navy Departments such war housing as may be considered to be permanently useful to the Army or Navy. Such transfers shall be made only (1) if the request therefor was made on or before July 1, 1947, and (2) if the project is situated within the proximate vicinity of a permanent Army or Navy establishment.

(f) *Local community requests for low rent use.* Section 4 of the Lanham Act, as amended (54 Stat. 1127, as amended; 42 U. S. C. Sup. 1541), provides that housing projects constructed under that act shall not, unless specifically authorized by the Congress, be conveyed to any public or private agency organized for slum clearance or to provide subsidized housing for persons of low income. Where the governing body of the community has requested, on or before July 1, 1947, that any such project be made available to the community for low rent housing purposes, the Public Housing Commissioner may temporarily reserve the project from other disposition. Before December 31, 1947, such requests, together with the recommendations of the Public Housing Commissioner, shall, in order to give the Congress appropriate opportunity to consider the local community requests, be transmitted to the Administrator who will determine whether the projects shall be further reserved.

§ 703.55 *Preferred purchasers; general.* Whenever feasible, dwellings shall be offered for sale to persons (or groups of persons) who intend to occupy the dwellings, with preference to veterans as hereinafter provided, prior to their being offered for sale to purchasers for investment purposes. Such persons shall be treated as preferred purchasers and shall be given an opportunity to purchase the dwellings at fixed prices determined, with the cooperation of the Federal Housing Administration, on competent appraisal on the basis of long-term value. For purposes of carrying out this policy, a person who desires to purchase a multi-family dwelling and who intends to occupy one of the dwelling units shall be deemed to be a preferred purchaser, except that this provision shall not apply to multi-family dwellings containing more than 4 dwelling units.

§ 703.56 *Preferred purchasers; order of preference*—(a) *Preference classes.* Preferred purchasers shall be classified in the following order of preference:

Class 1. A veteran who occupies a dwelling unit in the dwelling to be sold and intends to continue to occupy such unit.

Class 2. A veteran who intends to occupy a dwelling unit in the dwelling to be sold.

Class 3. A non-veteran who occupies a dwelling unit in the dwelling to be sold and intends to continue to occupy such dwelling unit.

The Public Housing Administration is further authorized, where it finds it is in the public interest to do so, to establish a Class 4 preference group to consist of non-veterans intending to occupy dwelling units in the dwellings to be sold.

(b) *Sub-classes.* Where necessary to afford equitable treatment to tenants who are displaced from the dwellings they occupy as a result of the application of the provisions of § 703.56 (a), or where otherwise appropriate, the Public Housing Administration is authorized to establish special preference classifications within a preference class.

§ 703.57 *Preferred purchasers; sales procedures*—(a) *General.* Veterans and other occupants of each project shall be given as much advance informal notice as is feasible concerning the proposed method and the approximate date of disposition of the project. In general, sales procedures shall be designed, through public notice and such other procedures as the Public Housing Administration may find appropriate, to provide adequate opportunity to preferred purchasers to exercise their preference rights.

(b) *Separate sales of dwellings containing one to four family dwelling units.* Procedures covering the separate sale to preferred purchasers of dwellings which contain one to four dwelling units shall provide for time schedules in which preferred purchasers may register their intent to purchase, for appropriate deposit of earnest money, for selection of units, and for making of final commitments to purchase. Such procedures shall be established with a view to facilitating the disposition of war housing as rapidly as practicable, consistent with giving preferred purchasers an adequate opportunity to participate in the disposition program and consistent with the other policies provided for by these §§ 703.51 to 703.66, inclusive. Toward this end, such procedures shall (1) provide a minimum period of not less than 30 days in which preferred purchasers in Class 1 may exercise (through registration of intent to purchase or other appropriate means prescribed by the Public Housing Administration) their preference right; (2) provide a maximum period not exceeding 80 days in which preferred purchasers may exercise their preference rights; and (3) provide that preferred purchasers in any class shall continue to have preference over members in a class of lower preference status for any available dwelling units during the period or periods in which members of the classes of lower preference status shall have the right to exercise their preference rights.

(c) *Sale of multi-family dwellings containing five or more dwelling units, and group sale of dwellings.* (1) Where it is not feasible or consistent with a practicable plan of disposition, or with the effectuation of the purposes of the preference provisions of §§ 703.56 and 703.57, to subdivide a project for the separate sale to individuals of dwellings in the project, adequate opportunity may be given, as hereinafter provided, to groups of preferred purchasers to purchase a multi-family dwelling, a group of dwellings, or an entire project, consistent always with a practicable plan for disposition of the project.

(2) If within 30 days following the announcement of the prices of the multi-family dwelling, group of dwellings, or project being offered, a group composed of preferred purchasers in sufficient number to occupy a reasonable percentage of the dwelling units involved, submits a plan of purchase acceptable to the

Public Housing Administration, which plan shall be accompanied by an earnest money deposit prescribed by the Public Housing Administration and provide a reasonable time schedule for the completion of the purchase in relation to the number of dwelling units involved (which time period shall in no event exceed six months following the end of the original 30 day offering period), the multi-family dwelling, group of dwellings, or project, as the case may be, shall be reserved from other disposition for the period covered by the time schedule in order to give the preference group an opportunity to complete the purchase. Such reservation shall be conditioned on the adherence to the time schedule accepted by the Public Housing Administration. The original reservation period may be extended only with the approval of the Administrator.

(d) *Competing preference purchasers in same preference class.* The Public Housing Administration shall provide an equitable method for selecting the purchasers, which shall be designed best to effectuate the order of preferences provided in § 703.56, to apply where preferred purchasers (or groups of preferred purchasers) in the same preference class or containing members in the same preference class compete with each other.

§ 703.58 *Sales to non-preferred purchasers.* Sales to other than preferred purchasers shall be on a competitive basis after adequate public advertisement.

§ 703.59 *Conditions of sale.* Agreements to sell housing to private purchasers shall be designed to effectuate the following policies:

(a) *Terms.* All sales shall be for cash, with such financing as may be required to be secured in the private financing market under the provisions of section 610 of the National Housing Act (Public Law 366, 80th Congress) or otherwise.

(b) *Eviction of existing occupants.* The right of the purchaser to evict an existing occupant shall be subject only to applicable Federal, State, and local laws, except that no such occupant shall be evicted without having first been given 90 days' written notice to vacate.

(c) *Rents.* Rents shall be subject to control only under applicable Federal, State, or local laws.

(d) *Prices in case of resale.* For a period of one year after the date of original sale, no housing sold to preferred purchasers pursuant to these §§ 703.51 to 703.66, inclusive, may be resold for an amount in excess of the original sales price plus the actual costs of any improvements made, the amount of any normal and customary brokerage fees or commissions actually paid in connection with the sale being made, and the costs of transfer paid by the seller.

(e) *Veterans' preference in case of subsequent sale or rental.* Until January 1, 1950, first preference in resale, rental or subrental of dwelling units shall be given to veterans. Such preference shall be deemed to be complied with only if the unit being sold or becoming available for rental is publicly offered in good faith for sale or rent to veterans for a period of at least 30 days at a sale or rental no higher than that at which it is later offered (or for which it is later sold or rented) to other than a veteran.

§ 703.60 *Demountable housing—(a) On-site sales.* When sold for on-site use, demountable dwelling structures shall be disposed of in the same manner as other housing to which these §§ 703.51 to 703.66, inclusive, apply.

(b) *Off-site sales.* Demountable structures to be sold for off-site use shall be transferred or sold to meet veterans' needs with the following order of preferences to purchasers: (1) Federal agencies, local public bodies, or educational institutions, (2) individual veterans, and (3) others who will purchase the housing in marketable quantities and remove and sell or rent the housing to veterans. When it deems such action to be in the public interest, the Public Housing Administration may alter the foregoing order of preference for the purpose of giving a first preference to individual veterans. The agreement of transfer or sale shall provide that transferees, purchasers, and subsequent owners shall give first preference to veterans in the sale or rental of the dwellings until January 1, 1950, and shall abide by appropriate restrictions concerning resale prices, rents, and use of the dwellings.

§ 703.61 *Disposition of non-dwelling structures.* Non-dwelling structures located in projects containing permanent housing may be sold with the dwelling units or separate from the dwelling units dependent upon the effect of the sale of the non-dwelling buildings on the dwellings and the best financial interest of the Government.

§ 703.62 *Vacant land.* Any vacant land held in fee which is no longer needed shall be declared as surplus to the War Assets Administration for appropriate disposition.

§ 703.63 *Minority racial groups.* No provision contained in these §§ 703.51 to 703.66, inclusive, shall be construed or administered to require the sale or disposition of any housing occupied or assigned for occupancy by members of any minority racial group, in such a manner that such housing would not continue to be available for occupancy by members of such minority group.

§ 703.64 *Exceptions—(a) Prior commitments.* In any case where, prior to the effective date of these §§ 703.51 to 703.66, inclusive, the Public Housing Administration has entered into negotiations for the disposal of permanent war housing, and such negotiations may have resulted in a commitment to dispose of housing in a manner other than provided in these §§ 703.51 to 703.66, inclusive, such case shall be presented to the Administrator for determination whether there exists a commitment which would exempt the transaction from the provisions of these §§ 703.51 to 703.66, inclusive.

(b) *Waivers.* In any case where the Public Housing Administration believes that compliance with any provisions of these §§ 703.51 to 703.66, inclusive, would result in an exceptional and unreasonable hardship to any person or would be contrary to the public interest, the facts concerning such case shall be presented to the Administrator for determination as to whether such provisions should be modified or waived.

§ 703.65 *Definitions—(a) Permanent war housing.* As used in these §§ 703.51 to 703.66, inclusive, the term "permanent war housing" shall include (1) all housing acquired or constructed under the Lanham Act, as amended (54 Stat. 1125, as amended; 42 U. S. C. Sup. 1521), and Public Law 781, 76th Congress, as amended (54 Stat. 872, 883, as amended), except housing determined to be of a temporary character pursuant to section 313 of the Lanham Act (54 Stat. 1125, as amended by 57 Stat. 388; 42 U. S. C. Sup. 1553) and NHA General Order No. 21–29A (§§ 751.23 to 751.26, inclusive, 11 F. R. 177A–860, redesignated § 751.13, 12 F. R. 2088), and housing converted by the Home Owners' Loan Corporation and the Federal Public Housing Authority under the Homes Use Conversion Program, and (2) such housing acquired or constructed under Public Laws 9, 73 and 353, 77th Congress, (Temporary Shelter Acts), (55 Stat. 14, 198, 818), as is not declared to be of a temporary character pursuant to said NHA General Order No. 21–29A.

(b) *Veteran.* As used in these §§ 703.51 to 703.66, inclusive, the term "veteran" shall include (1) a person (or his family) who has served in the military or naval forces of the United States for any period of time on or after September 16, 1940, and prior to the termination of the present war and who has been discharged or released therefrom under conditions other than dishonorable, (2) a person (or his family) serving in the active military or naval forces of the United States, and (3) the family of a person who served in the military or naval forces of the United States on or after September 16, 1940, and prior to the termination of the present war and who died in service.

§ 703.66 *Savings clause.* Nothing in these §§ 703.51 to 703.66, inclusive, shall be construed to affect or impair any contract, remedy, right, or obligation which has accrued or will accrue by virtue of or pursuant to action previously taken under any regulation, order, operating instruction, or manual issuance in effect prior to these §§ 703.51 to 703.66, inclusive.

Issued this 27th day of August 1947.

[SEAL] RAYMOND M. FOLEY,
Administrator.

TITLE 32—NATIONAL DEFENSE

Chapter XXIII—War Assets Administration

[Reg. 2, Order 9]

PART 8302—DISPOSAL OF SURPLUS PERSONAL PROPERTY TO PRIORITY CLAIMANTS

NATIONAL AND REGIONAL VETERANS SET-ASIDE LISTS

Correction

In F. R. Document No. 47–7847 appearing in the issue for Wednesday, August 20, 1947, the following corrections are made to Exhibit B.

1. Zone IV is corrected as follows: In the first column on page 5593, "Denver Region No. 9" should be inserted immediately above the item "Motors: Electric, under 1 HP * * *".

2. Zone VI is corrected as follows:

a. In the third column on page 5594 "Salt Lake City Region No. 30" is inserted immediatley above the item "Compressors, air, single acting * * *".

b. In the first column on page 5596 "San Juan Puerto Rico Region No. 36" is inserted immediately above the item "Truck tractor * * *".

c. In the second column on page 5596 the heading "Honolulu, T. H. Region No. 35—Continued" should read "San Juan Puerto Rico Region No. 36—Continued".

TITLE 36—PARKS AND FORESTS

Chapter II—Forest Service, Department of Agriculture

NANTAHALA NATIONAL FOREST, N. C.

AGREEMENT OF TRANSFER OF CERTAIN LANDS FROM TENNESSEE VALLEY AUTHORITY TO FOREST SERVICE [1]

This agreement of transfer, made and entered into this 24th day of February 1947, by and between Tennessee Valley Authority, a corporation organized and existing under and by virtue of an Act of Congress known as the Tennessee Valley Authority Act of 1933, as amended (hereinafter called "Authority"), and United States Department of Agriculture, for the use and benefit of the Forest Service of the Department of Agriculture (hereinafter called "Department").

Witnesseth: Whereas, in carrying out its land acquisition program for its Fontana Project, the Authority, as agent of the United States of America, in order to provide reservoir protection, mitigate severance damages, and reduce road relocation costs, has acquired certain tracts of land above the area actually to be inundated by said projects; and

Whereas, certain of the lands so acquired by the Authority are located entirely within the boundaries of the Natahala National Forest as proclaimed by the President of the United States, and the Department is authorized and desires to obtain the right of possession, control, and custody of said lands and to administer the same as part of the national forest; and

Whereas, no permanent dam, hydroelectric power plant, fertilizer plant, or munitions plant is located on said lands, and the use and administration of said lands by Department as a part of said Forest, as herein provided, will be entirely consistent with the purposes for which said lands were acquired by the Authority;

Now, therefore, in consideration of the premises and of the mutual covenants herein contained, the Authority and the Department, subject to the approval of the President of the United States, covenant and agree as follows:

1. Authority, subject to the conditions, exceptions, and reservations herein contained, hereby assigns and transfers to Department, for the use and benefit of the Forest Service, and for inclusion in the Nantahala National Forest, the right of possession and all other right, title or interest which the Authority may have in and to the following lands:

Approximately 5,803 acres of land situated on the south side of Fontana Reservoir in Graham and Swain Counties, North Carolina, said land being described in the schedule which is attached to and hereby made a part of this agreement as Appendix A, and being shown colored in purple cross-hatched yellow on Map 19 MS 453 K 505 R 3 attached and made a part of this agreement as Appendix B.[2]

2. In addition to the interests assigned and transferred under Section 1, the Authority shall and does hereby give and grant to the Department, its agents, servants, and invitees, the right of access to and use of all lands of the United States in the Authority's custody lying between the land covered by said Section 1 and the low-water mark on Fontana Lake, for the purpose of constructing and maintaining thereon boating and recreational facilities, piers, docks, and related equipment and of performing all other acts which may be reasonably necessary to the administration and use, as part of the Nantahala National Forest as herein provided, of the lands described in Section 1.

3. All of the interests and rights assigned, transferred, and granted by the Authority to the Department under Sections 1 and 2 hereof are assigned, transferred, and granted subject to the following rights, which are hereby expressly reserved to and retained by the Authority: (a) the unrestricted right in perpetuity to make whatever changes may be necessary or desirable in the facilities for the storage, use, or distribution of water and to construct, maintain, and operate such additional structures and facilities as it may deem necessary to carry out its program of flood control by water storage in the Little Tennessee River and its tributaries and Tuckaseegee River, navigation, and incidental power, as authorized by the Tennessee Valley Authority Act of 1933, as amended; (b) the right of ingress and egress at all times to and from any point in its reservoir; (c) the right to operate the reservoir and fluctuate the water level thereof at any time and to any height; (d) the right to enter upon any part of the above-described land and perform any acts which it may deem necessary for the furtherance of malaria control and shore line sanitation; (e) the right to maintain and operate any electric power transmission and distribution lines, telephone and telegraph lines, and other facilities now owned by it and located on the lands above-described, together with the right to construct, operate, and maintain such additional transmission, distribution, telephone and telegraph lines and other facilities on said lands as it may hereafter deem necessary. It is understood and agreed that any and all of the rights reserved to the Authority under this Section 3 may be exercised by the Authority directly or by and through agents and contractors, and that the Authority may grant to or permit the exercise by others of rights of the class or character described in Subsection (e) of this section. In its exercise of the rights reserved under this Section 3, the Authority shall give reasonable consideration to the programs of the Department.

4. The assignment and transfer to Department of the interests and rights referred to under Sections 1 and 2 hereof shall be effective so long as the lands referred to in Section 1 are administered and operated as part of the Nantahala National Forest; and in the event the land referred to in Section 1 shall at any time cease so to be administered then all interests and rights assigned, transferred, or granted by Authority to Department under this agreement shall automatically revert to the possession, custody, and control of the Authority, and the Department shall have no further interests or rights with respect to any of the Authority lands referred to under Sections 1 and 2 hereof. None of said lands referred to in Section 1 shall be resold or exchanged or opened to entry excepting as may be agreed upon by the parties hereto, but this provision shall not be construed to prohibit the harvesting and sale of products of the forest produced on said land.

5. It is the intention of Department in the development and operation of recreational facilities on these lands to give priority to those operations which provide service to the general public and to maintain appropriate sanitary standards thereon.

6. Authority in no way warrants the extent of its interests in the lands described in Section 1 hereof, or in the lands affected by the rights granted under Section 2 hereof; but any interest which may hereafter be acquired by Authority in and to said lands described in Section 1 hereof shall pass to Department subject to the terms and conditions hereof automatically and without the necessity of any new and separate transfers or assignments thereof.

7. Department will cooperate with the Authority, upon its request, in obtaining the transfer to the Authority of the possession and control of any lands administered by the Department within the boundaries of the Nantahala National Forest which, in the judgment of the Authority, are essential to its programs of navigation, flood control, or power.

8. Nothing contained in this agreement shall be construed to constitute a waiver of or a compliance with any of the provisions of Section 26a of the Tennessee Valley Authority Act of 1933, as amended, or to affect or limit in any way the powers and duties given to and imposed upon the Authority by said Section 26a.

In witness whereof, the parties hereto have caused this instrument to be ex-

[SEAL] TENNESSEE VALLEY AUTHORITY,
By GEORGE F. GANT,[1]
General Manager.
UNITED STATES DEPARTMENT OF AGRICULTURE,
By CHARLES F. BRANNAN,
Assistant Secretary of Agriculture.

Attest:

LEONA LEROY,
Assistant Secretary.

In accordance with and for the purposes of section 4 (k) of the Tennessee Valley Authority Act of 1933 (48 Stat. 58) as amended by Act of July 18, 1941 (55 Stat. 599), (16 U. S. C. sec. 831C (k) (1941), I hereby approve the transfer from the Tennessee Valley Authority to the U. S. Department of Agriculture (Forest Service) of the possession and control of the lands and rights, and interests in lands described and specified in sections 1 and 2 of the above and foregoing agreement; and by virtue of the power vested in me by section 24, chapter 561, of the Act of March 3, 1891 (26 Stat. 1095, 1103), as amended (16 U. S. C. 471), and by the Act of June 4, 1897 (30 Stat. 11, 34, 36) I do hereby proclaim that the lands described and specified in section 1 of said agreement are and shall be allocated to and included in and reserved as a part of the Nantahala National Forest as in said agreement provided; all subject, however, to the terms, conditions, exceptions and reservations set forth in said agreement.

HARRY S. TRUMAN,
President of the United States.

THE WHITE HOUSE,
March 20, 1947.

State of Tennessee
County of Knox

This is to certify that on the 24th day of February 1947, before me personally came George F. Gant, with whom I am personally acquainted, who, being by me duly sworn, says that he is the General Manager and that Leona LeRoy is the Assistant Secretary of the Tennessee Valley Authority, the corporation described in and which executed the foregoing instrument as the agent of the United States of America; that he knows the common seal of said corporation; that the seal affixed to the foregoing instrument is said common seal, that the name of the corporation was subscribed thereto by the said General Manager, and that the said General Manager and Assistant Secretary subscribed their names thereto, and said common seal was affixed, all by the order of the Board of Directors of said corporation; and that the said instrument is the act and deed of said corporation and the act and deed of the United States of America.

Witness my hand and official seal this 24th day of February 1947. My commission expires July 16, 1950. I hereby certify that I have qualified in Knox County as a Notary Public as provided in Chapter 193 Public Acts 1935.

[SEAL] KATHERINE H. AUTRY,
Notary Public.

APPENDIX A

FONTANA RESERVOIR AREA

Land Proposed for Transfer to U. S. Department of Agriculture (Forest Service)

Tract 1

A tract of land lying in Stecoah and Yellow Creek Townships of Graham County and in Nantahala Township of Swain County, State of North Carolina, on the south and west shores of the Little Tennessee River Arm and on the west shore of the Nantahala River Arm of Fontana Lake, and extending from a line approximately ½ mile upstream along the Nantahala River from the confluence of the said rivers to a line approximately 2 miles upstream along the Little Tennessee River from the Fontana Dam, and more particularly described as follows:

Beginning at Corner 1, a point in the center of the Nantahala River, from which Corner 2, the coordinates of which are N. 622,762 and E. 639,000, in the USTVA Purchase Boundary bears S. 88°31' W., 347 ft., more or less.

From the initial point by bearings and distances,

S. 88°31' W., 347 ft., more or less, to Corner 2;

With the USTVA Purchase Boundary,

S. 88°31' W., 207 ft. to Corner 3, a black oak tree;
S. 55°36' W., 181 ft. to Corner 4, a red oak stump;
S. 43°01' W., 327 ft. to Corner 5, a 10 in. post oak tree;
N. 86°32' W., 182 ft. to Corner 6, a stake;
S. 53°08' W., 130 ft. to Corner 7, a stake;
S. 68°41' W., 239 ft. to Corner 8, a 5 in. white oak tree;
S. 87°22' W., 304 ft. to Corner 9, a 15 in. black oak tree;
N. 60°26' W., 274 ft. to Corner 10, a 14 in. pine tree;
N. 31°51' W., 413 ft. to Corner 11 in the center of Turkey Branch at a 14 in. ash tree, the coordinates of which are N. 622,733 and E. 637,153;

Easterly downstream with the meanders of the center line of the branch approximately 470 ft. to Corner 12 near an 8 in. popular tree;

N. 7°57' E., 358 ft. to Corner 13, a leaning 3 in. locust tree;
N. 31°39' W., 218 ft. to Corner 14, a post oak stump;
N. 72°32' E., 121 ft. to Corner 15, a 10 in. red oak tree;
S. 70°11' E., 253 ft. to Corner 16, a 4 in. pine tree;
N. 68°29' E., 141 ft. to Corner 17, a pine stump;
N. 50°41' E., 181 ft. to Corner 18, an iron pipe;
N. 54°21' E., 417 ft. to Corner 19, a 4 in. white oak tree;
N. 39°56' E., 77 ft. to Corner 20, a rock;
N. 17°00' W., 20 ft. to Corner 21 in the center of a road at or near the 1,710 ft. contour;

Westerly with the center of the road approximately along the following bearing and distance:

S. 70°55' W., 197 ft. to Corner 22;

Leaving the road,

N. 17°00' W., 20 ft. to Corner 23, an iron pipe;
N. 10°02' W., 739 ft. to Corner 24, a 2 in. sourwood tree;
N. 42°55' W., 175 ft. to Corner 25, an iron pipe;
N. 21°39' W., 197 ft. to Corner 26, a 14 in. red oak tree, the coordinates of which are N. 624,927 and E. 636,151;
N. 62°32' E., 141 ft. to Corner 27, a 14 in. red oak tree;
N. 18°13' E., 320 ft. to Corner 28, a 24 in. black oak tree;
N. 6°36' W., 217 ft. to Corner 29, an 8 in. white oak tree;
N. 12°49' E., 297 ft. to Corner 30, a 16 in. red oak tree;
N. 27°14' E., 76 ft. to Corner 31;
N. 9°50' W., 387 ft. to Corner 32, a 6 in. black oak tree;
N. 36°03' W., 141 ft. to Corner 33, a 6 in. spanish oak tree;
N. 77°30' W., 189 ft., crossing the 1,710 ft. contour at 120 ft., more or less, to Corner 34 in the center of a former road location below the normal operating level of Fontana Lake;
N. 7° E., with the center line of the former road location, 170 ft. to Corner 35 below the normal operating level of Fontana Lake;

Northerly along the meanders of the center line of the former location of the road approximately 475 ft. to Corner 36 in the center of the former channel of a branch below the normal operating level of Fontana Lake;

Northeasterly along the meanders of the center of the former channel of the branch approximately 160 ft. to Corner 37 below the normal operating level of Fontana Lake;

Leaving the former channel of the branch,

N. 83°36' W., 1,534 ft., crossing the 1,710 ft. contour at 240 ft., more or less, to Corner 38, an iron pipe, the coordinates of which are N. 627,279 and E. 636,574;
S. 5°54' E., 59 ft. to Corner 39, an iron pipe;
N. 75°56' W., 441 ft. to Corner 40, an iron pipe;
N. 40°29' W., 57 ft. to Corner 41, an iron pipe;
N. 69°38' W., 491 ft. to Corner 42, an iron pipe replacing a stake;
N. 47°52' W., 271 ft. to Corner 43, an iron pipe;
N. 1°17' E., 1,239 ft. to Corner 44, an iron pipe;
N. 89°09' W., 289 ft. to Corner 45, an iron pipe;
N. 10°35' W., 41 ft. to Corner 46, an iron pipe;
N. 2°52' W., 212 ft. to Corner 47, an iron pipe;
N. 4°55' W., 720 ft. to Corner 48 in the center of a branch;

Westerly upstream with the meanders of the center line of the branch approximately along the following bearings and distances:

S. 79°42' W., 481 ft.;
N. 87°02' W., 581 ft. to Corner 49;

Leaving the branch,

N. 71°20' W., 400 ft. to Corner 50;
N. 73°34' W., 191 ft. to Corner 51, a stake;
S. 36°15' W., 330 ft. to Corner 52, a stake, the coordinates of which are N. 629,796 and E. 633,303;
N. 1°31' E., 264 ft. to Corner 53;
N. 45°19' W., 626 ft. to Corner 54 at the top of a ridge and on the Graham-Swain County Line;

Northerly with the meanders of the top of the ridge along the Graham-Swain County Line approximately 2,800 ft. to Corner 55, a 6 in. sourwood tree;

N. 40°08' E., 92 ft. to Corner 56;
S. 88°40' E., 172 ft. to Corner 57, a 4 in. white oak tree;
N. 17°15' E., 337 ft. to Corner 58, a stake, the coordinates of which are N. 633,213 and E. 633,922, at the top of a ridge;

Northerly with the meanders of the top of the ridge approximately 625 ft. to Corner 59, a stake;

Leaving the Graham-Swain County Line,

N. 85°40' W., 1853 ft. to Corner 60, a stake, the coordinates of which are N. 633,911 and E. 632,205;
N. 5°38' E., 708 ft., passing a stake at 167 ft., to Corner 61;
N. 79°35' W., approximately 2,530 ft. to Corner 62, a pipe in the 1,722.63 ft. contour on the east bank of an unnamed tributary to Flat Branch;

Southerly with the meanders of the contour approximately 290 ft. to Corner 63;

S. 4°24' E., 39 ft. to Corner 64, a stake;
N. 85°15' W., 16 ft. to Corner 65 in the 1,722.63 ft. contour on the east bank of an unnamed tributary to Flat Branch;

With the meanders of the contour southerly along the east bank and subsequently northerly along the west bank of the said tributary a total distance of approximately 85 ft. to Corner 66, a pipe, from which Corner 65 bears S. 85°15' E., 27 ft.;

N. 85°15' W., 1,721 ft. to Corner 67, an iron pipe in the 1,722.63 ft. contour on the east bank of an unnamed tributary to Flat Branch;

With the meanders of the contour southerly along the east bank of the tributary and subsequently northwesterly along the west bank of the said tributary a total distance of approximately 880 ft. to Corner 68, an iron pipe, from which Corner 67 bears S. 84°14' E., 186 ft.;

N. 84°14' W., 113 ft. to Corner 69, a chestnut stump;
S. 6°49' W., 301 ft. to Corner 70, a black oak tree;
N. 86°19' W., 1,365 ft., passing a stake at the top of a ridge at 752 ft., to Corner 71, an iron pipe in the 1,722.63 ft. contour on the east bank of an unnamed tributary to Sawmill Branch;

With the meanders of the contour southerly along the east bank of the tributary and subsequently northwesterly along the west bank of the tributary a total distance of approximately 2,690 ft. to Corner 72, an iron pipe, the coordinates of which are N. 634,780 and E. 625,615, from which Corner 71 bears S. 86°27' E., 677 ft.;

N. 85°40' W., 132 ft. to Corner 73, a stake;
S. 10°58' W., 873 ft., crossing the top of a ridge at 523 ft., to Corner 74;
S. 82°41' E., 746 ft. to Corner 75;
S. 4°36' W., 1,631 ft. to Corner 76, an 8 in. pine tree at the top of a ridge;

Northwesterly with the meanders of the top of the ridge approximately 2,750 ft. to Corner 77, the coordinates of which are N. 633,745 and E. 624,190;

N. 0°28' E., 742 ft., crossing the 1,710 ft. contour at approximately 475 ft., to Corner 78 below the normal operating level of Fontana Lake;
N. 22°07' E., 693 ft., crossing the 1,710 ft. contour at approximately 150 ft., to Corner 79, a 6 in. black oak tree;
N. 15°23' W., 735 ft., crossing the 1,710 ft. contour on the right bank of Sawmill Branch at approximately 210 ft. and the 1,710 ft. contour on the left bank of the branch at approximately 580 ft., to Corner 80, a 6 in. pine tree at the top of a ridge;

Westerly with the meanders of the top of the ridge approximately 1,660 ft. to Corner 81, an 8 in. pine tree, the coordinates of which are N. 635,637 and E. 622,761;

S. 55°48' W., 283 ft. to Corner 82, a stake;
N. 60°02' W., 220 ft. to Corner 83 in the 1,722.63 ft. contour on the right bank of the Panther Creek Embayment of Fontana Lake;

Southerly with the meanders of the contour approximately 2,130 ft. to Corner 84;

N. 83°44' W., 75 ft., crossing the 1,710 ft. contour on the right bank of the Panther Creek Embayment at approximately 30 ft., to Corner 85, below the normal operating level of Fontana Lake;

S. 8°21' W., 110 ft. to Corner 86 below the normal operating level of Fontana Lake;
S. 66°36' W., 340 ft. to Corner 87 below the normal operating level of Fontana Lake;
S. 7°02' W., 515 ft. to Corner 88, an iron pipe below the normal operating level of Fontana Lake;
S. 9°16' W., 515 ft., crossing the 1,710 ft. contour on the left bank of the Panther Creek Embayment at approximately 200 ft., to Corner 89, a double maple tree, the coordinates of which are N. 633,000 and E. 621,043;
S. 8°56' W., 417 ft. to Corner 90;
S. 51°30' W., 461 ft., passing a 15 in. white oak tree at 89 ft. and crossing the 1,710 ft. contour on the right bank of Tobacco Branch at approximately 150 ft. and the 1,710 ft. contour on the left bank of the branch at approximately 360 ft., to Corner 91, a 3 in. hickory tree;
S. 51°49' W., 817 ft. to Corner 92, a post;
N. 5°13' E., 594 ft., crossing the 1,710 ft. contour on the right bank of Wolf Creek at approximately 575 ft., to Corner 93, an iron pipe below the normal operating level of Fontana Lake;
N. 4°08' E., 430 ft. to Corner 93A below the normal operating level of Fontana Lake;
N. 9°36' E., 1,054 ft., crossing the 1,710 ft. contour on the left bank of Wolf Creek at approximately 70 ft. and passing a stake at 749 ft., to Corner 94, a stake;
S. 50°42' W., 1,628 ft. to Corner 95, a 30 in. white oak tree, the coordinates of which are N. 632,825 and E. 618,975;
N. 13°13' W., 2,625 ft. to Corner 96;
N. 52°01' E., 1,448 ft. to Corner 97, a stone;
S. 81°14' E., 471 ft. to Corner 98;
N. 27°15' W., 892 ft. to Corner 99;
N. 56°06' E., 3,047 ft. to Corner 100, an iron pipe in the 1,722.63 ft. contour on the west shore of an embayment of Fontana Lake;

With the meanders of the contour northwesterly, easterly, northerly, northeasterly and subsequently in a general southeasterly direction a total distance of approximately 4,110 ft. to Corner 101, an iron pipe, the coordinates of which are N. 639,390 and E. 622,485;

N. 35°04' W., 322 ft. to Corner 102;
S. 65°40' E., 308 ft. to Corner 103, an iron pipe, the coordinates of which are N. 639,527 and E. 622,581, in the 1,722.63 ft. contour on the left bank of Loving Branch;

Northerly with the meanders of the contour approximately 2,300 ft. to Corner 104, an iron pipe;

N. 37°17' W., 2,034 ft. to Corner 105, a stake;
N. 24°03' E., 2,369 ft. to Corner 106;
S. 37°17' E., 2,419 ft. to Corner 107, a stone, the coordinates of which are N. 642,608 and E. 623,695;
S. 24°03' W., 2,196 ft. to Corner 108, an iron pipe in the 1,722.63 ft. contour on the north shore of the Panther Creek Embayment of Fontana Lake;

With the meanders of the contour downstream along the shores of the embayment and Fontana Lake approximately 6 mi. to Corner 109, an iron pipe;

S. 0°47' W., 165 ft. to Corner 110, an iron pipe, the coordinates of which are N. 644,494 and E. 617,483;
S. 27°46' W., 69 ft. to Corner 111, an iron pipe in the 1,722.63 ft. contour on the east shore of Fontana Lake;

With the meanders of the contour in a southerly direction along the east shore of Fontana Lake, then in an easterly direction along the north shore of the Pendleton Creek Embayment and subsequently in a southwesterly direction along the south shore of the embayment, a total distance of approximately 2¼ mi. to Corner 112, an iron pipe;

S. 56°39' E., 620 ft. to Corner 113;
S. 56°35' W., 468 ft. to Corner 114;
N. 86°38' W., 902 ft. to Corner 115, the coordinates of which are N. 642,078 and E. 617,399;
S. 6°41' E., 900 ft. to Corner 116;
S. 56°17' W., 1,595 ft. to Corner 117;
S. 50°28' W., 541 ft. to Corner 118, an iron pin;
N. 88°43' W., 190 ft. to Corner 119, the coordinates of which are N. 639,958 and E. 615,570;
S. 15°31' W., 908 ft. to Corner 120;
S. 72°00' W., 1,643 ft. to Corner 121;
S. 24°42' W., 220 ft. to Corner 122;
N. 81°28' W., 3,505 ft. to Corner 123;
N. 80°50' W., 795 ft. to Corner 124, in the 1,722.63 ft. contour on the right shore of the Laurel Branch Inlet of the Stecoah Creek Embayment of Fontana Lake;

With the meanders of the contour southeasterly along the east shore of the inlet, then northwesterly along the west shore of the inlet, then westerly along the south shore, then southerly along the east shore of the Stecoah Creek Embayment, then northerly along the west shore of the embayment, then westerly along the south shore and subsequently in a southerly direction along the east shore of the Sawyer or West Stecoah Creek Embayment a total distance of approximately 2¼ mi. to Corner 125, a 14 in. chestnut tree;

S. 82°54' W., 226 ft., crossing the 1,710 ft. contour on the east shore of the Sawyer or West Stecoah Creek Embayment at approximately 25 ft. and the 1,710 ft. contour on the west shore of the embayment at approximately 210 ft., to Corner 126, an iron pipe in the 1,722.63 ft. contour;

With the meanders of the contour in a northwesterly direction along the west shore of the Sawyer or West Stecoah Creek Embayment and subsequently in a northeasterly direction along the north shore of the Sawyer or West Stecoah Creek and Stecoah Creek Embayment approximately 1 mi. to Corner 127, a 30 in. white oak tree, the coordinates of which are N. 640,101 and E. 607,956;

N. 9°21' E., 338 ft. to Corner 128;
N. 7°17' E., 450 ft. to Corner 129, an 18 in. black oak tree;
S. 85°13' E., 817 ft. to Corner 130;
N. 7°01' E., 1,138 ft. to Corner 131;
S. 80°02' E., 953 ft. to Corner 132;
S. 85°55' E., 267 ft. to Corner 133, an iron pin in the 1,722.63 ft. contour on the west shore of the Stecoah Creek Embayment;

Northerly with the meanders of the contour approximately 30 ft. to Corner 134, an iron pin;

N. 28°46' E., 176 ft. to Corner 135, an iron pin in the 1,722.63 ft. contour on the west shore of the Stecoah Creek Embaybent;

With the meanders of the contour northwesterly, then easterly, then northerly and subsequently southeasterly a total distance of approximately 3,200 ft. to Corner 136, an iron pipe, the coordinates of which are N. 642,838 and E. 611,735;

N. 5°07' W., 293 ft., more or less, to Corner 137, an iron pin in the 1,722.63 ft. contour on the south shore of Fontana Lake;

Northwesterly with the meanders of the contour approximately 1,820 ft. to Corner 138, an iron pipe, the coordinates of which are N. 644,050 and E. 610,221;

Northwesterly with the meanders of the contour approximately ⅞ mi. to Corner 139;

N. 67°56' W., 623 ft., more or less, to Corner 140;
S. 27°28' W., 300 ft. to Corner 141, an iron pipe, the coordinates of which are N. 645,729 and E. 606,346;
S. 29°15' W., 141 ft. to Corner 142;
S. 72°42' E., 64 ft. to Corner 143, an iron pipe;
S. 72°34' E., 720 ft. to Corner 144, an iron pipe;
S. 37°37' W., 267 ft. to Corner 145, an iron pipe;
N. 63°24' W., 598 ft. to Corner 146, an iron pipe at a 4 in. white oak tree;
N. 64°37' W., 734 ft. to Corner 147, an iron pipe;
S. 53°19' W., 143 ft. to Corner 148, an iron pipe;
S. 20°51' E., 275 ft. to Corner 149, an iron pipe;
S. 12°51' E., 129 ft. to Corner 150, an iron pipe;
S. 62°43' E., 233 ft. to Corner 151, an iron pipe;
S. 23°28' E., 288 ft. to Corner 152, an iron pipe;
N. 83°19' E., 210 ft. to Corner 153, an iron pipe;
S. 74°33' E., 92 ft. to Corner 154, an iron pipe;
S. 22°08' E., 85 ft. to Corner 155, an iron pipe;
S. 11°44' W., 294 ft. to Corner 156, the coordinates of which are N. 644,533 and E. 606,271;
S. 87°17' W., 224 ft. to Corner 157, an iron pipe;

N. 84°19' W., 249 ft. to Corner 158, an iron pipe;
S. 86°38' W., 110 ft. to Corner 159, an iron pipe;
N. 78°10' W., 187 ft. to Corner 160, an iron pipe;
S. 87°35' W., 194 ft. to Corner 161, a 10 in. spanish oak tree;
S. 31°11' W., 871 ft. to Corner 162, a 12 in. chestnut stump;
S. 30°46' E., 339 ft. to Corner 163, a pipe at a 13 in. spanish oak tree;
N. 62°42' W., 1,898 ft., crossing the 1,710 ft. contour on the east shore of the Tuskeegee Creek Embayment at approximately 830 ft. and the 1,710 ft. contour on the west shore of the embayment at approximately 1,400 ft., to Corner 164, an iron pipe;
N. 18°50' E., 1,267 ft., crossing the 1,710 ft. contour at approximately 480 ft., to Corner 165 below the normal operating level of Fontana Lake;
N. 69°53' W., 2,058 ft., crossing the 1,710 ft. contour at approximately 675 ft., to Corner 166, an iron pipe, the coordinates of which are N. 646,312 and E. 601,824;
N. 68°23' W., 800 ft. to Corner 167;
S. 83°25' W., 738 ft., crossing the 1,710 ft. contour on the east shore of the Hyde Branch Inlet at approximately 130 ft. and crossing the 1,710 ft. contour on the west shore of the inlet at approximately 340 ft., to Corner 168, an 18 in. hickory tree;
S. 30°16' W., 353 ft. to Corner 169, a 30 in. black oak tree, the coordinates of which are N. 646,218 and E. 600,169, at the top of a ridge;
Northwesterly with the meanders of the top of the ridge approximately 900 ft. to Corner 170, a stake in a pine stump;
N. 85°04' W., 1,246 ft., crossing the 1,710 ft. contour at approximately 320, 430, 970 and 1,070 ft., to Corner 171, an iron pipe;
S. 37°32' W., 1,764 ft., crossing the 1,710 ft. contour on the southeast shore of the Yellow Branch Inlet at approximately 100, 420, 1,060, 1,230, and 1,720 ft., to Corner 172 below the normal operating level of Fontana Lake;
N. 44°43' W., 283 ft. to Corner 173 below the normal operating level of Fontana Lake;
S. 16°52' W., 103 ft. to Corner 174 below the normal operating level of Fontana Lake;
S. 82°24' W., 45 ft. to Corner 175 below the normal operating level of Fontana Lake;
N. 19°00' W., with the meanders of the top of a ridge, 990 ft., crossing the 1,710 ft. contour at approximately 140 ft., to Corner 176, a 10 in. black oak tree, the coordinates of which are N. 646,461 and E. 596,546, at the top of a ridge;
With the meanders of the top of the ridge N. 40°36' W., 498 ft. to Corner 177, an 18 in. spanish oak tree;
S. 85°35' W., 299 ft., passing a 14 in. spanish oak tree at 59 ft., to Corner 178, an 8 in. spanish oak tree;
N. 48°27' W., 188 ft. to Corner 179, an oak stump, the coordinates of which are N. 646,941 and E. 595,783;
N. 70°13' E., 1387 ft. to Corner 180, an iron pipe in the 1,722.63 ft. contour on the south shore of Fontana Lake;
Westerly with the meanders of the contour approximately 1,200 ft. to Corner 181, an iron pipe;
S. 42°15' W., 949 ft. to Corner 182, an iron pipe at a 16 in. spanish oak stump;
N. 20°35' W., 100 ft. to Corner 183, an iron pipe at a 15 in. spanish oak stump;
S. 44°47' W., 732 ft. to Corner 184, a stake;
N. 41°34' W., 1,332 ft. to Corner 185, an iron pipe in the 1,722.63 ft. contour on the east shore of the Shoal Branch Inlet;
With the meanders of the contour in a southerly direction along the east shore of the inlet and subsequently in a northerly direction along the west shore of the inlet, a total distance of approximately 1,150 ft. to Corner 186;
S. 63°27' W., 1,003 ft. to Corner 187, a 12 in. locust tree;
S. 32°07' W., 279 ft. to Corner 188, an iron pipe;
S. 31°33' E., 178 ft. to Corner 189, an iron pipe;
S. 9°35' E., 515 ft. to Corner 190, an iron pipe;
S. 24°10' W., 159 ft. to Corner 191, an iron pipe;
S. 62°20' W., 125 ft. to Corner 192, an iron pipe;
S. 35°04' W., 481 ft. to Corner 193, an iron pipe;
S. 3°14' E., 199 ft. to Corner 194, an iron pipe;
S. 34°12' E., 295 ft. to Corner 195, an iron pipe;
S. 9°45' W., 185 ft. to Corner 196, an iron pipe;
S. 35°40' E., 105 ft. to Corner 197, an iron pipe;
S. 43°05' W., 230 ft. to Corner 198, an iron pipe;
S. 73°49' W., 193 ft. to Corner 199, an iron pipe;
S. 38°04' W., 178 ft. to Corner 200, an iron pipe;
S. 76°30' W., 195 ft. to Corner 201, an iron pipe;
S. 38°02' W., 200 ft. to Corner 202, an iron pipe;
S. 80°50' W., 306 ft. to Corner 203, an iron pipe;
S. 57°02' W., 77 ft. to Corner 204, an iron pipe;
S. 73°18' W., 156 ft. to Corner 205, an iron pipe;
S. 47°25' W., 90 ft. to Corner 206, an iron pipe, the coordinates of which are N. 644.111 and E. 591,784;
N. 4°26' E., 620 ft. to Corner 207, a black oak tree;
N. 81°19' W., 1,078 ft., crossing the top of a ridge at 872 ft., to Corner 208, an 8 in. white oak tree;
S. 3°20' W., 1,941 ft. to Corner 209, a 36 in. chestnut snag, the coordinates of which are N. 642,954 and E. 590,653;
S. 80°15' E., 390 ft. to Corner 210 at the top of the ridge on the east side of Poison Branch Cove;
Southerly with the meanders of the top of the ridge approximately along the following bearings and distances:
S. 5°03' E., 60 ft.;
S. 45°57' E., 98 ft.;
S. 4°06' E., 109 ft.;
S. 1°40' E., 191 ft.;
S. 24°52' W., 162 ft.;
S. 36°35' W., 125 ft.;
S. 4°46' W., 211 ft.;
S. 18°32' W., 190 ft.;
S. 43°16' W., 149 ft.;
S. 32°10' W., 160 ft. to Corner 211;
Leaving the ridge,
N. 79°45' W., 306 ft. to Corner 212;
S. 2°23' W., 536 ft., passing a 14 in. hickory tree at 125 ft., to Corner 213, a 15 in. chestnut oak tree;
S. 1°03' W., 35 ft. to Corner 214, at the top of the ridge on the south side of Poison Branch Cove;
Westerly with the meanders of the top of the ridge approximately along the following bearings and distances:
S. 42°34' W., 209 ft.;
S. 64°01' W., 90 ft.;
N. 57°30' W., 93 ft.;
N. 69°35' W., 123 ft.;
N. 88°16' W., 301 ft.;
N. 62°48' W., 118 ft.;
S. 77°17' W., 180 ft.;
N. 74°08' W., 196 ft.;
S. 81°20' W., 155 ft.;
N. 77°01' W., 104 ft. to Corner 215, from which a 15 in. oak tree bears N. 1°32' E., 6 ft.;
Northwesterly with the meanders of the top of the ridge approximately along the following bearings and distances:
N. 86°38' W., 128 ft.;
N. 61°55' W., 244 ft.;
N. 72°58' W., 177 ft.;
N. 45°20' W., 92 ft.;
N. 62°40' W., 155 ft.;
N. 39°25' W., 69 ft.;
N. 76°39' W., 127 ft.;
N. 51°22' W., 123 ft.;
N. 50°02' W., 125 ft.;
N. 77°47' W., 218 ft.;
N. 81°46' W., 87 ft. to Corner 216;
With the boundary of the land of the United States of America under the jurisdiction of the Forest Service,
N. 2°48' W., 335 ft. to Corner 217 at the top of the ridge on the west side of Poison Branch Cove, from which a chestnut stump bears S. 83°07' E., 31 ft.;
Northerly with the meanders of the top of the ridge approximately along the following bearings and distances:
N. 2°48' W., 29 ft.;
N. 8°26' E., 105 ft.;
N. 12°11' E., 185 ft.;
N. 8°14' E., 194 ft.;
N. 0°21' W., 70 ft.;
N. 38°38' E., 72 ft.;
N. 0°55' E., 126 ft.;
N. 17°17' W., 139 ft.;
N. 20°02' W., 189 ft.;
N. 30°50' E., 72 ft. to Corner 218, USFS Monument 12, the coordinates of which are N. 643,109 and E. 587,614;
Leaving the ridge,
N. 28°08' W., 575 ft. to Corner 219,
S. 69°54' W., 1,820 ft., crossing Perry Branch at approximately 1,280 ft., to Corner 219A;
N. 4°00' E., 609 ft. to Corner 220, a locust post, the coordinates of which are N. 643,598 and E. 585,676;
S. 52°50' W., 2,922 ft. to Corner 221;
N. 11°48' W., 736 ft. to Corner 222, a stone;
S. 32°54' W., 198 ft. to Corner 223, a locust post, the coordinates of which are N. 642,386 and E. 583,090;
N. 37°36' W., 1,523 ft., crossing Powell Branch at 840 ft., to Corner 224 in the center of an unnamed tributary to Cable Cove Branch;
N. 19°04' E., 826 ft. to Corner 225, a forked 22 in. maple tree;
N. 70°48' W., 1,512 ft. to Corner 226, a 26 in. spanish oak tree;
N. 32°19' E., 1,020 ft. to Corner 227, a stone;
S. 84°49' W., 422 ft. to Corner 228 at the top of the divide between Cable Cove and Rattlesnake Branches;
Leaving the boundary of the land of the United States of America under the jurisdiction of the Forest Service,
Northerly with the meanders of the top of the divide approximately 4,340 ft. to Corner 229, the coordinates of which are N. 649,128 and E. 581,624;
S. 86°37' W., 90 ft. to Corner 230 in the 1,722.63 ft. contour on the south shore of Fontana Lake;
With the meanders of the contour westerly along the south shore of Fontana Lake, southerly along the east shore of the Rattlesnake Branch Inlet, northerly along the west shore of the inlet, westerly along the south shore of an unnamed tributary of Rattlesnake Branch and subsequently northerly along the west shore of the said unnamed tributary a total distance of approximately 2,410 ft. to Corner 231, the coordinates of which are N. 649,050 and E. 580,093;
N. 83°08' W., 580 ft., more or less, to Corner 232, an iron pipe in the 1,722.63 ft. contour on the southeast shore of an inlet of Fontana Lake;
Westerly with the meanders of the contour approximately 2,200 ft. to Corner 233 on the northwest shore of the Persimmon Branch Inlet, from which Corner 232 bears S. 83°28' E., 1,450 ft., more or less;
N. 83°28' W., 345 ft. to Corner 233A;
N. 4°44' E., 54 ft. to Corner 234;

N. 5°08' E., 359 ft. to Corner 235 an iron pipe in the 1,722.63 ft. contour on the south shore of Fontana Lake;
Westerly with the meanders of the contour approximately 650 ft. to Corner 236, an iron pipe, the coordinates of which are N. 649,896 and E. 577,158;
Leaving the US TVA Purchase Boundary,
N. 45°39' E., approximately 1,150 ft., crossing the 1,710 ft. contour at approximately 25 ft., to Corner 237 in the center of the Little Tennessee River as located before the construction of the Fontana Dam;
Easterly upstream with the meanders of the center line of the river to Corner 238 at the confluence of the Little Tennessee and Nantahala Rivers as located before the construction of the Fontana Dam;
Southerly upstream with the meanders of the center line of the Nantahala River to Corner 1, the place of beginning.
Except, therefrom, the following:
1. All land lying below an elevation of 1,710 ft. above mean sea level;
2. Approximately 0.6 acre owned by the J. W. Cooper Heirs et al., lying within the boundaries of the tract herein described, approximately 1⅜ mi. north of Corner 59 on the Graham-Swain County Line, and more particularly described as follows:
Beginning at Corner 239, an iron pipe.
From the initial point by bearings and distances,
S. 9°41' W., 208 ft. to Corner 240, a stake;
S. 74°03' W., 218 ft. to Corner 241, an iron pipe;
N. 5°12' E., 55 ft. to Corner 242, an iron pipe;
N. 48°49' E., 319 ft. to Corner 239, the place of beginning.
3. Approximately 0.6 acre owned by the State of North Carolina, lying within the boundaries of the tract herein described, approximately 1¼ mi. north of Corner 59 on the Graham-Swain County Line, and more particularly described as follows:
Beginning at Corner 243, a stake.
From the initial point by bearings and distances,
N. 43°55' E., 187 ft. to Corner 244;
N. 65°41' E., 148 ft. to Corner 245;
S. 31°32' W., 382 ft. to Corner 246;
N. 26°24' W., 145 ft. to Corner 243, the place of beginning.
4. Approximately 1.9 acres owned by the Sam V. Welch Heirs, lying within the boundaries of the tract herein described, approximately 1¼ mi. north of Corner 59 on the Graham-Swain County Line, and more particularly described as follows:
Beginning at Corner 243.
From the initial point by bearings and distances,
S. 88°56' W., 95 ft. to Corner 247 at the top of a ridge;
N. 2°56' E., 335 ft. to Corner 248;
N. 69°56' E., 400 ft. to Corner 249, an iron pipe;
S. 32°22' W., 557 ft. to Corner 243, the place of beginning.
5. Approximately 0.01 acre owned by the Whiting Manufacturing Company, lying within the boundaries of the tract herein described, northwest of the Panther Creek Embayment, and more particularly described as follows:
To locate the point of beginning, commence at Corner 98.
From the point of commencing by bearings and distances,
S. 81°14' E., 1,114 ft. to a stake;
S. 14°06' W., 325 ft. to Corner 250, a stake, the said stake being the Point of Beginning;
N. 41°10' E., 71 ft., more or less, to Corner 251, an iron pipe in the 1,722.63 ft. contour on the northwest bank of an unnamed tributary to Panther Creek;
Southwesterly with the meanders of the contour approximately 120 ft. to Corner 252, an iron pipe;
N. 14°06' E., 41 ft., more or less, to Corner 250, the place of beginning.
6. Approximately 0.04 acre owned by the Whiting Manufacturing Company, lying within the boundaries of the tract herein described, northwest of the Panther Creek Embayment, and more particularly described as follows:
Beginning at Corner 253, an iron pipe, the coordinates of which are N. 636,215 and E. 621,444, in the 1,722.63 ft. contour on the northwest bank of the unnamed tributary to Panther Creek, from which Corner 251 bears S. 41°10' W., 595 ft.
From the initial point by bearings and distances,
N. 40°19' E., 130 ft. to Corner 254, a stake;
S. 7°16' W., 47 ft. to Corner 255, an iron pipe in the 1,722.63 ft. contour;
Southwesterly with the meanders of the contour approximately 95 ft. to Corner 253, the place of beginning.
7. Approximately 17.2 acres owned by the Whiting Manufacturing Company, lying within the boundaries of the tract herein described on the west shore of the Panther Creek Embayment, and more particularly described as follows:
Beginning at Corner 256, an iron pipe in the 1,722.63 ft. contour on the south bank of the unnamed tributary to Panther Creek, from which Corner 252 bears N. 14°06' E., 66 ft., more or less.
From the initial point,
Northeasterly with the meanders of the contour approximately 575 ft. to Corner 257, from which Corner 255 bears N. 8°28' E., 394 ft.;
Leaving the contour, by bearings and distances,
S. 6°07' W., 413 ft. to Corner 258, a pine stump;
S. 10°35' W., 637 ft. to Corner 259, an iron pipe in the 1,722.63 ft. contour on the west shore of the Panther Creek Embayment;
Southerly with the meanders of the contour approximately 620 ft. to Corner 260, an iron pin;
Leaving the contour, by bearings and distances,
S. 76°01' W., 513 ft. to Corner 261, a chestnut stump;
N. 14°06' E., 1,510 ft. to Corner 256, the place of beginning.
8. Approximately 0.01 acre owned by the Whiting Manufacturing Company, lying within the boundaries of the tract herein described, on the south shore of the Loving Branch Embayment, and more particularly described as follows:
Beginning at Corner 262, an iron pipe, in the 1,722.63 ft. contour on the southeast shore of the Loving Branch Embayment, from which Corner 101 bears N. 35°04' W., 359 ft.
From the initial point by bearings and distances,
S. 35°04' E., 8 ft. to Corner 263, a stake;
S. 56°06' W., 79 ft. to Corner 264, an iron pipe in the 1,722.63 ft. contour;
Northeasterly with the meanders of the contour approximately 80 ft. to Corner 262, the place of beginning.
9. Approximately 3.4 acres owned by the Whiting Manufacturing Company, lying within the boundaries of the tract herein described between the Loving Branch and Panther Creek Embayments, and more particularly described as follows:
Beginning at Corner 265, an iron pipe in the 1,722.63 ft. contour on the east shore of the Loving Branch Embayment, from which Corner 103 bears N. 65°40' W., 448 ft.
From the initial point,
Northeasterly with the meanders of the contour approximately 1,130 ft. to Corner 266, an iron pipe, the coordinates of which are N. 639,750 and E. 623,689;
Leaving the contour, by bearings and distances,
S. 24°33' W., 660 ft. to Corner 267, a stake;
N. 65°40' W., 467 ft. to Corner 265, the place of beginning.
10. Approximately 17.1 acres owned by the Whiting Manufacturing Company, lying within the boundaries of the tract herein described on the south shore of the Panther Creek Embayment, and more particularly described as follows:
Beginning at Corner 268, an iron pipe, the coordinates of which are N. 640,458 and E. 626,618, in the 1,722.63 ft. contour on the south shore of the Panther Creek Embayment.
From the initial point by bearings and distances,
S. 62°30' W., 654 ft. to Corner 269, an 18 in. pine stump;
S. 61°20' W., 440 ft. to Corner 270, a 14 in. pine stump;
S. 53°10' W., 582 ft. to Corner 271, a stake;
N. 50°50' W., 348 ft. to Corner 272, a 12 in. red oak tree on the 1,722.63 ft. contour;
With the meanders of the contour in a general northeasterly direction approximately 2,530 ft. to Corner 268, the place of beginning.
11. Approximately 12.8 acres owned by the Whiting Manufacturing Company, lying within the boundaries of the tract herein described approximately ½ mi. north of the course from Corner 122 to Corner 123 and more particularly described as follows:
Beginning at Corner 273, an iron pipe, the coordinates of which are N. 641,638 and E. 612,870, on the south shore of the Stecoah Creek Embayment.
From the initial point by bearings and distances,
S. 13°00' E., 453 ft. to Corner 274, an iron pin;
S. 84°08' E., 1,036 ft. to Corner 275, a stake;
N. 14°12' W., 100 ft., more or less, to Corner 276, an iron pin in the 1,722.63 ft. contour;
Westerly then northerly with the meanders of the contour approximately 440 ft. to Corner 277, an iron pin, from which Corner 276 bears S. 14°12' E., 265 ft., more or less;
N. 14°12' W., 205 ft., more or less, to Corner 278, an iron pin, the coordinates of which are N. 641,664 and E. 613,858, in the 1,722.63 ft. contour;
With the meanders of the contour westerly, northerly and subsequently southwesterly a total distance of approximately 2,340 ft. to Corner 273, the place of beginning.
12. Approximately 3.9 acres owned by the Whiting Manufacturing Company, lying within the boundaries of the tract herein described on the east shore of the Laurel Branch Inlet, and more particularly described as follows:
Beginning at Corner 279, an iron pipe, the coordinates of which are N. 639,759 and E. 609,110, in the 1,722.63 ft. contour on the east shore of the Laurel Branch Inlet.
From the initial point by bearings and distances,
S. 87°10' E., 364 ft. to Corner 280;
S. 7°49' W., 691 ft. to Corner 281 in the 1,722.63 ft. contour;
Northwesterly with the meanders of the contour approximately 790 ft. to Corner 279, the place of beginning.
13. Approximately 0.02 acre owned by the Whiting Manufacturing Company, lying within the boundaries of the tract herein described on the south shore of Fontana Lake immediately west of the Yellow Branch Embayment, and more particularly described as follows:
Beginning at Corner 282 in the 1,722.63 ft. contour on the south shore of the lake, from which Corner 180 bears S. 70°13' W., 360 ft., more or less.
From the initial point,
Northeasterly with the meanders of the contour approximately 70 ft. to Corner 283;
Leaving the contour, by bearings and distances,
S. 23°19' E., 25 ft. to Corner 284;
S. 70°13' W., 50 ft., more or less, to Corner 282, the place of beginning.

14. Approximately 14.5 acres owned by the Whiting Manufacturing Company, lying within the boundaries of the tract herein described, on the east side of the divide between Cable Cove Branch and Poison Branch approximately ½ mile north of Corner 218, and more particularly described as follows:

Beginning at Corner 285 on the top of the divide between Cable Cove Branch and Poison Branch, from which a 14 in. Spanish oak tree, the coordinates of which are N. 645,280 and E. 588,280, bears N. 80°13' W., 259 ft.

From the initial point,

With the meanders of the top of the divide along the following bearings and distances:

N. 25°24' E., 125 ft.;
N. 48°40' E., 275 ft.;
N. 11°37' E., 86 ft.;
N. 48°08' E., 372 ft.;
N. 59°45' E., 269 ft.;
N. 39°09' E., 212 ft.;
N. 60°28' E., 236 ft.;
N. 44°32' E., 70 ft. to Corner 286;

Leaving the top of the divide, by bearings and distances,

S. 14°31' W., 1,279 ft. to Corner 287;
N. 80°13' W., 868 ft. to Corner 285, the place of beginning.

15. Approximately 0.5 acre owned by the Whiting Manufacturing Company, lying within the boundaries of the tract herein described, on the east side of the divide between Cable Cove Branch and Poison Branch approximately ¼ mile north of Corner 218, and more particularly described as follows:

Beginning at Corner 288, a stake, the coordinates of which are N. 644,327 and E. 588,115, on the east side of the divide.

From the initial point, by bearing and distance,

N. 73°00' W., 197 ft. to Corner 289 on the top of the divide;

With the meanders of the top of the divide along the following bearings and distances:

N. 63°42' E., 92 ft.;
N. 39°13' E., 245 ft. to Corner 290;

Leaving the top of the divide, by bearing and distance,

S. 9°47' W., 293 ft. to Corner 288, the place of beginning.

16. Approximately 0.2 acre contained within the boundaries of the Cable Cove Cemetery, more particularly described as follows:

Beginning at Corner 291, a fence corner at the most southerly corner of the Cable Cove Cemetery.

From the initial point with a fence line along the following approximate bearings and distances:

N. 45° W., 55 ft. to Corner 292;
N. 37° E., 128 ft. to Corner 293;
S. 50° E., 58 ft. to Corner 294;
S. 38° W., 132 ft. to Corner 291, the place of beginning.

The tract as described contains approximately 5,720 acres. Included within the tract as described but expressly excepted and excluded from the transfer are any land and land rights to be conveyed to the Southern Railway Company under an agreement dated June 17, 1943, between the Tennessee Valley Authority and the Southern Railway Company.

Tract 2

A tract of land lying in Yellow Creek Township of Graham County, State of North Carolina, south of Fontana Lake in Cable Cove, and more particularly described as follows:

Beginning at Corner 1, a stone, the coordinates of which are N. 641,224 and E. 579,826, at the top of a ridge.

From the initial point with the boundary of the land of the United States of America under the jurisdiction of the Forest Service by bearings and distances,

N. 41°16' W., 643 ft. to Corner 2;
N. 52°22' E., 1,227 ft. to Corner 3;
S. 41°38' E., 599 ft. to Corner 4, a stone;
N. 52°56' E., 210 ft. to Corner 5;
S. 40°34' E., 210 ft. to Corner 6;
S. 52°56' W., 210 ft. to Corner 7, a stone;
S. 41°51' E., 30 ft. to Corner 8 at the top of a ridge;

Southwesterly with the meanders of the top of the ridge approximately along the following bearings and distances:

S. 35°59' W., 235 ft.;
S. 80°12' W., 200 ft.;
S. 69°04' W., 501 ft.;
S. 56°08' W., 359 ft. to Corner 1, a stone, the place of beginning.

The tract as described contains approximately 22.6 acres.

Tract 3

A tract of land lying in Yellow Creek Township of Graham County, State of North Carolina, south of Fontana Lake in Cable Cove, the more particularly described as follows:

Beginning at Corner 1, the most northeasterly corner of the tract herein described, the coordinates of which are N. 642,427 and E. 582,971.

From the initial point with the boundary of the land of the United States of America under the jurisdiction of the Forest Service by bearings and distances,

S. 3°24' W., 2,058 ft. to Corner 2;
N. 86°36' W., 865 ft. to Corner 3;
N. 3°24' E., 2,128 ft. to Corner 4, a stake;
S. 81°57' E., 869 ft. to Corner 1, the place of beginning.

The tract as described contains approximately 41.6 acres.

Tract 4

A tract of land lying in Stecoah Township of Graham County, State of North Carolina, near the west end of the Wolf Creek Embayment of Fontana Lake, and more particularly described as follows:

To locate the point of beginning, commence at Corner 95 in the boundary of Tract 1.

From the commencing point by bearings and distances,

S. 71°07' W., 164 ft. to a stake;
S. 8°01' W., 549 ft. to Corner 1, an iron pipe in the 1,722.63 ft. contour on the north shore of the Wolf Creek Embayment, the said iron pipe being the Point of Beginning.

From the said Point of Beginning, by bearings and distances,

S. 8°01' W., 358 ft., crossing the 1,710 ft. contour at approximately 90 ft., to Corner 2, a stone below the normal operating level of Fontana Lake;
S. 7°02' W., 163 ft., crossing the 1,710 ft. contour on the south shore of the Wolf Creek Embayment at approximately 100 ft., to Corner 3, an iron pipe in the 1,722.63 ft. contour;

Southwesterly with the meanders of the contour approximately 490 ft. to Corner 4, an iron pipe;

N. 7°37' E., 317 ft., crossing the 1,710 ft. contour at approximately 80 ft., to Corner 5, a stake below the normal operating level of Fontana Lake;

N. 89°08' W., 66 ft., crossing the 1,710 ft. contour on the northwest shore of the Wolf Creek Embayment at approximately 45 ft., to Corner 6, an iron pipe in the 1,722.63 ft. contour;

With the meanders of the contour in a general northeasterly direction approximately 800 ft. to Corner 1, the place of beginning. Except, therefrom, all land lying below an elevation of 1,710 ft. above mean sea level. The tract as described contains approximately 1.1 acres.

Tract 5

A tract of land lying in Stecoah Township of Graham County, State of North Carolina, at the upstream end of the Panther Creek Embayment of Fontana Lake, and more particularly described as follows:

Beginning at Corner 1, an iron pipe, the coordinates of which are N. 630,843 and E 622,901, in the 1,722.63 ft. contour on the east shore of the Panther Creek Embayment.

From the initial point,

With the meanders of the contour southerly along the east shore of the embayment, westerly along the head of the embayment and subsequently northerly along the west shore of the embayment a total distance of approximately 3,590 ft. to Corner 2, an iron pipe;

S. 84°20' E., 417 ft., crossing the 1,710 ft contour at approximately 60 and 380 ft. to Corner 1, the place of beginning. Except therefrom, all land lying below an elevation of 1,710 ft. above mean sea level.

The tract as described contains approximately 5.2 acres.

The positions of corners and directions of lines are referred to the North Carolina State Coordinate System. The contour elevations are based on Mean Sea Level Datum as established by the U. S. Coast and Geodetic Survey's Southeastern Supplementary Adjustment of 1936.

The bearings and distances, and corner descriptions as given above are based partially on the Authority's surveys and partially on the Nantahala Power and Light Company's plats and surveys adjusted to the Authority's surveys. The corner numbers given are for description reference only and are not the numbers used in the Authority's records.

Note: The above described tracts of land are to be transferred subject to any exceptions and reservations contained in Article III of Exhibit "B" to the Agreement between the Tennessee Valley Authority and the Aluminum Company of America dated August 14, 1941, which may affect the described premises; to outstanding burial rights; to the right of way of the Southern Railway Company's former track location; and to public road rights of way outstanding in or to be transferred to the State of North Carolina in accordance with a contract dated March 9, 1944, between the Tennessee Valley Authority and the State of North Carolina.

TITLE 39—POSTAL SERVICE

Chapter I—Post Office Department

PART 1—ESTABLISHMENT AND ORGANIZATION OF THE POST OFFICE DEPARTMENT

CHANGES IN FIELD DIVISIONS OF OFFICE OF CHIEF INSPECTOR

The following amendments are made to paragraph (b) of § 1.9 *Office of the Chief Inspector* (11 F. R. 177 A-123):

1. Amend the matter in the parentheses following the words "Boston Division" to read as follows: "comprising Connecticut, Maine, Massachusetts, New Hampshire, the city of Fishers Island, N. Y., Rhode Island and Vermont".

2. Amend the matter in the parentheses following the words "Fort Worth Division" to read as follows: "comprising Louisiana and Texas, except the city of Texarkana, Texas".

3. Amend the matter in the parentheses following the words "Kansas City Division" to read as follows: "comprising Kansas, the city of Dodson and Kansas City, Mo., Nebraska and Oklahoma".

4. Amend the matter in the parentheses following the words "New York Division" to read as follows: "comprising New York, except the city of Fishers Island".

5. Amend the matter in the parentheses following the words "St. Louis Division" to read as follows: "comprising Arkansas, Iowa, and the city of Texarkana, Texas, and Missouri, except the cities of Dodson and Kansas City".

(R. S. 161, 396, Sec. 304, 309, 42 Stat. 24, 25; 5 U. S. C. 22, 369)

[SEAL] J. M. DONALDSON,
Acting Postmaster General.

TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

Appendix—Public Land Orders

[Public Land Order 393]

ALASKA

REDUCING THE WITHDRAWAL MADE BY EXECUTIVE ORDER 6957 OF FEBRUARY 4, 1935

By virtue of the authority vested in the President by section 1 of the act of June 25, 1910, c. 421, 36 Stat. 847 (U. S. C. Title 43, sec. 141), and pursuant to Executive Order No. 9337 of April 24, 1943, it is ordered as follows:

Executive Order No. 6957 of February 4, 1935, temporarily withdrawing certain public lands in Alaska and reserving them for classification, is hereby revoked as to the public lands hereinafter described.

This order shall not otherwise become effective to change the status of the public lands until 10:00 a. m. on October 17, 1947. At that time the hereinafter-described public lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, or selection as follows:

(a) *Ninety-day period for preference-right filings.* For a period of 90 days from October 17, 1947, to January 15, 1948, inclusive, the public lands affected by this order shall be subject to (1) application under the homestead laws, or the small tract act of June 1, 1938 (52 Stat. 609, 43 U. S. C. sec. 682a), as amended, by qualified veterans of World War II, for whose service recognition is granted by the act of September 27, 1944 (58 Stat. 747, 43 U. S. C. secs. 279-283), subject to the requirements of applicable law, and (2) application under any applicable public-land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications by such veterans shall be subject to claims of the classes described in subdivision (2).

(b) *Twenty-day advance period for simultaneous preference-right filings.* For a period of 20 days from September 27, 1947, to 10:00 a. m. on October 17, 1947, inclusive, such veterans and persons claiming preference rights superior to those of such veterans, may present their applications, and all such applications, together with those presented at 10:00 a. m. on October 17, 1947, shall be treated as simultaneously filed.

(c) *Date for non-preference right filings authorized by the public-land laws.* Commencing at 10:00 a. m. on January 16, 1948, any of the lands remaining unappropriated shall become subject to such application, petition, location, or selection by the public generally as may be authorized by the public-land laws.

(d) *Twenty-day advance period for simultaneous non-preference right filings.* Applications by the general public may be presented during the 20-day period from December 27, 1947, to 10:00 a. m. on January 16, 1948, inclusive, and all such applications, together with those presented at 10:00 a. m. on January 16, 1948, shall be treated as simultaneously filed.

Veterans shall accompany their applications with certified copies of their certificates of discharge, or other satisfactory evidence of their military or naval service. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated affidavits in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the District Land Office at Anchorage, Alaska, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations (Circular No. 324, May 22, 1914, 43 L. D. 254), to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Parts 65 and 66 of Title 43 of the Code of Federal Regulations and applications under the small tract act of June 1, 1938, shall be governed by the regulations contained in Part 257, of that title.

Inquiries concerning these lands shall be addressed to the District Land Office at Anchorage, Alaska.

The public lands affected by this order are described as follows:

SEWARD MERIDIAN

T. 17 N., R. 1 W.,
Sec. 2, lot 10;
Secs. 4, 5, and 6;
Sec. 7, lots 1, 2, 3, 4, SE¼NW¼, E½SW¼, and SE¼;
Sec. 8, lots 3, 4, 5, 6, NW¼NE¼, E½NW¼, and SW¼SW¼;
Sec. 17, lots 1, 2, 3, NW¼NW¼, S½N½, N½SW¼, SW¼SW¼, N½SE¼, and SE¼SE¼;
Sec. 18;
Sec. 19, lots 1, 2, 3, 4, W½NE¼, E½W½, and SE¼;
Sec. 20, E½NE¼, NW¼SW¼, S½SW¼, NE¼SE¼, and S½SE¼;
Sec. 28, SE¼SE¼;
Secs. 29 and 30.

T. 18 N., R. 1 W.,
Secs. 1 to 15, inclusive, and secs. 17 to 23, inclusive;
Sec. 24, N½ and N½S½;
Secs. 27 to 33, inclusive.

T. 17 N., R. 2 W.,
Secs. 1 to 7, inclusive;
Sec. 8, lots 1, 2, 3, 4, 5, N½NE¼, NW¼, and SE¼SE¼;
Secs. 9 to 15, inclusive, and secs. 17 to 23, inclusive;
Sec. 24, W½;
Sec. 25;
Sec. 27, N½, SW¼, and N½SE¼;
Secs. 28 to 33, inclusive;
Sec. 34, NW¼ and S½;
Sec. 35, NE¼, E½NW¼, and S½.

The areas described aggregate 44,960.43 acres.

The topography ranges from level, to gently rolling, to quite hilly; the terrain is broken by muskeg, especially to the north and west. Soil depths range from 14 to 20 inches with the basic material generally consisting of small gravel or sand.

Cover consists mostly of birch reproduction as well as black spruce in the muskeg areas and large cottonwood along the streams. Red top grass is quite plentiful, especially toward the northern portion of the area.

OSCAR L. CHAPMAN,
Under Secretary of the Interior.

AUGUST 15, 1947.

PROPOSED RULE MAKING

TREASURY DEPARTMENT

Bureau of Customs

[19 CFR, Part 6]

[192-7, 18.32]

MALONE-DUFORT AIRPORT, MALONE, N. Y., AND CHALKS FLYING SERVICE SEAPLANE BASE, MIAMI, FLA.

NOTICE OF PROPOSED REDESIGNATIONS AS TEMPORARY AIRPORTS OF ENTRY FOR A PERIOD OF 1 YEAR

Notice is hereby given that, pursuant to authority contained in section 7 (b) of the Air Commerce Act of 1926, as amended (49 U. S. C., Sup., 177 (b)), it is proposed to redesignate the Malone-Dufort Airport, Malone, New York, and the Chalks Flying Service Seaplane Base, Miami, Florida, as temporary airports of entry for civil aircraft and for merchandise carried thereon arriving from places outside the United States, as defined in section 9 (b) of said act (49 U. S. C. 179 (b)), for a period of 1 year; and it is further proposed to amend the list of temporary airports of entry in § 6.13, Customs Regulations of 1943 (19 CFR, Cum. Supp., 6.13), as amended, to show such redesignations.

This notice is published pursuant to section 4 of the Administrative Procedure Act (Public Law 404, 79th Congress). Data, views, or arguments with respect to the proposed redesignations of the above-mentioned airports as airports of entry may be addressed to the Commissioner of Customs, Bureau of Customs, Washington 25, D. C., in writing. To assure consideration of such communications, they must be received in the Bureau of Customs not later than 20 days from the date of publication of this notice in the FEDERAL REGISTER.

[SEAL] A. L. M. WIGGINS,
Acting Secretary of the Treasury.

[19 CFR, Part 6]

[192-30.32]

FELTS FIELD, SPOKANE, WASH.

NOTICE OF PROPOSED REDESIGNATION AS A TEMPORARY AIRPORT OF ENTRY FOR A PERIOD OF 1 YEAR

Notice is hereby given that, pursuant to authority contained in section 7 (b) of the Air Commerce Act of 1926, as amended (49 U. S. C., Sup., 177 (b)), it is proposed to redesignate Felts Field, Spokane, Washington, as a temporary airport of entry for civil aircraft and for merchandise carried thereon arriving from places outside the United States, as defined in section 9 (b) of said act (49 U. S. C. 179 (b)), for a period of 1 year from October 1, 1947; and it is further proposed to amend the list of temporary airports of entry in § 6.13, Customs Regulations of 1943 (19 CFR, Cum. Supp., 6.13), as amended, to show such redesignation.

This notice is published pursuant to section 4 of the Administrative Procedure Act (Public Law 404, 79th Congress). Data, views, or arguments with respect to the proposed redesignation of the above-mentioned airport as an airport of entry may be addressed to the Commissioner of Customs, Bureau of Customs, Washington 25, D. C., in writing. To assure consideration of such communications, they must be received in the Bureau of Customs not later than 20 days from the date of publication of this notice in the FEDERAL REGISTER.

[SEAL] A. L. M. WIGGINS,
Acting Secretary of the Treasury.

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR, Part 903]

HANDLING OF MILK IN ST. LOUIS, MISSOURI, MARKETING AREA

DECISION WITH RESPECT TO PROPOSED MARKETING AGREEMENT AND PROPOSED ORDER, AS AMENDED

Pursuant to Public Act No. 10, 73d Congress (May 12, 1933) as amended, and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (hereinafter referred to as the "act") and the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreement and orders (7 CFR Supps., 900.1 et seq.; 10 F. R. 11791; 11 F. R. 7737; 12 F. R. 1159, 4904) a public hearing was held at St. Louis, Missouri, July 7 and 18, 1947, pursuant to the notice thereof which was published in the FEDERAL REGISTER on July 11, 1947 (12 F. R. 4610), upon a proposed amendment to the order, as amended, and a proposed marketing agreement, regulating the handling of milk in the St. Louis, Missouri, marketing area.

Preliminary statement. The proposed amendment upon which the hearing was held was submitted by the Sanitary Milk Producers, St. Louis, Missouri.

The material issues presented on the record of the hearing were whether:

(1) The Class I and Class II price differentials over the basic formula price should be revised as to level and seasonality;

(2) An emergency exists which warwants immediate effectuation of the proposed amendment to the order.

Findings and conclusions. The following findings and conclusions on the material issues are based upon the evidence introduced at the hearing and the record thereof:

(1) The price differentials above the basic formula price for Class I milk and Class II milk should be revised to provide for (a) a wider seasonal variation in the prices to be paid to producers, (b) inclusion of December in the group of months in which the highest Class I and Class II price differentials apply, and (c) an increase in the average level of price differentials, above the basic formula price, for Class I milk and Class II milk.

The seasonal pattern of production is significantly different from the pattern of demand for Class I milk. The average production per producer in 1944 was 31 percent greater during the month of peak production than during the month of low production, and in 1946 it was 45 percent greater. In contrast, the demand for Class I milk is relatively uniform throughout the year. The record shows that a wider seasonal range than at present in the level of Class I and Class II price differentials over the basic formula price would give an incentive for increased milk production during the fall and winter months when it is most needed by the market. The shortage of producer milk in December, as shown by the volume of Class I and Class II milk sold as compared to the volume of milk delivered by producers, indicates that the same level of price differentials over the basic formula price used in the fall months should apply also in December.

The milk supplied by producers has not been sufficient to meet the needs of the market. During all twelve months of each year since 1940 handlers have purchased milk outside the regular St. Louis supply area. Also, in recent years, handlers have purchased cream and skim milk throughout the year from sources outside the regular St. Louis supply area.

The number of producers supplying the St. Louis marketing area has declined steadily from year to year. The average number of producers in 1940 was 4,115; and in 1946, the average number was 3,411. During the first half of 1947 the market has continued to lose producers, although efforts have been made to induce additional dairy farmers to enter the market. Although production per farm has increased during recent years, the increase has not been sufficient to meet the demand for milk in the market.

Additional requirements of the St. Louis Health Department in recent years have increased the cost of producing milk for this market. There are markets, with less rigid health requirements, drawing milk from the same supply area as the St. Louis market, where producers may obtain prices comparable to prices obtained in the St. Louis market. There are also manufacturing plants in the supply area to which producers may sell their milk.

Costs of feed, labor and materials to producers in the St. Louis area have increased sharply during the past year. Because of unfavorable weather conditions, the supply of home grown dairy feeds is reduced, and as a result producers must buy more feed at increased prices. Since feed, labor and materials are used more intensively in producing Grade A milk than in production of milk for manufacturing purposes, the cost of producing milk for the St. Louis marketing area has gone up more relatively than the cost of producing lower grades of milk.

The higher values of livestock and grains, which have increased more relatively than the price of milk, offer returns from alternative farm enterprises which will tend to discourage milk production if the present price relationships continue.

The basic field price reported as paid by the condensaries specified in the order does not include the quality and volume premiums some of these plants are paying, and therefore the reported price does not at present represent the true competitive price for manufacturing milk in the St. Louis area.

It is concluded that in order to reflect the price of feeds, the available supplies of feeds, and other economic conditions which affect market supply and demand for milk or its products in the marketing area, and to insure a sufficient quantity of pure and wholesome milk and be in the public interest, the Class I price differential per hundredweight over the basic formula price should be increased from $1.10 to $1.35 for the months of July through November, from $0.90 to $1.35 for the month of December; from $0.90 to $1.10 for the months of January through March, and from $0.80 to $0.90 for the months of April through June; and that the Class II price differential per hundredweight over the basic formula price should be increased from $0.40 to $0.55 for the months of July through November; from $0.25 to $0.55 for the month of December; from $0.25 to $0.35 for the months of January through March, and remain at $0.20 for the months of April through June.

The above schedule of prices, which substantially increases the seasonal variation of the price differentials, giving most emphasis to the months when increased production is most urgently needed by the market, and a small increase in the spring months, will establish a better relationship between the supply of and the demand for milk.

(2) An emergency exists which requires that action be taken promptly to incorporate into the order regulating the handling of milk in the St. Louis, Missouri, marketing area the findings and conclusions hereinbefore set forth without allowing time for a recommended decision by the Assistant Administrator, Production and Marketing Administration, and the filing of exceptions thereto. The due and timely execution of the functions of the Secretary of Agriculture under the act imperatively and unavoidably requires the omission of such recommended decision and the filing of exceptions thereto. Evidence was presented at the hearing which showed that in recent years the market has become progressively shorter of milk. The fall season, when production is normally at the low for the year, is immediately approaching, and if the present trend of milk supply continues, the market will be extremely and seriously short of an adequate supply of milk during this fall season. Adverse weather conditions have already reduced the supply of home grown feeds in the St. Louis area. In view of the increased costs of feed, labor, materials, and of meeting Health Department requirements, and in view of price relationships favorable to the use of feeds for other livestock enterprises, it is necessary that prompt action be taken to assure producers of returns which will induce them to continue to supply the market and encourage additional dairy farmers to enter the market. Any delay in effectuating needed changes in the order would seriously threaten further reduction of the supply of milk for the St. Louis market, and would be contrary to the public interest.

(3) *General.* (a) The proposed marketing agreement and the order, as amended, and as hereby proposed to be further amended and all of the terms and conditions thereof will tend to effectuate the declared policy of the act;

(b) The proposed marketing agreement and order, as amended and as hereby proposed to be further amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in the said tentatively approved marketing agreement upon which the hearing has been held; and

(c) The prices calculated to give milk produced for sale in the said marketing area a purchasing power equivalent to the purchasing power of such milk as determined pursuant to sections 2 and 8 (e) of the act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supply of and demand for such milk, and the minimum prices specified in the proposed marketing agreement and order, as amended, and as hereby proposed to be further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest.

Rulings on proposed findings and conclusions. Briefs were filed on behalf of the producer associations and handlers subject to Order No. 3. Every point covered in the briefs was considered carefully, along with the evidence in the record in making the findings and reaching the conclusions hereinbefore set forth. To the extent that proposed findings and conclusions contained in such briefs are inconsistent with the proposed findings and conclusions contained herein, the requests to make such findings or to reach such conclusions are denied on the basis of the facts found and stated in connection with the conclusions in this recommended decision.

Marketing agreement and order. Annexed hereto and made a part hereof are two documents entitled "Marketing Agreement Regulating the Handling of Milk in the St. Louis, Missouri, Marketing Area," and "Order Amending the Order, as Amended, Regulating the Handling of Milk in the St. Louis Marketing Area," which have been decided upon as the appropriate and detailed means of effecting the foregoing conclusions. These documents shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders have been met.

It is hereby ordered, That all of this decision, except the attached marketing agreement, be published in the FEDERAL REGISTER. The regulatory provisions of said marketing agreement are identical with those contained in the order, as amended, and as proposed to be further amended by the attached amending order which will be published with the decision.

This decision was filed at Washington, D. C., this 21st day of August 1947.

§ 903.0 *Findings upon the basis of the hearing record.* Pursuant to Public Act No. 10, 73d Congress (May 12, 1933), as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (hereinafter referred to as the "act"), and the rules of practice and procedure covering the formulation of marketing agreements and orders (7 CFR, Supps. 900.1 et seq., 11 F. R. 7737, 12 F. R. 1159, 4904), a public hearing was held upon certain proposed amendments to the tentatively approved marketing agreement and to the order, as amended, regulating the handling of milk in the St. Louis, Missouri, marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(a) The said order as amended and as hereby further amended,[1] and all of the terms and conditions of said order, as amended and as hereby further amended, will tend to effectuate the declared policy of the act;

(b) The prices calculated to give milk produced for sale in said marketing area a purchasing power equivalent to the purchasing power of such milk as determined pursuant to sections 2 and 8 (e) of the act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supplies of and demand for such milk, and the minimum prices specified in the order are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(c) The said order, as amended and as hereby further amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which hearings have been held.

The foregoing findings are supplementary and in addition to the findings made in connection with the issuance of the aforesaid order and the findings made in connection with the issuance of each of the previously issued amendments thereto; and all of said previous findings

[1] This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders have been met.

are hereby ratified and affirmed except insofar as such findings may be in conflict with the findings set forth herein.

Order relative to handling. It is therefore ordered that on and after the effective date hereof, the handling of milk in the St. Louis, Missouri, marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and as hereby further amended; and the aforesaid order, as amended, is hereby further amended as follows:

1. Delete § 903.4 (a) (1) and substitute therefor the following:

(1) *Class I milk.* The price per hundredweight for Class I milk shall be the price computed under subparagraph (3) of this paragraph, plus the following amount per hundredweight: $1.35 for the delivery periods of July through December; $1.10 for the delivery periods of January through March; and $0.90 for the delivery periods of April through June.

2. Delete § 903.4 (a) (2) and substitute therefor the following:

(2) *Class II milk.* The price for Class II milk shall be the price computed under subparagraph (3) of this paragraph, plus the following amount per hundredweight: $0.55 for the delivery periods of July through December; $0.35 for the delivery periods of January through March; and $0.20 for the delivery periods of April through June: *Provided,* That during any delivery period from January through June, the price of milk used by such handler for evaporated milk in hermetically sealed containers, or disposed of by such handler to the plant of any other person where such milk is manufactured into evaporated milk and placed in hermetically sealed containers, shall be the average of the basic, or field, prices per hundredweight determined for the plants listed in subparagraph (3) of this paragraph.

[SEAL] CHARLES F. BRANNAN,
Acting Secretary of Agriculture.

INTERSTATE COMMERCE COMMISSION

[49 CFR, Part 10]

UNIFORM SYSTEM OF ACCOUNTS FOR STEAM RAILROADS

NOTICE OF PROPOSED RULE MAKING

At a session of the Interstate Commerce Commission, Division 1, held at its office in Washington, D. C., on the 4th day of August A. D. 1947.

The matter of modifying the "Uniform System of Accounts for Steam Railroads, Issue of 1943" (12 F. R. 4451) being under consideration by the division pursuant to section 20 of the Interstate Commerce Act, as amended, and the following modifications being deemed necessary for proper administration of the provisions of Part I of the act (24 Stat. 386, 54 Stat. 917, 49 U. S. C. 20 (3)); *It is ordered,* That:

(1) Any interested party may on or before September 15, 1947, file a written statement with the Commission's Secretary presenting the reasons why the said modifications should not become effective as hereinafter ordered and request oral argument thereon, which request will be granted if the reasons be substantial; and,

(2) Unless otherwise ordered upon consideration of such objections, the said modifications shall become effective January 1, 1948; and,

(3) A copy of this order including the modifications shall be served upon every steam railroad subject to the act, and upon every trustee, receiver, executer, administrator, or assignee of any such steam railroad, and notice of this order shall be given to the general public by depositing a copy thereof in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director of the Division of the Federal Register.

OPERATING REVENUES AND OPERATING EXPENSES

1. In § 10.02-4 *Miscellaneous operations,* eliminate the words "stock yards" from the text of the instruction, and insert the following additional general instruction:

§ 10.02-6 *Stockyards.* The revenues and expenses arising from the operation of stockyards shall not be included in operating revenue or operating expense accounts unless the operation of the facilities is conducted in connection with the transportation of livestock. It is not intended, however, that revenues and expenses arising from incidental public stockyards service rendered by stockyards primarily devoted to transportation services shall be excluded from operating revenues and expenses.

REVENUE ACCOUNTS

TRANSPORTATION

2. In § 10.101 *Freight,* add the following to the list of items to be charged:

Amounts paid on basis of tariff rates for loading and unloading livestock.

Change the period at the end of Note G to a comma and add the following: "and (e) payments on basis of tariff rates for loading and unloading livestock."

3. In § 10.140 *Stockyard,* cancel the number, title, and text of this account.

4. In § 10.143 *Miscellaneous,* add the following to the list of items:

(r) Revenue from loading and unloading livestock in transit by railroad, and from feeding, watering, bedding, shearing, dipping, inspecting, and otherwise caring for such stock.

JOINT FACILITY

5. In § 10.151 *Joint facility—Cr.,* change the period at the end of the text to a comma and add the following: "including revenue from hotels, restaurants, grain elevators, sale of power, and other miscellaneous operations."

In Note B, eliminate reference to accounts 121 to 128, 132, 139, and 140, and insert the word "and" between accounts 116 and 131.

6. In § 10.152 *Joint facility—Dr.* change the period at the end of the text to a comma and add the following: "including revenue from hotels, restaurants, grain elevators, sale of power, and other miscellaneous operations."

In Note B, eliminate reference to accounts 121 to 128, 132, 139, and 140, and insert the word "and" between accounts 116 and 131.

EXPENSE ACCOUNTS

MAINTENANCE OF ROADWAY

7. In paragraph (a) *Care of roadbed,* of § 10.202 *Roadway maintenance,* substitute the word "repairing" for the word "constructing" in the list of items of roadway expense, the third item, and add the following item:

Post driving and pressure grouting to promote stability of roadbed.

8. In § 10.227 *Station and office buildings,* insert the item "stockyards," following the item "stock pens," in the list of station and office structures and details.

TRANSPORTATION

9. In paragraph (a) *Agents, clerks, and attendants,* of § 10.373 *Station employees,* insert the word "stockyards," between the words "stations," and "wharves," in the first sentence, and in the list of employees insert the item "Stockyards superintendents and foremen." following the item "Stationmasters."

In paragraph (b) *Labor at stations,* eliminate the word "and" in the first sentence where it precedes the word "watering;" following the latter word insert the words "bedding, shearing, dipping, inspecting, and otherwise caring for", and in the list of employees insert the item "Stockyards laborers," following item "Stock-pen laborers."

10. In paragraph (a) *Heating,* of § 10.376 *Station supplies and expenses,* insert the word "stockyards," between the word "offices," and the words "and other—."

In paragraph (b) *Lighting,* insert the word "stockyards," between the words "offices," and "other."

In paragraph (c) *Other expenses,* change the period at the end of the text to a comma and add the following words "including those for stockyards."

In "Items of Expense," after "Station employees' expenses," insert the following additional item of expense: "Supplies used in feeding, watering, bedding, shearing, dipping, inspecting, and otherwise caring for livestock."

MISCELLANEOUS OPERATIONS

11. In § 10.444 *Stockyards,* cancel the number, title, text, and note of this account, and prescribe the following additional accounts:

§ 10.447 *Operating joint miscellaneous facilities—Dr.* This account shall include the carrier's proportion of such costs as are incurred by others in their operation of joint facilities which are chargeable by them to accounts 442, "Hotels and restaurants," 443, "Grain elevators," 445, "Producing power sold," or 446, "Other miscellaneous operations."

§ 10.448 *Operating joint miscellaneous facilities—Cr.* This account shall include amounts chargeable to others as their proportions of such costs as are incurred by the carrier in its operation of joint facilities which are chargeable by it to accounts 442, "Hotels and restaurants," 443, "Grain elevators," 445, "Producing power sold," or 446, "Other miscellaneous operations."

INCOME ACCOUNTS

DEBIT

12. In § 10.560 *Form of income statement,* cancel the grouping of accounts captioned "Contingent charges," and substitute the following:

OTHER DEDUCTIONS

552. Income applied to sinking and other reserve funds.
(a) Increments to special funds required to be retained therein and not subject to withdrawal except for purposes of the funds ——
546. Interest on funded debt.
(c) Contingent interest ——
Total other deductions ——

In the grouping of accounts showing disposition of net income cancel item (c) under account 552, "Income applied to sinking and other reserve funds," and substitute the following:

(b) Income applied to capital funds under Governmental authority or other arrangements ——
(c) Appropriations, allotments, and payments from income of definite amounts to special funds not includible in 552 (a) or 552 (b) ——

GENERAL BALANCE—SHEET ACCOUNTS

CREDIT

13. In § 10.769 *Liability for provident funds,* cancel the title, text, and notes of this account and substitute the following:

§ 10.769 *Pension and welfare reserves.* This account shall include the credit balances representing the liability of the carrier for amounts provided by charges to operating expenses or by specific appropriations of income or surplus, including amounts contributed by employees, irrespective of whether carried in special funds or in the general funds of the carrier, for pensions, accident and death benefits, savings, relief, hospital, or other provident purposes.

Separate subaccounts shall be kept for each kind of reserve created, and the appropriate reserve shall be charged when payments are made to retired employees, or disbursements are made for the purposes for which the reserves were created.

By the Commission, Division 1.

[SEAL] W. P. BARTEL,
Secretary.

NOTICES

TREASURY DEPARTMENT

United States Coast Guard

[CGFR 47-43]

APPROVAL OF EQUIPMENT

By virtue of the authority vested in me by R. S. 4405 and 4491, as amended (46 U. S. C. 375, 489), and section 101 of Reorganization Plan No. 3 of 1946 (11 F. R. 7875), as well as the additional authorities cited with each class of equipment, the following approvals of equipment are prescribed, effective for a period of five years from date of publication in the FEDERAL REGISTER unless sooner cancelled or suspended by proper authority:

BUOYANT CUSHIONS, STANDARD

NOTE: Cushions are limited to service on motorboats of Classes A, 1, or 2 not carrying passengers for hire in accordance with 46 CFR 25.4-1.

Approval No. 160.007/55/0, standard kapok buoyant cushion, manufactured by The Mueck Auto Body Co., 4321-4329 Papin Street, St. Louis 10, Mo.

(54 Stat. 164, 166; 46 U. S. C. 526e, 526p; 46 CFR 25.4-1, 28.4-8)

BUOYANT CUSHIONS, NON-STANDARD

NOTE: Cushions are limited to service on motorboats of Classes A, 1, or 2 not carrying passengers for hire in accordance with 46 CFR 25.4-1.

Approval No. 160.008/372/0, 14" x 43" x 2½" rectangular kapok buoyant cushion, 68 oz. kapok, Dwg. dated July 26, 1947, U. S. C. G. Specification 160.008, manufactured by DeMore Manufacturing Co., Inc., 547 Meeting Street, Charleston 14, S. C.

Approval No. 160.008/306/0, 15½" x 26" x 3" rectangular kapok buoyant cushion, 54 oz. kapok, Dwg. No. 181-103, dated July 7, 1947, U. S. C. G. Specification 160.008, manufactured by Cluff Fabric Products, 457-467 E. 147th Street, New York, N. Y.

Rectangular non-standard kapok buoyant cushions manufactured by the H. S. White Mfg. Co., Inc., 6th and Rosabel Streets, St. Paul 1, Minn., Dwg. No. 1, dated January 17, 1947, and schedule of sizes, dated June 18, 1947, U. S. C. G. Specification 160.008, in the following sizes with the amount of kapok indicated for each size:

Approval No.	Size	Kapok
	Inches	*Ounces*
160.008/308/0	15 x 19 x 2	26
160.008/309/0	15 x 21 x 2	28

WINCHES, LIFEBOAT

Approval No. 160.015/37/0, Type WH-15, lifeboat winch; approved for maximum working load of 12,500 pounds pull at the drums (6,250 pounds per fall), identified by general arrangement Dwg. No. 1263-D, dated June 7, 1946, and re-

vised June 9, 1947, manufactured by the Landley Co., Inc., 15 Park Row, New York 7, N. Y.

(R. S. 4417a, 4426, 4488, 49 Stat. 1544, 54 Stat. 346, and sec. 5 (e), 55 Stat. 244, as amended; 46 U. S. C. 367, 391a, 404, 481, 1333, 50 U. S. C. 1275; 46 CFR 37.1–5, 59.3a, 60.21, 76.15a, 94.14a)

SIGNALS, DISTRESS, FLARE CARTRIDGE, RED, PARACHUTE

Approval No. 160.024/5/0, aluminum shell parachute red flare cartridge distress signal, assembly Dwg. No. A–3530, dated January 17, 1947, manufactured by Signal Manufacturing Co., 524 West Pico Blvd., Los Angeles 15, Calif.

(R. S. 4417a, 4426, 49 Stat. 1544, 54 Stat. 346, and sec. 5 (e), 55 Stat. 244, as amended; 46 U. S. C. 367, 391a, 404, 1333, 50 U. S. C. 1275; 46 CFR; 46 CFR 33.3–1, 33.3–2, 59.11, 76.14)

LIFEBOATS

Approval No. 160.035/167/0, 16' x 5.1' x 2.08' steel oar-propelled lifeboat, 10-person capacity, approved for use on vessels other than ocean or coastwise steam vessels; identified by Construction and Arrangement Dwg. No. 3172, dated May 5, 1945, manufactured by the Welin Davit and Boat Division of the Robinson Foundation, Inc., Perth Amboy, N. J.

Approval No. 160.035/168/0, 14' x 5.0' x 2.17' steel oar-propelled lifeboat, 9-person capacity, approved for use on vessels other than ocean or coastwise steam vessels, identified by Construction and Arrangement Dwg. No. 3158 dated March 25, 1947, manufactured by the Welin Davit and Boat Division of the Robinson Foundation, Inc., Perth Amboy, N. J.

(R. S. 4417a, 4426, 4481, 4488, 4492, 35 Stat. 428, 49 Stat. 1544, 54 Stat. 346, and sec. 5 (e), 55 Stat. 244, as amended; 46 U. S. C. 367, 391a, 396, 404, 474, 481, 490, 1333, 50 U. S. C. 1275; 46 CFR 37.1–1, 59.13, 76.60, 94.15, 113.10)

SOUND POWERED TELEPHONE EQUIPMENT

Approval No. 161.005/30/0, sound powered telephone headset, Model MI–2045–E Dwg. No. W–302828–502, submitted by Radio Corporation of America, Camden, N. J.

Approval No. 161.005/31/0, sound powered telephone handset, Model MI–2040–A, Dwg. No. TT–613025–504, submitted by Radio Corporation of America, Camden, N. J.

Approval No. 161.005/32/0, sound powered telephone signal unit, Model MI–2471, 13 stations maximum, bulkhead mounting, waterproof, Dwg. No. W–130924–501, submitted by Radio Corporation of America, Camden, N. J.

Approval No. 161.005/33/0, sound powered telephone station assembly (less signal unit), Model MI–2044–A, waterproof, bulkhead mounting, Dwg. No. W–130429–502, submitted by Radio Corporation of America, Camden, N. J.

Approval No. 161.005/34/0, sound powered telephone handset, Model MI–2040–A, Dwg. No. TT–613025–504, and brackets for bulkhead mounting, Models MI–2452 and MI–2062–B, Dwg. Nos. W–130422–501 and T–161374–3, submitted by Radio Corporation of America, Camden, N. J.

(R. S. 4417a, 4418, 4426, 49 Stat. 1544, 54 Stat. 346, and sec. 5 (e), 55 Stat. 244, as amended; 46 U. S. C. 367, 391a, 392, 404, 1333, 50 U. S. C. 1275; 46 CFR 32.9–4, 63.11, 79.12, 97.14, 116.10)

BOILERS, HEATING

Approval No. 162.003/35/0, Erie City Iron Works #1203, 42-inch diameter welded vertical fire tube heating boiler, heating surface 243 square feet, Dwg. No. 80847–A, maximum pressure 30 p. s. i., manufactured by Erie City Iron Works, Erie, Pa.

(R. S. 4417a, 4418, 4426, 4433, 4434, 49 Stat. 1544, 54 Stat. 346, sec. 5 (e), 55 Stat. 244, as amended; 46 U. S. C. 367, 391a, 392, 404, 411, 412, 1333, 50 U. S. C. 1275; 46 CFR Part 52)

Dated: August 19, 1947.

[SEAL] J. F. FARLEY,
Admiral, U. S. Coast Guard, Commandant.

[CGFR 47–44]

TERMINATION OF APPROVAL OF EQUIPMENT

By virtue of the authority vested in me by R. S. 4405 and 4491, as amended (46 U. S. C. 375, 489), and section 101 of Reorganization Plan No. 3 of 1946 (11 F. R. 7875), as well as the additional authorities cited with each class of equipment below, I find that certain items previously approved are either no longer in compliance with present Coast Guard requirements or are no longer being manufactured and, therefore, certain approvals for cork life preservers, balsa wood life preservers, combination cork and kapok life preservers, combination balsa wood and kapok life preservers, expanded rubber life preservers, fire indicating and alarm systems and equipment and combined fire indicating and extinguishing systems, and automatic floating electric water lights are terminated in accordance with the following modifications:

LIFE PRESERVERS

1. All the approvals for cork life preservers which do not comply with the Coast Guard requirements in 46 CFR 28.4–4, 37.6–4, 59.55, 76.52, 94.52, and 113.44, which were granted by the Bureau of Marine Inspection and Navigation or its predecessors or the Coast Guard prior to July 17, 1942, are terminated. The approvals terminated by this document are those which do not comply with present requirements and were issued prior to the revised regulations published in the FEDERAL REGISTER July 17, 1942, 7 F. R. 5492.

2. All the approvals for balsa wood life preservers which do not comply with the Coast Guard requirements in 46 CFR 28.4–5, 37.6–5, 59.55, 76.52, 94.52, and 113.44, which were approved by the Bureau of Marine Inspection and Navigation or its predecessors or the Coast Guard prior to July 17, 1942, are terminated. The approvals terminated by this document are those which do not comply with present requirements and were issued prior to the revised regulations published in the FEDERAL REGISTER July 17, 1942, 7 F. R. 5492.

3. Combination cork and kapok life preservers and combination balsa wood and kapok life preservers were approved by the Board of Supervising Inspectors, Bureau of Marine Inspection and Navigation, for use on inspected vessels and since these life preservers are no longer being manufactured all approvals granted are terminated.

4. Expanded rubber life preservers were approved by the Board of Supervising Inspectors, Bureau of Marine Inspection and Navigation, for use on inspected vessels and since these life preservers are no longer being manufactured all approvals granted are terminated.

(R. S. 4417a, 4426, 4488, 4492, 35 Stat. 428, 49 Stat. 1544, 54 Stat. 164, 166, 346, and sec. 5 (e), 55 Stat. 244, as amended; 46 U. S. C. 367, 391a, 396, 404, 481, 492, 526, 526p, 1333, 50 U. S. C. 1275)

FIRE INDICATING AND ALARM SYSTEMS AND EQUIPMENT AND COMBINED FIRE INDICATING AND EXTINGUISHING SYSTEMS

5. All approvals of fire indicating and alarm systems and equipment and combined fire indicating and extinguishing systems approved by the Bureau of Marine Inspection and Navigation or its predecessors prior to 1940 which do not comply with present Coast Guard requirements are terminated. The fire detecting and alarm system approved by the Coast Guard for USAHS "Larkspar" only is terminated. The termination of approvals remove from the active lists outstanding approvals since the items covered cannot be installed without specific approval from the Commandant, U. S. Coast Guard.

(R. S. 4417a, 4418, 4426, 4470, 4471, 4483, 49 Stat. 1544, 54 Stat. 346, 1028, and sec. 5 (e), 55 Stat. 244, as amended; 46 U. S. C. 367, 391a, 404, 463, 463a, 464, 476, 1333, 50 U. S. C. 1275)

AUTOMATIC FLOATING ELECTRIC WATER LIGHTS

6. All approvals of automatic floating electric water lights which were granted by the Bureau of Marine Inspection and Navigation or its predecessors or the Commandant, U. S. Coast Guard, are terminated, except approvals for A. E. F. Water Light Corporation, published in the FEDERAL REGISTER March 23, 1943, Coston Supply Company, published in the FEDERAL REGISTER September 26, 1942, and Galbraith and Son, Inc., published in the FEDERAL REGISTER July 16, 1943. The terminations of approvals of automatic floating electric water lights remove from the active lists outstanding approvals since they are no longer being manufactured.

(R. S. 4417a, 4426, 4488, 49 Stat. 1544, 54 Stat. 346, and sec. 5 (e), 55 Stat. 244, as amended; 46 U. S. C. 367, 404, 481, 1333, 50 U. S. C. 1275)

CONDITIONS OF TERMINATION OF APPROVAL

7. The termination of approval of any item not in compliance with present Coast Guard regulations as stated by this document shall be made effective upon the effective date of the revised regulations published in the FEDERAL REGISTER. The termination of approval of any item made by this document and not included in the preceding sentence shall become effective upon the thirty-first day after the date of publication of this document in the FEDERAL REGISTER. Notwithstanding this termination of approval on any item, such equipment manufactured while the approval was in effect may be continued in use so long as in good and serviceable condition.

Dated: August 19, 1947.

[SEAL] J. F. FARLEY,
Admiral, U. S. Coast Guard, Commandant.

[Vesting Order 9609]

W. DEBOER AND CO.

In re: Debt owing to W. deBoer & Company. F–28–9518–C–1.

Under the authority of the Trading with the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That W. deBoer & Company, the last known address of which is Hamburg, Germany, is a corporation, partnership, association or other business organization, organized under the laws of Germany, and which has or, since the effective date of Executive Order 8389, as amended, has had its principal place of business in Germany and is a national of a designated enemy country (Germany);

2. That the property described as follows: That certain debt or other obligation owing to W. deBoer & Company, by Pillsbury Mills, Inc., 600 Metropolitan Bldg., Minneapolis 2, Minnesota, in the amount of $10,634.00, as of December 31, 1945, together with any and all accruals thereto, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on August 7, 1947.

For the Attorney General.

[SEAL] DAVID L. BAZELON,
Assistant Attorney General, Director, Office of Alien Property.

[Vesting Order 9625]

PAUL SCHULZ ET AL.

In re: Bank account owned by Paul Schulz, Richard Schulz, Karl Schulz, Lina Hofmann, Olga Loesdau, Walli Wollschlaeger, and the personal representatives, heirs, next of kin, legatees and distributees of Emil Schulz, deceased, and Selma Schrutke, deceased.

Under the authority of the Trading with the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Paul Schulz, Richard Schulz, Karl Schulz, Lina Hofmann, Olga Loesdau, and Walli Wollschlaeger, whose last known addresses are Germany, are residents of Germany and nationals of a designated enemy country (Germany);

2. That the personal representatives, heirs, next of kin, legatees and distributees of Emil Schulz, deceased, and Selma Schrutke, deceased, who there is reasonable cause to believe are residents of Germany, are nationals of a designated enemy country (Germany);

3. That the property described as follows: That certain debt or other obligation of The First National Bank, San Rafael, California, arising out of a Savings Account, account number 5685, entitled Clara Heise, attorney-in-fact for Paul Schulz, Emil Schulz, Richard Schulz, Karl Schulz, Selma Schrutke, Lina Hofmann, Walli Wollschlaeger and Olga Loesdau, as nationals of Germany, maintained at the aforesaid bank, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Paul Schulz, Richard Schulz, Karl Schulz, Lina Hofmann, Olga Loesdau, Walli Wollschlaeger, and the personal representatives, heirs, next of kin, legatees and distributees of Emil Schulz, deceased, and Selma Schrutke, deceased, the aforesaid nationals of a designated enemy country (Germany);

and it is hereby determined:

4. That to the extent that the persons named in subparagraph 1 hereof and the personal representatives, heirs, next of kin, legatees and distributees of Emil Schulz, deceased, and Selma Schrutke, deceased, are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany)

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on August 7, 1947.

For the Attorney General.

[SEAL] DAVID L. BAZELON,
Assistant Attorney General, Director, Office of Alien Property.

FEDERAL POWER COMMISSION

[Docket No. G–863]

MISSISSIPPI RIVER FUEL CORP.

ORDER FIXING DATE OF HEARING

Upon consideration of the application filed on February 17, 1947, by Mississippi River Fuel Corporation (Applicant), a Delaware Corporation having its principal place of business at St. Louis, Missouri, for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of certain natural-gas facilities, subject to the jurisdiction of the Commission, as fully described in such application on file with the Commission and open to public inspection, public notice thereof having been given, including publication in the FEDERAL REGISTER on March 8, 1947 (12 F. R. 1627);

The Commission orders that:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, as amended, and the Commission's rules of practice and procedure (effective September 11, 1946), a public hearing be held commencing on September 15, 1947, at 10:00 a. m., c. d. s. t. in Room 948, U. S. Court House and Custom House Building, St. Louis, Missouri, concerning the matters involved and the issues presented by the application and other pleadings in this proceeding.

(B) Interested State commissions may participate as provided by Rules 8 and 37 (f) (18 CFR 1.8 and 1.37 (f)) of said rules of practice and procedure.

Date of issuance: August 22, 1947.

By the Commission.

[SEAL] LEON M. FUQUAY, *Secretary.*

[F. R. Doc. 47-7991; Filed, Aug. 26, 1947; 8:51 a. m.]

[Docket No. IT-6078]

CENTRAL NEW YORK POWER CORP.

NOTICE OF APPLICATION

AUGUST 21, 1947.

Notice is hereby given that Central New York Power Corporation, Syracuse, New York, has filed an application pursuant to section 202 (e) of the Federal Power Act (16 U. S. C. 824a (e)) for authority to export electric energy across the international boundary between the United States and Canada over a transmission line from Hogansburg, New York, to a connection with the facilities of The Shawinigan Water & Power Company at the international boundary near the Indian Reservation Village known as St. Regis, Quebec, Dominion of Canada, in an amount of 45,000 kilowatt-hours, annually, at a rate of supply of 50 kilowatts.

Any person desiring to be heard or to make any protest with reference to the said application should, on or before September 11, 1947, file with the Federal Power Commission, Washington 25, D. C., a petition or protest in accordance with the Commission's rules of practice and procedure.

[SEAL] S. A. WALKER, *Acting Secretary.*

FEDERAL TRADE COMMISSION

[Docket No. 5258]

EVERETT FOOT CUSHION LABORATORIES AND EVERETT FOOT CUSHION CO.

ORDER APPOINTING TRIAL EXAMINER AND FIXING TIME AND PLACE FOR TAKING TESTIMONY

At a regular session of the Federal Trade Commission, held at its office in the city of Washington, D. C., on the 18th day of August A. D. 1947.

In the matter of George N. Bouthillette, an individual doing business under the trade names of Everett Foot Cushion Laboratories, and Everett Foot Cushion Company.

This matter being at issue and ready for the taking of testimony and the receipt of evidence, and pursuant to authority vested in the Federal Trade Commission,

It is ordered, That Clyde M. Hadley, a Trial Examiner of this Commission, be and he hereby is designated and appointed to take testimony and receive evidence in this proceeding and to perform all other duties authorized by law;

It is further ordered, That the taking of testimony and the receipt of evidence begin on Thursday, September 11, 1947, at nine o'clock in the forenoon of that day (eastern standard time) in Court Room No. 4, 12th Floor, Post Office Building, Boston, Massachusetts.

Upon the completion of the taking of testimony and the receipt of evidence in support of the allegations of the complaint, the Trial Examiner is directed to proceed immediately to take testimony and receive evidence on behalf of the respondents. The Trial Examiner will then close the taking of testimony and evidence and, after all intervening procedure as required by law, will close the case and make and serve on the parties at issue a recommended decision which shall include recommended findings and conclusions, as well as the reasons or basis therefor, upon all the material issues of fact, law, or discretion presented on the record, and an appropriate recommended order; all of which shall become a part of the record in said proceeding.

By the Commission.

[SEAL] OTIS B. JOHNSON, *Secretary.*

[Docket No. 5271]

FOOD, INC., ET AL.

ORDER APPOINTING TRIAL EXAMINER AND FIXING TIME AND PLACE FOR TAKING TESTIMONY

At a regular session of the Federal Trade Commission, held at its office in the city of Washington, D. C., on the 14th day of August A. D. 1947.

In the matter of Food, Incorporated, a corporation, Nature Food Centres, Inc., a corporation, sometimes trading as Healthmode Products Company, Nature Food Centres of Connecticut, Incorporated, a corporation, and Nature Food Centres of Rhode Island, Inc., a corporation and Andrew F. Rosenberger, Emily M. Rosenberger and Henry K. Rosenberger, individually and as officers and directors of said corporations.

This matter being at issue and ready for the taking of testimony and the receipt of evidence, and pursuant to authority vested in the Federal Trade Commission,

It is ordered, That Randolph Preston, a Trial Examiner of this Commission, be and he hereby is designated and appointed to take testimony and receive evidence in this proceeding and to perform all other duties authorized by law;

It is further ordered, That the taking of testimony and the receipt of evidence begin on Tuesday, August 26, 1947, at nine o'clock in the forenoon of that day (eastern standard time), in Room 332, Federal Trade Commission Building, Washington, D. C.

Upon the completion of the taking of testimony and the receipt of evidence in support of the allegations of the complaint, the Trial Examiner is directed to proceed immediately to take testimony and receive evidence on behalf of the respondents. The Trial Examiner will then close the taking of testimony and evidence and, after all intervening procedure as required by law, will close the case and make and serve on the parties at issue a recommended decision which shall include recommended findings and conclusions, as well as the reasons or basis therefor, upon all the material issues of fact, law, or discretion presented on the record, and an appropriate recommended order; all of which shall become a part of the record in said proceeding.

By the Commission.

INTERSTATE COMMERCE COMMISSION

[S. O. 396, Special Permit 277]

RECONSIGNMENT OF PEACHES AT CHICAGO, ILL.

Pursuant to the authority vested in me by paragraph (f) of the first ordering paragraph of Service Order No. 396 (10 F. R. 15008), permission is granted for any common carrier by railroad subject to the Interstate Commerce Act:

To disregard entirely the provisions of Service Order No. 396 insofar as it applies to the reconsignment at Chicago, Ill., August 20, 1947, by Chas. Abbate, of cars peaches, now on the Chicago Produce Terminal to Escanaba, Mich. URT 35588, and to Green Bay, Wis. PFE 46688.

The waybill shall show reference to this special permit.

A copy of this special permit has been served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and notice of this permit shall be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

Issued at Washington, D. C., this 20th day of August 1947.

HOMER C. KING, *Director, Bureau of Service.*

FEDERAL REGISTER

Published daily, except Sundays, Mondays, and days following official Federal holidays, by the Division of the Federal Register, the National Archives, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U. S. C., ch. 8B), under regulations prescribed by the Administrative Committee, approved by the President. Distribution is made only by the Superintendent of Documents, Government Printing Office, Washington 25, D. C.

The regulatory material appearing herein is keyed to the Code of Federal Regulations, which is published, under 50 titles, pursuant to section 11 of the Federal Register Act, as amended June 19, 1937.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $1.50 per month or $15.00 per year, payable in advance. The charge for individual copies (minimum 15¢) varies in proportion to the size of the issue. Remit check or money order, made payable to the Superintendent of Documents, directly to the Government Printing Office, Washington 25, D. C.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER.

1946 SUPPLEMENT

to the

CODE OF FEDERAL REGULATIONS

The following books are now available:

Book 1: Titles 1 through 8, including, in Title 3, Presidential documents in full text with appropriate reference tables and index.

Book 2: Titles 9 through 20.

Book 3: Titles 21 through 31.

These books may be obtained from the Superintendent of Documents, Government Printing Office, Washington 25, D. C., at $3.50 per copy.

A limited sales stock of the 1945 Supplement (4 books) is still available at $3 a book.

clues under Federal regulation the counties of Hockley and Wharton, Texas.

Following discovery in the fall of 1943 of a severe pink bollworm infestation in Cameron Parish and the neighboring parishes of Calcasieu and Jefferson Davis, in southwestern Louisiana, an intrastate quarantine controlling movement of host material from the infested parishes was immediately issued by the State Entomologist to prevent spread of the insect to other parts of the State. Coincident with this action and under State authority, field clean-up and other measures were undertaken cooperatively to eradicate the infestations. The Department cooperated in the enforcement of State requirements. After a public hearing, similar regulations were included in the Federal quarantine effective May 1, 1944. Through further State action, with Federal cooperation, these measures were extended to include the enforced non-production of cotton in Cameron Parish during the 1944 crop year. Cotton production was resumed in this Parish in 1945. The production, ginning, and marketing of cotton in Calcasieu and Jefferson Davis Parishes was under regulation during the years 1944 to 1946, and similar regulations applied to Cameron Parish in 1945 and 1946. Intensive annual field surveys and inspection of trash from all gins handling cotton produced in these areas have been made each crop year. These inspections through three full seasons have failed to reveal any pink bollworms in these three Parishes since the original 1943 findings. It is, therefore, considered that the infestation has been eradicated and that it is no longer necessary to continue the quarantine and regulations as they affect the State of Louisiana. This conclusion is shared by the cooperating State officials and they have taken action to remove the State regulations as they applied to the three parishes.

A survey of infestation, planting, ginning, and marketing conditions in Starr and adjacent Texas counties indicates that Starr County now properly belongs in the lightly infested regulated area, instead of the heavily infested area.

Light infestations of the pink bollworm were discovered in Hockley and Wharton Counties, Texas, during the fall of 1946. Immediately following this discovery, the State of Texas placed these counties under regulation, which provided the same control as that applied to all lightly infested areas. This revision adds these counties to the lighly infested area, confirming action already taken by the cooperating State of Texas.

The present revision of the quarantine and regulations represents formal Federal action to concur in State action already taken at the request and in accordance with suggestions of the United States Department of Agriculture. All scouting and surveys to determine degree of infestation or absence of infestation have been cooperative Federal-State activities. Imposition of non-cotton zones is dependent upon State police powers, and the same State police powers have been relied upon for immediate and timely changes in the regulated area. The States of Louisiana and Texas have fully cooperated in exercising such powers. In activities within these States, the Federal Government exercised leadership and had cooperative interest to assure that the measures taken were adequate to prevent spread of the pink bollworm from infested areas. The action taken by the State of Louisiana, with the concurrence of the United States Department of Agriculture, relieved restrictions there in conformity with existing pest risk. Revision of the Texas State Quarantine, also with Departmental concurrence, provided needed prompt protection to the rest of Texas as well as to uninfested States. Had not the States taken these actions in accordance with Departmental suggestions, the only alternative would have been to include each State in its entirety within the Federal regulated area. Such action would have been inconsistent with the objectives of both Federal and State regulatory activities, and was rendered unnecessary by complete State cooperation. This revision will not impose upon persons affected by the quarantine any substantive requirements other than those to which they are presently subject under State regulations. It was understood at the time the States placed their regulations in effect that these amendments to the quarantine and the regulations would be made effective as soon as possible. Accordingly, pursuant to the provisions of section 4 of the Administrative Procedure Act (60 Stat. 238), it is found, upon good cause, that notice and public procedure on this revision are unnecessary, and good cause is found for the issuance of the revision effective less than 30 days after publication.

Notice of determination of the Secretary of Agriculture. The Secretary of Agriculture has determined that it is necessary further to revise the pink bollworm quarantine and regulations supplemental thereto, 7 CFR 1944, 1945, and 1946 Supps., 301.52 and 301.52–1 et seq., in order to remove the quarantine from the State of Louisiana and to make other modifications. The quarantine and regulations are therefore hereby revised to read as follows:

Sec.
301.52 Notice of quarantine.
301.52–1 Definitions.
301.52–2 Regulated areas.
301.52–3 Articles the interstate movement of which is restricted or prohibited.
301.52–4 Conditions concerning the issuance of certificates or permits.
301.52–5 Limited permits.
301.52–6 Restricted articles originating outside the regulated area.
301.52–7 Cleaning or treating requirements for other articles when contaminated with cotton or cotton products originating within a regulated area.
301.52–8 Dealer-carrier permits.
301.52–9 Cancellation of certificates
301.52–10 Authorization of alternate treatments.
301.52–11 General certification provisions and marking and labeling requirements.
301.52–12 Shipments for experimental and scientific purposes.

AUTHORITY: §§ 301.52 to 301.52–12, inclusive, issued under sec. 8, of the Plant Quarantine Act of Aug. 20, 1912, as amended, 37 Stat. 318, 39 Stat. 1165, 44 Stat. 250, 7 U. S. C. 161.

§ 301.52 *Notice of quarantine.* (a) Under the authority conferred by section 8 of the Plant Quarantine Act of August 20, 1912, as amended (7 U. S. C. 161), the Secretary of Agriculture quarantines the States of Arizona, New Mexico, and Texas to prevent the spread of the pink bollworm. Hereafter (1) okra, including all parts of the plants; (2) cotton, wild cotton, including all parts of either cotton or wild cotton plants, seed cotton, cotton lint, linters, and all other forms of unmanufactured cotton fiber, gin waste, cottonseed, cottonseed hulls, cottonseed cake, and meal; (3) bagging and other containers and wrappers of cotton and cotton products; (4) railway cars, boats, and other vehicles which have been used in conveying regulated cotton products or which are fouled with such products; and (5) when contaminated with regulated cotton products, any other commodities, including farm products, farm household goods, and farm equipment, shall not be shipped, offered for shipment to a common carrier, received for transportation or transported by a common carrier, or carried, transported, moved, or allowed to be moved from the States of Arizona, New Mexico, or Texas into or through any other State or Territory or District of the United States in manner or method or under conditions other than those prescribed in the regulations supplemental hereto and amendments thereof: *Provided*, That the restrictions of this quarantine and of the regulations supplemental hereto may be limited to such areas, within the quarantined States, as are now or may hereafter be designated by the Secretary of Agriculture as regulated areas, adequate, in his

judgment, to prevent the spread of the pink bollworm, except that any such limitation shall be conditioned upon the affected State or States providing for and enforcing the control of the intrastate movement of the restricted articles under the conditions which apply to their interstate movement under provisions of the Federal quarantine regulations, currently existing, and upon their enforcing such control and sanitation measures with respect to such areas or portions thereof, as, in the judgment of the Secretary of Agriculture, shall be deemed adequate to prevent the intrastate spread therefrom of the said insect infestation: *Provided further*, That whenever, in any year, the Chief of the Bureau of Entomology and Plant Quarantine shall find that facts exist as to the pest risk involved in the movement of one or more of the articles to which the regulations supplemental hereto apply making it safe to modify, by making less stringent, the restrictions contained in any such regulations, he shall set forth and publish such findings in administrative instructions, specifying the manner in which the applicable regulation shall be made less stringent, whereupon such modifications shall become effective for such period and for such regulated area or portion thereof as shall be specified in said administrative instructions, and every reasonable effort shall be made to give publicity to such administrative instructions throughout the affected areas.

§ 301.52–1 *Definitions.* For the purpose of §§ 301.52 to 301.52–12, inclusive, the following words, names, and terms shall be construed respectively to mean:

(a) *Pink bollworm.* The insect known as the pink bollworm of cotton (Pectinophora gossypiella Saund.), in any stage of development.

(b) *Cotton and cotton products.* Cotton and wild cotton plants of the genera Gossypium and Thurberia, and products of these plants, including seed cotton; cottonseed; cotton lint and linters, and all forms of unmanufactured cotton fiber; cottonseed hulls, cake, and meal; gin waste; and all other parts of such plants.

(c) *Seed cotton.* All forms of cotton lint from which the seed has not been separated.

(d) *Lint.* All forms of unmanufactured cotton fiber except linters.

(e) *Linters.* All forms of unmanufactured cotton fiber separated from cotton seed after the lint has been removed.

(f) *Approved.* Officially sanctioned by the Chief of the Bureau of Entomology and Plant Quarantine.

(g) *Certificate.* An approved document issued by an inspector evidencing the apparent freedom of restricted articles from the pest.

(h) *Limited permit.* An approved document issued by an inspector to allow movement of noncertified, restricted articles to or from authorized and designated gins, oil mills, and processing or manufacturing plants. Limited permits will cover all interstate movements of restricted articles while in the process of being made eligible for certification.

(i) *Dealer-carrier permit.* An approved document issued to persons or firms engaged in ginning, manufacturing, or processing restricted articles for subsequent interstate movement from regulated areas, and to persons or firms moving restricted articles interstate from regulated areas.

(j) *Infestation or infested area.* These terms refer to the presence of the pink bollworm.

(k) *Interstate movement or moved interstate.* Shipped, offered for shipment to a common carrier, received for transportation or transported by a common carrier, or carried, transported, moved, or allowed to be moved by any person from any regulated area interstate to points outside thereof.

(l) *Inspector.* An inspector of the United States Department of Agriculture.

(m) *Okra (Hibiscus esculentus).* Okra plants and products of the plants, including seed and edible and dry pods.

§ 301.52–2 *Regulated areas.* The following areas are hereby designated as regulated areas within the meaning of §§ 301.52 to 301.52–12, inclusive, and are further classed as heavily or lightly infested:

(a) *Heavily infested areas*—(1) *Texas.* Counties of Brewster, Cameron, Culberson, Jeff Davis, Hidalgo, Hudspeth, Presidio, Terrell, Willacy, and that part of El Paso County lying east of an imaginary line extending due north from the Texas-Mexico boundary to the point near U. S. Highway 80, where secs. 4, 5, 8, and 9, T. 29 S., R. 4 E. have a common corner; thence due north to the Texas-New Mexico boundary.

(b) *Lightly infested areas*—(1) *Arizona.* Counties of Cochise, Graham, Greenlee, Maricopa, Pinal, and Santa Cruz, and all of Pima County[1] except that part lying west of the western boundary line of range 8 east.

(2) *New Mexico.* Counties of Chaves, Dona Ana, Eddy, Grant, Hidalgo, Lea, Luna, Otero, Sierra, Socorro, and Valencia.

(3) *Texas.* Counties of Andrews, Aransas, Atascosa, Bailey, Bee, Borden, Brazoria, Brooks, Brown, Caldwell, Calhoun, Chambers, Cochran, Coke, Coleman, Concho, Crane, Dawson, Dimmit, Duval, Ector, Frio, Gaines, Glasscock, Goliad, Gonzales, Guadalupe, Hays, Hockley, Howard, Irion, Jackson, Jefferson, Jim Hogg, Jim Wells, Karnes, Kendedy, Kleberg, La Salle, Liberty, Live Oak, Loving, Martin, Matagorda, Maverick, McCulloch, McMullen, Medina, Midland, Mitchell, Nolan, Nueces, Orange, Pecos, Reeves, Refugio, Runnels, San Patricio, San Saba, Schleicher, Scurry, Starr, Sterling, Taylor, Terry, Tom Green, Upton, Uvalde, Victoria, Ward, Webb, Wharton, Wilson, Winkler, Yoakum, Zapata, and Zavala; that part of El Paso County lying west of an imaginary line extending due north from the Texas-Mexico boundary to the point near U. S. Highway 80 where secs. 4, 5, 8, and 9, T. 29 S., R. 4 E. have a common corner; thence due north to the Texas-New Mexico boundary; and that part of Harris County lying east of the San Jacinto River and its tributary the east fork of the San Jacinto River and north of the Houston Ship Channel.

§ 301.52–3 *Articles the interstate movement of which is restricted or prohibited*—(a) *Articles prohibited movement.* The interstate movement from any regulated area of gin trash and cotton waste from gins and mills, and all untreated or unmanufactured cotton products (other than seed cotton, cotton lint, and linters, either baled or unbaled, cottonseed, cottonseed hulls, and cottonseed meal and cake) is prohibited.

(b) *Articles the interstate movement of which is limited*—(1) *Seed cotton.* The interstate movement of seed cotton will be allowed only from lightly infested area to contiguous regulated area for the purpose of ginning for which movement no permit is required.

(2) *Cottonseed produced in heavily infested area.* The interstate movement of cottonseed produced within a heavily infested area to points outside such area will be limited to contiguous lightly infested area under the conditions provided in § 301.52–4 (c) (2) either for planting therein or for processing in designated authorized oil mills.

(c) *Articles conditionally authorized interstate movement.* Cotton lint and linters, either baled or unbaled, cottonseed produced in lightly infested area, cottonseed hulls, meal, and cake, and okra may be moved interstate (1) from regulated area to points outside thereof, or (2) from regulated area to noncontiguous regulated area, or (3) from heavily infested to contiguous lightly infested area, only when accompanied by a certificate or permit as hereinafter provided. No certificates or permits are required for the interstate movement of articles listed in this paragraph from a lightly infested area to a contiguous, lightly or heavily infested area, or from a heavily infested area to a contiguous heavily infested area.

§ 301.52–4 *Conditions governing the issuance of certificates and permits*—(a) *Cotton lint.* A certificate may be issued for the interstate movement of baled cotton lint originating in a regulated area when said cotton lint has been produced in an approved gin and has been given any one of the following treatments under the supervision of an inspector and subsequently protected from contamination: (1) Passed in bat form between approved heavy steel rollers set not more than 1/64 inch apart; or (2) given approved vacuum fumigation; or (3) given standard or high density compression: *Provided*, That lint cotton from Presidio and Brewster Counties, Texas, (part of the heavily infested area) may be moved interstate only when treated as specified under (1) or (2) of this paragraph.

(b) *Cotton linters.* Certificates may be issued for the interstate movement of linters from any regulated area when produced from sterilized seed in an approved oil mill, and subsequently protected from contamination.

(c) *Cottonseed*—(1) *From lightly infested area.* A certificate may be issued for the interstate movement of cottonseed originating in a lightly infested area, to any destination, when produced in an approved gin within the area after said seed has been heated to a temperature of 150° F. for a minimum period of 30 seconds, as a part of the continuous process of ginning, under the supervision of an inspector, and subsequently protected from contamination: *Provided*, That heat treatment incidental to certification may be accomplished at plants designated by the Chief of the Bureau of Entomology and Plant Quarantine as provided in § 301.52–5.

(2) *From heavily infested area.* Limited permits may be issued for interstate movement of cottonseed originating in heavily infested area after the seed has been treated under supervision of an inspector in a manner prescribed by the Chief of the Bureau of Entomology and Plant Quarantine, and when it is consigned only to contiguous lightly infested area for planting therein.

All other cottonseed originating in a heavily infested area will be authorized interstate movement under a limited permit only to contiguous lightly infested area for processing therein in an oil mill designated and authorized by authority of the Chief of the Bureau of Entomology and Plant Quarantine under the following conditions: When the seed has been treated and protected as provided in subparagraph (1) of this paragraph for the lightly infested area, and (i) when given a second heat treatment at a temperature of 155° F. for a minimum period of 60 seconds under the supervision of an inspector, at a plant operated separate and apart from the gin or gins which applied the initial heat treatment as a part of the continuous process of ginning, and when the seed has been subsequently protected from contamination; or (ii) when the seed is given, under the supervision of an inspector, the foregoing second heat treatment at the designated oil mill, on arrival. The cars or other vehicles conveying the seed to be designated oil mills must be cleaned and sterilized, under the supervision of an inspector, immediately after unloading. This applies to cars or vehicles conveying seed that has been given the second heat treatment either under (i) or (ii) hereinabove prescribed.

(d) *Cottonseed hulls, cake, and meal.* Certificates may be issued for the interstate movement of cottonseed hulls, cake, and meal produced from sterilized seed originating in a regulated area when these products have been processed in an authorized oil mill under the supervision of an inspector, and subsequently protected from contamination.

(e) *Samples of cotton lint and linters.* A certificate may be issued for the interstate movement of samples of lint cotton and linters (approximately 1½ pounds) originating in a regulated area without restrictions other than that the bales of lint cotton or linters from which the samples have been taken have been produced in an approved gin or oil mill and subsequently protected from contamination.

(f) *Okra.* Certificates may be issued for the interstate movement of edible okra produced in a heavily infested area under any one of the following conditions: (1) When inspected by an inspector and found to be free from infestation; (2) when produced under such conditions as to render it free from infestation; (3) when processed or treated in accordance with administrative instructions issued by the Chief of the Bureau of Entomology and Plant Quarantine. Okra produced in a lightly infested area under such conditions as to render it free from infestation may move interstate without treatment or certification.

NOTE: Section 301.52–4b *Administrative instructions designating certain lightly infested counties in New Mexico and Texas from which baled cotton lint may be moved without treatment* (7 CFR, 1945 Supp.) and § 301.52–4d *Administrative instructions authorizing additional methods of treating cotton seed originating in heavily infested area for movement to points outside such area* (7 CFR, 1946 Supp.) remain in effect.

§ 301.52–5 *Limited permits.* Limited permits will be issued for the movement of noncertified, restricted articles to such gins, oil mills, or processing or manufacturing plants as may be authorized and designated by the Chief of the Bureau of Entomology and Plant Quarantine for manufacturing, processing, or treatment incidental to preparing such products for certification. As a condition of such authorization and designation, operators of gins, oil mills, or manufacturing, or processing plants must agree in writing to handle restricted articles as to segregation of processed and nonprocessed products, efficient functioning of processing equipment, disposition of waste, use of uncontaminated containers of processed products, prevention of contamination of processed products, and the maintenance of identity of regulated and nonregulated products in such a manner as to prevent the spread of the pink bollworm; and to maintain such other sanitary safeguards and restrictions against the establishment and spread of infestation as may be required by the inspector.

§ 301.52–6 *Restricted articles originating outside the regulated area.* Restricted articles originating outside the regulated area may be certified for interstate movement from a regulated area without processing, treatment, or sterilization if, while in the regulated area, these products have been handled and stored in such a manner as to maintain identity and as to prevent infestation or contamination with other restricted articles originating in the regulated area.

§ 301.52–7 *Cleaning or treating requirements for other articles when contaminated with cotton or cotton products originating within a regulated area.* When contaminated with cotton or cotton products originating within a regulated area, railway cars, trucks, and other vehicles, cotton bagging and other containers of cotton, cotton processing machinery, farm household goods, farm equipment, farm products, and any other articles shall not be moved interstate from a regulated area until freed from such contamination to the satisfaction of an inspector, after which cleaning or treatment no certificate or permit will be required except for cotton bagging, or other containers of cotton, and cotton processing machinery.

§ 301.52–8 *Dealer-carrier permits.* As a condition of issuance of certificates or limited permits for the interstate movement of restricted articles, those engaged in purchasing, assembling, ginning, processing, or carrying such restricted articles originating or stored in regulated areas, shall (a) make application for a dealer-carrier permit to the Bureau of Entomology and Plant Quarantine, Federal Building, San Antonio 6, Tex., and (b) agree to maintain an accurate record of receipts and sales, shipments or services, when so required (which record shall be available at all times for examination by an inspector), and (c) agree to carry out any and all conditions, treatments, precautions, and sanitary measures which may be required by the inspector.

§ 301.52–9 *Cancellation of certificates.* Any certificates, limited permits, or dealer-carrier permits issued under these regulations may be withdrawn or canceled and further certificates or permits refused, whenever, in the judgment of the Chief of the Bureau of Entomology and Plant Quarantine, the further use of such certificates or permits might result in the dissemination of the pink bollworm.

§ 301.52–10 *Authorization of alternate treatments.* When in the judgment of the Chief of the Bureau of Entomology and Plant Quarantine more effective methods of treatment, processing, or sterilization shall have been developed or when methods of treatment, processing, or sterilization as stipulated in the regulations hereof are found unsatisfactory by him, he is authorized to alter them or substitute other requirements.

§ 301.52–11 *General certification provisions and marking and labeling requirements.* To obtain certificates or limited permits under these regulations application shall be made either to the local inspector or to the Bureau of Entomology and Plant Quarantine, Federal Building, San Antonio 6, Tex.[2]

Certificates or permits required under these regulations shall be securely attached to the outside of each container of restricted articles, or, in the case of carlot or bulk shipments by freight, to the waybills or other shipping papers which accompany the shipment. In the case of movement by road vehicle, such certificate or permit shall accompany the vehicle. Each container of restricted articles so moved shall bear such marking and labeling as may be necessary, in the judgment of the inspector, to identify the material.

The United States Department of Agriculture shall not be responsible for any costs incident to inspection or treatment, other than the services of inspectors.

§ 301.52–12 *Shipments for experimental and scientific purposes.* Products and articles subject to restrictions in these regulations may be moved interstate for experimental or scientific purposes, on such conditions and under such safeguards as may be prescribed by the Chief of the Bureau of Entomology and Plant Quarantine. The container of articles so moved shall bear, securely at-

[1] Part of the lightly infested area in Arizona is regulated on account of the Thurberia weevil under Quarantine No. 61, and shipments therefrom must also comply with the requirements of that quarantine.

[2] See Appendix for list of field stations.

tached to the outside thereof, an identifying tag from the Bureau of Entomology and Plant Quarantine showing compliance with such conditions.

This revision of the quarantine and regulations shall be effective on and after August 22, 1947, and shall supersede the quarantine and regulations promulgated November 9, 1944, as amended May 23, 1945, and February 4, 1946.

[7 CFR 1944 Supp. 301.52, 301.52–1 et seq.; 7 CFR 1945 and 1946 Supps. 301.52–2]

Done at Washington, D. C., this 22d day of August 1947.

Witness my hand and the seal of the United States Department of Agriculture.

[SEAL] CHARLES F. BRANNAN,
Acting Secretary of Agriculture.

APPENDIX—FIELD HEADQUARTERS AND STATIONS

Applications for certificates or permits may be made to the field project leader, addressing Pink Bollworm Control, Bureau of Entomology and Plant Quarantine, P. O. Box 798, or Room 571, Federal Building (Telephone F–7141–275), San Antonio 6, Texas, or the nearest inspector.

Inspectors may be reached by addressing Pink Bollworm Inspector, Bureau of Entomology and Plant Quarantine, at the following field stations:

Chapter VII—Production and Marketing Administration (Agricultural Adjustment)

PART 701—NATIONAL AGRICULTURAL CONSERVATION PROGRAM

MISCELLANEOUS AMENDMENTS

State Bulletins (Subpart–1947) issued December 17, 1946 (11 F. R. 14339), and amendments issued March 19, 1947 (12 F. R. 1831), May 3, 1947 (12 F. R. 2977), and July 23, 1947 (12 F. R. 4879), are hereby further amended as follows:

1. Section 701.842 *Arkansas*, paragraph (j) is amended by adding at the end of the first sentence the language "except that where the practice was begun after May 23, 1947, without prior approval, the county committee may, in accordance with instructions issued by the State committee, give post approval of the practice, provided request for such approval is made to the county committee not later than September 1, 1947."

2. In § 701.842 (j) (9), the payment rates are amended to read as follows:

Payment rates:
(i) Hairy vetch, $0.15 per pound.
(ii) Hungarian vetch, $0.08 per pound.
(iii) Willamette vetch, $0.06 per pound.
(iv) Austrian Winter peas, $0.05 per pound.
(v) Crimson clover (clean), $0.15 per pound.
(vi) Bur-clover (in bur), $0.09 per pound.
(vii) Singletary or rough peas, $0.07 per pound.

3. Section 701.844 *Colorado*, paragraph (j) is amended by adding at the end of the first sentence the language "except that approval of conservation practices started during the period May 23 through July 21 may be granted by the county committee, in accordance with instructions issued by the State committee, provided request for approval is made to the county committee prior to September 2, 1947."

4. Section 701.845 *Connecticut*, paragraph (a) is amended by deleting the language "June 30, 1947" and substituting therefor "August 30, 1947."

5. Section 701.845 (j) is amended by adding at the end of the first sentence the language "except that practices performed between May 23, 1947, and July 31, 1947, may be approved retroactively by the county committee."

6. Section 701.847 *Florida*, paragraph (j) is amended by adding at the end of the first sentence the language "except that where the practice was begun after May 23, 1947, but before August 10, 1947, without prior approval, the county committee may, in accordance with instructions issued by the State committee, give post approval of the practice, provided request for such approval is made to the county committee not later than September 2, 1947."

7. In § 701.847 (j) (6), the payment rates are amended to read as follows:

Payment rates:
(i) Austrian Winter peas, $0.05 per pound.
(ii) Hairy vetch, $0.11 per pound.
(iii) Common vetch, $0.06 per pound.
(iv) Willamette vetch, $0.06 per pound.
(v) Lupine, $0.045 per pound.
(vi) Dixie crimson clover, $0.25 per pound.

8. Section 701.848 *Georgia*, paragraph (j) is amended by adding at the end of the first sentence the language "except that where the practice was begun after May 23, 1947, without prior approval, the county committee may, in accordance with instructions issued by the State committee, give post approval of the practice, provided request for such approval is made to the county committee not later than September 1, 1947."

9. Section 701.849 *Idaho*, paragraph (j) is amended by adding at the end of the first sentence the language "except that approval of conservation practices started during the period May 23 through July 21 may be granted by the county committee, in accordance with instructions issued by the State committee, provided request for approval is made to the county committee prior to September 2, 1947."

10. Section 701.850 *Illinois*, paragraph (j) is amended by deleting the language "may be approved retroactively" in the first sentence and substituting the following therefor: "or the date of approval on the notice of approved practices, whichever is the later, may be approved retroactively."

11. Section 701.851 *Indiana*, paragraph (j) is amended by deleting the language "may be approved retroactively" in the first sentence and substituting the following therefor: "or the date of approval on the notice of approved practices, whichever is the later, may be approved retroactively."

12. Section 701.852 *Iowa*, paragraph (j) is amended by deleting the language "may be approved retroactively" in the first sentence and substituting the following therefor: "or the date of approval on the notice of approved practices, whichever is the later, may be approved retroactively."

13. Section 701.853 *Kansas*, paragraph (j) is amended by adding at the end of the first sentence the language "except that approval of conservation practices started during the period May 23 through July 21 may be granted by the county committee, in accordance with instructions issued by the State committee, provided request for approval is made to the county committee prior to September 2, 1947."

14. Section 701.855 *Louisiana*, paragraph (j) is amended by adding at the end of the first sentence the language "except that approval of conservation practices begun without prior approval during the period May 23 through August 5 may be given by the county committee, provided request for approval is made to the county committee not later than August 31, 1947."

15. Section 701.855 (i) (12) is amended by adding immediately preceding the *Payment rates* the following sentence: "Payment for white Dutch clover, alsike clover, hop clover, Persian clover, black medic, red clover, and clover mixtures will be made only when the seeding is completed prior to June 1, 1947."

16. Section 701.855 (i) is amended by adding the following subparagraph (23):

(23) *Seeding pasture clovers on or after June 1, 1947.* Payment will be made for seeding legumes only on existing pasture grasses or with a seeding of one or more of the grasses listed under subparagraph (12) of this paragraph. The area must be covered with enough properly distributed plants to assure reseeding.

Payment rates:
(i) White Dutch clover, $0.45 per pound.
(ii) Alsike clover, $0.25 per pound.
(iii) Hop clover, $0.25 per pound.
(iv) Persian clover, $0.25 per pound.
(v) Black medic, $0.25 per pound.
(vi) Red clover, $0.25 per pound.
(vii) Clover mixtures containing at least 85 percent Persian, white, alsike, black medic, and/or hop, but not less than 30 percent white, $0.30 per pound.

17. Section 701.856 *Maine*, paragraph (a) is amended by deleting the language "July 1, 1947" and substituting therefor "August 30, 1947."

18. Section 701.856 (j) is amended by adding at the end of the first sentence the language "except that practices performed between May 23, 1947, and July 31, 1947, may be approved retroactively by the county committee."

19. Section 701.858 *Massachusetts*, paragraph (a) is amended by deleting the language "June 30, 1947" and substituting therefor "August 30, 1947."

20. Section 701.858 (j) is amended by adding at the end of the first sentence the language "except that practices performed between May 23, 1947, and July 31, 1947, may be approved retroactively by the county committee."

21. Section 701.859 *Michigan*, paragraph (j) is amended by deleting the language "may be approved retroactively" in the first sentence and substituting the following therefor: "or the date of approval on the notice of approved practices, whichever is the later, may be approved retroactively."

22. Section 701.860 *Minnesota*, paragraph (j) is amended by deleting the language "may be approved retroactively" in the first sentence and substituting the following therefor: "or the date of approval on the notice of approved practices, whichever is the later, may be approved retroactively."

23. Section 701.861 *Mississippi*, paragraph (i) is amended by adding at the end of the first sentence the language "except that approval of conservation practices begun without prior approval during the period May 23 through August 4 may be given by the county committee, in accordance with instructions issued by the State committee, provided request for approval is made to the county committee not later than August 31, 1947."

24. Section 701.862 *Missouri*, paragraph (j) is amended by deleting the language "June 1, 1947" and substituting therefor "August 1, 1947."

25. Section 701.863 *Montana*, paragraph (i) is amended by adding at the end of the first sentence the language "except that approval of conservation practices started during the period May 23 through July 31 may be granted by the county committee, in accordance with instructions issued by the State committee, provided request for approval is made to the county committee prior to September 2, 1947."

26. Section 701.864 *Nebraska*, paragraph (i) is amended by deleting the language "May 1, 1947" and substituting therefor "September 1, 1947."

27. Section 701.865 *Nevada*, paragraph (i) is amended by adding at the end of the first sentence the language "except that approval of conservation practices started during the period May 23 through July 21 may be granted by the county committee, in accordance with instructions issued by the State committee, provided request for approval is made to the county committee prior to September 2, 1947."

28. Section 701.866 *New Hampshire*, paragraph (a) is amended by deleting the language "June 30, 1947" and substituting therefor "September 15, 1947."

29. Section 701.866 (j) is amended by adding at the end of the first sentence the language "except that practices performed between May 23, 1947, and July 31, 1947, may be approved retroactively by the county committee."

30. Section 701.867 *New Jersey*, paragraph (j) is amended by adding at the end of the first sentence the language "except that practices performed between May 23, 1947, and July 31, 1947, may be approved retroactively by the county committee."

31. Section 701.868 *New Mexico*, paragraph (j) is amended by adding at the end of the first sentence the language "except that approval of conservation practices started during the period May 23 through July 21 may be granted by the county committee, in accordance with instructions issued by the State committee, provided request for approval is made to the county committee prior to September 2, 1947."

32. Section 701.869 *New York*, paragraph (a) is amended by deleting the language "June 30, 1947" and substituting therefor "August 30, 1947."

33. Section 701.869 (j) is amended by adding at the end of the first sentence the language "except that practices performed between May 23, 1947, and July 31, 1947, may be approved retroactively by the county committee."

34. In § 701.870 *North Carolina*, paragraph (j) (4), the payment rate, is amended to read as follows:

Payment rates:
(i) Crimson clover, $0.17 per pound.
(ii) Hairy vetch, $0.16 per pound.
(iii) Austrian Winter peas, $0.055 per pound.
(iv) Annual ryegrass, $0.07 per pound.

35. Section 701.871 *North Dakota*, paragraph (i) is amended by adding at the end of the first sentence the language "except that approval of conservation practices started during the period May 23 through July 21 may be granted by the county committee, in accordance with instructions issued by the State committee, provided request for approval is made to the county committee prior to September 2, 1947."

36. Section 701.872 *Ohio*, paragraph (j) is amended by deleting the language "may be approved retroactively" in the first sentence and substituting the following therefor: "or the date of approval on the notice of approved practices, whichever is the later, may be approved retroactively."

37. Section 701.873 *Oklahoma*, paragraph (i) is amended by adding at the end of the first sentence the language "except that approval of conservation practices begun without prior approval during the period May 23 through August 31 may be given by the county committee, in accordance with instructions issued by the State committee, provided request for approval is made to the county committee not later than August 31, 1947."

38. Section 701.873 (i) (9), the practice title is amended by adding the language "on or before August 9, 1947" immediately after the language "pasture legumes."

39. In § 701.873 (i) (25), the payment rates, are amended to read as follows:

Payment rates:
(i) Hairy vetch, $0.13 per pound.
(ii) Austrian Winter peas, $0.05 per pound.
(iii) Bur-clover (hulled), $0.40 per pound.
(iv) Bur-clover (in bur), $0.08 per pound.

40. Section 701.873 (i) is amended by adding the following subparagraph (34):

(34) *Establishing permanent pastures by seeding or overseeding adapted pasture legumes subsequent to August 9, 1947.* Payment will not be made for seeding a legume unless a pasture grass is already growing.

Payment rates:
(i) White Dutch clover, $0.50 per pound
(ii) Alsike clover, $0.36 per pound.
(iii) Hop clover, $0.40 per pound.
(iv) Persian clover, $0.40 per pound.
(v) Black medic, $0.25 per pound.

41. Section 701.874 *Oregon*, paragraph (j) is amended by adding at the end of the first sentence the language "except that approval of conservation practices started during the period May 23 through July 21 may be granted by the county committee, in accordance with instructions issued by the State committee, provided request for approval is

made to the county committee prior to September 2, 1947."

42. Section 701.875 *Pennsylvania*, paragraph (a) is amended by deleting the language "June 30, 1947" and substituting therefore "August 30, 1947."

43. Section 701.875 (j) is amended by adding at the end of the first sentence the language "except that practices performed between May 23, 1947 and July 31, 1947, may be approved retroactively by the county committee."

44. Section 701.876 *Rhode Island*, paragraph (a) is amended by deleting the language "June 30, 1947" and substituting therefor "August 30, 1947."

45. Section 701.876 (j) is amended by adding at the end of the first sentence the language "except that practices performed between May 23, 1947 and July 31, 1947, may be approved retroactively by the county committee."

46. Section 701.877 *South Carolina*, paragraph (i) is amended by adding at the end of the first sentence the language "except that approval of conservation practices begun without prior approval during the period May 23 through August 6 may be given by the county committee, in accordance with instructions issued by the State committee, provided request for approval is made to the county committee not later than August 31, 1947."

47. In § 701.877 (i) (3), the payment rates are amended to read as follows:

Payment rates:
(i) Austrian Winter or Dixie Wonder peas, $0.052 per pound.
(ii) Hairy vetch, $0.17 per pound.
(iii) Hungarian vetch, $0.096 per pound.
(iv) Purple vetch, $0.096 per pound.
(v) Common vetch, $0.067 per pound.
(vi) Monantha vetch, $0.067 per pound.
(vii) Willamette vetch, $0.067 per pound.
(viii) Blue lupine, $0.052 per pound.
(ix) Crimson clover (clean), $0.19 per pound.
(x) Crimson clover (chaffy), $0.09 per pound.
(xi) Caley or Singletary peas, $0.08 per pound.
(xii) Bur-clover (clean), $0.32 per pound.
(xiii) Bur-clover (in bur), $0.08 per pound.

48. Section 701.877 (i) (12) is amended by adding at the end of the practice title the language "on or before August 31, 1947."

49. Section 701.877 (i) is amended by adding the following subparagraph (21):

(21) *Establishing or reseeding permanent pastures on or after September 1, 1947.* Double-disking or an equivalent operation is required for the preparation of seedbed in new pastures. A good stand of the seeding must be obtained. Legumes must be seeded on or with one or more perennial grasses. One or more of the grasses and one or more of the legumes listed below must be seeded in new pastures.

Payment rates:
(i) Dallis grass (imported), $0.40 per pound.
(ii) Dallis grass (domestic), $0.24 per pound.
(iii) Common lespedeza, $0.14 per pound.
(iv) Kobe lespedeza, $0.12 per pound.
(v) Korean lespedeza, $0.08 per pound.
(vi) White Dutch clover, $0.56 per pound.
(vii) Ladino clover, $1.20 per pound.

50. Section 701.878 *South Dakota*, paragraph (j) is amended by deleting the language "May 1, 1947" and substituting therefor "September 1, 1947."

51. Section 701.880 *Texas*, paragraph (i) is amended by adding at the end of the first sentence the language "except that approval of conservation practices begun without prior approval during the period May 23 through August 6 may be given by the county committee, in accordance with instructions issued by the State committee, provided request for approval is made to the county committee not later than August 31, 1947."

52. Section 701.881 *Utah*, paragraph (j) is amended by adding at the end of the first sentence the language "except that approval of conservation practices started during the period May 23 through July 21 may be granted by the county committee, in accordance with instructions issued by the State committee, provided request for approval is made to the county committee prior to September 2, 1947."

53. Section 701.882 *Vermont*, paragraph (a) is amended by deleting the language "June 30, 1947" and substituting therefor "August 30, 1947."

54. Section 701.882 (j) is amended by adding at the end of the first sentence the language "except that practices performed between May 23, 1947, and July 31, 1947, may be approved retroactively by the county committee."

55. Section 701.884 *Washington*, paragraph (j) is amended by adding at the end of the first sentence the language "except that approval of conservation practices started during the period May 23 through July 21 may be granted by the county committee, in accordance with instructions issued by the State committee, provided request for approval is made to the county committee prior to September 2, 1947."

56. Section 701.886 *Wisconsin*, paragraph (a) is amended by deleting the proviso and substituting therefor the following: "provided he does so within 30 days after acquiring an interest in the farm or by August 18, whichever is later."

57. Section 701.886 (j) is amended by deleting the language "may be approved retroactively" in the first sentence and substituting therefor the following: "or the date of approval on the notice of approved practices, whichever is the later, may be approved retroactively."

58. Section 701.887 *Wyoming*, paragraph (i) is amended by adding at the end of the first sentence the language "except that approval of conservation practices started during the period May 23 through July 21 may be granted by the county committee, in accordance with instructions issued by the State committee, provided request for approval is made to the county committee prior to September 2, 1947."

(49 Stat. 1148, 16 U. S. C. 590g–590q: 1947 National Agricultural Conservation Program Bulletin, as amended (11 F. R. 9467, 11266, 12 F. R. 5384))

Approved: August 19, 1947.

[SEAL] THOS. L. AYERS,
Acting Director, Agricultural Conservation Programs Branch.

[F. R. Doc. 47-8041; Filed, Aug. 27, 1947, 8:45 a. m.]

TITLE 10—ARMY: WAR DEPARTMENT

Chapter V—Military Reservations and National Cemeteries

PART 501—LIST OF EXECUTIVE ORDERS, PROCLAMATIONS, AND PUBLIC LAND ORDERS AFFECTING MILITARY RESERVATIONS

REVOCATION OF WITHDRAWAL OF PUBLIC LANDS FOR WAR DEPARTMENT USE FOR AIRPORT PURPOSES

CROSS REFERENCE: For order affecting the tabulation contained in § 501.1, see Public Land Order 398 under Title 43, *infra*, revoking Public Land Order 116, which withdrew certain public lands for use of the War Department for airport purposes.

TITLE 24—HOUSING CREDIT

Chapter V—Federal Housing Administration

PART 500—GENERAL

SUBPART B—DELEGATIONS OF AUTHORITY AND ASSIGNMENT OF DUTIES

Subpart B of Part 500, is amended to read as follows:

Sec.
500.11 Citation of authority.
500.12 Designation of Acting Commissioner.
500.13 Specific delegations to named positions.
500.14 Delegations to committees.

AUTHORITY: §§ 500.11 to 500.14, inclusive, issued under secs. 3, 12, 60 Stat. 238, 244; 5 U. S. C., Sup., 1002, 1011.

§ 500.11 *Citation of authority.* Section 1 of Title I of the National Housing Act provides in part as follows:

• • • In order to carry out the provisions of this title and titles II, III and VI, the Administrator may establish such agencies, accept and utilize such voluntary and uncompensated services, utilize such federal officers and employees, and, with the consent of the State, such State and local officers and employees, and appoint such other officers and employees as he may find necessary, and may prescribe their authorities, duties, responsibilities, and tenure and fix their compensation, without regard to the provisions of other laws applicable to the employment or compensation of officers or employees of the United States. The Administrator may delegate any of the functions and powers conferred upon him under this title and titles II, III and VI to such officers, agents, and employees as he may designate or appoint • • •.

Section 3 of Reorganization Plan No. 3 of 1947, effective July 27, 1947, provides in part as follows:

Federal Housing Administration. The Federal Housing Administration shall be headed by a Federal Housing Commissioner • • • There are transferred to said Commissioner the functions of the Federal Housing Administrator.

§ 500.12 *Designation of acting commissioner.* Pursuant to the authority cited in § 500.11, I hereby designate the officials of the Federal Housing Administration named in this section to act in my place and stead with the title of "Acting Commissioner" with all of the powers, duties and rights conferred upon me by the National Housing Act, as Amended, Reorganization Plan No. 3 of 1947, by any other act of Congress or by any Executive Order, in the event of my absence, illness or inability to act: *Provided*, That no official named below shall have authority to act as "Acting Commissioner" unless all those whose names appear before his are absent from their official post or unable to act:

(a) Walter L. Greene, First Assistant Commissioner.

(b) Burton C. Bovard, General Counsel.

(c) M. R. Massey, Assistant Commissioner, Field Operations.

(d) Curt C. Mack, Assistant Commissioner, Underwriting.

(e) Clyde L. Powell, Assistant Commissioner, Rental Housing and Property Management.

(f) R. Winton Elliott, Assistant Commissioner, Administrative Services.

(g) Arthur J. Frentz, Assistant Commissioner, Title I.

§ 500.13 *Specific delegations to named positions.* Pursuant to the authority cited in § 500.11, the following assignment of duties and delegations of functions and powers are hereby made:

(a) *First assistant commissioner.* To the position of First Assistant Commissioner:

(1) To assist the Commissioner in the general administration and coordination of all functions of the Administration.

(2) To approve or cancel the approval of financial institutions as approved mortgagees, insured institutions or approved lenders.

(3) In connection with the sale of properties conveyed to the Commissioner to execute in my official name, as my agent, all deeds or other documents or instruments in connection with the conveyance of title thereto and deeds of release, assignments, or satisfactions of mortgages, deeds of trust, or other liens taken as security in connection therewith.

(4) To execute the power and authority vested in the Commissioner under section IV of the regulations governing property and obligations held by the Federal Housing Commissioner and approved by the Secretary of the Treasury.[1]

(b) *Assistant commissioner, field operations.* To the position of Assistant Commissioner, Field Operations, and under his general supervision (except with respect to the authority contained in subparagraphs (9) and (10) of this paragraph) to the position of Assistant to such Assistant Commissioner:

(1) To approve or cancel the approval of financial institutions as approved mortgagees, insured institutions, or approved lenders.

(2) To issue commitments for insurance and to execute insurance contracts pursuant to such commitments.

(3) To approve a change in amount, a change of the term, or any other modification of commitments for insurance or of insurance contracts.

(4) To consent to the release of mortgagors.

[1] Not filed with the Division of the Federal Register.

(5) To consent to the release of portions of the mortgaged property from the lien of the mortgage.

(6) To approve the insurance of mortgages taken as security in connection with the sale of all properties conveyed to the Federal Housing Commissioner, including the authority to determine the value of such properties and facts relating to the eligibility of such mortgages for insurance.

(7) To execute Certificates of Claim and requisitions to the Treasury Department for the issuance of debentures.

(8) To execute assignments, releases or satisfactions of mortgages taken by the Commissioner as security in connection with the sale of acquired properties.

(9) In connection with the sale of properties conveyed to the Commissioner to execute in my official name, as my agent, all deeds or other documents or instruments in connection with the conveyance of title thereto and deeds of release, assignments, or satisfactions of mortgages, deeds of trust, or other liens taken as security in connection therewith.

(10) To execute the power and authority vested in the Commissioner under section IV of the regulations governing property and obligations held by the Federal Housing Commissioner and approved by the Secretary of the Treasury.

(11) To direct the administration of Field Offices and to initiate and recommend to the Commissioner policies and procedures with respect thereto.

(12) To issue Property Eligibility Statements or Commitments or any similar forms which may be provided in connection with Class 3 loans under the regulations issued pursuant to Title I, section 2, of the National Housing Act.

(13) To reject or accept for insurance loans or advances of credit made under the provisions of section 2 of Title I that require the prior approval of the Federal Housing Commissioner.

(14) To execute applications or other documents in connection with any functions which the Federal Housing Administration may perform for any other agency or agencies of the United States.

(c) *Assistant commissioner, underwriting.* To the position of Assistant Commissioner, Underwriting, and in his absence or inability to act (except with respect to the authority contained in subparagraphs (3) and (4) of this paragraph) to the Assistant to such Assistant Commissioner:

(1) To be directly responsible to the Commissioner for all mortgage underwriting activities, including valuation of realty, land planning, architecture and credit analyses, analyses of locations, subdivisions and areas and construction cost determination.

(2) To plan, supervise, instruct in and review the work of the technical programs and procedures, including; the establishment of eligibility requirements as to property standards, minimum construction requirements and new methods of dwelling construction for projects insured by the Federal Housing Administration; cooperation with industry and governmental agencies in the development of engineering methods, materials, mechanical equipment and architectural planning and design. Dissemination to the field offices and to the public of technical material on planning and construction; preparation of estimates and other studies on the use of materials.

(3) To execute the power and authority vested in the Commissioner under section IV of the regulations governing property and obligations held by the Federal Housing Commissioner and approved by the Secretary of the Treasury.

(4) In connection with the sale of properties conveyed to the Commissioner to execute in my official name, as my agent, all deeds or other documents or instruments in connection with the conveyance of title thereto and deeds of release, assignments, or satisfactions of mortgages, deeds of trust, or other liens taken as security in connection therewith.

(d) *Assistant Commissioner, Rental Housing and Property Management.* To the position of Assistant Commissioner, Rental Housing and Property Management, and (except with respect to the authority contained in subparagraphs (8) and (9) of this paragraph) under his general supervision to the position of Assistant to such Assistant Commissioner:

(1) To issue commitments for insurance and to execute insurance contracts under sections 207 and 608.

(2) To approve the increase in amount, the extension of term, or any other modification of commitments for insurance or of insurance contracts under sections 207, 210, and 608.

(3) To approve or disapprove "change orders" during construction under sections 207 and 608.

(4) To approve or cancel the approval of financial institutions as approved mortgagees, insured institutions, or approved lenders.

(5) To consent to the release of mortgagors and to the release of portions of the mortgaged property from the lien of the mortgage, with respect to mortgages insured under sections 207, 210, and 608.

(6) To approve or disapprove for insurance advances of mortgage money during construction under sections 207 and 608 and to execute such instruments as may be necessary in connection therewith.

(7) To operate and manage all properties conveyed to the Federal Housing Commissioner, including authority with respect to such properties, to:

(i) Approve all offers to rent or purchase, except that offers to purchase properties acquired under sections 207 or 608, or offers to buy a group of 10 or more properties acquired under other sections of the act, shall be subject to the approval of the Commissioner and shall be accompanied by the recommendations of the Property Sales Committee.

(ii) Execute such contracts, leases, assignments and other instruments as may be necessary in the rental or sale of such properties,

(iii) Employ brokers or managers,

(iv) Make repairs, alterations, and improvements,

(v) Authorize expenditures.

(8) In connection with the sale of properties conveyed to the Commissioner, to execute in my official name, as my agent, all deeds or other documents or instruments in connection with the conveyance of title thereto, and deeds of release, assignments or satisfactions of mortgages, deeds of trust, or other liens taken as security in connection therewith.

(9) To execute the power and authority vested in the Commissioner under section IV of the regulations governing property and obligations held by the Federal Housing Commissioner and approved by the Secretary of the Treasury.

(10) To execute Certificates of Claim and requisitions to the Treasury Department for the issuance of debentures.

(11) To approve the insurance of mortgages taken as security in connection with the sale of all properties conveyed to the Federal Housing Commissioner, including the authority to determine the value of such properties and facts relating to the eligibility of such mortgages for insurance.

(12) To approve the sale, assignment, or modification in the terms of, and authorize the foreclosure of, mortgages assigned to the Federal Housing Commissioner in exchange for debentures, and the sale and terms of sale of all mortgages taken as security in connection with the sale of properties conveyed to the Federal Housing Commissioner, except that offers to purchase mortgages acquired under sections 207 or 608 shall be subject to the approval of the Commissioner and shall be accompanied by the recommendation of the Property Sales Committee.

(e) *Assistant commissioner, administrative services.* To the position of Assistant Commissioner, Administrative Services, and in his absence or inability to act (except with respect to the authority contained in subparagraphs (12) and (13) of this paragraph), to the Assistant to such Assistant Commissioner:

(1) To have supervision and direction over the Personnel Division, the Washington Office Management Division, and the Budget Division.

(2) To maintain an administrative planning program, including the recommendation to the Commissioner of organizational changes within divisions and offices and the study of improvements in organization, space requirements, procedure and forms.

(3) With respect to personnel, to make appointments, promotions, transfers, demotions, separations, and classifications; to fix the administrative work week, to order or approve overtime work in excess of any that may be included in the regularly scheduled administrative work week, and to prescribe rules and regulations regarding overtime.

(4) To approve telephone contracts.

(5) To execute leases of property for FHA use.

(6) To issue orders for travel in accordance with the Standardized Government Travel Regulations, as amended, and the Independent Offices Appropriation Act, including authorization for travel by air and extra fare train in accordance with Circular No. 355, Executive Office of the President, dated April 16, 1940, and amendments thereto, and for travel incident to permanent change of station in accordance with the Treasury and Post Office Departments Appropriation Act; to approve travel performed and expense incurred on account of an emergency or without prior authority in accordance with paragraph 7 of the Standardized Government Travel Regulations, as amended, and to approve and authorize the transportation of household goods and personal effects at government expense in accordance with Executive Order 8588 and amendments thereto, and any other Executive Orders providing for the approval and authorization by the head of an Agency with respect to the transportation of household goods and personal effects at Government expense.

(7) To issue purchase orders, including printing and binding requisitions to the Government Printing Office. (See Sec. 3828, Rev. Stat.)

(8) To incur obligations and authorize expenditures for services and for the purchase of equipment, materials, and supplies other than in connection with acquired properties.

(9) To approve all agreements involving reimbursements, including agreements with others for the performance of any function by or on behalf of the Federal Housing Administration, after first obtaining the recommendation of any division affected.

(10) To issue orders for publications of notices and advertisements in newspapers, magazines, and periodicals. (See Sec. 3828, Rev. Stat.)

(11) To execute contracts for services and for the purchase of equipment, materials, and supplies, including contracts for materials, equipment, supplies and services, for the maintenance and operation of acquired properties.

(12) To execute the power and authority vested in the Commissioner under section IV of the regulations governing property and obligations held by the Federal Housing Commissioner and approved by the Secretary of the Treasury.

(13) In connection with the sale of properties conveyed to the Commissioner to execute in my official name, as my agent, all deeds or other documents or instruments in connection with the conveyance of title thereto and deeds of release, assignments, or satisfactions of mortgages, deeds of trust, or other liens taken as security in connection therewith.

(14) To certify that official long-distance telephone calls made were necessary in the interest of the Government, pursuant to section 4 of the act approved May 10, 1939 (53 Stat. 738).

(f) *Assistant Commissioner, Title I.* To the position of Assistant Commissioner, Title I, and in his absence or inability to act (except as specified in subparagraphs (4) and (5) of this paragraph) to the Assistant to such Assistant Commissioner with respect to the insurance of loans or advances of credit made under the provisions of section 2 of Title I of the National Housing Act.

(1) To approve or cancel the approval of financial institutions as approved mortgagees, insured institutions or approved lenders.

(2) To issue and cancel Contracts of Insurance under Title I and to transfer such contracts and the rights and benefits accruing thereunder between lending institutions.

(3) To exercise the authority of the Commissioner under the regulations governing Title I loans in any instance which is subject to the approval of the Commissioner.

(4) To execute the power and authority vested in the Commissioner under the regulations governing property and obligations held by the Federal Housing Commissioner and approved by the Secretary of the Treasury, except that the authority to execute the power and authority under section IV of such regulations may be exercised only by the Assistant Commissioner, Title I.

(5) In connection with the sale of properties conveyed to the Commissioner to execute in my official name, as my agent, all deeds or other documents or instruments in connection with the conveyance of title thereto and deeds of release, assignments, or satisfactions of mortgages, deeds of trust, or other liens taken as security in connection therewith. The authority in this subdivision may be exercised only by the Assistant Commissioner, Title I.

(6) To reject or accept for insurance loans or advances of credit made under the provisions of section 2 of Title I, that require the prior approval of the Federal Housing Commissioner. To execute in my name such documents as are necessary to transfer title in and to any debt, contract, claim, property, or security. To execute in my name proofs of claim against bankrupt, insolvent, or decedent estates and to execute releases of obligations to the Federal Housing Administration, including but not limited to notes, judgments, and other evidences of indebtedness, and to release liens of any sort held as security for such obligations, in those cases where the obligor has paid the full amount due thereon to the Federal Housing Administration.

(g) *General Counsel.* To the position of General Counsel and in his absence or inability to act, to the Assistant General Counsel:

(1) On behalf of the Commissioner to receive and accept service of all summons, subpoenas, and other court process directed to the Commissioner.

(2) To sign, acknowledge and verify on behalf of and in the name of the Federal Housing Commissioner, all declarations, bills, pleas, answers, and all other pleadings in any court proceeding which are brought in the name of or against the Federal Housing Commissioner, or in which he is named as a party.

(3) To advise and consult with the Commissioner and with heads of the several divisions concerning the legal aspects of the policies of the Federal Housing Administration.

(4) To interpret the provisions of the National Housing Act and of the rules and regulations promulgated thereunder; revise the rules and regulations.

(5) To collaborate with the General Counsel of the Housing and Home Finance Agency in connection with legislation before Congress pertaining to the Federal Housing Administration program, recommending changes by way of amendments.

(6) To administer all matters pertaining to the preparation of legal forms necessary to the work of the Administration; the submission of cases to the Attorney General for legal action; investigation of fraud; or violations of the National Housing Act; and the determination of acceptability of Title.

(h) *Zone commissioners and directors.* To the position of Zone Commissioner and to each of them, and under their supervision to their respective Assistant Zone Commissioners, State Directors, District Directors, Territorial Directors, Assistant State Directors, Assistant District Directors, Assistant Territorial Directors, and Executive Assistants:

(1) To issue commitments for insurance and to execute insurance contracts pursuant to such commitments.

(2) To approve a change in amount, a change of the term, or any other modification of commitments for insurance or of insurance contracts.

(3) To consent to the release of mortgagors.

(4) To consent to the release of portions of the mortgaged property from the lien of the mortgage.

(5) To approve or disapprove for insurance advances of mortgage money during construction, and to execute such instruments as may be necessary in connection therewith.

(6) To approve or disapprove "change orders" during construction.

(7) To issue Property Eligibility Statements or Commitments or any similar forms which may be provided in connection with Class 3 loans under the regulations issued pursuant to Title I, section 2, of the National Housing Act (Part 502 of this chapter).

(8) In connection with Class 3 loans under the regulations issued pursuant to Title I, section 2, of the National Housing Act, to approve the sale by insured institutions of acquired property where the insured institution exercises its option to sell the property in the open market in lieu of a conveyance to the Commissioner.

(9) To reject or accept for insurance loans or advances of credit made under the provisions of section 2 of Title I that may require the prior approval of the Federal Housing Commissioner.

(10) To approve the insurance of mortgages taken as security in connection with the sale of all properties conveyed to the Federal Housing Commissioner, including the authority to determine the value of such properties and facts relating to the eligibility of such mortgages for insurance.

(11) To execute applications or other documents in connection with any functions which the Federal Housing Administration may perform for any other agency or agencies of the United States.

(12) To certify that official long-distance telephone calls made were necessary in the interest of the Government, pursuant to section 4 of the act approved May 10, 1939 (53 Stat. 738).

(13) In connection with the sale of Commissioner owned property, to consent to the assignment of the interest of the contract purchaser under a contract for deed and to the substitution of mortgagors under a mortgage held by the Commissioner.

(14) To execute contracts for the sale of any properties conveyed to the Federal Housing Commissioner, except properties acquired under sections 207 or 608 or sales of ten or more properties as a group.

(i) *Comptroller.* To the positions of Comptroller, of Assistant Comptroller, and of Assistant to the Comptroller (in the order named):

(1) To requisition the advance of funds.

(2) To approve all expenditures and receipt vouchers necessary to carry out the provisions of the National Housing Act.

(3) To endorse checks for deposit or collection.

(4) To certify financial statements.

(5) To certify the findings of the Compliance Committee in regard to the waiver of the regulations under the provisions of section 2 (c) of the National Housing Act, as amended.

(6) To certify as to delegations of authority by the Commissioner and as to the truth or accuracy of copies of original papers or documents in the possession of the Administration.

(7) To devise accounting procedures and to administer the fiscal policies of the Administration.

(8) To execute vouchers or applications and receipt for any payments received representing refunds of taxes or other payments made by the Commissioner in connection with property acquired under the provisions of the National Housing Act.

(9) To certify that official long-distance telephone calls made were necessary in the interest of the Government, pursuant to section 4 of the act approved May 10, 1939 (53 Stat. 738).

(j) *Director of Research and Statistics.* To the position of Director of Research and Statistics:

(1) To advise the Commissioner on the economic aspects of mortgage insurance activities. Plan and administer the activities of the Research and Statistics Division. Consult with the representatives of other divisions and other agencies on problems of housing and economic research.

(2) To initiate, and to undertake on request of other officers, actuarial studies regarding insurance operations under Titles I, II, and VI, including, in collaboration with the Comptroller, studies of the distribution of expenses and income; and to prepare studies of the adequacy of premiums and reserves and such other matters as are required by the Commissioner for the formulation of sound actuarial policy.

(k) *Director of Personnel.* To the position of Director of Personnel, and in his absence or inability to act, to the Assistant Director of Personnel; acting under the supervision and direction of the Assistant Commissioner, Administrative Services:

(1) To be responsible for the development and maintenance of a personnel program.

(2) To have charge of the appointment, promotion, demotion, separation, classification, and transfer of personnel; the development and maintenance of a performance rating system; training and employee relations program; and of other personnel functions.

(3) To serve as liaison representative between the Federal Housing Administration and the Civil Service Commission and other Government agencies with respect to personnel matters.

(4) To make recommendations to the Budget Officer with respect to estimates for personnel services.

(l) *Budget Officer.* To the position of Budget Officer, acting under the supervision and direction of the Assistant Commissioner, Administrative Services:

(1) To be responsible for the preparation of budget estimates, personnel ceiling requests, and quarterly apportionments, together with the justifications therefor, and the fixing of budget allotments.

(2) To develop sound workload measures and unit costs and to analyze operations for the purpose of determining whether such workload and unit costs are justified, including the check of rate of expenditures against allocations in order to avoid over-expenditure.

(m) *Office Manager.* To the position of Office Manager, and in his absence or inability to act, to the Assistant Office Manager, acting under the supervision and direction of the Assistant Commissioner, Administrative Services:

(1) To be responsible for the administration of the Washington Office Management Division.

(2) To incur obligations, authorize expenditures, and execute contracts for services and for the purchase of equipment, materials, and supplies other than in connection with acquired properties.

(3) To approve telephone contracts.

(4) To execute leases of property for Federal Housing Administration use.

(5) To issue orders for travel in accordance with the Standardized Government Travel Regulations, as amended, and the Independent Offices Appropriation Act, including authorization for travel by air and extra fare train in accordance with Circular No. 355, Executive Office of the President, dated April 16, 1940, and amendments thereto, and for travel incident to permanent change of station in accordance with the Treasury and Post Office Departments Appropriation Act; to approve travel performed and expense incurred on account of an emergency or without prior authority in accordance with paragraph 7 of the Standardized Government Travel Regulations, as amended, and to approve and authorize the transportation of household goods and personal effects at government expense in accordance with Executive Order 8588 and amendments thereto, and any other Executive orders providing for the approval and authorization by the head of an agency with respect to the transportation of household goods and personal effects at Government expense.

(6) To issue purchase orders, including printing and binding requisitions to the Government Printing Office.

(7) To issue orders for publications of notices and advertisements in newspapers, magazines, and periodicals. (See sec. 3828, Rev. Stat.)

(8) To execute contracts for purchase of equipment and supplies, including contracts for materials, equipment, supplies and services for the maintenance and operation of acquired properties.

(9) To certify that official long-distance telephone calls made were necessary in the interest of the Government, pursuant to section 4 of the act approved May 10, 1939 (53 Stat. 738).

§ 500.14 *Delegations to committees.* Pursuant to the authority cited in § 500.11, the following assignments of duties and delegations of functions and powers are hereby made:

(a) *Executive Board.* To a Committee to be known as the "Executive Board" consisting of the Commissioner as Chairman; the First Assistant Commissioner as Vice-Chairman; the Assistant Commissioner, Field Operations; the Assistant Commissioner, Rental Housing and Property Management; the Assistant Commissioner, Underwriting; the Assistant Commissioner, Title I; the Assistant Commissioner, Administrative Services; the General Counsel; the Comptroller; the Budget Officer; the Director of Personnel; the Director of Research and Statistics; and the Zone Commissioners:

(1) To consider and discuss matters of general policy and to advise the Commissioner with respect to matters affecting the activities of the various divisions of the Administration.

The Executive Board or any part thereof shall meet upon call by the Chairman or Vice-Chairman, who will designate and excuse from attendance any member having no direct interest in the matters to be discussed at the meeting.

In the absence of the Chairman the Vice-Chairman shall preside and in the absence of any member designated by the Chairman or Vice-Chairman as being interested in the matters to be discussed, the principal assistant of such absent member shall attend the meeting and serve in the place of such member.

(b) *Property Sales Committee.* To a Committee to be known as the "Property Sales Committee", consisting of the assistant Commissioner, Rental Housing and Property Management, Chairman; Assistant Commissioner, Field Operations; Assistant Commissioner, Underwriting; and Chief Counsel, Rental Housing:

(1) To consider and recommend to the Commissioner the approval or disapproval of any offer to purchase a property or mortgage acquired by the Commissioner under the provisions of sections 207 or 603, and any offer to purchase a group of ten (10) or more properties acquired by the Commissioner in connection with any other section of the act.

(c) *Property Management Expenditures Committee.* To a Committee to be known as the "Property Management Expenditures Committee", consisting of the following: Assistant Commissioner, Rental Housing and Property Management, as Chairman; First Assistant Commissioner; Assistant Commissioner, Field Operations; General Counsel; Assistant Commissioner, Administrative Services; Comptroller; and the Zone Commissioners:

(1) To consider and determine whether or not an expenditure is "necessary to carry out the provisions" of Titles I, II, and VI, as such term is used in section 1 of the National Housing Act, whenever such a determination is, in the opinion of the General Counsel, necessary to support the legal authority of the Commissioner to make such expenditure. A quorum shall consist of five members, one of which shall be the Legal Division representative. Minutes of each meeting which include a determination by the Committee shall be forwarded to the Commissioner prior to action being concluded in connection with such determination. In the absence of any member, the principal Assistant of such absent member shall attend meetings and serve in place of such member. In absence of the Chairman, the members of the Committee shall choose a temporary Chairman.

(d) *Compliance Committee.* To a Committee to be known as the "Compliance Committee", consisting of the Assistant Commissioner, Title I; the Counsel for Title I; the Assistant Commissioner, Administrative Services; the Assistant Commissioner, Field Operations; and the Comptroller; any three of which shall constitute a quorum:

(1) To waive compliance with regulations heretofore or hereafter prescribed with respect to the interest and maturity of, and the terms, conditions, and restrictions under which loans, advances of credit, and purchases may be insured under section 2 and section 6 of Title I, if in the judgment of the Committee the enforcement of such regulations would impose an injustice upon an insured institution which has substantially complied with such regulations in good faith and refunded or credited any excess charge made, and if such waiver does not involve an increase of the obligation of the Commissioner beyond the obligation which would have been involved if the regulations had been fully complied with. In the absence of any member the principal Assistant of such absent member shall attend meetings and serve in place of such member.

[SEAL] R. WINTON ELLIOTT,
Assistant Commissioner,
Administrative Services.

Appendix—Public Land Orders

[Public Land Order 397]

WASHINGTON

REVOKING PUBLIC LAND ORDER NO. 241 OF AUGUST 1, 1944, WITHDRAWING PUBLIC LANDS FOR USE OF NAVY DEPARTMENT AS AN AERIAL GUNNERY RANGE

By virtue of the authority vested in the President and pursuant to Executive Order No. 9337 of April 24, 1943, it is ordered as follows:

Public Land Order No. 241 of August 1, 1944, withdrawing the public lands in the hereinafter described areas for the use of the Navy Department as an aerial gunnery range, is hereby revoked.

The jurisdiction over and use of such lands granted to the Navy Department by Public Land Order No. 241 shall cease upon the date of the signing of this order. Thereupon, the jurisdiction over and administration of such lands shall be vested in the Department of the Interior and any other Department or agency of the Federal Government according to their respective interests then of record.

This order shall not otherwise become effective to change the status of such lands until 10:00 a. m. on October 21, 1947. At that time the lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, or selection as follows:

(a) *Ninety-day period for preference-right filings.* For a period of 90 days from October 21, 1947, to January 20, 1948, inclusive, the public lands affected by this order shall be subject to (1) application under the homestead or the desert land laws, or the small tract act of June 1, 1938 (52 Stat. 609, 43 U. S. C. sec. 682a), as amended, by qualified veterans of World War II, for whose service recognition is granted by the act of September 27, 1944 (58 Stat. 747, 43 U. S. C. secs. 279–283), subject to the requirements of applicable law, and (2) application under any applicable public-land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications by such veterans shall be subject to claims of the classes described in subdivision (2).

(b) *Twenty-day advance period for simultaneous preference-right filings.* For a period of 20 days from October 2, 1947, to October 21, 1947, inclusive, such veterans and persons claiming preference rights superior to those of such veterans, may present their applications, and all such applications, together with those presented at 10:00 a. m. on October 21, 1947 shall be treated as simultaneously filed.

(c) *Date for non-preference right filings authorized by the public-land laws.* Commencing at 10:00 a. m. on January 20, 1948, any of the lands remaining unappropriated shall become subject to such application, petition, location, or selection by the public generally as may be authorized by the public-land laws.

(d) *Twenty-day advance period for simultaneous non-preference right filings.* Applications by the general public may be presented during the 20-day period from December 31, 1947, to January 20, 1948, inclusive, and all such applications, together with those presented at 10:00 a. m. on January 20, 1948 shall be treated as simultaneously filed.

Veterans shall accompany their applications with certified copies of their certificates of discharge, or other satisfactory evidence of their military or naval service. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated affidavits in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the District Land Office, Spokane, Washington, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations (Circular No. 324, May 22, 1914, 43 L. D. 254), and Part 296 of that title, to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Parts 166 to 170, inclusive, of Title 43 of the Code of Federal Regulations and applications under the desert land laws and the small tract act of June 1, 1938, shall be governed by the regulations contained in Parts 232 and 257, respectively, of that title.

Inquiries concerning these lands shall be addressed to the District Land Office, Spokane, Washington.

The lands affected by this order are the public lands in the following described areas:

[Public Land Order 398]

CALIFORNIA

REVOKING PUBLIC LAND ORDER NO. 116 OF APRIL 26, 1943 WITHDRAWING PUBLIC LANDS FOR USE OF WAR DEPARTMENT FOR AIRPORT PURPOSES

By virtue of the authority vested in the President and pursuant to Executive Order No. 9337 of April 24, 1943, it is ordered as follows:

Public Land Order No. 116 of April 26, 1943, withdrawing the following-described public land for the use of the War Department for airport purposes, is hereby revoked.

SAN BERNARDINO MERIDIAN

T. 8 N., R. 23 E.,
Sec. 19, N½NE¼.

The area described contains 80 acres.

This land is subject to the order of October 16, 1931, of the Secretary of the Interior withdrawing certain lands for reclamation purposes.

C. GIRARD DAVIDSON,
Assistant Secretary of the Interior.

AUGUST 19, 1947.

[Public Land Order 399]

UNITED STATES AND ALASKA

REVOCATION OF EXECUTIVE ORDER 1324½, WITHDRAWING PUBLIC LANDS CONTAINING HOT OR MEDICINAL SPRINGS IN ALASKA AND AMENDING EXECUTIVE ORDER 5389 WITHDRAWING SUCH LANDS IN UNITED STATES

By virtue of the authority contained in section 1 of the act of June 25, 1910, c. 421, 36 Stat. 847 (U. S. C., Title 43, sec. 141), and pursuant to Executive Order No. 9337 of April 24, 1943, it is ordered as follows:

Executive Order No. 1324½ of March 28, 1911, withdrawing certain public lands in the Territory of Alaska containing hot or medicinal springs, as amended by Executive Order No. 1883 of January 24, 1914, is hereby revoked; and Executive Order No. 5389 of July 7, 1930, withdrawing certain public lands containing hot or medicinal springs, exclusive of such lands in Alaska, is amended by deleting therefrom the words "exclusive of Alaska", so that the said order shall apply to lands containing hot or medicinal springs in both Alaska and the United States. Executive Order No. 5389, as herein amended, shall not apply to lands within National Forests.

This order shall not otherwise become effective to change the status of the surveyed or unsurveyed public lands in Alaska released from withdrawal by this order until 10:00 a. m. on October 22, 1947. At that time, subject to valid existing rights and the provisions of existing withdrawals, the unsurveyed lands shall become subject to settlement and other forms of appropriation in accordance with applicable laws and regulations, but the surveyed lands shall become subject to application, petition, location, or selection as follows:

(a) *Ninety-day period for preference-right filings.* For a period of 90 days from October 22, 1947, to January 20, 1948, inclusive, the surveyed public lands in Alaska released from withdrawal by this order shall be subject to (1) application under the homestead laws, or the small tract act of June 1, 1938 (52 Stat. 609, 43 U. S. C. sec. 682a), as amended, by qualified veterans of World War II, for whose service recognition is granted by the act of September 27, 1944 (58 Stat. 734, 43 U. S. C. secs. 279–283), subject to the requirements of applicable law, and (2) application under any applicable public-land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications by such veterans shall be subject to claims of the classes described in subdivision (2).

(b) *Twenty-day advance period for simultaneous preference-right filings.* For a period of 20 days from October 2, 1947 to October 21, 1947, inclusive, such veterans and persons claiming preference rights superior to those of such veterans, may present their applications, and all such applications, together with those presented at 10:00 a. m. on October 22, 1947, shall be treated as simultaneously filed.

(c) *Date for non-preference right filings authorized by the public-land laws.* Commencing at 10:00 a. m. on January 21, 1948, any of the lands remaining unappropriated shall become subject to such application, petition, location, or selection by the public generally as may be authorized by the public-land laws.

(d) *Twenty-day advance period for simultaneous non-preference right filings.* Applications by the general public may be presented during the 20-day period from January 1, 1948, to January 20, 1948, inclusive, and all such applications, together with those presented at 10:00 a. m. on January 21, 1948, shall be treated as simultaneously filed.

Veterans shall accompany their applications with certified copies of their certificates of discharge, or other satisfactory evidence of their military or naval service. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated affidavits in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the proper district land office in Alaska shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations (Circular No. 324, May 22, 1914, 43 L. D. 254), to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Part 65 of Title 43 of the Code of Federal Regulations and applications under the small tract act of June 1, 1938, shall be governed by the regulations contained in Part 257 of that title.

Inquiries concerning these lands shall be addressed to the proper district land office in Alaska.

The lands released from withdrawal by this order and for which applications may be filed as stated above are described as follows:

All surveyed public lands in Alaska containing hot springs, or other springs the waters of which possess curative medicinal properties, to the extent of 160 acres surrounding each spring, in rectangular form with side and end lines equidistant, as near as may be, from such spring or group of springs, not including, however, any smallest legal subdivision of the public land surveys which contains a hot spring, or a spring the waters of which possess curative properties.

C. GIRARD DANIELSON,
Assistant Secretary of the Interior.

AUGUST 20, 1947.

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter II—Office of Defense Transportation

[Supp. Administrative Order ODT 1-5D]

DELEGATION OF AUTHORITY TO TRANSPORTATION OFFICER, RAILWAY TRANSPORT DEPARTMENT

Pursuant to § 503.5, paragraph (b) of Administrative Order ODT 1, as amended (8 F. R. 6001; 9 F. R. 4615):

1. M. F. Pitcher, Transportation Officer, Railway Transport Department, Office of Defense Transportation, is hereby authorized to execute and issue in her discretion, subject to such terms and conditions as she may prescribe, and in the name of the Director of the Office of Defense Transportation, the special permits contemplated by § 500.73 of General Order ODT 18A, Revised, as amended (11 F. R. 8229, 8829, 10616, 13320, 14172; 12 F. R. 1034, 2386), and the special permits contemplated by General Order ODT 1, Revised, as amended (11 F. R. 8228, 9040, 10616), or as such orders may be hereafter amended, revised, or reissued.

2. The exercise of the powers and authority conferred by this order shall be subject to the general control and supervision of the Director of the Office of Defense Transportation and the Director, Railway Transport Department, Office of Defense Transportation.

This Supplementary Administrative Order ODT 1-5D shall become effective on September 2, 1947.

Supplementary Administrative Order ODT 1-5C (11 F. R. 8491), is hereby revoked as of the effective date of this Supplementary Administrative Order ODT 1-5D.

Issued at Washington, D. C., this 25th day of August 1947.

A. H. GASS,
Director, Railway Transport Department, Office of Defense Transportation.

TITLE 50—WILDLIFE

Chapter I—Fish and Wildlife Service, Department of the Interior

PART 26—EAST CENTRAL REGION NATIONAL WILDLIFE REFUGES

NECEDAH NATIONAL WILDLIFE REFUGE, WISCONSIN; DEER HUNTING REGULATIONS

Section 26.678a (11 F. R. 9040) is revised to read as follows:

§ 26.678a *Necedah National Wildlife Refuge, Wisconsin; hunting of deer.* Deer may be taken during the open season prescribed by the State Conservation Department for the hunting of deer, on all of the lands of the Necedah National Wildlife Refuge, Wisconsin, except the following:

Closed Area: W½ and that part of the SE¼ west of the Parham Ditch in Sec. 4; all refuge land north and east of the Grand Dike Road in Sec. 5, 6, 7, and 8; all refuge land west of the refuge road known as the East Dike Road in Sec. 9; all in T. 18 N., R. 3 E.; S½ of Sec. 6; N½ of Sec. 7; all west of the East Dike Road in the SW¼ Sec. 28; S½, NW¼, and that part of the NE¼ west of the road locally known as the Speedway, in Sec. 29; E½ and all of the W½ east of the Little Yellow River Drainage Ditch in Sec. 30; E½ and all of the W½ east of the north-south road locally known as the Carpenter Road in Sec. 31; all of Sec. 32; that part of the SW¼ west of the Parham Ditch and that part of the NW¼ west of the east dike of the Rynearson Flowage in Sec. 33; all in T. 19 N., R. 3 E., Fourth Principal Meridian.

Entry on and use of the refuge for any purpose is covered by the regulations for the Administration of National Wildlife Refuges dated December 19, 1940 (5 F. R. 5284), as amended, and strict compliance therewith is required. Hunters must follow such routes of travel within the refuge as are designated by posting. In addition all hunters must comply with State hunting laws and regulations and must have on their person and exhibit at the request of any authorized Federal or State officer whatever license or licenses as may be required by such laws and regulations which said license shall serve as a Federal permit for hunting deer on the refuge.

State cooperation may be enlisted in the regulation, management, and operation of the public hunting area, and the State may promulgate such special regulations as may be necessary for such regulation, management, and operation. In the event such State regulations are issued, compliance therewith shall be a requisite to lawful entry for the purpose of hunting. (Sec. 84, 35 Stat. 1104, as amended; 18 U. S. C. 145)

Dated: August 19, 1947.

CLARENCE COTTAM,
Acting Director.

PROPOSED RULE MAKING

TREASURY DEPARTMENT

Bureau of Customs

[19 CFR, Part 6]

[192.36.32]

SKY HARBOR SEAPLANE BASE, DULUTH, MINN.

NOTICE OF PROPOSED DESIGNATION AS TEMPORARY AIRPORT OF ENTRY FOR PERIOD OF 1 YEAR

Notice is hereby given that, pursuant to authority contained in section 7 (b) of the Air Commerce Act of 1926, as amended (49 U. S. C., Sup., 177 (b)), it is proposed to designate the Sky Harbor Seaplane Base, Duluth, Minnesota, as a temporary airport of entry for civil aircraft and for merchandise carried thereon arriving from places outside the United States, as defined in section 9 (b) of said act (49 U. S. C. 179 (b)), for a period of 1 year; and it is further proposed to amend the list of temporary airports of entry in § 6.13, Customs Regulations of 1943 (19 CFR, Cum. Supp., 6.13), as amended, to show such designation.

This notice is published pursuant to section 4 of the Administrative Procedure Act (Public Law 404, 79th Congress). Data, views, or arguments with respect to the proposed designation of the above-mentioned airport as an airport of entry may be addressed to the Commissioner of Customs, Bureau of Customs, Washington 25, D. C., in writing. To assure consideration of such communications, they must be received in the Bureau of Customs not later than 20 days from the date of publication of this notice in the FEDERAL REGISTER.

[SEAL] A. L. M. WIGGINS,
Acting Secretary of the Treasury.

AUGUST 22, 1947.

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR, Part 946]

HANDLING OF MILK IN LOUISVILLE, KY., MARKETING AREA

NOTICE OF RECOMMENDED DECISION AND OPPORTUNITY TO FILE WRITTEN EXCEPTIONS THERETO WITH RESPECT TO A PROPOSED ORDER, AS AMENDED, AND AS HEREBY FURTHER AMENDED, AND TO A PROPOSED MARKETING AGREEMENT

Pursuant to the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and marketing orders (7 CFR, Supps., 900.1 et seq.; 11 F. R. 7737; 12 F. R. 1159, 4904), notice is hereby given of the filing with the Hearing Clerk of a recommended decision of the Assistant Administrator, Production and Marketing Administration, United States Department of Agriculture, with respect to a proposed order, as amended, and as hereby further amended, and to a proposed marketing agreement, regulating the handling of milk in the Louisville, Kentucky, marketing area, to be made effective pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.).

Interested parties may file exceptions to this recommended decision with the Hearing Clerk, Room 0308, South Building, United States Department of Agriculture, Washington 25, D. C., not later than the close of business on the 10th day after the publication of this recommended decision in the FEDERAL REGISTER.

Preliminary statement. A public hearing, on the record of which the proposed order, as amended, and as hereby further amended, and the proposed marketing agreement have been formulated was called by the Production and Marketing Administration, United States Department of Agriculture, following receipt of proposed amendments filed by the Falls Cities Cooperative Milk Producers' Association. Additional proposals for consideration were submitted by the Louisville Milk Distributors Association, Rolling Green Dairy, and the Dairy Branch, Production and Marketing Administration. The public hearing was held at Louisville, Kentucky, on April 21 to 24, 1947, both dates inclusive, pursuant to a notice issued on March 31, 1947 (12 F. R. 2254, 2316).

The material issues presented on the record of the hearing were whether:

1. A definition of "Department of Agriculture" should be adopted;

2. The "Louisville, Kentucky, marketing area" should be revised to exclude therefrom Speed, Sellersburg, and Memphis in Clark County, Indiana;

3. The specification of the powers of the Market Administrator should be revised to provide for the making of rules and regulations to effectuate the terms and provisions of the order, and the recommendation of amendments thereof to the Secretary;

4. The specification of the duties of the Market Administrator should be revised to provide for the preparation and the making available of general statistics and information concerning the operations of the order to producers, consumers, and handlers;

5. The appropriate provisions of the order should be revised to provide for the determination of class prices, and payments to producers, on the basis of milk containing 3.8 percent, instead of 4 percent, butterfat;

6. Flavored milk, flavored milk drinks, and buttermilk containing 1 percent, or less butterfat should be classified as Class II milk;

7. The amount of plant shrinkage of producer milk to be classified as Class III milk should be 3 percent, instead of 2 percent, of the receipts of milk from producers;

8. The method of computing plant shrinkage on producer milk which is utilized in conjunction with receipts of milk, skim milk, or cream from sources other than producers and other handlers should be changed to provide for the proration of the total shrinkage on the basis of producer milk available for use as Class III milk and ungraded receipts;

9. A limited quantity of producer milk used in the manufacture of butter should be classified as Class IV milk;

10. Producer milk transferred or diverted from a fluid milk plant of a handler to his ungraded plant should be classified as Class III milk, except that, if milk, skim milk, or cream is disposed of as any product defined as Class I milk or Class II milk from such ungraded plant, such producer milk should be classified on the basis of its pro rata share of the disposition from the latter plan of all receipts by it, for the delivery period, of milk, skim milk, and cream;

11. The pounds of milk in each class should be determined on the basis of the pounds of butterfat disposed of in such class divided by the average butterfat test of producer milk for the entire market;

12. The receipts of emergency milk should be allocated to the respective classes in which used;

13. The Class I and Class II price differentials should be revised, "floor" prices for such classes should be established; and the basic formula price should be revised to provide for increases in the price levels for such classes;

14. The basic price provisions should also be revised so as (a) to increase the operating allowance in the butter-nonfat dry milk solids formula, when prices of such milk solids delivered at Chicago are used in lieu of such prices f. o. b. manufacturing plants, from 6½ cents to 7½ cents per pound, and (b) to correct the names of certain of the local manufacturing companies listed in the price computation formula for Class III milk;

15. The pricing provisions of the order should be revised to provide for the determination of Class I and Class II prices on the average of the basic formula prices for the current and the preceding delivery periods;

16. The price provided for Class I milk disposed of to relief clients should be revised;

17. A special price should be fixed for Class I milk disposed of by handlers to markets outside the marketing area;

18. The emergency price provision should be deleted;

19. Milk received at the plant of a handler, the handling of which is determined by the Secretary to be subject to the pricing and payment provisions of another Federal milk marketing agreement or order, should not be subject to the pricing and payment provisions of Order No. 46, as amended;

20. The method of making even-production incentive payments should be revised so that such payments will be made directly to producers by the handlers;

21. The market administrator should cease offsetting payments due to any handler by payments due from such handler;

22. The system of determining the butterfat differential applicable to payments to producers should be revised to cover greater fluctuations in the butter price;

23. The provisions relating to expenses of administration should be revised (a) to require the market administrator to make available to handlers detailed accounts of income and disbursements and to declare funds so collected to be impressed with a trust; (b) to have administrative assessment rates determined by the Secretary, rather than by the market administrator, subject to the approval of the Secretary; and (c) to extend the base for assessments for administrative expenses to cover receipts of milk, skim milk, and cream received from sources other than producers and other handlers; and

24. The method of accounting for milk should be revised to establish the so-called "skim milk-butterfat" basis of reporting and accounting for utilization in each class.

Findings and conclusions. The proposed findings and conclusions with respect to the aforementioned material issues, all of which are based on the evidence introduced at the hearing and the record thereof, are as follows:

(1) There should be included, in the list of definitions, a definition of the term "Department of Agriculture," and such term should be defined as "the United States Department of Agriculture, or any other Federal agency authorized to perform the price reporting functions, as referred to in this order, of the United States Department of Agriculture."

Various provisions of the existing order specify the use, for computation purposes, of certain prices "as reported by the United States Department of Agriculture (or by such other Federal agency as may hereafter be authorized to perform this price reporting function)." The adoption of such definition will make it possible to simplify and shorten such references, but will make no change in the effect of the present provisions. The handlers, through their attorney, object on the grounds that the language will permit the use of prices reported by some other Federal agency even in case the Department of Agriculture continues to report such prices, and that there is no specified limitation as to what shall be considered as a "Federal agency." It is believed that the proposed language clearly expresses the intent that the prices used shall be those reported by the Department of Agriculture so long as such reports are made by such Department, and that, in case the Department discontinues making any such report, the prices used shall be those reported by the particular Federal agency to which the Department's former function in the matter was transferred.

(2) The "Louisville, Kentucky, marketing area" definition should not be revised to exclude Speed, Sellersburg, and Memphis in Clark County, Indiana.

This proposal was made by one of the two handlers who are serving these places with fluid milk, and the proponent admitted that his sole objective was to have himself relieved of the necessity of filing reports with the market administrator, of paying administrative assessments on his milk, and of making any necessary settlement with the producer-settlement fund. The other handler would still be regulated under the order even though these places should be excluded from the marketing area, in that he operates in other portions of the marketing area. The result of any such exclusion would, therefore, be to give the proponent handler a competitive advantage over the other handler in the sale of milk in such places. In addition, the applicable health regulations in effect in such places are identical with the corresponding health regulations in other portions of Clark County, Indiana, and there has been no showing which would justify such a differentiation in treatment.

(3) There should be included, in the specification of the powers of the market administrator, provisions for the making by him of rules and regulations to effectuate the terms and provisions of the order, and for the recommending to the Secretary of amendments to the order.

With respect to the making of rules and regulations by the market administrator, it is specifically provided in section 8c (7) (C) (ii) of the Agricultural Marketing Agreement Act of 1937, as amended, that this is one of the four powers which may be granted the administrator of a marketing order, and the proposed language is substantially the same as the statutory language on the matter. The handlers, through their attorney, contend that such power should be allowed to remain in the "Secretary, who is presently empowered to make the rules," so that such rules may be issued "in accordance with law." Such a position ignores the statutory authorization, providing specifically for the granting of such power to a market administrator. Of course, any such rules or regulations as may be issued by the market administrator will need to be issued in accordance with all applicable legal requirements.

With respect to the proposing of order amendments by the market administrator, it is specifically provided in section 8c (7) (C) (iv) of the Agricultural Marketing Agreement Act of 1937, as amended, that this is another one of the four powers which may be granted the administrator of a marketing order. By reason of the fact that a market administrator is concerned with the actual day to day administration of the order provisions, he is in an especially good position to observe any defects in their operation.

(4) There should be included, in the specification of the duties of the market administrator, provision for him to prepare and make available for the benefit of producers, consumers, and handlers, general statistical market information and general information concerning the operation of the order.

Information of the aforementioned types is necessarily collected by the market administrator in connection with the performance of his official duties, and it is believed that much of it will be valuable and helpful to the public. The performance of such function by the market administrator should not require the expenditure of any appreciable additional sum of money. To refuse to make such information available to interested parties would, in the circumstances, seem to be unwarranted, and the inclusion of the provision would merely make it clear that the market administrator has the authority to make such information available. The release of such data is believed to be incidental and necessary to the efficient operation of the order.

(5) The appropriate provisions of the order should be revised to provide for the determination of class prices and the payments to producers on the basis of milk containing 3.8 percent, instead of 4 percent, butterfat.

The average butterfat content of milk received from producers has decreased approximately 0.2 percent in the past 5 years. The average butterfat content of milk received from producers was below 4 percent during 5 months of 1946. The average butterfat content of the majority of fluid milk sales to consumers is 3.8 percent.

This change does not affect the handlers' cost of milk, inasmuch as the basic formula price has been reduced so as to reflect the prices on a 3.8 percent butterfat basis, rather than on a 4 percent butterfat basis. Therefore, the butterfat test upon which the producers' price is announced becomes a matter primarily of concern to producers. The evidence indicates that producers would prefer to receive payments based on an announced price reflecting a lower butterfat content. Producers' satisfaction with the method of announcing the uniform price tends to create more orderly marketing.

(6) Flavored milk, flavored milk drinks, and buttermilk containing one percent, or less, butterfat should not be classified as Class II milk.

The classification of these products was changed from Class II milk to Class I milk by an amendment to the order, effective June 1, 1942. In support of the proposal to change the classification of these products from Class I milk to Class II milk, it was claimed that (a) increased sales of these items had not kept pace with increased sales of whole milk, (b) such items are not directly competitive with whole milk products, and (c) the characteristics of the population of Louisville, Kentucky, make such items an essential part of the milk business.

To be sold in Louisville, Kentucky, these drinks must be made from inspected milk. They are disposed of in fluid form through the same retail and wholesale channels as bottled fluid milk and are used principally as a beverage. The physical characteristics, purposes, values, and uses of these items are more nearly similar to those of fluid milk than of the items now covered under Class II milk.

It was not shown that sales were retarded due to the reclassification of these products, effective June 1, 1942, nor that the majority of such sales are made to certain segments of the population of the marketing area. Even if such showings had been made, such arguments are not in themselves adequate reasons for reclassification of such products. The reclassification of such products would not be in the public interest in that it would necessitate higher minimum prices for milk disposed of as Class I milk in order to insure a sufficient quantity of pure and wholesome milk for the market.

(7) The proposal to increase the amount of plant shrinkage of producer milk to be classified as Class III milk from 2 percent to 3 percent of the receipts of milk from producers should not be adopted.

In support of the proposed increase, it was pointed out that for the months of August and September, 1946, the average shrinkage in the market was in excess of 2 percent, in January, 1946, the market average shrinkage was 1.988 percent, and that during these three months there was as large a volume of milk in plants reporting shrinkage in excess of 2 percent as there was in plants reporting shrinkage less than 2 percent.

The plant shrinkage of butterfat, expressed as a percent of total butterfat pounds in milk received from producers, averaged 1.658 percent in 1946, 1.988 percent in January, 1946, 2.019 percent in August, 1946, 2.232 percent in September, 1946, and less than 1.68 percent for all other months of 1946. Shrinkage allowances determined on the basis of the plant experiences of the most inefficient handlers would not create greater equity between handlers in costs of milk. In the light of these shrinkage percentages and the inequities inherent in the proposed increase, such proposal should not be adopted.

(8) The method of computing plant shrinkage on producer milk which is utilized in conjunction with receipts of milk, skim milk, or cream from sources other than producers and other handlers should not be changed to provide for the proration of the total shrinkage on the basis of producer milk available for use as Class III milk and ungraded receipts.

The present order provisions specify two methods of allocating shrinkage on producer milk which is utilized with milk from other sources. If producer milk is utilized as milk, skim milk, or cream in conjunction with milk, skim milk, or cream from sources other than producers or other handlers, the shrinkage

allocated to the producer milk may not exceed its pro rata share computed on the basis of the proportions of the volumes received, from the various sources to their total. However, if producer milk is transferred as milk, skim milk, or cream under supporting transfer records satisfactory to the market administrator, to a plant of a handler from which no producer milk is disposed of as fluid milk in the marketing area, the shrinkage on the producer milk so transferred is computed on a pro rata basis with all milk and cream utilized in the latter plant and added to the shrinkage on producer milk in the handler's fluid milk plant.

The proposed change would not provide an equitable basis of computing shrinkage on producer milk, in that it would permit a handler without satisfactory transfer records to report unaccounted for milk utilized in his Class I milk or Class II milk operations as producer milk available for Class III milk, and thereby have a lesser quantity of shrinkage allocable to producer milk than a handler with satisfactory transfer records who would have shown the actual shrinkage on his Class I milk and Class II milk operations in addition to his pro rata share of shrinkage on producer milk which he transferred for manufacturing purposes.

(9) The proposal that a limited quantity of producer milk (not in excess of 10 percent of a particular handler's Class I milk sales during the delivery period involved) used in the manufacture of butter should be classified as Class IV milk during all months of each year in lieu of the present price credit given handlers on such limited quantity of producer milk so utilized during the months of April, May, and June, should not be adopted. Also, the proposal that provisions for the present price credit on such limited quantity of producer milk so utilized during the months of April, May, and June be deleted should not be adopted at this time.

In support of the proposed "butter class" for all months of the year, it was contended that (a) larger quantities of butter were made during months of 1946 other than May and June, and (b) producer returns would not be affected, since the class prices should be adjusted so as to reflect "proper" returns. For manufacturing operations in the market, producer milk is transferred to the ungraded plants, in which the various milk products, including butter, are made. Such transferred producer milk is commingled with the ungraded milk in such plants. It was not shown that the quantities of butter produced in 1946 were made wholly from producer milk. However, even if this were the case, such fact would not constitute an adequate reason for making the change. It is not desirable that producer milk be utilized in the manufacture of butter at times when emergency milk is being received. In this connection, substantial quantities of emergency milk have been received by the handlers during seven to nine months of the year for each of the past three years. It would not be in the public interest to increase Class I and Class II milk prices to compensate producers for the inclusion of a lower-priced Class IV milk, in that such action would place an unnecessary, and an avoidable strain on the prices for such higher classes.

In support of the proposal to delete the provisions for the present price credit on the aforementioned limited quantity of producer milk utilized in the manufacture of butter during the months of April, May, and June, it was contended that (a) such provisions conflict with the objectives of the even-production incentive plan, and (b) the association is willing to assist in the disposition of any excess producer milk. The allowance of a lower price for the producer milk will be in accord with the objectives of the even-production incentive plan, in that it will tend to discourage, rather than encourage, production of producer milk in such period. It was not shown that there is any practicable way for disposing of such milk at a higher price through other outlets.

However, the provisions for the special price credit on such producer milk utilized in the manufacture of butter during the months of April, May, and June should be revised to conform with the adoption of the so-called "skim milk-butterfat" basis of reporting and accounting, as discussed under (24) hereof, in order to express such price credit in terms of butterfat, rather than in terms of milk.

(10) There should be adopted the proposal that producer milk transferred or diverted from a handler's fluid milk plant to his ungraded plant be classified as Class III milk, except that if milk, skim milk, or cream is disposed of as any product defined as Class I milk or Class II milk from such ungraded plant, such producer milk shall be classified on the basis of its pro rata share of the disposition from the latter plant of all receipts by it, for the delivery period, of milk, skim milk, and cream.

Transfers or diversions of the indicated nature occur, from time to time, in the market, and the existing order contains no provisions which cover the situation specifically. It is believed that the soundness of the proposal is evident. Milk so transferred or diverted to an ungraded or manufacturing plant which does not dispose of milk, skim milk, or cream in fluid form may reasonably be regarded as intended for manufacturing, or Class III use. However, from some ungraded plants, milk is disposed of in many different forms, including fluid milk and fluid cream to markets not requiring milk of approved Louisville quality. Classification problems are more complicated where producer milk is commingled with ungraded receipts. In the classification of milk, skim milk, and cream from producer milk which is commingled with ungraded receipts in a plant having such diversified uses it is necessary to allocate the use of such producer milk, since its specific utilization cannot be shown. The administering of the provisions on the basis of monthly delivery periods will be in accordance with the established custom in the market to treat all pool operations on a monthly basis. Considerable discussion was had at the hearing as to what should be considered as satisfactory records to establish that any such claimed transfers or diversions were actually made. It is impracticable to set forth in a marketing order complete and exhaustive rules on the basis of which such a determination must be made by the market administrator. That is to say, such a determination must be made, in each case of any audit, in the light of the particular facts and circumstances.

(11) The proposal that the pounds of milk in each class be determined on the basis of the pounds of butterfat disposed of in such class divided by the average butterfat test of producer milk for the entire market should not be adopted.

Under the method of reporting and accounting prescribed by the existing order, while the amount of Class I milk of a handler is computed on a volume basis, the quantities of his Class II milk and Class III milk are computed on a milk equivalent basis, and a reconciliation adjustment figure is used to make the aggregate of the volumes computed for the handler correspond with the total quantity of milk, skim milk, and cream which he received and for which he has to account. It was originally contended by the proponents that the use of the average market butterfat test as the divisor would eliminate any need for reconciliation adjustment. However, they subsequently admitted at the hearing that such a result would not follow. Also, the adoption of the plan would not promote equity between handlers in regard to their cost for milk. In any event, the objectionable results flowing from the existing method of reporting and accounting should be largely eliminated by the adoption of the proposed skim milk and butterfat method of reporting and accounting, whereunder the skim milk and butterfat will be accounted for separately in the light of their respective actual utilizations.

(12) The proposal that receipts of emergency milk be allocated to the respective classes in which used should not be adopted.

Under the existing order provisions, the emergency milk received by a handler during a given delivery period is subtracted from his Class III milk after the subtraction from such class of milk, other than emergency milk, received from sources other than producers and other handlers and plant shrinkage which is allocable to such class. However, if the remaining Class III milk is not sufficient to cover the quantity of the emergency milk, the balance is subtracted pro rata from his Class I milk and Class II milk. The argument advanced in favor of the proposed change is that, despite the fact that the health ordinance for Louisville requires that the supply of inspected milk be exhausted for fluid purposes before any emergency milk is used for such purposes, it is necessary that handlers utilize some of their emergency milk for fluid (Class I milk and Class II milk) purposes, even though, for the same period, some inspected milk is used for manufacturing (Class III milk) purposes. They argue that, in these circumstances, the placing of the producer milk in the highest classes results in the paying of the premiums to the producers for not meeting their responsibilities for keeping the market supplied with adequate quantities of inspected milk. Such an argument ignores the fact that the effect of the proposal would be to lower the blend prices payable to producers for their milk in a market where the total production of producer milk is admittedly not adequate to meet the market needs, and that it would tend to reduce further the present inadequate supply of inspected milk. The allocation of milk so as to give preference for payment purposes to local producer milk is within the scope of the Agricultural Marketing Agreement Act of 1937, as amended.

(13) The Class I and Class II price differentials should not be revised, but floor prices for Class I milk and Class II milk should be established, and the basic formula price should be revised to provide for an increase in the levels of such prices.

Under the present pricing provisions of the order the prices for Class I milk and Class II milk are determined by adding $1.05 per hundredweight and $0.50 per hundredweight, respectively, to the basic formula price. The basic formula price is the higher of the Class III price, or the "paying" prices of 18 evaporated milk plants located in Wisconsin and Michigan less 15 cents. The Class III price is the higher of the "paying" prices of 7 local manufacturing plants, or a formula price based upon the open market prices of butter and nonfat dry milk solids, by roller process.

Several proposals were made with respect to the changing of the level of the prices for Class I milk and Class II milk. Proposals made by the handlers would decrease the existing differential for Class I milk by 15 cents per hundredweight and the existing differential for Class II milk by 10 cents per hundredweight and eliminate the use for price computation purposes of the prices paid by the listed 18 evaporated milk plants located in Wisconsin and Michigan. On the other hand, the producers submitted several proposals to increase such price levels, namely (a) to add 15 cents to each of the alternative basic formula computations, (b) to establish minimum floor prices of $5.00 for Class I milk and $4.45 for Class II milk during the fall and winter months of 1947–48, and (c) to substitute "spray" powder for "roller" powder in the butter-nonfat dry milk solids alternative formula.

General economic conditions and business activity in the Louisville area indicate a continued good demand for milk and milk products.

The uniform price per hundredweight for milk of 4.0 percent butterfat was $5.87 for November 1946, and $4.62 for March 1947—a decrease of $1.25 per hundredweight. The prices of livestock and grains have advanced sharply in 1947 and compared to declining milk prices offer returns from alternative farm enterprises which will tend to discourage milk production if these price relationships continue over an extended period of time.

Louisville handlers compete with milk buyers in other areas for supplies to be used for fluid milk purposes. Several manufacturing plants also buy milk from farmers residing in or near the Louisville milkshed.

More rigid enforcement of the Louisville Health Department regulations are indicated in the immediate future.

Data bearing on the cost of feeds, labor, and supplies incurred by Louisville producers in the production of milk showed an upward trend in the cost of these items during 1946 and 1947. The price of some feeds decreased somewhat from the peak reached when price ceilings were removed in 1946 until February 1947. During February and March of 1947 the price of dairy feeds again advanced. Farmers producing milk for fluid purposes must use feed, labor, and supplies more extensively to maintain production at a more uniform level than is required of manufacturing milk producers. Consequently, the increases in the prices which have taken place in these items affect the fluid milk producers more than producers of milk for condenseries.

Handlers contend that the general level of prices should not be increased in view of the fact that there has been a steady and constant increase in the number of producers and a substantial increase in the production per farm per day. In March 1947, the number of producers was 1,688, as compared with a range in number of producers from 1,612 to 1,706 during 1944, 1,639 to 1,671 in 1945, and 1,607 to 1,700 in 1946. The average daily deliveries per producer was 270 pounds in 1944, 294 pounds in 1945, 307 pounds in 1946, and 309 pounds in March 1947.

The level of production of regular producer milk has been insufficient to meet the needs of Class I milk and Class II milk in the Louisville market. It has been necessary for handlers to supplement their supplies of producer milk in Class I and Class II with substantial quantities from emergency sources. During eight months of 1946, over 7 million pounds of emergency milk was imported by handlers in the marketing area.

It is concluded that the weighing of the abovementioned price-making factors indicates the present need for revising the levels of prices for Class I milk and Class II milk upward by not less than 10 cents per hundredweight. This result would be accomplished by (a) increasing, by 15 cents, the alternative price computation formula based on the listed 18 national condenseries in Michigan and Wisconsin, (b) increasing, by 15 cents, the alternative price computation formula based on the 7 local milk manufacturing plants, and (c) providing that the skim milk value in the butter-nonfat dry milk solids formula shall be based on the price for spray, rather than roller, nonfat dry milk solids. While the above will result in price level changes in excess of 10 cents per hundredweight, it is anticipated that the change to the so-called "skim milk-butterfat" method of reporting and accounting, in conjunction with the aforementioned changes, will result in increases of about 10 cents per hundredweight in the levels of prices for Class I milk and Class II milk.

It is concluded that the milk producers of the Louisville area need at this time, when they are planning their fall and winter production program, more definite assurance as to the level of milk prices than is presently afforded by the basic formula price. In order to obviate uncertainties inherent in the basic formula price during abnormal postwar marketing conditions a minimum price for Class I milk and Class II milk is established below which such prices would not be permitted to go. The level of floor prices for the fall and winter months should be substantially higher than the prices prevailing during April, May, and June to emphasize the seasonal factor of milk pricing and assure producers of higher prices during the seasons when an increase in milk production is most needed by the market. Floor prices beginning from the effective date of the proposed marketing agreement and order, as amended, to and including December 1947, of $5.00 for Class I milk and $4.45 for Class II milk, and decreasing 44 cents (approximately 1 cent per quart) for January and February, 1948, will recognize this seasonality and result in prices well above the current level of April, May, and June prices.

The above changes will result in such prices as will reflect the price of feeds, the available supplies of feeds, and other economic conditions which affect market supply of and demand for milk or its products in the marketing area, insure a sufficient quantity of pure and wholesome milk and be in the public interest.

The proposal to eliminate the 18 evaporated milk plants in the basic formula price used in determining Class I and Class II prices should not be adopted. In support of the proposal to discontinue the use of such plants in arriving at the Class I and Class II prices, it was contended that the quality of milk purchased by such plants has improved to a point where such plants have developed market outlets of higher-valued use, which, in turn, has been reflected in higher prices paid to their farmers. Such argument is appropriate only in reference to the establishment of the proper price differentials to be paid to producers of the Louisville market over the prices paid to farmers selling milk to such plants.

(14) (a) The proposal to revise the basic price provisions so as to increase the operating allowance in the butter-nonfat dry milk solids formula, when prices of such milk solids delivered at Chicago are used in lieu of such prices f. o. b. manufacturing plants, from 6½ to 7½ cents per pound should not be adopted.

The present provisions of the order provide that, in the event prices of nonfat dry milk solids f. o. b. manufacturing plants are not published by the Department of Agriculture, the price for such milk solids delivered at Chicago shall be used in lieu thereof, in which the allowance for operating is 6½ cents. The relative quoted prices for nonfat dry milk solids delivered f. o. b. manufacturing

plants and those delivered at Chicago, respectively, as set forth in the general statistical information for the market, demonstrate that the present spread between the 5½ cent operating allowance f. o. b. manufacturing plants and the 6½ cent operating allowance delivered at Chicago is adequate.

(b) The proposal to revise the basic price provisions so as to correct the reference the "Kraft Cheese Company" to the "Kraft Foods Company" in the 7 local manufacturing companies should be adopted to reflect the change in the name of such company.

(15) The pricing provisions of the order should not be revised to provide for the determination of Class I and Class II prices based upon the average of the basic formula prices for the current and preceding delivery periods.

Under the present order, class prices are not known until approximately the 10th day after the end of the delivery period during which the milk is received. The proposed change was suggested for the purpose of reducing somewhat the monthly variations in Class I milk and Class II milk prices and to enable handlers to estimate more nearly in advance the level of such prices which they would be required to pay in a current delivery period. Handlers complain that they are placed at a disadvantage by not knowing the exact Class I and Class II milk prices they will have to pay for milk received from producers until after that milk has been disposed of by them. Handlers are now in a position to estimate, within a reasonable range during a delivery period, the prices which will result from the prescribed computation formulas. It is believed that any such disadvantage is more than outweighed by the fact that the change will disrupt the seasonal pattern of prices to producers.

(16) The proposal to revise the price for Class I milk disposed of to relief clients on the basis of the Class I price minus 55 cents should not be adopted. No evidence on this proposal was introduced at the hearing.

(17) The proposal that a special price be fixed for Class I milk disposed of by handlers to markets outside the marketing area should not be adopted.

It was proposed that the price of Class I milk disposed of in any market outside the marketing area should be the "price, as ascertained by the market administrator, which is being paid for milk of an equivalent use in the market where such milk is disposed of" less a transportation allowance of 1½ cents per hundredweight for each 15 miles or fraction thereof that such milk is transported for sale: *Provided*, That such resulting price shall not be lower than the Louisville Class I price minus 40 cents.

Milk approved for Louisville distribution is sold in several markets outside the marketing area. Some of this milk is sold under resale price levels lower than those in the marketing area. The markets in which such milk is distributed have health standards less stringent than those applicable to the City of Louisville. The demand for graded milk in communities outside the marketing area has grown.

The price effective under the Louisville order should be such as to induce a supply adequate to meet the demand of the Louisville marketing area. It is necessary for Louisville handlers to import substantial quantities of emergency milk to meet present demands. The fixing of lower prices for milk sold in other markets could have a depressing effect on the prices paid farmers by competing unregulated distributors in such markets, which lower prices, in turn, might further depress the "ascertained prices" proposed to be used under the Louisville order.

Moreover, prices paid by individual distributors within a single outside market often vary greatly and the standards and methods by which the market administrator would ascertain the price being paid in the outside market for milk of equivalent use was not outlined. From the administrative viewpoint, it is considered undesirable to burden the market administrator with the responsibility of determining outside market price levels in such circumstances. Furthermore, it was admitted that handlers now paying the Louisville prices have been able to meet competition in outside markets and that such sales have increased.

(18) The proposal that the emergency price provisions be deleted should be adopted.

These provisions were incorporated in the order to cover certain wartime emergency conditions which no longer exist.

(19) The proposal to exempt milk, the handling of which is determined by the Secretary to be subject to the pricing and payment provisions of another Federal milk marketing agreement or order, from the pricing and payment provisions of this order, should not be adopted.

Testimony adduced at the hearing indicates little likelihood that this proposed revision would be applicable to any situation which might occur in the Louisville market. It is felt that the present definitions of producer, handler, and emergency milk are reasonably sufficient to cover such situations.

(20) The proposal to revise the even-production incentive payment provisions so as to have such payments made directly by the handlers should not be adopted.

Under the existing order provisions, the specified deductions during the flush production months of April, May, and June are paid by the handlers to the market administrator, who, in turn, pays out the money to producers by separate checks, either directly or through their cooperative association, during the following September, October, and November. An educational program is essential to the effective operation of an even-production incentive plan, and one of the most effective means of apprising producers of the benefits which accrue to them is to pay the extra money to them separately. The proposal would result in the merging of such extra payments with regular milk payments. The record does not contain substantial proof as to the desirability or necessity for the operation in detail of the proposed amendment. The money in question is producer money and involves no extra cost to handlers. The association, representing more than two-thirds of the producers in the market, takes the position that the producers generally desire that the present method of payment be continued.

The record does not warrant changing or modifying the even-production incentive plan, which is a pooling arrangement, under the act, and is ancillary to the price provision and is reasonably adapted to allow regulation of the market upon terms which minimize the results of the restrictions.

(21) The payment provisions of the order should not be revised to preclude the market administrator from offsetting payments due any handler from the producer-settlement fund by payments due by such handler to such fund.

The present practice is in accordance with the general legal principle of offsetting a debt owed by one party against a debt owed by the other party when making final settlement. In case of a dispute as to the amount due, the present practice leaves the particular handler free to seek relief through the channels provided by the Agricultural Marketing Agreement Act of 1937, as amended, namely, through administrative proceedings pursuant to section 8c (15) (A) of that act and through appropriate court review of the decisions resulting therefrom. The adoption of the proposal, on the other hand, would require the prosecution of individual suits, entailing considerable aggregate expense, for the collection of such debts. Further, the adoption of such proposal would require the market administrator to make payments to a handler even in a case where it had been determined that such handler owed the producer-settlement fund in connection with the filing of fraudulent reports, and in the case of a handler who owes money to the producer-settlement fund, but who is financially unable to make full payment of all of his debts. From an administrative standpoint, it is impossible to make "billings" based upon audits of a current delivery period prior to the date that the market administrator is required to make payments to handlers out of the producer-settlement fund, since the market administrator is required to pay out any funds owed before all reports are required to be filed.

(22) The system of determining the butterfat differential applicable to payments to producers should be revised to cover greater fluctuations in the butter price.

Under the present order, the producer butterfat differential is determined by means of stated differentials varying one-half cent for each butter price range (bracket system). The butter price brackets range from "22.499 cents or less" per pound to "62.50 cents and over" per pound. It was proposed that such brackets be extended to provide brackets from "17.499 cents or less" per pound to "92.50 cents and over" per pound. The differentials applicable to the various butter price brackets closely approach the value of "butter plus 20 percent." A butterfat differential stated in terms of "butter plus 20 percent" is more practical and will eliminate the possibility of future revisions to extend the brackets.

(23) (a) The proposal that the provisions relating to expenses of administration be revised to require the market administrator to make available to handlers detailed accounts of income and disbursements, and to declare that funds so collected are impressed with a trust should not be adopted.

In support of such proposal, the handlers argued that, since they pay the money, they should be furnished with an accounting with respect to it. It was developed at the hearing that a report of such income and expenses had been furnished the handlers for 1946 and that it is intended to continue such practice for various markets, including the Louisville market, in the future. Such report contains as complete information as is believed to be practicable without disclosing confidential information and to retain uniformity with the reports which are being made in other Federal markets. In these circumstances, it seems that the inclusion in the order of specific provisions on the matter would serve no useful purpose.

(b) The proposal that the provisions relating to expenses of administration be revised to have administrative assessment rates determined by the Secretary, rather than by the market administrator subject to the Secretary's approval, should be adopted.

The procedure for fixing or making changes in administrative assessment rates will be made less complicated if it is made a direct, rather than a review, function of the Secretary.

(c) The base for assessments to cover administrative expenses should be broadened to include receipts of emergency milk.

The existing order provisions provide that the assessments apply only against the receipts of milk from producers (including receipts of milk from handlers' own farms). It was proposed that such base be broadened to cover receipts from all sources (producer milk, emergency milk, and other source milk). However, while other source milk is received by many handlers, the Louisville Health Department does not permit such milk to be received in approved plants and commingled with producer milk and emergency milk. On the other hand, the market administrator has to audit the disposition of emergency milk received at the approved plants the same as he does producer milk received at such plants, and such emergency milk should bear its pro rata share of the administrative costs. Substantial quantities of emergency milk have been received for the past three years for use in the various classes, and the change will apportion the expenses of administration more equitably. The rate would be applied to the broadened base the same as at present, namely, at the specified rate per hundredweight, regardless of butterfat content.

(24) The proposal to amend the present method of accounting for milk by substituting therefor appropriate language to establish a method of reporting, accounting, and pricing skim milk and butterfat, respectively, should be adopted.

Under the present provisions of the order, the pounds of Class I milk are computed on a volume basis, while the pounds of Class II milk and Class III milk are computed on the basis of 4 percent milk equivalent of the butterfat content in the various Class II and Class III milk products. The total volumes computed in this manner are then adjusted to equal actual receipts by increasing or decreasing, as the case may be, the pounds of Class III milk by an amount equal to such difference. Following such reconciliation adjustment of the total utilization as computed for the various classes to actual receipts, the receipts of milk from producers are allocated to the pounds of milk remaining in each class. Class prices quoted in terms of milk of 4 percent butterfat content are then applied to the pounds of producer milk so allocated.

In support of the proposal, handlers stated that it was not their intention that the resulting blend price should be lowered by its adoption, but that a method of reporting, classifying, and pricing skim milk and butterfat, respectively, should be substituted for the present system in order to eliminate the necessity of a reconciliation adjustment, and to make it possible for handlers to compute the costs of individual products in the various classes. It was recognized that the language of the various provisions of the order should be revised to conform with this principle.

The change will simplify order operations and will tend to create greater equity between handlers, in that the necessity for using a volume reconciliation adjustment figure will be obviated by adjusting class prices in accordance with the percentage of butterfat disposed of in the products in each respective class, and by allocating the receipts of skim milk and butterfat, separately, rather than by applying the allocation provisions on the basis of the receipts in the aggregate of milk, skim milk, and cream. Furthermore, the change will enable handlers to compute more accurately the costs to them of the individual products in the several classes. These advantages are weighted in favor of the adoption of the plan in the Louisville market because of relatively high test milk received from producers which aggravate problems of reconciliation.

The specific proposals in this connection which were presented at the hearing provided for computing basic prices for skim milk and butterfat, separately, and adding fixed differentials for Class I skim milk and Class II skim milk and fluctuating differentials for Class I butterfat and Class II butterfat based on the value of 92-score butter at Chicago for such delivery period. Such a method would result in fluctuations in the prices payable to producers for their milk other than those which would accrue from the prescribed formula methods of price computations and would be in conflict with the expressed intent of the proponents that the change not affect such prices. Therefore, the change should be affected on a basis which will maintain the specified differentials over the basic price for Class I milk and Class II milk.

The proposal to compute the volumes of the various classes of milk by determining the volumes of skim milk and butterfat disposed of in each such class, rather than the present method of computing Class II milk and Class III milk on a milk equivalent basis and reconciling such volumes to actual receipts, necessitates the adjusting of class prices to reflect the value of butterfat above or below the test of milk for which prices are quoted. It is believed that such differential for Class III milk should be on the basis of the value of 92-score butter at Chicago plus 20 percent. This differential is in line with the general level of manufacturing values. With respect to Class II milk, it is believed that such differential should be on the basis of the value of 92-score butter at Chicago, plus 25 percent. Such differential is in line with the price which would have to be paid for any outside cream which might be brought into the market for fluid uses. With regard to Class I milk, it is believed that such differential should be on the basis of the value of 92-score butter at Chicago plus 30 percent. Such differential recognizes the increase in value over Class II butterfat resulting from the higher-valued use.

Various other provisions of the order should be revised to conform with this change. In this connection, a definition of "other source milk," excepting nonfluid milk products which are received and disposed of in the same form, will simplify the operation of the order by eliminating the necessity of reporting and classifying such milk products.

Rulings on proposed findings and conclusions. Briefs were filed on behalf of the producer associations and various handlers subject to Order No. 46, as amended. Every point covered in the briefs was carefully considered, along with the evidence in the record in making the findings and reaching the conclusions hereinbefore set forth. To the extent that findings and conclusions were proposed in the briefs which are inconsistent with the proposed findings and conclusions contained herein, the implied request to make such findings or to reach such conclusions are denied on the basis of the facts found and stated in connection with the conclusions in the recommended decision.

Recommended marketing agreement and order, as amended, and as hereby amended. The following order, as amended, and as hereby amended, is recommended as the detailed and appropriate means by which the foregoing conclusions may be carried out. The recommended marketing agreement is not included in this recommended decision because the regulatory provisions thereof would be the same as those contained in the order, as amended, and as proposed here to be further amended.

§ 946.1 *Definitions.* The following terms shall have the following meanings:

(a) "Act" means Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.).

(b) "Secretary" means the Secretary of Agriculture of the United States or

such other officer or employee of the United States authorized to exercise the powers and to perform the duties of the Secretary of Agriculture.

(c) "Louisville, Kentucky, marketing area," hereinafter called the "marketing area," means the territory within Jefferson County, Kentucky, including but not being limited to the City of Louisville and Fort Knox Military Reservation; and the territory within Floyd County, Indiana, including but not being limited to all municipal corporations in said county; and the territory within the townships of Jeffersonville, Utica, Silver Creek, Union, and Charlestown, in Clark County, Indiana.

(d) "Person" means any individual, partnership, corporation, association, or any other business unit.

(e) "Producer" means any person who produces, under a dairy farm inspection permit issued by the appropriate health authority in the marketing area, milk which is:

(1) Received at a plant from which milk or cream is disposed of in the marketing area for human consumption as fluid milk or fluid cream;

(2) Received at a plant approved by the appropriate health authority in the marketing area to furnish milk or cream to a plant described under subparagraph (1) of this paragraph; or

(3) Diverted from any plant described under either subparagraph (1) or subparagraph (2) of this paragraph to any other milk distributing or milk manufacturing plant, including any plant described under subparagraphs (1) or (2) of this paragraph: *Provided*, That any such milk so diverted shall be deemed to have been received at the plant from which it was diverted.

(f) "Handler" means:

(1) Any person who receives milk, produced under a dairy farm inspection permit issued by the appropriate health authority in the marketing area, at a plant described in paragraphs (e) (1) or (e) (2) of this section; and

(2) Any association of producers with respect to milk diverted from a plant described under paragraphs (e) (1) or (e) (2) of this section to any milk distributing or milk manufacturing plant not operated by a handler, for the account of such association.

(g) "Market administrator" means the person designated pursuant to § 946.2 as the agency for the administration hereof.

(h) "Delivery period" means any calendar month.

(i) "Emergency milk" means milk, skim milk, or cream received by a handler from sources other than producers under a permit for the receipt thereof issued to him by the proper health authorities.

(j) "Other source milk" means all skim milk and butterfat in any form received from a source other than producers or other handlers, except emergency milk and any nonfluid milk product which is received and disposed of in the same form.

(k) "Department of Agriculture" means the United States Department of Agriculture, or any other Federal agency authorized to perform the price reporting functions, as referred to in this order, of the United States Department of Agriculture.

§ 946.2 *Market administrator*—(a) *Selection, removal, and salary.* The agency for the administration hereof shall be a market administrator who shall be a person selected, and subject to removal, by the Secretary. Such person shall be entitled to such compensation as may be determined by the Secretary.

(b) *Powers.* The market administrator shall:

(1) Administer the terms and provisions hereof;

(2) Receive, investigate, and report to the Secretary complaints of violation of the terms and provisions hereof;

(3) Make rules and regulations to effectuate the terms and provisions hereof; and

(4) Recommend to the Secretary amendments hereto.

(c) *Duties.* The market administrator shall:

(1) Keep such books and records as will clearly reflect the transactions provided for herein and shall surrender the same to his successor or to such other person as the Secretary may designate;

(2) Submit his books and records to examination and furnish such information and such verified reports as may be requested by the Secretary;

(3) Within 45 days following the date upon which he enters upon his duties, execute and deliver to the Secretary a bond, conditioned upon the faithful performance of his duties, in an amount and with surety thereon satisfactory to the Secretary;

(4) Publicly disclose to handlers and producers, unless otherwise directed by the Secretary, the name of any person who, within 15 days after the date upon which he is required to perform such acts, has not (i) made reports pursuant to § 946.5 or (ii) made payments pursuant to § 946.8;

(5) Employ and fix the compensation of such persons as may be necessary to enable him to administer the terms and provisions hereof;

(6) Pay, out of the funds provided by § 946.10, the cost of his bond and of the bonds of such of his employees as handle funds entrusted to the market administrator, his own compensation, and all other expenses which will necessarily be incurred by him for the maintenance and functioning of his office and the performance of his duties, except those expenses incurred under § 946.9;

(7) Promptly verify the information contained in the reports submitted by handlers; and

(8) Prepare and make available for the benefit of producers, consumers, and handlers, general statistics and information concerning the operation hereof.

§ 946.3 *Classification of milk*—(a) *Basis of classification.* All skim milk and butterfat received by a handler in (1) milk from producers, (2) milk, skim milk, and cream from other handlers, (3) emergency milk, and (4) other source milk; at a plant, described under subparagraphs (1) or (2) of § 946.1 (e), and skim milk and butterfat contained in milk handled pursuant to paragraphs (e) (3) and (f) (2) of § 946.1, shall be classified in the classes set forth in paragraph (b) of this section. In establishing the classification of skim milk and butterfat as required in paragraph (b) of this section, the burden rests upon the handler who is the first receiver to account for all skim milk and butterfat contained in milk, skim milk, and cream received and to prove that such skim milk and butterfat has been utilized in a class other than that in which the market administrator determines that such skim milk and butterfat should be classified.

(b) *Classes of utilization.* Subject to the conditions set forth in paragraphs (c), (d), (e), and (f) of this section the classes of utilization shall be as follows:

(1) Class I milk shall be all skim milk and butterfat (i) disposed of in fluid form as milk, buttermilk, and milk drinks, whether plain or flavored, and (ii) not specifically accounted for as Class II milk and Class III milk.

(2) Class II milk shall be all skim milk and butterfat disposed of as fluid cream (including sour cream), and any cream product disposed of in fluid form which contains less than the minimum butterfat content required for fluid cream.

(3) Class III milk shall be all skim milk and butterfat accounted for (i) as used to produce a product other than those specified in Class I milk and Class II milk, (ii) as actual plant shrinkage of skim milk and butterfat in milk received from producers, but not to exceed 2 percent of such receipts of skim milk and butterfat, respectively, and (iii) as actual plant shrinkage of skim milk and butterfat in emergency milk and other source milk: *Provided*, That if milk is diverted by a handler to a plant of another handler without first having been received for purposes of weighing and testing in the diverting handler's plant, the respective quantities of skim milk and butterfat contained in such milk shall be included in the receipts of skim milk and butterfat, respectively, of the second handler in computing his plant shrinkage and shall be excluded from the receipts of skim milk and butterfat, respectively, of the diverting handler in the latter's plant shrinkage computation: *And provided further*, That (*a*) if milk from producers is utilized as milk, skim milk, or cream in conjunction with emergency milk or other source milk, the shrinkage of skim milk or butterfat respectively, allocated to the milk from producers shall not exceed its pro rata share computed on the basis of the proportions of such volumes of skim milk and butterfat, respectively, received from the various sources to their total, and (*b*) if milk from producers is transferred as milk, skim milk, or cream under supporting transfer records satisfactory to the market administrator, to a plant of a handler from which no milk of producers is disposed of as fluid milk in the marketing area, the shrinkage of skim milk and butterfat, respectively, on the aforesaid transfer portion shall be computed on a pro rata basis with the skim milk and butterfat, respectively, contained in all milk, skim milk, and cream received in the latter plant and added to the shrinkage of producer's milk handled in the handler's fluid milk plant.

(c) *Interhandler and nonhandler transfers.* (1) All skim milk and butterfat contained in milk and skim milk disposed of, either by transfer or diversion, by a handler to another handler or to a person who is not a handler but who distributes milk or manufactures milk products shall be Class I milk, and all skim milk and butterfat contained in cream so disposed of shall be Class II milk, unless utilization in another class is mutually indicated in writing to the market administrator by both the transferring handler and the receiver on or before the 5th day after the end of the delivery period: *Provided*, That in no event shall the amount so indicated in writing for any class exceed the total use of skim milk or butterfat, respectively, in such class by the receiver, subject to verification by the market administrator: *And provided further*, That the classification of any such transfer or diversion of skim milk and butterfat between handlers shall be subject to allocation for each handler in the sequence set forth in paragraph (e) of this section.

(2) All skim milk and butterfat contained in milk and skim milk disposed of from a handler's plant to soda fountains, bakeries, restaurants, and other retail food establishments which dispose of milk for both fluid and other uses shall be Class I milk: *Provided*, That skim milk and butterfat contained in milk and skim milk disposed of in bulk from a handler's plant to any such establishment which, under the applicable health regulations, is permitted to receive milk and skim milk other than of Grade A quality for nonfluid purposes shall be classified as Class III milk if used or disposed of by such establishment in other than fluid form, provided such use or disposition is made subject to verification by the market administrator.

(3) All skim milk and butterfat contained in cream disposed of from a handler's plant to soda fountains, bakeries, restaurants, and other retail food establishments which dispose of cream for both fluid and other uses shall be Class II milk: *Provided*, That skim milk and butterfat contained in cream disposed of in bulk from a handler's plant to any such establishment which, under the applicable health regulations, is permitted to receive cream other than of Grade A quality for nonfluid purposes shall be classified as Class III milk if used or disposed of by such establishment in other than fluid form, provided such use or disposition is made subject to verification by the market administrator.

(4) All skim milk and butterfat contained in milk, skim milk, and cream transferred or diverted by a handler from a plant, described under subparagraphs (1) or (2) of § 946.1 (e), of such a handler, to any other plant of such handler, shall be Class III milk: *Provided*, That if skim milk and butterfat are so transferred or diverted to such a plant from which milk, skim milk, or cream is disposed of as any product specified in paragraphs (b) (1) (i) or (b) (2) of this section, such skim milk and butterfat, respectively, so transferred or diverted shall be classified on the basis of the pro rata share of the disposition from the latter plant of skim milk and butterfat, respectively, available for transfer, less shrinkage computed pursuant to paragraph (b) (3) (ii) of this section, and skim milk and butterfat, respectively, contained in other receipts of milk, skim milk, and cream at the latter plant.

(d) *Computation of skim milk and butterfat in each class.* For each delivery period the market administrator shall correct for mathematical and for other obvious errors the report submitted by each handler and compute from the corrected report:

(1) The total pounds of skim milk received by adding together (i) the pounds of milk received from producers, (ii) the pounds of milk, skim milk, and cream received from other handlers, (iii) the pounds of emergency milk received, and (iv) the pounds of other source milk received; and subtracting therefrom the total pounds of butterfat determined pursuant to subparagraph (2) of this paragraph.

(2) The total pounds of butterfat received by adding into one sum the pounds of butterfat contained in receipts from sources specified in subparagraph (1) of this paragraph.

(3) The total pounds of skim milk in Class I milk by (i) converting to quarts the quantity of milk, skim milk, and cream disposed of in the form of milk, buttermilk, and milk drinks, whether plain or flavored, and multiply by 2.15; (ii) subtracting the pounds of butterfat in Class I milk determined pursuant to subparagraph (4) (i) of this paragraph; and (iii) adding together the result obtained in subdivision (ii) of this subparagraph and the excess shrinkage of skim milk determined pursuant to subparagraph (7) (iii) (*b*) or subparagraph (8) (ii) of this paragraph.

(4) The total pounds of butterfat in Class I milk by (i) adding together the pounds of butterfat in each of the several products of Class I milk; and (ii) adding together the result obtained in subdivision (i) of this subparagraph and the excess shrinkage of butterfat determined pursuant to subparagraph (9) (ii) (*b*) of this paragraph.

(5) The total pounds of skim milk in Class II milk by (i) adding together the pounds of milk, skim milk, and cream disposed of in each of the several products of Class II milk; and (ii) subtracting the pounds of butterfat in Class II milk determined pursuant to subparagraph (6) of this paragraph.

(6) The total pounds of butterfat in Class II milk by adding together the pounds of butterfat disposed of in each of the several products of Class II milk.

(7) The total pounds of skim milk in Class III milk by (i) adding together the pounds of milk, skim milk, and cream which were used to produce each of the several products of Class III milk; (ii) subtracting the pounds of butterfat in Class III milk computed pursuant to subparagraph (9) (i) of this paragraph; (iii) subtracting from the total pounds of skim milk received computed pursuant to subparagraph (1) of this paragraph the total pounds of skim milk computed for each class pursuant to subparagraphs (3) (ii) and (5) (ii) of this paragraph and subdivision (ii) of this subparagraph, which resulting amount shall be classified as follows: (*a*) that portion not in excess of 2 percent of total receipts of skim milk from producers, plus actual plant shrinkage of skim milk received from sources other than producers and handlers shall be considered as plant shrinkage and classified as Class III milk, and (*b*) that portion in excess of 2 percent of total receipts of skim milk from producers shall be classified as Class I milk: *Provided*, That if such excess shrinkage of skim milk is greater than the quantity determined pursuant to subparagraph (8) (ii) of this paragraph such quantity shall apply in lieu hereof, and the remainder of such excess shrinkage shall be classified as Class III milk; and (iv) adding together the pounds of skim milk obtained in subdivision (ii) of this subparagraph, and the pounds of skim milk allocated to Class III milk pursuant to subdivision (iii) of this paragraph.

(8) In the event that the total pounds of skim milk obtained in subdivision (ii) of this subparagraph is less than the amount of skim milk shrinkage determined pursuant to subparagraph (7) (iii) (*b*) of this paragraph such quantity of skim milk shall be used in lieu therefor: (i) divide the pounds of butterfat shrinkage in producer milk, computed pursuant to subparagraph (9) (ii) (*b*) of this paragraph, by the average test of milk, skim milk, and cream available for use in Class III milk, less Class III purchases of milk, skim milk, and cream from other handlers, and (ii) subtract such quantity of butterfat shrinkage from the result obtained in subdivision (i) of this subparagraph.

(9) The total pounds of butterfat in Class III milk by (i) adding together the pounds of butterfat used to produce each of the several products of Class III milk; (ii) subtract from the total pounds of butterfat received, computed pursuant to subparagraph (2) of this paragraph, the pounds of butterfat in Class I milk and Class II milk computed pursuant to subparagraphs (4) (i) and (6) of this paragraph, and the pounds of butterfat computed pursuant to subdivision (i) of this subparagraph, which resulting amount of butterfat shall be classified as follows: (*a*) that portion not in excess of 2 percent of total receipts of butterfat from producers, plus actual plant shrinkage of butterfat in emergency milk and other source milk shall be considered as plant shrinkage and classified as Class III milk, and (*b*) that portion in excess of 2 percent of total receipts of butterfat from producers shall be classified as Class I milk; and (iii) adding together the results obtained in subdivisions (i) and (ii) (*a*) of this subparagraph.

(e) *Allocation of skim milk and butterfat classified.* (1) The pounds of skim milk remaining in each class, for each handler, after making the following computations shall be the pounds

of skim milk in such class allocated to milk received from producers:

(i) Subtract from the total pounds of skim milk computed for each class, in series beginning with the lowest-priced available class milk, the total pounds of skim milk contained in receipts of other source milk;

(ii) Subtract from the pounds of skim milk remaining in Class III milk an amount of skim milk so utilized, pursuant to paragraph (b) (3) (i) of this section, but not to exceed 5 percent of the total receipts of skim milk from producers plus the shrinkage of skim milk on milk received from producers, computed pursuant to paragraph (d) (7) (iii) (*a*) of this section;

(iii) Subtract from the pounds of skim milk remaining in Class III milk the pounds of skim milk contained in emergency milk received: *Provided*, That if the pounds of skim milk in emergency milk is greater than the pounds of skim milk remaining in Class III milk, the balance of such skim milk shall be subtracted pro rata from the pounds of skim milk in Class I milk and Class II milk;

(iv) Add to the pounds of skim milk remaining in Class III milk the pounds of skim milk subtracted pursuant to subdivision (ii) of this subparagraph;

(v) Subtract from the pounds of skim milk remaining in each class the pounds of skim milk contained in milk, skim milk, and cream received from other handlers and assigned to such class: *Provided*, That if the pounds of skim milk to be subtracted from Class II milk or Class III milk is greater than the pounds of skim milk remaining in such class, the balance shall be subtracted from the pounds of skim milk remaining in the next higher-priced class; and

(vi) If the pounds of skim milk remaining in all classes exceed the pounds of skim milk in milk received from producers, subtract such excess from the pounds of skim milk remaining in each class in series beginning with the lowest-priced available class.

(2) Determine the pounds of butterfat to be allocated to milk received from producers in a manner similar to that prescribed in subparagraph (1) of this paragraph for skim milk (except that the reference paragraph (d) (9) (ii) (*a*) shall be substituted for the designated reference paragraph (d) (7) (iii) (*a*) set forth in subparagraph (1) (ii) of this paragraph).

(f) *Determination of producer milk in each class.* Add the pounds of skim milk and pounds of butterfat allocated to producer milk in each class, respectively, as computed pursuant to subparagraphs (1) and (2) of paragraph (e) of this section, and determine the percentage of butterfat in each class.

§ 946.4 *Minimum prices*—(a) *Basic formula prices for Class I milk and Class II milk.* The basic formula price per hundredweight of milk to be used in computing the prices for Class I milk and Class II milk, set forth in subparagraphs (1) and (2) of paragraph (b) of this section, shall be the highest of the prices per hundredweight of milk of 3.8 percent butterfat content computed pursuant to paragraph (b) (3) (i) of this section plus 15 cents, subparagraph (1) or subparagraph (2) of this paragraph.

(1) To the average of the basic (or field) prices reported to have been paid or to be paid for milk of 3.5 percent butterfat content, without deductions for hauling or other charges to be paid by the farm shipper, received from farmers during the delivery period at the following plants or places for which prices are reported to the market administrator or to the Department of Agriculture by the companies listed below:

Companies and Location

Borden Co.:
Black Creek, Wis.
Greenville, Wis.
Mt. Pleasant, Mich.
New London, Wis.
Orfordville, Wis.
Carnation Co.:
Berlin, Wis.
Jefferson, Wis.
Chilton, Wis.
Oconomowoc, Wis.
Richland Center, Wis
Sparta, Mich.
Pet Milk Co.:
Belleville, Wis.
Coopersville, Mich.
Hudson, Mich.
New Glarus, Wis.
Wayland, Mich.
White House Milk Co.:
Manitowoc, Wis.
West Bend, Wis.

add an amount computed by multiplying the butterfat differential determined pursuant to § 946.8 (f) by 3.

(2) The price per hundredweight computed as follows:

(i) Multiply by 3.8 the average daily wholesale price per pound of 92-score butter in the Chicago market, as reported by the Department of Agriculture during the delivery period;

(ii) Add 20 percent thereof; and

(iii) Add 3½ cents per hundredweight for each full one-half cent that the price of nonfat dry milk solids by spray process for human consumption is above 5½ cents per pound. For the purpose of this formula the price per pound of nonfat dry milk solids to be used shall be the average of the carlot prices by spray process for human consumption, f. o. b. manufacturing plants in the Chicago area, as published by the Department of Agriculture during the delivery period, including in such average the quotations published for any fractional part of the previous delivery period which were not published and available for the price determination of such milk solids for the previous delivery period. In the event the carlot prices for such milk solids, f. o. b. manufacturing plants, are not so published, the average of the carlot prices for such milk solids, delivered at Chicago, as published by the Department of Agriculture, shall be used, and the following shall be used in lieu of the computation provided for herein: add 3½ cents per hundredweight for each full one-half cent that the price of such nonfat dry milk solids delivered at Chicago is above 6½ cents per pound.

(b) *Class prices.* Subject to the provisions of paragraphs (c) and (d) of this section and § 946.7 (a), each handler shall pay producers, at the time and in the manner set forth in § 946.8, not less than the prices per hundredweight computed as follows for the respective quantities of Class I milk, Class II milk, and Class III milk, computed pursuant to § 946.3 (f):

(1) *Class I milk.* The price for Class I milk shall be the basic formula price plus $1.05: *Provided*, That for the delivery periods from the effective date hereof to and including December, 1947, the price for Class I milk shall not be less than $5.00, and that for the delivery periods of January and February, 1948, the price for Class I milk shall not be less than the December, 1947, price less 44 cents.

(2) *Class II milk.* The price for Class II milk shall be the basic formula price plus $0.50: *Provided*, That for the delivery periods from the effective date hereof to and including December, 1947, the price for Class II milk shall not be less than $4.45, and that for the delivery periods of January and February, 1948, the price for Class II milk shall not be less than the December, 1947, price less 44 cents.

(3) *Class III milk.* The price for Class III milk shall be the higher of the prices computed pursuant to subdivisions (i) and (ii) of this subparagraph:

(i) The price per hundredweight computed as follows: from the average of the basic (or field) prices reported by, and ascertained by the market administrator to have been paid by, the following concerns at the manufacturing plants or places listed below for ungraded milk of 4 percent butterfat content, without deductions for hauling or other charges to be paid by the farm shipper, received during the delivery period:

Concern and Location

Kraft Foods Co., Lawrenceburg, Ky.
Armour Creameries, Elizabethtown, Ky.
Armour Creameries, Springfield, Ky.
Kraft Foods Co., Salem, Ind.
Ewing-Von Allmen Co., Corydon, Ind.
Ewing-Von Allmen Co., Madison, Ind.
Producers' Dairy Marketing Association, Orleans, Ind.

subtract an amount computed by multiplying the butterfat differential determined pursuant to § 946.8 (f) by 2.

(ii) The price per hundredweight computed as follows:

(*a*) Multiply by 3.8 the average daily wholesale price per pound of 92-score butter in the Chicago market, as reported by the Department of Agriculture during the delivery period:

(*b*) Add 20 percent thereof; and

(*c*) Add 3½ cents per hundredweight for each full one-half cent that the price of nonfat dry milk solids by roller process for human consumption is above 5½ cents per pound. For the purpose of this formula the price per pound of nonfat dry milk solids to be used shall be the average of the carlot prices by roller process for human consumption, f. o. b. manufacturing plants in the Chicago area, as published by the Department of Agriculture during the delivery period, including in such average the quotations published for any fractional part of the preceding delivery period which were not published and available for the price determination of such milk solids for the previous delivery period. In the event the carlot prices for such milk solids, f. o. b. manufacturing plants, are not so published, the average of the carlot prices for such milk solids, delivered at Chicago, as published by the Department of Agriculture, shall be used, and the following shall be used in lieu of the computation provided for herein: Add 3½ cents per hundredweight for each full one-half cent that the price of such nonfat dry milk solids delivered at Chicago is above 6½ cents per pound. For the purpose of this formula the price per pound of nonfat dry milk solids to be used shall be the average of the carlot prices by spray process for human consumption, f. o. b. manufacturing plants in the Chicago area, as published by the Department of Agriculture during the delivery period, including in such average the quotations published for any fractional part of the previous delivery period which were not published and available for the price determination of such milk solids for the previous delivery period. In the event the carlot prices for such milk solids, f. o. b. manufacturing plants, are not so published, the average of the carlot prices for such milk solids, delivered at Chicago, as published by the Department of Agriculture, shall be used, and the following shall be used in lieu of the computation provided for herein: Add 3½ cents per hundredweight for each full one-half cent that the price of such nonfat dry milk solids delivered at Chicago is above 6½ cents per pound.

(b) *Class prices.* Subject to the provisions of paragraphs (c) and (d) of this section and § 946.7 (a), each handler shall pay producers, at the time and in the manner set forth in § 946.8, not less than the prices per hundredweight computed as follows for the respective quantities of Class I milk, Class II milk, and Class III milk, computed pursuant to § 946.3 (f):

(1) *Class I milk.* The price for Class I milk shall be the basic formula price plus $1.05: *Provided*, That for the delivery periods from the effective date hereof to and including December, 1947, the price for Class I milk shall not be less than $5.00, and that for the delivery periods of January and February, 1948, the price for Class I milk shall not be less than the December, 1947, price less 44 cents.

(2) *Class II milk.* The price for Class II milk shall be the basic formula price plus $0.50: *Provided*, That for the delivery periods from the effective date hereof to and including December, 1947, the price for Class II milk shall not be less than $4.45, and that for the delivery periods of January and February, 1948, the price for Class II milk shall not be less than the December, 1947, price less 44 cents.

(3) *Class III milk.* The price for Class III milk shall be the higher of the prices computed pursuant to subdivisions (i) and (ii) of this subparagraph:

(i) The price per hundredweight computed as follows: from the average of the basic (or field) prices reported by, and ascertained by the market administrator to have been paid by, the following concerns at the manufacturing plants or places listed below for ungraded milk of 4 percent butterfat content, without deductions for hauling or other charges to be paid by the farm shipper, received during the delivery period:

Concern and Location

Kraft Foods Co., Lawrenceburg, Ky.
Armour Creameries, Elizabethtown, Ky.
Armour Creameries, Springfield, Ky.
Kraft Foods Co., Salem, Ind.
Ewing-Von Allmen Co., Corydon, Ind.
Ewing-Von Allmen Co., Madison, Ind.
Producers' Dairy Marketing Association, Orleans, Ind.

subtract an amount computed by multiplying the butterfat differential determined pursuant to § 946.8 (f) by 2.

(ii) The price per hundredweight computed as follows:

(*a*) Multiply by 3.8 the average daily wholesale price per pound of 92-score butter in the Chicago market, as reported by the Department of Agriculture during the delivery period:

(*b*) Add 20 percent thereof; and

(*c*) Add 3½ cents per hundredweight for each full one-half cent that the price of nonfat dry milk solids by roller process for human consumption is above 5½ cents per pound. For the purpose of this formula the price per pound of nonfat dry milk solids to be used shall be the average of the carlot prices by roller process for human consumption, f. o. b. manufacturing plants in the Chicago area, as published by the Department of Agriculture during the delivery period, including in such average the quotations published for any fractional part of the preceding delivery period which were not published and available for the price determination of such milk solids for the

previous delivery period. In the event the carlot prices for such milk solids, f. o. b. manufacturing plants, are not so published, the average of the carlot prices for such milk solids, delivered at Chicago, as published by the Department of Agriculture, shall be used, and the following shall be used in lieu of the computation provided for herein: Add 3½ cents per hundredweight for each full one-half cent that the price of nonfat dry milk solids delivered at Chicago is above 6½ cents per pound.

(c) *Price of Class I milk for relief distribution.* For Class I milk delivered by a handler to the residence of a relief client certified by a recognized relief agency, charged to such an agency, or disposed of by a handler under a program approved by the Secretary for the sale or disposition of milk to low-income consumers, including persons on relief, such handler shall pay not less than the price for Class III milk plus 12 cents.

(d) *Butterfat differential to handlers.* If the weighted average butterfat test of that portion of producer milk which is classified, respectively, in any class of utilization for a handler, pursuant to § 946.3 (f), is more or less than 3.8 percent, there shall be added to, or subtracted from, as the case may be, the price for such class of utilization, for each one-tenth of one percent that such weighted average butterfat test is above or below, respectively, 3.8 percent, a butterfat differential (computed to the nearest tenth of a cent), calculated for each class of utilization as follows:

(1) *Class I milk.* Multiply by 0.13 the average daily wholesale price per pound of 92-score butter in the Chicago market, as reported by the Department of Agriculture during the delivery period;

(2) *Class II milk.* Multiply by 0.125 the average daily wholesale price per pound of 92-score butter in the Chicago market as reported by the Department of Agriculture during the delivery period; and

(3) *Class III milk.* Multiply by .12 the average daily wholesale price per pound of 92-score butter in the Chicago market, as reported by the Department of Agriculture during the delivery period.

§ 946.5 *Reports of handlers*—(a) *Periodic reports.* Each handler shall report to the market administrator, in the detail and on forms prescribed by the market administrator, as follows:

(1) On or before the 5th day after the end of each delivery period, all skim milk and butterfat contained in receipts of milk from producers (including milk produced by him), receipts of milk, skim milk, and cream from other handlers, receipts of emergency milk, and receipts of other source milk; and the utilization of all receipts of skim milk and butterfat for the delivery period.

(2) On or before the day emergency milk is received, his intention to receive such milk.

(3) On or before the 5th day after the end of each delivery period, the receipts during the delivery period of emergency milk, the quantity of skim milk and butterfat contained in such milk, the date or dates upon which such milk was received, the plant from which such milk was shipped, the price per hundredweight paid, or to be paid, for such milk, the utilization of skim milk and butterfat contained in such milk, and such other information with respect thereto as the market administrator may request.

(b) *Reports as to producers.* Each handler shall report to the market administrator, as soon as possible after first receiving milk from any producer, the name and address of such producer, the date upon which milk was first received, and the plant at which such milk was received: *Provided*, That milk diverted as described in § 946.1 (e) (3) need not be reported pursuant to this paragraph.

(c) *Reports of payments to producers.* Each handler shall submit to the market administrator on or before the 20th day after the end of each delivery period his producer payroll for such delivery period which shall show for each producer the net amount of such producer's payment with the prices, deductions, and charges involved, and the total delivery of milk with the average butterfat test thereof.

(d) *Verification of reports and payments.* (1) The market administrator shall verify all reports and payments of each handler by audit of such handler's records and of the records of any other handler upon whose disposition of skim milk and butterfat contained in milk, skim milk, or other milk products such handler claims classification. Each handler shall keep adequate records of his receipts and utilization of all skim milk and butterfat and shall, during the usual hours of business, make available to the market administrator or his representative such records, reports, and facilities as will enable the market administrator to (i) verify the receipts and disposition of all skim milk and butterfat required to be reported pursuant to this section, and, in case of errors or omissions, ascertain the correct figures; (ii) weigh, sample, and test for butterfat content the milk received from producers and any milk product upon which classification depends; and (iii) verify the payments to producers prescribed in § 946.8.

(2) If, in the verification of the reports of any handler made pursuant to paragraph (a) of this section, it is necessary for the market administrator to examine the records of milk and milk products handled in a plant of a handler from which no milk is disposed of in the marketing area, such handler shall make such records available to the market administrator. If, in the verification of the reports of any handler made pursuant to paragraph (a) of this section, the market administrator finds that, subsequent to the delivery period for which the verification is being made, any skim milk or butterfat contained in milk received from producers during such delivery period was used in a class other than that in which it was first disposed of, such skim milk and butterfat shall be reclassified accordingly and the adjustments necessary to reflect the reclassified value of such skim milk and butterfat shall be made in the billing computed for such handler for the delivery period following such reclassification.

(e) *Reports from the market administrator to cooperative associations.* On or before the 15th day after the end of each delivery period, the market administrator shall report to each cooperative association as described in § 946.9 (b) the percentage of milk caused to be delivered by such association or by its members which was used in each class by each handler receiving any such milk. For the purpose of this report the milk so received shall be prorated to each class in the proportion that the total receipts of milk from producers by such handler were used in each class.

§ 946.6 *Application of provisions*—(a) *Handlers who are also producers.* No provisions hereof shall apply to a handler whose only sources of milk supply are receipts from his own production or from other handlers, except that such handler shall make reports to the market administrator at such time and in such manner as the market administrator may request and shall permit the market administrator to verify such reports.

(b) *Receipts of bulk milk from a handler who is also a producer.* The market administrator, in computing the value of milk for any handler, shall consider as Class III milk any skim milk or butterfat contained in milk, skim milk, or cream received in bulk from a handler whose only source of milk is his own production. If the receiving handler disposes of skim milk or butterfat from such milk, skim milk, or cream, other than as Class III milk, the market administrator shall add to the total value, computed pursuant to § 946.7 (a), the difference between the value of such milk, skim milk, and cream at the Class III price computed pursuant to § 946.4 (b) (3) and the value according to its allocated usage.

(c) *Payment for excess skim milk or butterfat.* In the event that a handler, after subtracting receipts of milk, skim milk, and cream from other handlers, receipts of emergency milk, and receipts of other source milk, has disposed of skim milk or butterfat in excess of the skim milk or butterfat which, on the basis of his reports, has been credited to his producers as having been delivered by them, such handler shall pay to producers, through the producer-settlement fund, an amount computed by multiplying the pounds in each class as subtracted pursuant to § 946.3 (e) by the applicable class prices.

§ 946.7 *Determination of uniform prices to producers*—(a) *Computation of value for each handler.* For each delivery period the market administrator shall compute, subject to the provisions of paragraphs (b) and (c) of § 946.6, the value of milk of producers received by each handler, by multiplying the quantity in each class, computed pursuant to § 946.3 (f), by the price applicable to such class and adding together such amounts: *Provided*, That if such handler uses butterfat from producers' milk received during April, May, and June, to produce butter, an allowance shall be made in the value of milk computed for such handler at the rate of .10 times the average daily wholesale price per pound of 92-score butter in the Chicago market, as reported by the Department of Agriculture during the delivery period, on such butterfat so used which is not

in excess of 10 percent of such handler's disposition of Class I butterfat computed pursuant to § 946.3 (d). If such handler utilizes emergency milk or other source milk in milk products, the amount of butter allocated to butterfat in milk received from producers shall be a pro rata share based upon the respective volumes of butterfat from each source utilized in milk products.

(b) *Computation and announcement of uniform price.* The market administrator shall compute and announce the uniform price per hundredweight of producer milk containing 3.8 percent of butterfat for each delivery period, as follows:

(1) Combine into one total the respective values computed pursuant to paragraph (a) of this section, for all handlers who made the report prescribed by § 946.5 (a) for such delivery period, except those in default of payments required pursuant to § 946.8 (c) for the preceding delivery period;

(2) Subtract, if the average butterfat content of all milk received from producers is in excess of 3.8 percent, or add, if such average butterfat content is less than 3.8 percent, the total value of the butterfat differential applicable pursuant to § 946.8 (f);

(3) Subtract for each of the delivery periods of April, May, and June, 1946, an amount representing 25 cents per hundredweight of milk received from producers by the handlers whose milk values are included under subparagraph (1) of this paragraph, such deduction to be increased to 30 cents per hundredweight during the corresponding delivery periods of 1947, to 35 cents per hundredweight during the corresponding delivery periods of 1948, and to 40 cents per hundredweight during the corresponding delivery periods of each year thereafter;

(4) Add an amount representing the cash balance in the producer-settlement fund, less the amount due handlers pursuant to § 946.8 (e) and less the aggregate of the amounts held pursuant to subparagraph (3) of this paragraph for payment pursuant to § 946.8 (d) (2);

(5) Divide the amount computed pursuant to subparagraph (4) of this paragraph by the total hundredweight of milk of producers;

(6) Subtract from the figure computed pursuant to subparagraph (5) of this paragraph not less than 4 cents nor more than 5 cents per hundredweight for the purpose of retaining in the producer-settlement fund a cash balance to provide against errors in reports and payments of delinquencies in payments by handlers; and

(7) On or before the 10th day after the end of each delivery period, notify each handler and publicly announce such uniform price, the class prices, and the butterfat differentials provided by § 946.4 (d) and § 946.8 (f).

§ 946.8 *Payment for milk*—(a) *Time and method of payment.* On or before the 15th day after the end of each delivery period, each handler shall pay to each producer, for milk received during the delivery period, an amount of money representing not less than the total value of such producer's milk at the uniform price per hundredweight, subject to the butterfat differential set forth in paragraph (f) of this section: *Provided*, That if by such date such handler has not received full payment for such delivery period pursuant to paragraph (d) of this section, he may reduce uniformly per hundredweight for all producers his payments pursuant to this paragraph by an amount not in excess of the per hundredweight reduction in payment from the market administrator; however, the handler shall make such balance of payment to those producers to whom it is due on or before the date for making payments pursuant to this paragraph next following that on which such balance of payment is received from the market administrator.

(b) *Producer-settlement fund.* The market administrator shall establish and maintain a separate fund known as the producer-settlement fund into which he shall deposit all payments made by handlers pursuant to paragraphs (c) and (e) of this section, and out of which he shall make all payments pursuant to paragraphs (d) and (e) of this section: *Provided*, That payment due any handler shall be offset by payments due from such handler.

(c) *Payments to the producer-settlement fund.* On or before the 15th day after the end of each delivery period, each handler shall pay to the market administrator any amount by which the classification value of his milk, computed pursuant to § 946.7 (a), for the delivery period is greater than an amount computed by multiplying the hundredweight of milk received by him from producers during the delivery period by the uniform price.

(d) *Payments out of the producer-settlement fund.* (1) On or before the 20th day after the end of each delivery period, the market administrator shall pay to each handler for payment to producers any amount by which the classification value of his milk, computed pursuant to § 946.7 (a), for the delivery period is less than an amount computed by multiplying the hundredweight of milk received by him from producers during the delivery period by the uniform price. If at such time the balance in the producer-settlement fund is insufficient to make all payments pursuant to this paragraph, the market administrator shall reduce uniformly such payments and shall complete such payments as soon as the necessary funds are available.

(2) On or before the 15th day after the end of each of the delivery periods of September, October, and November, beginning in 1946, the market administrator shall pay out of the producer-settlement fund to the producers from whom milk was received during such delivery period an amount computed as follows: Divide one-third of the aggregate amount held pursuant to § 946.7 (b) (3) by the hundredweight of producers' milk delivered during the delivery period involved (September, October, or November, as above) and apply the resulting amount (computed to the nearest full cent per hundredweight) to the milk of each producer for such delivery period: *Provided*, That payments under this subparagraph due any producer who has given authority to a cooperative association which is qualified under the "Capper-Volstead Act" pursuant to § 946.9 (b), to receive payment for his milk shall be distributed to such cooperative association if the association requests receipt of such payments.

(e) *Adjustment of errors in payments.* Whenever verification by the market administrator of payments by any handler discloses errors made in payments to the producer-settlement fund pursuant to paragraph (c) of this section, the market administrator shall promptly bill such handler for any unpaid amount and such handler shall, within 15 days, make payment to the market administrator of the amount so billed. Whenever verification discloses that payment is due from the market administrator to any handler, pursuant to paragraph (d) of this section the market administrator shall, within 15 days, make such payment to such handler. Whenever verification by the market administrator of the payment by a handler to any producer for milk received by such handler discloses payment of less than is required by this section, the handler shall make up such payment not later than the time of making payment to producers next following such disclosure.

(f) *Butterfat differential.* In making payments pursuant to paragraph (a) of this section the uniform price for each handler shall be adjusted, for each one-tenth of one percent of butterfat content in the milk of each producer above or below 3.8 percent, as the case may be, by a butterfat differential (computed to the nearest multiple of one-half cent) calculated as follows: multiplying by 0.12 the average daily wholesale price per pound of 92-score butter in the Chicago market, as reported by the Department of Agriculture during the delivery period.

§ 946.9 *Marketing services*—(a) *Deduction for marketing services.* Except as set forth in paragraph (b) of this section, each handler shall deduct 4 cents per hundredweight from the payments made directly to producers pursuant to § 946.8, with respect to all milk received by such handler from producers during each delivery period, and shall pay such deductions to the market administrator on or before the 15th day after the end of such delivery period. Such moneys shall be used by the market administrator to verify weights, samples, and tests of milk received by handlers from producers during the delivery period and to provide such producers with market information. Such services shall be performed in whole or in part by the market administrator or by an agent engaged by and responsible to him.

(b) *Producers' cooperative association.* In the case of producers for whom a cooperative association, which the Secretary determines to be qualified under the provisions of the Act of Congress of February 18, 1922, as amended, known as the "Capper-Volstead Act," is actually performing, as determined by the Secretary, the services set forth in paragraph (a) of this section, each handler shall make, in lieu of the deductions specified in paragraph (a) of this section, such deductions from the payments to be made directly to such producers pursuant to § 946.8, as are authorized by such producers, and, on or before the 15th day after the end of each delivery period, pay over such deductions to the association rendering such services.

§ 946.10 *Expense of administration.* As his pro rata share of the expense of administration hereof, each handler shall pay to the market administrator, on or before the 15th day after the end of each delivery period, 2 cents per hundredweight or such lesser amount as the Secretary may prescribe, with respect to receipts, during the delivery period, of (1) milk from producers (including such handler's own production), and (2) emergency milk received at a plant described in subparagraphs (1) and (2) of § 946.1 (e). Each cooperative association which is a handler shall pay pro rata share of expense on only that milk of producers caused to be delivered by such cooperative association to a plant from which no milk is disposed of in the marketing area.

§ 946.11 *Effective time, suspension, and termination*—(a) *Effective time.* The provisions hereof, or any amendment hereto, shall become effective at such time as the Secretary may declare and shall continue in force until suspended or terminated, pursuant to paragraph (b) of this section.

(b) *Suspension and termination.* Any or all provisions hereof, or any amendment hereto, shall be suspended or terminated as to any or all handlers after such reasonable notice as the Secretary may give, and shall, in any event, terminate whenever the provisions of the act authorizing it cease to be in effect.

(c) *Continuing power and duty.* (1) If, upon the suspension or termination of any or all provisions hereof, there are any obligations arising hereunder the final accrual or ascertainment of which requires further acts by any handler, by the market administrator, or by any other person, the power and duty to perform such further acts shall continue notwithstanding such suspension or termination: *Provided*, That any such acts required to be performed by the market administrator shall, if the Secretary so directs, be performed by such other person, persons, or agency as the Secretary may designate.

(2) The market administrator, or such other person as the Secretary may designate, shall (i) continue in such capacity until discharged, (ii) from time to time account for all receipts and disbursements and, if so directed by the Secretary, deliver all funds or property on hand, together with the books and records of the market administrator, or such person, to such person as the Secretary shall direct, and (iii) if so directed by the Secretary, execute such assignments or other instruments necessary or appropriate to vest in such person full title to all funds, property, and claims vested in the market administrator or such person pursuant hereto.

(d) *Liquidation after suspension or termination.* Upon the suspension or termination of any or all provisions hereof, the market administrator, or such person as the Secretary may designate, shall, if so directed by the Secretary, liquidate the business of the market administrator's office and dispose of all funds and property then in his possession or under his control, together with claims for any funds which are unpaid and owing at the time of such suspension or termination. Any funds collected pursuant to the provisions hereof, over and above the amounts necessary to meet outstanding obligations and the expenses necessarily incurred by the market administrator or such person in liquidating and distributing such funds, shall be distributed to the contributing handlers and producers in an equitable manner.

§ 946.12 *Agents.* The Secretary may, by designation in writing, name any officer or employee of the United States to act as his agent or representative in connection with any of the provisions hereof.

Filed at Washington, D. C., this 25th day of August 1947.

[SEAL] S. R. NEWELL,
Acting Assistant Administrator.

NOTICES

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[1917065]

ALASKA

NOTICE OF FILING OF PLATS OF U. S. SURVEYS ACCEPTED JUNE 24, 1947

AUGUST 20, 1947.

Notice is given that the plats of:

U. S. Survey No. 2723, Alaska, Lots 1 to 7, inclusive, area 7.65 acres, situated at the junction of the Slana-Tok and Alaska Highways;

U. S. Survey No. 2724, Alaska, Lots 1 to 6, inclusive, area 8.23 acres, situated on the east side of the Slana-Tok Highway at the junction with the Alaska Highway;

U. S. Survey No. 2725, Alaska, Lots 1 to 7, inclusive, area 7.36 acres, situated at the junction of the Slana-Tok and Alaska Highways;

U. S. Survey No. 2726, Alaska, Lots 1 to 6, inclusive, area 7.36 acres, situated on the west side of the Slana-Tok Highway at the junction with the Alaska Highway;

U. S. Survey No. 2727, Alaska, Lots 1 to 5, inclusive, area 6.25 acres, situated on the west side of the Richardson Highway at the junction with the Alaska Highway;

U. S. Survey No. 2728, Alaska, Lots 1 and 2, area 2.39 acres, situated on the west side of Richardson Highway about 0.2 mile north of the Alaska and Richardson Highway junction, will be officially filed in the District Land Office, Fairbanks, Alaska, effective at 10:00 a. m. on October 22, 1947.

By Public Land Order No. 12 of July 20, 1942 and Public Land Order No. 84 of January 28, 1943, these lands, subject to valid existing rights were withdrawn from all forms of appropriation under the public-land laws, and by Public Land Order 386 of July 31, 1947 the orders mentioned were revoked as to these lands, and, subject to valid existing rights, including the rights of natives based on occupancy, and the provisions of existing withdrawals (including the withdrawal of a 60-ft. strip along the Alaska-Yukon Territory boundary, made by Proclamation of May 3, 1912, 37 Stat. 1741), were withdrawn from all forms of appropriation under the public land laws, including the mining and the mineral leasing laws for classification and survey.

Anyone having a valid settlement right or other right to any of these lands, initiated prior to the date of the withdrawal of the land, should assert the same within three months from the date on which the plats are officially filed by filing an application under appropriate public land law, setting forth all facts relevant thereto.

All inquiries relating to these lands should be addressed to the Acting Manager, District Land Office, Fairbanks, Alaska.

FRED W. JOHNSON,
Director.

[F. R. Doc. 47-8010; Filed, Aug. 27, 1947; 8:45 a. m.]

NEW MEXICO

REVOKING CERTAIN WITHDRAWALS FOR FOREST ADMINISTRATION SITES

The orders of the Secretary and the Acting Secretary of the Interior dated November 28, 1906, February 5, 1907, August 26, 1907, and January 7, 1908, withdrawing the following-described lands for use as forest administrative sites within the Lincoln National Forest, New Mexico, are hereby revoked:

NEW MEXICO PRINCIPAL MERIDIAN

T. 10 S., R. 11 E.,
Sec. 27, unsurveyed, a tract of approximately 95 acres, described by metes and bounds, withdrawn as Station 26, White Mountain Park Administrative Site.

T. 20 S., R. 19 E.,
Sec. 20, two tracts aggregating 200 acres, described by metes and bounds, withdrawn as the Sargent Seep Administrative Site.

This order shall not otherwise become effective to change the status of the lands

until 10:00 a. m. on the 63d day from the date on which it is signed, whereupon the lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to such application, petition, location, or selection as may be authorized by the public-land laws in accordance with the provisions of 43 CFR 295.8 (Circ. 324, May 22, 1914, 43 L. D. 254), to the extent that these regulations are applicable.

OSCAR L. CHAPMAN,
Under Secretary of the Interior.

AUGUST 15, 1947.

CIVIL AERONAUTICS BOARD

[Docket No. 2384 et al.]

CHICAGO HELICOPTER SERVICE CASE

NOTICE OF HEARING

In the matter of the application of United Air Lines, Inc., and other applications for certificates of public convenience and necessity under section 401 of the Civil Aeronautics Act of 1938, as amended, authorizing the establishment of new and additional air transportation services of persons, property, and mail with helicopter aircraft in the Chicago, Illinois, area.

Notice is hereby given pursuant to the Civil Aeronautics Act of 1938, as amended, particularly sections 401, 408, and 1001 of said act, that a hearing in the above-entitled proceeding is assigned to be held on September 15, 1947, at 10:00 a. m., Room 779, United States Court House Building, Jackson Boulevard and Dearborn Street, Chicago, Illinois, before Examiner Ferdinand D. Moran.

Without limiting the scope of the issues presented by the parties to this proceeding, particular attention will be directed to the following matters and questions:

1. Whether the proposed routes are required by the public convenience and necessity.

2. Whether the applicants are citizens of the United States and are fit, willing, and able to perform the service for which they are applying and to conform to the provisions of the act and the rules, regulations, and requirements of the Board promulgated thereunder.

3. If the public convenience and necessity require the service, which carrier can best perform the service.

Notice is further given that any person desiring to be heard in opposition to an application consolidated in this proceeding must file with the Board on or before September 15, 1947, a statement setting forth the issues of fact or law which he desires to controvert.

For further details of the service proposed and authorizations requested, interested parties are referred to the applications on file with the Civil Aeronautics Board.

Dated at Washington, D. C., August 22, 1947.

By the Civil Aeronautics Board.

[SEAL] M. C. MULLIGAN,
Secretary.

[F. R. Doc. 47-8042; Filed, Aug. 27, 1947; 8:47 a. m.]

[Docket No. 2861]

SOUTHWEST AIRWAYS CO.

NOTICE OF HEARING REGARDING MODIFICATION OF OPERATING RESTRICTION

In the matter of the application of Southwest Airways Company for amendment, pursuant to section 401 (h) of the Civil Aeronautics Act of 1938, as amended, of certificate of public convenience and necessity for route No. 76 so as to authorize origination or termination of scheduled flights short of terminal points.

Notice is hereby given pursuant to sections 401 and 1001 of the Civil Aeronautics Act of 1938, as amended, that a hearing in the above-entitled matter is assigned to be held on September 15, 1947 at 10:00 a. m., daylight saving time, in Conference Room C of the Departmental Auditorium, Constitution Avenue NW., between 12th and 14th Streets, Washington, D. C., before Examiner F. A. Law, Jr.

Without limiting the scope of the issues presented by the application herein particular attention will be directed to the following matters and questions: (1) Whether the proposed amendment is required by the public convenience and necessity and particularly whether the restriction against originating or terminating flights short of terminal points contained in the certificate of public convenience and necessity for route No. 76 is unnecessarily burdensome upon the applicant, or unnecessarily restricts the movement of traffic; whether the public convenience and necessity require such restriction or whether it is in the public convenience and necessity for applicant to operate flights originating or terminating at points short of terminal points; (2) Whether the applicant is fit, willing and able to perform the transportation proposed in the application, and to conform to the provisions of the Act and the rules, regulations and requirements of the Board thereunder; and (3) Whether the applicant is a citizen of the United States within the meaning of the act. Any person desiring to be heard in this proceeding must file with the Board, on or before September 12, 1947, setting forth the issues of fact or law raised by said application which he desires to controvert.

Dated at Washington, D. C., August 25, 1947.

By the Civil Aeronautics Board.

[SEAL] M. C. MULLIGAN,
Secretary.

FEDERAL POWER COMMISSION

[Docket No. G-932]

EAST OHIO GAS CO.

NOTICE OF APPLICATION

AUGUST 22, 1947.

Notice is hereby given that on August 6, 1947, The East Ohio Gas Company (Applicant), an Ohio corporation having its principal place of business at Cleveland, Ohio, and authorized to do business in the State of Ohio, filed an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of certain natural-gas transmission facilities described as follows:

Approximately 84 miles of 20-inch O. D. pipeline extending in a northerly direction from Applicant's Mullett Farm valve station about 4 miles north of the Ohio River in Switzerland Township, Monroe County, Ohio, at which location said 20-inch line will be connected to the Big Inch and Little Big Inch Pipe Lines, and thence extending in a northerly direction to Applicant's Gross Farm valve station, Jackson Township, Stark County, Ohio;

or, in the alternative, a finding that Applicant is not a "natural-gas company," subject to the jurisdiction of the Commission under the provisions of said act.

The application recites that the proposed pipeline is to be used for the purpose of augmenting Applicant's existing gas supply; that said 20-inch line is to be connected to the Big Inch and Little Big Inch Pipe Lines, which lines are now operated under temporary lease from the War Assets Administration by Texas Eastern Transmission Corporation (Texas Eastern); that Applicant, in addition to purchases of natural gas from Hope Natural Gas Company and Panhandle Eastern Pipe Line Company, is at present purchasing and receiving gas from Texas Eastern at Applicant's Mullet Farm valve station through an existing pipeline in quantities of approximately 47 million cubic feet per day, under an interim agreement dated March 26, 1947, between Texas Eastern and Applicant together with other subsidiaries of Consolidated Natural Gas Company.

The application further recites that under a separate agreement, likewise dated March 26, 1947, between Texas Eastern and Applicant together with other subsidiaries of Consolidated Natural Gas Company, which agreement is contingent upon the consummation of the purchase by Texas Eastern of said Big Inch and Little Big Inch Pipe Lines, Texas Eastern agrees to continue to sell specified quantities of natural gas from said two lines to Applicant, and Applicant agrees to proceed with its efforts to obtain any necessary authorization for the construction of additional facilities for receiving said gas and to proceed with such construction as diligently as possible. The application further states that pursuant to this agreement, as soon as Texas Eastern has completed the construction of additional facilities to increase the capacity of the Big Inch and Little Big Inch Pipe Lines, and as soon as Applicant has completed additional facilities to receive gas from said two lines, Applicant is entitled to receive increased supplies of gas from Texas Eastern.

The estimated total over-all capital cost of construction for the proposed facilities is approximately $3,200,000. Applicant proposes to finance such costs from cash on hand.

Any interested State commission is requested to notify the Federal Power Commission whether the application should be considered under the cooperative provisions of Rule 37 of the Commission's rules of practice and procedure (18 CFR 1.37) and, if so, to advise the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creation of a board, or a joint or concurrent hearing, together with reasons for such request.

The application of The East Ohio Gas Company is on file with the Commission and is open to public inspection. Any person desiring to be heard or to make any protest with reference to the application shall file with the Federal Power Commission, Washington 25, D. C., not later than 15 days from the date of publication of this notice in the FEDERAL REGISTER, a petition to intervene or protest. Such petition or protest shall conform to the requirements of Rules 8 and 10, whichever is applicable, of the rules of practice and procedure (as amended on June 16, 1947) (18 CFR 1.8 or 1.10).

[SEAL] S. A. WALKER,
Acting Secretary.

[F. R. Doc. 47-8013; Filed, Aug. 27, 1947; 8:46 a. m.]

[Docket No. G-935]

EAST TENNESSEE NATURAL GAS CO.

NOTICE OF APPLICATION

AUGUST 25, 1947.

Notice is hereby given that on August 18, 1947, an application was filed with the Federal Power Commission by East Tennessee Natural Gas Company (Applicant), a Tennessee corporation having its principal place of business at Chattanooga, Tennessee, for an order by the Commission under section 7 (a) of the Natural Gas Act requiring Tennessee Gas Transmission Company, as successor to Tennessee Gas and Transmission Company, to extend or improve it facilities, to establish physical connection of its transportation facilities with the facilities which Applicant proposes to construct and operate pursuant to the certificate sought in Docket No. G-889,[1] and to sell and deliver natural gas to Applicant in such quantities and upon such reasonable conditions as to enable Applicant to render adequate service to the markets and areas proposed to be served by Applicant.

Applicant states that the markets and areas to be served by the facilities proposed at Docket No. G-889, include the Chattanooga and Knoxville, Tennessee, markets and areas, and approximately thirty other intermediate and adjacent municipalities and areas in Tennessee, all of which are now withput natural gas service; and that the maximum daily demand of such markets and areas at the end of the fifth year after the introduction of natural gas therein is estimated to be 63,876 Mcf.

Applicant further states that the aforesaid markets and areas are dependent upon Tennessee Gas Transmission Company for their natural gas supply; that by written contract of September 6, 1946, Tennessee Gas and Transmission Company agreed to supply the entire natural gas requirements thereof; and that Tennessee Gas Transmission Company does not propose to furnish such natural gas service to Applicant from the increased capacity authorized at Docket No. G-808.

Any interested State commission is requested to notify the Federal Power Commission whether the application should be considered under the cooperative provisions of Rule 37 of the Commission's rules of practice and procedure (18 CFR 1.37) and, if so, to advise the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creation of a board, or a joint or concurrent hearing, together with reasons for such request.

The application of East Tennessee Natural Gas Company is on file with the Commission and is open to public inspection. Any person desiring to be heard or to make any protest with reference to the application shall file with the Federal Power Commission, Washington 25, D. C., not later than 15 days from the date of publication of this notice in the FEDERAL REGISTER, a petition to intervene or protest. Such petition or protest shall conform to the requirements of Rule 8 or 10, whichever is applicable, of the rules of practice and procedure (as amended on June 16, 1947) (18 CFR 1.8 or 1.10).

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 47-8021; Filed, Aug. 27, 1947; 8:47 a. m.]

[Docket No. G-933]

PANHANDLE EASTERN PIPE LINE CO.

NOTICE OF APPLICATION

AUGUST 22, 1947.

Notice is hereby given that on August 8, 1947, Panhandle Eastern Pipe Line Company (Applicant), a Delaware corporation having its principal office in Kansas City, Missouri, filed an application with the Federal Power Commission for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing Applicant to construct and operate the following described facilities, subject to the jurisdiction of the Commission:

One 2,400 horsepower compressor unit and appurtenant equipment at Liberal, Kansas, compressor station.

Applicant states that the proposed facilities are needed for the 1947-1948 winter season in order to compensate for Applicant's inability to procure in time for the 1947-1948 season the pipe required for the 10.6 miles of 26-inch O. D. loop line proposed to be constructed between Applicant's Liberal and Hansford compressor stations, which loop line, among other facilities, was authorized to be constructed by the Commission's order of November 30, 1946, at Docket No. G-706. Applicant further states that the installation of the facilities proposed in this docket will enable Applicant to supply 515,000 Mcf per day at the discharge side of its Liberal Station, as contemplated to be supplied by the facilities authorized at Docket No. G-706. Applicant estimates that the proposed compressor facilities will be available for installation before the beginning of the winter season of 1947-1948.

Applicant estimates that the total over-all capital cost of the proposed facilities is $215,000, which will be financed through the use of current funds on hand.

Any interested State commission is requested to notify the Federal Power Commission whether the application should be considered under the cooperative provisions of Rule 37 of the Commisison's rules of practice and procedure (18 CFR 1.37) and, if so, to advise the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creation of a board, or a joint or concurrent hearing, together with the reasons for such request.

The application of Panhandle Eastern Pipe Line Company is on file with the Commission and is open to public inspection. Any person desiring to be heard or to make any protest with reference to the application shall file with the Federal Power Commission, Washington 25, D. C., not later than fifteen days from the date of publication of this notice in the FEDERAL REGISTER, a petition to intervene or protest. Such petition or protest shall conform to the requirements of Rule 8 or 10, whichever is applicable, of the rules of practice and procedure (as amended on June 16, 1947 (18 CFR 1.8 or 1.10).

[SEAL] S. A. WALKER,
Acting Secretary.

[F. R. Doc. 47-8014; Filed, Aug. 27, 1947; 8:46 a. m.]

SECURITIES AND EXCHANGE COMMISSION

[File Nos. 59-22, 52-27, 54-125]

NORTH AMERICAN GAS AND ELECTRIC CO. ET AL.

NOTICE OF FILING OF AMENDMENT 3 TO PLAN FOR RECAPITALIZATION OF SOUTHERN UTAH POWER COMPANY AND NOTICE OF AND ORDER RECONVENING HEARINGS IN CONSOLIDATED PROCEEDINGS

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa. on the 20th day of August 1947.

In the matter of North American Gas and Electric Company, Washington Gas and Electric Company, Nathan A. Smyth

and Leo Loeb, trustees of the estate of Washington Gas and Electric Company, and their subsidiary companies, respondents, File No. 59-22; Nathan A. Smyth and Leo Loeb, as trustees in reorganization under chapter X of the Bankruptcy Act of Washington Gas and Electric Company, Debtor, File No. 52-27; Nathan A. Smyth and Leo Loeb, as trustees in reorganization under chapter X of the Bankruptcy Act of Washington Gas and Electric Company, Debtor, Southern Utah Power Company, File No. 54-125.

Notice is hereby given that Nathan A. Smyth and Leo Loeb, as Trustees in reorganization under Chapter X of the Bankruptcy Act of Washington Gas and Electric Company, Debtor ("Washington"), a public utility and registered holding company, said Trustees being also a registered holding company, and Southern Utah Power Company ("Southern Utah"), a public utility company and a subsidiary of Washington, have filed with the Commission, pursuant to the provisions of the Public Utility Holding Company Act of 1935 (the "act"), Amendment No. 3 to their Application for Approval of a Plan of Recapitalization of Southern Utah. The amendment supersedes the provisions of the Plan heretofore filed for the recapitalization of Southern Utah and the amendments thereto heretofore submitted. The said applicants have requested that said Amendment No. 3 be considered under the provisions of sections 6, 7, 10, and 12 of the act.

All interested persons are referred to the said Amendment No. 3, which is on file in the offices of this Commission, for a statement of the transactions therein proposed which are summarized as follows:

1. Southern Utah will amend its Articles of Incorporation so as to provide for an authorized issue of 4,400 shares of 4½% Cumulative Preferred Stock of $100 par value and 82,000 shares of Common Stock of $10 par value in place of the presently authorized 4,500 shares of 7% Prior Preference Stock of $100 par value, 600 shares of $5 Preferred Stock without par value and 7,500 shares of $100 par value Common Stock.

2. Washington, as the owner of the 3,000 shares of 7% Prior Preference Stock, the 4,500 shares of the $100 par Common Stock and 41 of the 353½ shares of the $5 Preferred Stock of Southern Utah, being all of its capital stock presently outstanding, will exchange such shares for 62,910 shares of the proposed new $10 par value Common Stock of Southern Utah.

3. The 312½ shares of the presently outstanding $5 Preferred Stock owned by persons other than Washington are to be called for redemption.

4. Of the newly authorized shares of 4½% Cumulative Preferred Stock, 1,500 shares will be sold to Armour and Company Employees' Pension Fund of Chicago, Illinois, and Bankers Life Insurance Company of Nebraska, of Lincoln, Nebraska, in equal portions, at $100 per share. The proceeds of the sale are to be used in part to furnish funds for the aforementioned redemption of the publicly held 312½ shares of the $5 Preferred Stock and the balance is to be applied towards the payment of bank loans heretofore made by the company for construction purposes or toward the payment of the cost of future construction of facilities necessary in the conduct of its business.

5. The new 4½% Cumulative Preferred Stock will be redeemable in whole or in part at the company's option at $105 per share and accrued dividends at any time on thirty days' notice, or at $100 per share through the operation of a sinking fund into which must be paid, on or before the first day of September of every year beginning with 1948, an amount of cash equal to 3% of the aggregate par value of the greatest number of such shares which have heretofore been issued and outstanding. Holders of such stock will be entitled to the preferential payment of $105 per share and accrued dividends in the event of a voluntary, and to $100 per share and accrued dividends in the event of an involuntary dissolution or liquidation. The new Common Stock will have the sole voting right to elect directors, except that, in the event that Cumulative Preferred dividends are in arrears amounting to $4.50 per share or more, or in the event of a failure to set aside and apply to the redemption of such Preferred Stock any annual sinking fund installment, the holders of the Preferred Stock will have the right, as a class, to elect the smallest number of directors constituting a majority of the Board. Additional shares of such Preferred Stock may be issued with the consent of the holders of two-thirds of the then outstanding shares of such stock or without such consent provided certain earnings coverage tests are met.

6. No dividends are to be paid on any of the presently outstanding shares of 7% Prior Preference, $5 Preferred or $100 par value Common Stocks, except such as are payable upon the redemption of the publicly held 312½ shares of $5 Preferred Stock.

The Trustees state that in addition to approval by this Commission, authority must be obtained by the Trustees from the Bankruptcy Court to make the exchanges of stock and take such other steps as are necessary to carry out the proposed transactions.

The Trustees of Washington having heretofore filed with this Commission an application for approval of Amendment No. 1 to a plan for reorganization of Washington, submitted pursuant to section 11 (f) of the act, and the proceedings thereon having been consolidated with proceedings on the amended plan for the recapitalization of Southern Utah and with proceedings instituted by the Commission under sections 11 (b) (1) and 11 (b) (2) of the act with respect to Washington and Southern Utah, and hearings having been held and adjourned subject to call; and

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that hearings held in the aforesaid consolidated proceeding with respect to Washington and its remaining subsidiary, Southern Utah, be reconvened;

It is ordered, That a hearing in such consolidated proceedings under the applicable provisions of the Act and Rules of the Commission be reconvened on September 3, 1947 at 10:00 a. m., e. d. s. t., in the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. On such day the hearing room clerk in Room 318 will advise as to the room where such hearing will be held.

It is further ordered, That William W. Swift, or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said act, and to a trial examiner under the Commission's rules of practice.

It is further ordered, That without limiting the scope of the issues to be considered in these consolidated proceedings there will be considered at such reconvened hearing the matters and questions set forth in our Notice of and Order Reconvening Hearings herein, dated August 21, 1946 (Holding Company Act Release No. 6855), except insofar as the same are now inapplicable to Southern Utah, and further with respect to Southern Utah, the following matters and questions:

1. Whether the proposed issue and sale of 4½% Preferred Stock by Southern Utah meet the standards of section 7 of the act.

2. Whether the proposed authorization and issue, and the exchange of new Common Stock for the existing shares and classes of stock of Southern Utah presently owned by Washington are in all respects in conformity with the standards of the act.

3. Whether the proposed redemption and retirement of the publicly held $5.00 Preferred Stock of Southern Utah in all respects are in conformity with the provisions of the act and applicable rules thereunder.

4. Whether the fees, commissions and other remuneration to be paid in connection with the proposed transactions are for necessary services and are reasonable in amount.

5. Whether the accounting entries to be recorded in connection with the proposed transactions are proper and in conformity with sound accounting principles and meet the standards of the act.

6. Whether it is necessary or appropriate to impose terms or conditions in the public interest or for the protection of investors and consumers in connection with the proposed transactions.

It is further ordered, That the Secretary of the Commission shall serve notice of the hearing aforesaid by mailing a copy of this order by registered mail to Nathan A. Smyth and Leo Loeb, Trustees of Washington Gas and Electric Company, Debtor, to Southern Utah Power Company, the Cities of Tacoma, Olympia, Aberdeen and Everett, Washington and Cedar City, Utah, the Federal Power Commission, the Department of Public Service of the State of Washington, the Public Service Commission of the State of Utah, The Continental Bank and Trust Company of New York, indenture trustee under the mortgage securing Washington's First Lien and General Mortgage 6% Bonds, to The Chase National Bank of the City of New York, indenture trustee under the mortgage securing Washington's First Mortgage Bonds, and to all participants in these consolidated proceedings; and that further notice be given by general release of the Commission, distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935, and to all persons by publication of this order in the FEDERAL REGISTER.

It is further ordered, That any persons desiring to be heard in connection with this proceeding, or proposing to intervene herein, shall file with the Secretary of this Commission, on or before September 2, 1947, his request or application therefor, as provided in Rule XVII of the rules of practice of the Commission.

By the Commission.

[SEAL] NELLYE A. THORSEN, *Assistant to the Secretary.*

[File No. 70-1591]

IOWA PUBLIC SERVICE CO. AND SIOUX CITY GAS AND ELECTRIC CO.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 21st day of August 1947.

Notice is hereby given that Iowa Public Service Company ("Iowa Public"), a public utility company and a registered holding company, and its parent, Sioux City Gas and Electric Company ("Sioux City"), also a public utility company and a registered holding company, having filed an application-declaration pursuant to the Public Utility Holding Company Act of 1935 (the "act"). Applicants-declarants have designated sections 6 (a), 7, 9, 10 and 12 (f) of the act and Rules U-43 and U-50 promulgated thereunder as applicable to the proposed transactions.

Notice is further given that any interested person may, not later than September 3, 1947 at 12:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law raised by said application-declaration which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Street, Philadelphia 3, Pennsylvania. At any time thereafter, such application-declaration as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated pursuant to said act or the Commission may exempt such transaction as provided in Rule U-20 (a) and Rule U-100 thereof.

All interested persons are referred to said application-declaration which is on file in the office of this Commission for a statement of the transactions therein proposed which are summarized below:

Iowa Public proposes to issue and sell, pursuant to the competitive bidding requirements of Rule U-50, $3,500,000 principal amount of First Mortgage Bonds, __% Series due 1977, to be issued under and secured by the company's presently existing Mortgage and Deed of Trust, dated as of June 1, 1946, to be supplemented by a First Supplemental Indenture dated as of September 1, 1947. The interest rate on the new bonds (which is to be a multiple of ⅛ of 1%) and the price to be received by Iowa (to be not less than 100% and not more than 102¾% of the principal amount thereof) are to be determined by the competitive bidding.

Iowa Public also proposes to issue 109,866 shares of additional common stock of a par value of $15 per share and offer to its common stockholders of record at the close of business on September 16, 1947, the right to subscribe for such common stock at the rate of ⅛ of a share of common stock for each share of common stock then held of record at a price to be determined by the Board of Directors on or about September 11, 1947, which price will be approximately $3 below the market price at such time, but not below $15 per share. The subscription rights will be evidenced by transferable warrants which will be exerciseable only in amounts calling for full shares and which warrants will be mailed on or about September 18, 1947. In addition, the holders of warrants will be entitled to subscribe at the same price for shares covered by outstanding unexercised warrants, subject to allotment upon the basis that the number of shares covered by the warrant exercised by such holder bears to the total number of shares covered by outstanding warrants which are exercised by holders thereof desiring to subscribe for additional shares, irrespective of the number of additional shares subscribed for. The holder of a warrant will not be entitled to subscribe for the shares covered thereby unless the duly exercised warrant and the purchase price for the shares to be issued upon the exercise thereof are received by Manufacturers Trust Company, Agent, 55 Broad Street, New York 15, New York, prior to 3 p. m., New York Time, October 8, 1947; the holder of a warrant will not be entitled to subscribe for additional shares subject to allotment unless he shall also subscribe for the number of shares specifically covered by such warrant and unless payment is made, upon surrender of such warrant, in full for the shares specifically covered thereby and to the extent of at least 10% of the purchase price of the additional shares subscribed for.

Sioux City proposes to exercise the warrants to be received by it, representing a total of 66,359 shares of common stock and, in addition to subscribe for 6,592 additional shares subject to allotment. Sioux City also proposes to purchase at the same price any shares of the common stock of Iowa Public which are not subscribed for either on the basis of shares covered by warrants or as a result of subscriptions for additional shares subject to allotment. As required by the terms of the Mortgage and Deed of Trust of Sioux City dated as of December 1, 1945, all shares of common stock of Iowa Public so acquired will be pledged by Sioux City with the trustee under said mortgage.

The application-declaration states that Iowa Public will use the net proceeds from the sale of the bonds and additional common stock to provide a portion of the funds required for the construction or acquisition of permanent improvements, extensions and additions or to reimburse its treasury in part for expenditures made for such purposes. Of the net proceeds to be received from the issuance and sale of the bonds and common stock, approximately $1,200,000 will be added to the company's general funds and approximately $2,300,000 will be retained by the trustee under Iowa Public's indenture subject to withdrawal in amounts equivalent to 60% of the cost or fair value of unfunded net property additions certified to the trustee, and otherwise as provided in the indenture.

Sioux City proposes, pursuant to the terms of a loan agreement, to issue and sell privately to Bankers Trust Company (New York) a promissory note or notes, in the aggregate principal amount of $1,800,000, bearing interest on the unpaid principal amount at the rate of 1¾% per annum payable quarterly and maturing in two years from the date of issue. The proceeds of the sale of the notes will be used for the construction or acquisition of permanent improvements, extensions and additions to Sioux City's property and to acquire shares of common stock of Iowa Public. The application-declaration states that Sioux City desires to finance temporarily by means of a bank loan until such time as its requirements have reached sufficient size to justify permanent financing. In addition, it is stated that it is the judgment of Sioux City's management that such permanent financing can be carried out more advantageously after the consolidation referred to hereinafter, than by Sioux City prior to such consolidation.

The application-declaration also states that it is the present intention of the managements of Iowa Public and of Sioux City to initiate proceedings during 1948 to effect a consolidation of the properties of Iowa Public and Sioux City, either by the filing of a voluntary plan pursuant to section 11 of the act or, upon securing the necessary stockholder and Commission approval, by a merger or consolidation of the corporations pursuant to the provisions of the statutes of Iowa and Delaware, or by such other means as may be approved by the Commission.

The application-declaration further states that any such consolidation would probably involve the assumption by the surviving or successor corporation of all debts of Iowa Public and of Sioux City, the issuance of its preferred and common stocks for the preferred and common stocks of Iowa Public and of Sioux City, and, as part of such consolidation or subsequent thereto, the sale of additional common stock of the surviving or successor corporation, to either with cash derived from earnings, to pay the pro-

posed note or notes of Sioux City in the aggregate principal amount of $1,800,000.

The applicants-declarants request that the Commission's order be issued on September 4, 1947 and become effective forthwith.

By the Commission.

[SEAL] NELLYE A. THORSEN,
Assistant to the Secretary.

[Vesting Order 9640]

AACHENER BANKFUR HANDEL UND GEWERBE

In re: Bank account owned by Aachener Bankfur Handel und Gewerbe. F-28-259-E-1.

Under the authority of the Trading with the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Aachener Bankfur Handel und Gewerbe, the last known address of which is c/o Commerz Privatbank, Aix-la-Chapelle, Germany, is a coporation, partnership, association or other business organization, organized under the laws of Germany, and which has or, since the effective date of Executive Order 8389, as amended, has had its principal place of business in Germany, and is a national of a designated enemy country (Germany);

2. That the property described as follows:

a. That certain debt or other obligation owing to Aachener Bankfur Handel und Gewerbe, by The New York Trust Company, 100 Broadway, New York, New York, arising out of a checking account, entitled Aachener Bankfur Handel Gewerbe, and any and all rights to demand, enforce and collect the same,

b. That certain debt or other obligation owing to Aachener Bankfur Handel und Gewerbe, by The New York Trust Company, 100 Broadway, New York, New York, arising out of a checking account, entitled Aachener Bankfur Handel Gewerbe for Gebr. Erasmus, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on August 13, 1947.

For the Attorney General.

[SEAL] DAVID L. BAZELON,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 9642]

ROSA ALBERT ET AL.

In re: Bank accounts owned by Rosa Albert, and others.

Under the authority of the Trading with the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Rosa Albert, Max Buehler, Anna Lurz, Ignaz Ruck, Ludwig Ruck, Heinrich E. Ruck, and Josef Ruck, whose last known addresses are Germany, are residents of Germany and nationals of a designated enemy country (Germany);

2. That the property described as follows: Those certain debts or other obligations owing to the persons whose names are set forth in Exhibit A, attached hereto and by reference made a part hereof, by Commonwealth Bank, Dime Building, Detroit, Michigan, arising out of commercial accounts, numbered and entitled as set forth opposite the names of the aforesaid persons, maintained at the aforesaid bank, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid nationals of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the persons named in subparagraph 1 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on August 13, 1947.

For the Attorney General.

[Bar Order 1]

JOSEPH CHOKICHI ABE ET AL.

ORDER EXTENDING THE TIME FOR FILING CLAIMS IN RESPECT OF CERTAIN DEBTORS

In accordance with section 34 (b) of the Trading with the Enemy Act, as amended, and by virtue of the authority vested in the Attorney General by said act and Executive Order 9788, the time fixed by Bar Order No. 1 (12 F. R. 1448, March 1, 1947; 12 F. R. 3394, May 24, 1947), for the filing of debt claims in respect of debtors, any of whose property was vested in or transferred to the Alien Property Custodian or the Attorney General between December 18, 1941 and December 31, 1946, inclusive, is hereby extended to such date or dates as shall be fixed by further bar orders in respect of debtors other than those listed in Appendix A hereto.

At least sixty days' notice of such date or dates shall be given by publication in the FEDERAL REGISTER. In accordance with said section 34 (b), no time for the filing of debt claims shall be fixed beyond August 8, 1948, or two years from the date of the last vesting in or transfer to the Alien Property Custodian or the Attorney General of any property or interest of a debtor in respect of whose debts a date is fixed, whichever is later. September 2, 1947, shall remain fixed as the date after which claims filed in respect of the debtors listed in Appendix A shall be barred from consideration.

Executed at Washington, D. C. this 25th day of August 1947.

For the Attorney General.

[SEAL] DAVID L. BAZELON,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 9630]

YAMATAKE & CO., LTD.

In re: Debt owing to Yamatake & Co., Ltd. F-39-2220-C-1.

Under the authority of the Trading with the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Yamatake & Co., Ltd., the last known address of which is Yaesu Building, Marounuchi, Tokyo, Japan, is a corporation, partnership, association or other business organization, organized under the laws of Japan, and which has or, since the effective date of Executive Order 8389, as amended, has had its principal place of business in Japan and is a national of a designated enemy country (Japan);

2. That the property described as follows: That certain debt or other obligation owing to Yamatake & Co., Ltd., by The Imperial Export Company, Inc., 44 Whitehall Street, New York 4, New York, in the amount of $25,810.34, as of December 31, 1945, together with any and all accruals thereto, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country (Japan);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Japan).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on August 7, 1947.

For the Attorney General.

[SEAL] DAVID L. BAZELON,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 9607]

MAX ARNDT ET AL.

In re: Stock owned by Max Arndt and others.

Under the authority of the Trading with the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That each individual, whose name is set forth in Exhibit A, attached hereto and by reference made a part hereof, whose last known address is Germany, is a resident of Germany and a national of a designated enemy country (Germany);

2. That the property described as follows: Three hundred and twelve and one-tenth (312.1) shares of $10.00 par value common capital stock of Cities Service Company, 60 Wall Street, New York 5, New York, a corporation organized under the laws of the State of Delaware, evidenced by the certificates numbered as set forth in Exhibit A, attached hereto and by reference made a part hereof, registered in the names of the persons set forth in Exhibit A, in the amounts appearing opposite each certificate number listed in Exhibit A, together with all declared and unpaid dividends thereon,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid nationals of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the persons referred to in subparagraph 1 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on August 7, 1947.

For the Attorney General.

[SEAL] DAVID L. BAZELON,
Assistant Attorney General,
Director, Office of Alien Property.

AISAN SHOKUFUSHA

In re: Debt owing to Aisan Shokufusha. F-39-4982-C-1.

Under the authority of the Trading with the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Aisan Shokufusha, the last known address of which is Yokohama, Japan, is a corporation, partnership, association or other business organization organized under the laws of Japan, and which has or, since the effective date of Executive Order 8389, as amended, has had its principal place of business in Japan and is a national of a designated enemy country (Japan);

2. That the property described as follows: That certain debt or other obligation owing to Aisan Shokufusha by Panama Railroad Company, Balboa Heights, Canal Zone, in the amount of $518.35, as of December 31, 1945, together with any and all accruals thereto and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country (Japan);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Japan).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on August 7, 1947.

For the Attorney General.

[SEAL] DAVID L. BAZELON,
Assistant Attorney General,
Director, Office of Alien Property.

[F. R. Doc. 47-7996; Filed, Aug. 26, 1947; 8:50 a. m.]

[Vesting Order 9628]

MAX AND MARGARETE WINTER

In re: Bank account owned by Max Winter and Margarete Winter. F-28-22796-E-1.

Under the authority of the Trading with the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Max Winter and Margarete Winter, whose last known addresses are Germany, are residents of Germany and nationals of a designated enemy country (Germany);

2. That the property described as follows: That certain debt or other obligation owing to Max Winter and Margarete Winter, by Central Savings Bank in the City of New York, 2100 Broadway, New York 23, New York, arising out of a Savings Account, account number 665,326, entitled Max Winter and Margarete Winter, or either or survivor, maintained at the Fourteenth Street Branch Office of the aforesaid bank, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid nationals of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the persons named in subparagraph 1 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on August 7, 1947.

For the Attorney General.

[SEAL] DAVID L. BAZELON,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 9637]

MARGARET AMALIE GEIST

In re: Estate of Margaret Amalie Geist, deceased. File D-28-11990; E. T. sec. 16169.

Under the authority of the Trading with the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Josef Leopold Geist, whose last known address is Germany, is a resident of Germany and a national of a designated enemy country (Germany);

2. That all right, title, interest and claim of any kind or character whatsoever of the person named in subparagraph 1 hereof in and to a savings account No. 83284 in The Savings Bank of Baltimore in the name of Josef Leopold Geist, minor, is property payable or deliverable to, or claimed by, the aforesaid national of a designated enemy country (Germany);

3. That such property is in the process of administration by The Savings Bank of Baltimore, as depository, acting under the judicial supervision of the Orphans' Court of Baltimore City, Maryland;

and it is hereby determined:

4. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on August 13, 1947:

For the Attorney General.

[SEAL] DAVID L. BAZELON,
Assistant Attorney General,
Director, Office of Alien Property.

[F. R. Doc. 47-7999; Filed, Aug. 26, 1947; 8:51 a. m.]

[Vesting Order 9641]

M. I. AKAMATSU

In re: Debt owing to M. I. Akamatsu. D-39-18342-D-1.

Under the authority of the Trading with the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That M. I. Akamatsu, whose last known address is 649 Koenji Sugianami, Machi, Tokyo-Fu, Japan, is a resident of Japan and a national of a designated enemy country (Japan);

2. That the property described as follows: That certain debt or other obligation owing to M. I. Akamatsu by Waltham Watch Company, Waltham, Massachusetts, in the amount of $175.70, as of December 31, 1945, together with any and all accruals thereto, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid

national of a designated enemy country (Japan);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Japan).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on August 13, 1947.

For the Attorney General.

[SEAL] DAVID L. BAZELON,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 9643]

EMILIE ALMERS

In re: Bank account owned by Emilie Almers. F-28-2032-C-1, F-28-2032-E-1.

Under the authority of the Trading with the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Emilie Almers, whose last known address is Hannover, Germany, is a resident of Germany and a national of a designated enemy country (Germany);

2. That the property described as follows: That certain debt or other obligation of The Continental Bank & Trust Company of New York, 30 Broad Street, New York, New York, arising out of a Checking Account, entitled Emilie Almers, The German Society of the City of New York, Agent, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof, is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on August 13, 1947.

For the Attorney General.

[SEAL] DAVID L. BAZELON,
Assistant Attorney General,
Director, Office of Alien Property.

[F. R. Doc. 47-8028; Filed, Aug. 27, 1947; 8:46 a. m.]

[Vesting Order 9648]

RICHARD BOAS & CO.

In re: Debt owing to Richard Boas & Co. F-28-22064-C-1.

Under the authority of the Trading with the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Richard Boas & Co., the last known address of which is Hamburg, Germany, is a corporation, partnership, association or other business organization, organized under the laws of Germany, and which has or, since the effective date of Executive Order 8389, as amended, has had its principal place of business in Germany and is a national of a designated enemy country (Germany);

2. That the property described as follows: That certain debt or other obligation owing to Richard Boas & Co., by Akatos, Inc., 3240 Henry Hudson Parkway, New York 63, New York, in the amount of $181.70, as of December 31, 1945, together with any and all accruals thereto, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold, or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on August 13, 1947.

For the Attorney General.

[SEAL] DAVID L. BAZELON,
Assistant Attorney General,
Director, Office of Alien Property.

[F. R. Doc. 47-8029; Filed, Aug. 27, 1947; 8:46 a. m.]

[Vesting Order 9649]

LEO FEIST ET AL.

In re: Debt owing to Leo Feist, and others. D-28-4226-C-1.

Under the authority of the Trading with the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That the persons whose names and last known addresses are as follows:

Leo Feist, Haltingen, Germany.
Johanna Joos, nee Beil, Staufen, Germany.
Amalie Knapp, nee Feist, also known as Amalia Knapp, Wiesbaden, Germany.
Henriette Kalwait, nee Knapp, also known as Ida Henriette Kalwait, Wiesbaden, Germany.
Karoline Weigel, nee Feist, Wiesbaden, Germany.
Ida Frohboese, nee Feist, also known as Ida Frohbise, Mannheim, Germany.
Margarete Feist, nee Schlenger, Heidesheim, Germany.
Herbert Feist (a minor), Heidesheim, Germany.
Anni Feist (a minor), Heidesheim, Germany.
Erika Becker, nee Feist, Gosenheim, Germany.

are residents of Germany and nationals of a designated enemy country (Germany);

2. That the persons whose names and last known addresses are as follows:

Brigitte Feist, Heidesheim, Germany.
Wilhelm Ferdinand Knapp, also known as William Knapp, Wiesbaden, Germany.

are residents of Germany and nationals of a designated enemy country (Germany);

3. That the property described as follows: That certain debt or other obligation of the Mississippi Valley Trust Company, Broadway and Olive Streets, St. Louis, Missouri, arising out of a blocked account, entitled Detjen and Detjen, Attys-in-Fact for 11 Nationals of Germany, as specified in Treas. License No. S. L. 1029, DTD 12-4-1941, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the persons named in subparagraphs 1 and 2 hereof, the aforesaid nationals of a designated enemy country (Germany);

and it is hereby determined:

4. That the property described as follows:

That certain debt or other obligation of the Mississippi Valley Trust Company, Broadway and Olive streets, St. Louis, Missouri, arising out of a blocked account, entitled Detjen and Detjen, Attys-in-Fact 9 Nationals of Germany, as specified in Treas. License No. S. L. 1035, DTD 11-5-1941, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the persons named in subparagraph 1 hereof, the aforesaid nationals of a designated enemy country (Germany);

and it is hereby determined:

5. That to the extent that the persons named in subparagraphs 1 and 2 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany);

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on August 13, 1947.

For the Attorney General.

[SEAL] DAVID L. BAZELON,
Assistant Attorney General,
Director, Office of Alien Property.

T. FUKUHARA SHOTEN, LTD.

In re: Debt owing to T. Fukuhara Shoten, Ltd. F-39-4587-C-1.

Under the authority of the Trading with the Enemy Act, as amended, Executive Order 9193 as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That T. Fukuhara Shoten, Ltd., the last known address of which is Osaka, Japan, is a corporation, partnership, association or other business organization, organized under the laws of Japan, and which has or, since the effective date of Executive Order 8389, as amended, has had its principal place of business in Japan and is a national of a designated enemy country (Japan);

2. That the property described as follows: That certain debt or other obligation owing to T. Fukuhara Shoten, Ltd., by Union Special Machine Company, 400 North Franklin Street, Chicago 10, Illinois, in the amount of $91.41, as of December 31, 1945, together with any and all accruals thereto, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country (Japan);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Japan).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on August 13, 1947.

For the Attorney General.

[SEAL] DAVID L. BAZELON,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 9653]

HIDEO KAI

In re: Debt owing to Hideo Kai. F-39-4432-C-1.

Under the authority of the Trading with the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Hideo Kai, whose last known address is Tokyo, Japan, is a resident of Japan and a national of a designated enemy country (Japan);

2. That the property described as follows: That certain debt or other obligation owing to Hideo Kai, by Marks & Clerk, 220 Broadway, New York 7, N. Y., in the amount of $661.95, as of December 31, 1945, together with any and all accruals thereto, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country (Japan);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Japan).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on August 13, 1947.

For the Attorney General.

[SEAL] DAVID L. BAZELON,
Assistant Attorney General,
Director, Office of Alien Property.

[F. R. Doc. 47-8032; Filed, Aug. 27, 1947; 8:46 a. m.]

[Vesting Order 9654]

CHIHAKU KATAGIRI

In re: Debt owing to Chihaku Katagiri. D-39-1763-E-1.

Under the authority of the Trading with the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Chihaku Katagiri, whose last known address is 1243 5 Choine, Nishi Nakanabe, Ebara Ku, Tokyo, Japan, is a resident of Japan and a national of a designated enemy country (Japan);

2. That the property described as follows: That certain debt or other obligation of Superintendent of Banks of the State of New York in trust for depositors and creditors of The Bank of United States in Liquidation, 80 Spring Street, New York 12, New York, arising out of a commercial account entitled Katagiri Corp., and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by Chihaku Katagiri, the aforesaid national of a designated enemy country (Japan);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Japan).

All determinations and all action required by law, including appropriate consultation and certification, having been

made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on August 13, 1947.

For the Attorney General.

[SEAL] DAVID L. BAZELON,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 9655]

KOH KAWARADA

In re: Debt owning to Koh Kawarada. F-39-4647-C-1.

Under the authority of the Trading with the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Koh Kawarada, whose last known address is Tokyo, Japan, is a resident of Japan and a national of a designated enemy country (Japan);

2. That the property described as follows: That certain debt or other obligation owing to Koh Kawarada, by Langner, Parry, Card and Langner, 120 East 41st Street, New York 17, New York, in the amount of $671.88, as of December 31, 1945, together with any and all accruals thereto, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country (Japan);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Japan).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on August 13, 1947.

For the Attorney General.

[SEAL] DAVID L. BAZELON,
Assistant Attorney General,
Director, Office of Alien Property.

FEDERAL REGISTER

VOLUME 12 NUMBER 170

Washington, Friday, August 29, 1947

TITLE 3—THE PRESIDENT

PROCLAMATION 2745

NATIONAL EMPLOY THE PHYSICALLY HANDICAPPED WEEK, 1947

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS this Nation has an unused reservoir of skills and strength in those of our fellow citizens who by reason of physical handicaps are denied opportunities for employment, and

WHEREAS the people of this Nation are profoundly conscious of the limitless debt they owe to their fellow citizens who count the costs of wars in terms of physical handicaps; and

WHEREAS each year the toll of industrial and other accidents increases the number of handicapped persons seeking work, and

WHEREAS thousands of handicapped workers have demonstrated that physical handicaps are no insurmountable bar to efficient and productive labor, and

WHEREAS this Nation needs the full measure of faith and participation in our democratic life which can only come in full measure to the handicapped when they become self-supporting and independent citizens, and

WHEREAS the employers of this Nation have a unique opportunity to assist in this national effort to rehabilitate otherwise qualified but physically handicapped workers by employing their services; and

WHEREAS the Congress, by a joint resolution approved August 11, 1945 (59 Stat. 530) has designated the first week in October of each year as National Employ the Physically Handicapped Week, during which appropriate ceremonies are to be held throughout the Nation, and has requested that the President issue each year a suitable proclamation:

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, do hereby call upon the people of the United States to observe the week of October 5–11, 1947, as National Employ the Physically Handicapped Week. I also call upon the governors of states, mayors of cities, and heads of other agencies of government and other public officials, as well as leaders of industry, labor, and civic groups to make every effort to enlist public support for a sustained program aimed at the employment and full use of the capacities of physically handicapped workers.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the City of Washington this 27th day of August in the year of our Lord nineteen hundred and forty-seven, and of the Independence of the United States of America the one hundred and seventy-second.

[SEAL] HARRY S. TRUMAN

By the President:

ROBERT A. LOVETT,
Acting Secretary of State.

FEDERAL REGISTER

Published daily, except Sundays, Mondays, and days following official Federal holidays, by the Division of the Federal Register, the National Archives, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U. S. C., ch. 8B), under regulations prescribed by the Administrative Committee, approved by the President. Distribution is made only by the Superintendent of Documents, Government Printing Office, Washington 25, D. C.

The regulatory material appearing herein is keyed to the Code of Federal Regulations, which is published, under 50 titles, pursuant to section 11 of the Federal Register Act, as amended June 19, 1937.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $1.50 per month or $15.00 per year, payable in advance. The charge for individual copies (minimum 15¢) varies in proportion to the size of the issue. Remit check or money order, made payable to the Superintendent of Documents, directly to the Government Printing Office, Washington 25, D. C.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER.

1946 SUPPLEMENT

to the

CODE OF FEDERAL REGULATIONS

The following books are now available:

Book 1: Titles 1 through 8, including, in Title 3, Presidential documents in full text with appropriate reference tables and index.

Book 2: Titles 9 through 20.

Book 3: Titles 21 through 31.

These books may be obtained from the Superintendent of Documents, Government Printing Office, Washington 25, D. C., at $3.50 per copy.

A limited sales stock of the 1945 Supplement (4 books) is still available at $3 a book.

TITLE 6—AGRICULTURAL CREDIT

Chapter I—Farm Credit Administration, Department of Agriculture

Subchapter F—Banks for Cooperatives

[Farm Credit Administration Order 461]

PART 70—LOAN INTEREST RATES AND SECURITY

INCREASED INTEREST RATES

Sections 70.90, 70.90–50, 70.90–51, 70.90–52 and 70.90–55 of Title 6 of the Code of Federal Regulations are hereby amended to read as follows:

§ 70.90 *Interest rate on continental loans for financing operations.* Except as provided in this section with respect to the Berkeley Bank for Cooperatives, the Columbia Bank for Cooperatives, the St. Louis Bank for Cooperatives, and the Central Bank for Cooperatives, the rate of interest on all loans, other than upon the security of commodities, made on and after February 24, 1939, by any district bank for cooperatives, the Central Bank for Cooperatives, or from the Revolving Fund authorized by the Agricultural Marketing Act (sec. 7, 46 Stat. 14; 12 U. S. C. 1141e), as amended, for the purposes specified in section 7 (a) (1) of that act, shall be 2½ per centum per annum. The rate of interest on all such loans made on and after September 15, 1947, by the Berkeley Bank for Cooperatives and by the Central Bank for Cooperatives in the Farm Credit Administration district in which the Berkeley Bank for Cooperatives is located, and by the Columbia Bank for Cooperatives and by the Central Bank for Cooperatives in the Farm Credit Administration district in which the Columbia Bank for Cooperatives is located, and on and after December 1, 1947, by the St. Louis Bank for Cooperatives and by the Central Bank for Cooperatives in the Farm Credit Administration district in which the St. Louis Bank for Cooperatives is located, shall be 2¾ per centum per annum.

§ 70.90–50 *Interest rate on continental commodity loans.* Except as specified in § 70.90–51, and except as provided in this section with respect to the Berkeley Bank for Cooperatives, the Columbia Bank for Cooperatives, the St. Louis Bank for Cooperatives, and the Central Bank for Cooperatives, the rate of interest on all loans made upon the security of commodities on and after February 24, 1939, by any district bank for cooperatives, the Central Bank for Cooperatives, or from the Revolving Fund authorized by the Agricultural Marketing Act (sec. 7, 46 Stat. 14; 12 U. S. C. 1141e), as amended, for the purposes specified in section 7 (a) (1) of that act, shall be 1½ per centum per annum. The rate of interest on all such loans made on and after March 1, 1947, by the Berkeley Bank for Cooperatives, and on and after September 15, 1947, by the Central Bank for Cooperatives in the Farm Credit Administration district in which the Berkeley Bank for Cooperatives is located, and on and after September 15, 1947, by the Columbia Bank for Cooperatives and by the Central Bank for Cooperatives in the Farm Credit Administration district in which the Columbia Bank for Cooperatives is located, and on and after December 1, 1947, by the St. Louis Bank for Cooperatives and by the Central Bank for Cooperatives in the Farm Credit Administration district in which the St. Louis Bank for Cooperatives is located, shall be 1¾ per centum per annum.

§ 70.90–51 *Interest rate on loans secured by Commodity Credit Corporation loan documents.* Except as provided in this section with respect to the Berkeley Bank for Cooperatives, the Columbia Bank for Cooperatives, the St. Louis Bank for Cooperatives, and the Central Bank for Cooperatives, the rate of interest on loans made on and after June 30, 1947, by any district bank for cooperatives or the Central Bank for Cooperatives to eligible farmers' cooperatives, upon the security of approved Commodity Credit Corporation loan documents, shall be 1½ per centum per annum. The rate of interest on all such loans made on and after September 15, 1947, by the Berkeley Bank for Cooperatives and by the Central Bank for Cooperatives in the Farm Credit Administration district in which the Berkeley Bank for Cooperatives is located, and by the Columbia Bank for Cooperatives and by the Central Bank for Cooperatives in the Farm Credit Administration district in which the Columbia Bank for Cooperatives is located, and on and after December 1, 1947, by the St. Louis Bank for Cooperatives and by the Central Bank for Cooperatives in the Farm Credit Administration district in which the St. Louis Bank for Cooperatives is located, shall be 1¾ per centum per annum.

§ 70.90–52 *Interest rate on continental facility loans.* On and after October 1, 1947, the interest rate on all facility loans made in the continental United States by the district banks for cooperatives and the Central Bank for Cooperatives shall be 4 per centum per annum.

§ 70.90–55 *Interest rate on facility loans in Puerto Rico.* On and after October 1, 1947, the interest rate on all facility loans made in Puerto Rico by the Baltimore Bank for Cooperatives and the Central Bank for Cooperatives shall be 4½ per centum per annum.

(Secs. 34, 38, 48 Stat. 262, 264 as amended; 12 U. S. C. 1134j)

[SEAL] I. W. DUGGAN,
Governor.

[F. R. Doc. 47-8059; Filed, Aug. 28, 1947; 8:46 a. m.]

TITLE 7—AGRICULTURE

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders)

[Lemon Reg. 236, Amdt. 1]

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

(a) *Findings.* (1) Pursuant to the marketing agreement and Order No. 53 (7 CFR, Cum. Supp., 953.1 et seq.), regulating the handling of lemons grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as

hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that compliance with the notice, public rule making procedure, and effective date requirements of the Administrative Procedure Act (Pub. Law 404, 79th Cong., 2d Sess.; 60 Stat. 237) is impracticable and contrary to the public interest in that the time intervening between the date when information upon which the regulation is based became available and the time when this regulation must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient for such compliance.

(b) *Order, as amended.* (1) The provisions in paragraphs (b) (1) and (2) of § 953.343 (Lemon Regulation 236, 12 F. R. 5690) are hereby amended to read as follows:

(1) The quantity of lemons grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., August 24, 1947, and ending at 12:01 a. m., P. s. t., August 31, 1947, is hereby fixed at 400 carloads, or an equivalent quantity.

(2) The prorate base of each handler who has made application therefor, as provided in the said marketing agreement and order, is hereby fixed in accordance with the prorate base schedule which is attached to Lemon Regulation 235 (12 F. R. 5544) and made a part hereof by this reference. The Lemon Administrative Committee, in accordance with the provisions of the said marketing agreement and order, shall calculate the quantity of lemons which may be handled by each such handler during the period specified in subparagraph (1) of this paragraph.

(48 Stat. 31, as amended; 7 U. S. C. 601 et seq.)

Done at Washington, D. C., this 27th day of August 1947.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable Branch, Production and Marketing Administration.

[F. R. Doc. 47-8115; Filed, Aug. 28, 1947; 10:38 a. m.]

Chapter XXI—Organization, Functions and Procedure

Subchapter C—Production and Marketing Administration

PART 2327—LABOR BRANCH

DELEGATION OF AUTHORITY

§ 2327.4 *Delegation of authority.* The Divisional Chief of Operations in the several divisional offices of the Labor Branch are authorized to exercise all the authorities, powers, functions and duties vested in the Director of that Branch by order of the Acting Administrator, Production and Marketing Administration, dated August 12, 1947, (12 F. R. 5519) to dispose of as provided in the Farmer's Home Administration Act of 1946, as amended (Public Law No. 731, 79th Congress, second session, approved August 14, 1946, 60 Stat. 1062; Public Law No. 40, 80th Congress, first session, approved April 28, 1947) and in Public Law 298, 80th Congress, approved July 31, 1947, all labor supply centers, labor homes, labor camps, and facilities formerly under the supervision or administration of the Farm Security Administration and originally transferred or made available to the War Food Administrator for use in the farm labor supply program pursuant to Public Law No. 45, 78th Congress, first session, approved April 29, 1943 (57 Stat. 70), all similar labor centers, homes, camps, and facilities constructed or acquired by the War Food Administrator of the Department of Agriculture pursuant to subsequent similar laws or otherwise, and any equipment pertaining thereto or used in the farm labor supply program;

Except that, the Chief of Operations shall not have the authority hereunder to dispose of any permanent camp and equipment pertaining thereto.

The exercise of authorities delegated in this section shall be subject to the limitations and requirements of regulations of the Department of Agriculture, except insofar as they have been modified in their applicability to the Farm Security Administration. (60 Stat. 1062; Pub. Law 298, 80th Cong.; 12 F. R. 5519)

Done at Washington, D. C., this 22d days of August 1947.

[SEAL] WILSON R. BUIE,
Director, Labor Branch, Production and Marketing Administration.

[F. R. Doc. 47-8060; Filed, Aug. 28, 1947; 8:48 a. m.]

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

[Regs., Serial No. 396]

PART 40—AIR CARRIER OPERATING CERTIFICATION

PART 61—SCHEDULED AIR CARRIER RULES

ISSUANCE TO PERSONS HOLDING TEMPORARY CERTIFICATES OF PUBLIC CONVENIENCE AND NECESSITY AND SUBSEQUENT MODIFICATIONS THEREOF; SPECIAL CIVIL AIR REGULATION

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 21st day of August 1947.

The purpose of this Special Civil Air Regulation is to authorize the issuance and modification of air carrier operating certificates, where safety will not be adversely affected, for scheduled air carriers who are unable to meet all the requirements of the Civil Air Regulations.

This regulation will be applicable to air carriers holding temporary certificates of public convenience and necessity which because of the aircraft or equipment used, the navigational facilities available on the routes flown, and the types of services offered are unable to meet all the requirements of the Civil Air Regulations presently applicable to scheduled air carriers.

This regulation is necessary to enable such air carriers to operate and continue operation where safety is not adversely affected. The Board finds that since this regulation will impose no additional requirements on the air carriers concerned, compliance with the requirements of the Administrative Procedure Act is unnecessary, and it should become effective immediately.

The following Special Civil Air Regulation is made and promulgated to become effective August 21, 1947:

An air carrier operating certificate, or amendments thereto, may be issued by the Administrator to an air carrier holding a temporary certificate of public convenience and necessity, issued by the Board, authorizing such carrier to engage in scheduled air carrier operations which do not fully meet the certification and operation requirements of Parts 40 and 61 of the Civil Air Regulations, if the Administrator finds that any of such requirements can be omitted or modified without adversely affecting safety. Such omissions or modifications, when approved by the Administrator, shall be listed in the air carrier operating certificate, and the Administrator shall promptly notify the Board of the omissions or modifications approved by him and the reasons therefor.

This regulation shall terminate August 31, 1948.

(52 Stat. 984, 1007; 49 U. S. C. 425, 551)

By the Civil Aeronautics Board.

[SEAL] M. C. MULLIGAN,
Secretary.

[F. R. Doc. 47-8070; Filed, Aug. 28, 1947; 8:46 a. m.]

Chapter II—Administrator of Civil Aeronautics, Department of Commerce

PART 650—ORGANIZATION OF THE CIVIL AERONAUTICS ADMINISTRATION

MISCELLANEOUS AMENDMENTS

Acting pursuant to the authority vested in me by the Civil Aeronautics Act of 1938, as amended, (52 Stat. 985, 986, 1010; 49 U. S. C. 451, 458, 554, 555) and in accordance with the Administrative Procedure Act (Public Law 404, 79th Congress 2d sess.), I hereby amend Part 650 (11 F. R. 177A-315) of the Organization of the Civil Aeronautics Administration as follows:

1. By amending § 650.12 (a) (11 F. R. 177A-315) to read as follows:

§ 650.12 *Staff offices—*(a) *Director, Staff Programs Office (agency coordination and international).* (1) Provides liaison with the Air Coordinating Committee.

(2) Coordinates the Administration's policies concerned with, or related to, international civil aviation and relationships with international civil aviation bodies.

(3) Promotes international civil aviation through the development of cooperative relations involving the U. S. aeronautical industry, foreign countries, and their nationals: the interchange of aviation information through the detailing of CAA technical missions abroad to serve as advisors to foreign governments; and through arrangements for training of accredited foreign civil aviation representatives in U. S. civil aviation standards, procedures, and techniques.

(4) Formulates plans and programs in cooperation with public and private agencies designed to facilitate international civil aviation.

(5) Coordinates engineering and related standardization pertaining to the various activities of the Administration in relationship to other agencies or groups active in such fields; establishes policies and procedures for the Technical Standard Order system.

2. By amending § 650.14 (11 F. R. 177A-316) by adding a new paragraph to read:

§ 650.14 *Office of safety regulation.* * * *

(e) The Office of Safety Regulation shall establish and direct foreign field offices for the safety regulation inspection of United States flag air carriers engaged in foreign air transportation.

3. By repealing § 650.18 (11 F. R. 177A-317).

(52 Stat. 985, 986, 1010, 60 Stat. 237; 49 U. S. C. 451, 458, 554, 555, 5 U. S. C. Sup. 1001 et seq.)

This amendment shall become effective upon publication in the FEDERAL REGISTER.

T. P. WRIGHT,
Administrator of Civil Aeronautics.

[F. R. Doc. 47-8055; Filed, Aug. 28, 1947; 8:47 a. m.]

TITLE 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

PART 1—POLICIES

The Commission, on August 19, 1947, amended its statement of policy, by striking therefrom all of § 1.3 *Settlement of cases by stipulation*, and by unanimously adopting, in lieu thereof, a public statement of policy with reference to trade practice conference and stipulation agreements (§ 1.3 *Settlement of cases by trade practice conference and stipulation agreements*), to be promulgated and published in the FEDERAL REGISTER; and on said date further unanimously approved an explanatory statement, to accompany the public release of such statement of policy and to be published in the FEDERAL REGISTER; so that said statement of policy (Part 1, Policies) shall read as follows:

Sec.
1.1 Status of applicant or complainant.
1.2 Policy as to private controversies.
1.3 Settlement of cases by trade practice conference and stipulation agreements.
1.4 Cooperation with other agencies.

AUTHORITY: §§ 1.1 to 1.4, inclusive, issued under sec. 6, 38 Stat. 721, 60 Stat. 237; 15 U. S. C. 46, 5 U. S. C. Sup., 1001 et seq.

§ 1.1 *Status of applicant or complainant.* The so called "applicant" or complaining party has never been regarded as a party in the strict sense. The Commission acts only in the public interest. It has always been and now is the rule not to publish or divulge the name of an applicant or complaining party, and such party has no legal status before the Commission except where allowed to intervene as provided by the statute.

§ 1.2 *Policy as to private controversies.* It is the policy of the Commission not to institute proceedings against alleged unfair methods of competition or unfair or deceptive acts or practices where the alleged violation of law is a private controversy redressable in the courts, except where said practices tend to affect the public. In cases where the alleged injury is one to a competitor only and is redressable in the courts by an action by the aggrieved competitor and the interest of the public is not involved, the proceeding will not be entertained.

§ 1.3 *Settlement of cases by trade practice conference and stipulation agreements.* (a) Upon the promulgation of trade practice conference rules for an industry, an examination will be made of all charges of law violations by members of that industry then pending before the Commission which have not reached the formal stage through the issuance of complaint. In those instances in which the pending charges are adequately covered by the trade practice conference rules, and which are not excluded by the exceptions hereinafter stated, the Commission will consider the advisability of closing the matters without prejudice to reopening whenever that action appears to be warranted. In such instances consideration will be given to whether or not a proposed respondent has subscribed to the trade practice conference rules for his industry, to whether or not there is adequate reason to believe that he is in fact complying with such rules and will continue to do so, and to whether or not the public interest or the applicable statute requires any further proceedings.

(b) Upon the promulgation of trade practice conference rules for an industry, formal complaints which have not then been adjudicated and in which the charges are adequately covered by such rules, and which are not excluded by the exceptions hereinafter stated, may be brought directly before the Commission on motion to suspend without prejudice to the Commission's right to resume the proceeding. In considering such motions the Commission will be guided by factors similar to those outlined above with respect to informal matters.

(c) Whenever the Commission shall have reason to believe that any person has been or is using unfair methods of competition or unfair or deceptive acts or practices in commerce, and that the interest of the public will be served by so doing, it may, in instances which are not excluded by the exceptions hereinafter stated, withhold service of complaint and extend to the person opportunity to execute a stipulation satisfactory to the Commission, in which the person, after admitting the material facts, promises and agrees to cease and desist from and not to resume such unfair methods of competition or unfair or deceptive acts or practices. All such stipulations shall be matters of public record, and shall be admissible as evidence of prior use of the unfair methods of competition or unfair or deceptive acts or practices involved in any subsequent proceeding against such person before the Commission.

(d) It is the policy of the Commission to utilize the trade practice conference and stipulation procedures to encourage widespread observance of the law by enlisting the cooperation of members of industries and informing them more fully of the requirements of the law, so that wherever consistently possible the Commission may avoid the need for adversary proceedings against persons who, through misunderstanding or carelessness, may violate the law unintentionally. But it is not the policy of the Commission to grant the privilege of settling cases through trade practice conference or stipulation agreements to persons who have violated the law where such violations involve intent to defraud or mislead; false advertisement of foods, drugs, devices or cosmetics which are inherently dangerous or where injury is probable; suppression or restraint of competition through conspiracy or monopolistic practices; or violations of the Clayton Act; nor will the privilege be granted where the Commission is of the opinion that such procedure will not be effective in preventing continued use of the unlawful methods, acts or practices. The Commission reserves the right in all cases to withhold the privilege of settlement by trade practice conference or stipulation agreements. When in connection with an industry-wide investigation informal matters of whatever nature are docketed against individual members of that industry, from which the promulgation of trade practice conference rules ensues covering the questioned practices, and which are subscribed to and accepted by the affected members of the industry, the Commission will give careful consideration to whether or not the public interest requires further investigation of such informal matters.

Explanatory statement. (a) The Commission has long had a public statement of policy governing the settlement of informal cases by stipulation agreements. There has been no comparable generally published statement of policy with respect to trade practice conference agreements. Under it present program, the Commission may institute trade practice conferences on its own initiative. When it appears that questionable practices are so prevalent in an industry that they may be more effectively and expeditiously reached by trade practice conference than by individual proceedings, the Commission may utilize that procedure in dealing with the over-all problem. In those situations it is necessary, after the promulgation of trade practice conference rules, to determine

what further action should be taken in pending informal cases relating to the same parties and practices, as well as to determine the extent to which pending formal matters may have been affected.

(b) It is the desire of the Commission to inform the public on these matters, but to avoid commitments which may abrogate its statutory procedures or frustrate the effectiveness of its corrective processes. To this end the Commission has formulated a statement of policy concerning the scope and effect of its trade practice conference procedure insofar as it may affect the settlement of pending matters before it, and it has reappraised its policy with respect to the settlement of cases by stipulation agreements.

(c) For many years the Commission has sought to encourage voluntary compliance with the laws which it administers. It has utilized individual stipulation agreements and conferences with whole industries and has otherwise cooperated with businessmen to inform and guide them with respect to the scope and meaning of the laws within its jurisdiction. A cooperative procedure similar to trade practice conferences was first used by the Commission in about 1919; the Trade Practice Conference Division was established in 1926; and the present active list of trade practice conference rules covers about 160 industries.

(d) It has long been the Commission's practice in certain instances where proper circumstances are present to dispose of pending matters upon acceptance by the affected parties of trade practice rules for their industry covering the charges in such matters. This practice was specifically limited in 1936 when the Commission determined that whenever an application for trade practice conference is received from an industry, some or all of whose members are respondents in proceedings before the Commission involving alleged violations of the Clayton Act or combinations or conspiracies in restraint of trade in violation of the Federal Trade Commission Act, such proceedings will have to go forward without regard to the trade practice conference procedure.

(e) The cooperative procedures, however, require a constant vigilance to avoid the dangers inherent in them. Their use should never be permitted as an easy escape for wilful violators of the laws administered by the Commission or as a means for avoiding or delaying the effectiveness of the Commission's corrective action. These considerations have governed the Commission's policy with respect to the settlement of pending matters by trade practice conference or stipulation agreements.

(f) Trade practice conference rules have no force of law in themselves. Violations of those rules are not proceeded against directly. The Commission can proceed only on a charge of violation of the law upon which the rules are based. Their purpose is to express the requirements of the statutes and decisions in terms which may be understood by the members of particular industries and in language addressed to their problems and practices. An agreement by a member of an industry to abide by the rules is an expression of intention to abide by the basic law.

(g) It is manifesty difficult to draft a statement of policy on a broad basis which does not afford an evasive device to the wilful violator while seeking to avoid unduly harsh treatment of the unintentional or casual violator. Any statement of policy must, therefore, depend for its effectiveness upon the consistent and sound judgment of the Commission in applying it in individual instances. But no statement of policy should be so broad as to constitute an invitation to reluctant or recalcitrant respondents to avail themselves of informal settlements for the purpose of delaying or defeating effective action. It should invite only those who desire in good faith to correct unlawful practices on a cooperative and voluntary basis. The object of the Commission is to correct—not to punish. But there must be a reasonable assurance that any cooperative procedure will be effective and provide full freedom to institute such further proceedings as are or may become necessary in the public interest.

(h) Conspiracies and monopolistic practices are, with few exceptions, deliberately engaged in for the purpose of restraining competition and ordinarily with knowledge of their illegality. Since good faith is ordinarily lacking in such violations, it cannot be expected to be present in agreements by the conspirators to discontinue and not resume the violations. Violations of this type are frequently also criminal violations of the Sherman Act, and the settlement of such violations by informal agreement may impair the rights of private litigants or compromise the enforcement of that act by the Department of Justice. When conspirators are discovered, or when they are on the verge of being discovered, they would doubtless be glad to make use of the Commission's trade practice conference or stipulation procedure as a protection against the more rigorous procedure provided by the antitrust laws.

(i) Trade practice conference rules may include rules against restraints of trade and against violations of the Clayton Act. Insofar as such rules may be informative to and followed by members of the affected industries, they have a substantial value. They should not be accepted, however, as a basis for the settlement of cases in which the Commission has reason to believe that such violations have occurred.

§ 1.4 *Cooperation with other agencies.* (a) In the exercise of its jurisdiction with respect to practices and commodities concerning which other federal agencies also have functions, it is the established policy of the Commission to cooperate with such agencies to avoid unnecessary overlapping or possible conflict of effort.

(b) It is the policy of the Commission not to institute proceedings in matters such as the labeling or branding of commodities where the subject matter of the questioned portion of the labeling or branding used is, by specific legislation, made a direct responsibility of another federal agency.

(c) In proceedings involving false advertisements of food, drugs, cosmetics, and devices as defined in section 15 of the Federal Trade Commission Act, account is taken of the labeling requirements of the Food and Drug Administration in any corrective action applied to the advertising. In the case of advertisements of food, drugs, cosmetics, or devices which are false because of failure to reveal facts material in the light of the advertising representations made or material with respect to the consequences which may result from the use of the commodity, it is the policy of the Commission to proceed only when the resulting dangers may be serious or the public health may be impaired, and in such cases to require that appropriate disclosure of the facts be made in the advertising.

Promulgated as of this date in pursuance of the action of the Federal Trade Commission under date of August 19, 1947.

By direction of the Commission.

[SEAL] OTIS B. JOHNSON, *Secretary.*

TITLE 31—MONEY AND FINANCE: TREASURY

Chapter I—Monetary Offices, Department of the Treasury

PART 131—GENERAL LICENSES UNDER EXECUTIVE ORDER NO. 8389, APRIL 10, 1940, AS AMENDED, AND REGULATIONS ISSUED PURSUANT THERETO

PROPERTY CERTIFIED BY GOVERNMENTS OF SPECIFIED COUNTRIES

AUGUST 29, 1947.

General License No. 95, as amended under Executive Order No. 8389, as amended, Executive Order No. 9193, as amended, section 5 (b) of the Trading with the Enemy Act, as amended by the First War Powers Act, 1941, relating to foreign funds control.

Section 131.95 (General License No. 95) is hereby amended as follows:

§ 131.95 *Property certified by governments of specified countries—*(a) *Certification by governments of countries specified herein.* Whenever a designated agent of the government of any country specified herein has certified in writing that no foreign country designated in the order or national thereof, other than a country specified herein or national thereof, has at any time between the effective date of the order and the date of certification had any interest in any property subject to the proviso of paragraph (a) of § 131.94 (General License No. 94) the property so certified is hereby licensed to be regarded as property in which no blocked country or national thereof has or has had any interest.

(b) *Waiver of section 2A of the order and General Ruling No. 5.* The provisions of section 2A of the order and of General Ruling No. 5 are waived with respect to any security to which a certification under the preceding paragraph is attached.

(c) *Application of license to certain nationals of countries specified herein.* This license shall not apply with respect to any national of a country specified herein who is a national of another foreign country designated in the order and not specified herein: *Provided, however,* That for the purposes only of this license the following shall be deemed nationals only of a country specified herein:

(1) Any individual residing in a country specified herein.

(2) Any partnership, association, corporation, or other organization, organized under the laws of a country specified herein.

(d) *Definitions.* As used in this section:

(1) The term "country specified herein" means the following:

(i) France, effective October 5, 1945;

(ii) Belgium, effective November 20, 1945;

(iii) Norway, effective December 29, 1945;

(iv) Finland, effective December 29, 1945;

(v) The Netherlands, effective February 13, 1946;

(vi) Czechoslovakia, effective April 26, 1946;

(vii) Luxembourg, effective April 26, 1946;

(viii) Denmark, effective June 14, 1946;

(ix) Greece, effective October 15, 1946;

(x) Switzerland, effective November 30, 1946;

(xi) Liechtenstein, effective November 30, 1946;

(xii) Poland, effective January 7, 1947;

(xiii) Austria, effective January 16, 1947;

(xiv) Sweden, effective March 28, 1947;

(xv) Italy, effective August 29, 1947;

and each country specified herein shall be deemed to include any colony or other territory subject to its jurisdiction.

(e) *Restrictions of General Ruling No. 11A.* Attention is directed to the special restrictions contained in General Ruling No. 11A, pertaining to dealings in certain property in which there is any interest of Germany or Japan or certain nationals thereof.

TITLE 32—NATIONAL DEFENSE

Chapter XXIII—War Assets Administration

[Reg. 6,[1] Order 4]

PART 8306—SALE OF GOVERNMENT-OWNED PLANT EQUIPMENT IN [1] CONTRACTORS' PLANTS

DISPOSAL OF PLANT EQUIPMENT TO CORNELL UNIVERSITY, A FACILITIES CONTRACTOR

War Assets Administration Regulation 6 authorizes owning agencies to dispose of plant equipment to contractors in possession thereof and establishes a pricing policy for such disposals.

The War Assets Administrator has been advised that Reconstruction Finance Corporation, as an owning agency, is about to terminate its facilities contract with Cornell University and that Cornell University has indicated its interest in acquiring certain items of plant equipment under such facilities contract.

The War Assets Administration, in accordance with the provisions of Regulation 14, has determined the eligibility of Cornell University as a nonprofit educational institution entitled to the discounts provided therein.

Accordingly, it is hereby ordered, That:

§ 8306.54 *Disposal of plant equipment to Cornell University, a facilities contractor.* The Reconstruction Finance Corporation, in disposing of items of plant equipment as an owning agency to Cornell University pursuant to the provisions of this part and notwithstanding any of the provisions contained in Part 8321[2] is authorized to fix prices in accordance with the provisions of Part 8314[3] and orders thereunder.

(Surplus Property Act of 1944, as amended (58 Stat. 765, as amended; 50 U. S. C. App. Sup. 1611); Pub. Law 181, 79th Cong. (59 Stat. 533; 50 U. S. C. App. Sup. 1614a, 1614b); and Reorganization Plan 1 of 1947 (12 F. R. 4534))

This section shall become effective August 27, 1947.

ROBERT M. FIELD, *Associate Administrator.*

AUGUST 27, 1947.

TITLE 42—PUBLIC HEALTH

Chapter I—Public Health Service, Federal Security Agency

PART 11—FOREIGN QUARANTINE

MISCELLANEOUS AMENDMENTS

Notice of proposed rule making having been published (12 F. R. 4547), and consideration having been given to all relevant matter presented, the following amendments are prescribed to the regulations relating to foreign quarantine. The regulations and the amendments thereto are for the purpose of preventing the introduction, transmission, or spread of communicable diseases from foreign countries into the United States, its territories, or possessions insofar as such introduction, transmission, or spread of communicable diseases may be prevented by inspection, fumigation, disinfestion, sanitation, pest extermination, destruction of animals or things, and related measures. The amendments are prescribed under sections 215 and 361–369, inclusive, of the Public Health Service Act.

1. The table of contents to the regulations is amended in the following respects:

11.154 Cats, dogs, and monkeys.

11.155 Cats, dogs, and monkeys: Disposition of excluded animals.

[1] 12 F. R. 2363.

[2] Reg. 21 (12 F. R. 970).

[3] Reg. 14 (11 F. R. 115 5; 12 F. R. 257).

2. Section 11.3 is amended to read as follows:

§ 11.3 *Period of immunity.* The following shall be the period of immunity following successful immunization with a vaccine approved by the national Health department of the country in which the vaccine is administered, except that in the case of yellow fever, the vaccine must be approved by the approving authority designated by treaty.[1]

Cholera: from 6 days through 6 months following inoculation.
Plague: 6 months.
Smallpox: 3 years.
Typhus: 1 year.
Yellow Fever: from 10 days through 4 years following inoculation.

3. Section 11.46 is amended to read as follows:

§ 11.46 *General provision.* A vessel or aircraft arriving at a port under the control of the United States, which falls within paragraphs (a) or (b) of this section shall undergo quarantine inspection prior to entry.

(a) A vessel or aircraft arriving from a port not under the control of the United States, except:

(1) A vessel or aircraft which in the current voyage has not touched at any port other than ports under the control of the United States or ports in Canada, Newfoundland, the Islands of St. Pierre and Miquelon, Iceland, Greenland, the West Coast of Lower California, Cuba, the Bahama Islands, the Canal Zone, or the Bermuda Islands.

(2) A vessel which having received pratique at a Canadian port located in the international waters of (i) the Straits of Juan de Fuca, Haro, Georgia, Rosario and the Puget Sound and tributaries and connected waters on the West Coast, or (ii) the Saint Lawrence River and the Great Lakes, and their tributaries and connected waters on the East Coast, travels on the same international waters to a United States port and presents a duplicate copy of the Canadian pratique to the quarantine officer.[2]

(b) A vessel or aircraft arriving from any port whether or not under the control of the United States, which:

(1) Has aboard a person infected or suspected of being infected with anthrax, chickenpox, cholera, dengue, diphtheria, infectious encephalitis, measles, meningococcus meningitis, plague, poliomyelitis, psittacosis, scarlet fever, smallpox, streptococcic sore throat, typhoid fever, typhus, or yellow fever, or

(2) Arrives from a port where at the time of departure there was present or suspected of being present cholera, plague, or yellow fever, or where there was significant increase in prevalence of smallpox or typhus at the time the vessel or aircraft touched there.

4. Section 11.66 is amended to read as follows:

§ 11.66 *Persons: Observation.* Persons held under observation pursuant to the provisions of Subpart F of this part may be so held on vessels in quarantine or at facilities of the Public Health Service. Such persons shall not have contact with other persons except by permission of the medical officer in charge.

5. Section 11.82 is amended to read as follows:

§ 11.82 *Cholera: Vessels or aircraft; things.* (a) A cholera infected vessel or aircraft shall be detained in quarantine until disinfected.

(b) The dejecta of all persons held under observation for cholera shall be disinfected before final disposition.

(c) Personal effects contaminated by dejecta from cholera cases or carriers shall be disinfected. Material capable of conveying infection shall not be removed from the vessel or aircraft until it has been disinfected.

(d) All unsealed food on a cholera infected vessel or aircraft shall be destroyed or cooked, and such other special precautions shall be taken as may be necessary to prevent contamination of food or water supplies of the vessel or aircraft.

(e) The water supply of a cholera infected vessel or aircraft shall be disinfected.

6. Section 11.87 is amended to read as follows:

§ 11.87 *Smallpox: Vessels or aircraft; persons.* (a) Persons ill from smallpox shall be removed and isolated until no longer infectious.

(b) All persons not presenting evidence satisfactory to the quarantine officer of successful vaccination within three years prior to arrival or of a previous attack of smallpox shall be vaccinated, or, upon failure or refusal to be vaccinated, held under observation for not more than 14 days, but, to the extent determined by the Surgeon General, persons arriving from countries specified by him shall not be so vaccinated or held.

7. Section 11.139 is amended to read as follows:

§ 11.139 *Particular diseases.* (a) A person coming from a locality where cholera is prevalent shall not enter until (1) it is determined that he is free from cholera vibrios, or (2) he has been under observation for five days since last exposure and is free from the disease.

(b) A person from an endemic yellow fever area who does not present satisfactory evidence of immunity shall be placed under observation or surveillance for six days from last exposure.

(c) All persons not presenting evidence satisfactory to the quarantine officer of successful vaccination within three years prior to arrival or of a previous attack of smallpox shall be vaccinated, or, upon failure or refusal to be vaccinated, held under observation for not more than 14 days.

(d) A person from a locality where typhus prevails shall not be allowed to enter until free from vermin. Persons, wearing apparel, baggage and personal effects shall be disinfested when deemed necessary by the quarantine officer.

8. Section 11.152 is amended to read as follows:

§ 11.152 *Psittacine birds.* (a) The term psittacine birds shall include all birds commonly known as parrots, amazons, Mexican double heads, African grays, cockatoos, macaws, parakeets, love birds, lories, lorikeets, and all other birds of the psittacine family.

(b) Except as provided in subparagraphs (1) and (2) of this paragraph, psittacine birds shall not be brought into the continental United States, its territories, or possessions, other than the Canal Zone, from any foreign port.

(1) Birds destined for a zoological park or a research institution may be brought in if they are older than eight months, the importer thereof has applied on prescribed forms for permission to bring them in, and having made a showing that adequate detention will be observed at the place of destination, has received a permit from the Surgeon General specifying the number and species of birds that may be brought in.

(2) Birds not destined for a zoological park or a research institution may be brought in by the owner of the birds if they are accompanied by him; do not exceed two in number; the owner has submitted a sworn statement that the birds have been in his possession for the preceding two years, have not had contact with other psittacine birds during that period, and will be transported immediately to his private residence and retained there as his household pets; and appear to the quarantine officer to be in good health.

9. Section 11.153 is amended to read as follows:

§ 11.153 *Psittacine birds: Disposition of excluded birds.* Psittacine birds excluded from entry under the regulations in this part shall be destroyed or deported. Pending deportation they shall be detained under Customs' custody at the owner's expense:

(a) Aboard the vessel on which they arrived and the vessel shall be held under provisional pratique, or

(b) At the airport of entry.

10. Section 11.154 is amended to read as follows:

§ 11.154 *Cats, dogs, and monkeys.* Subject to the provisions of paragraphs (d) and (e) of this section, no cat, dog, or monkey shall be brought into ports under the control of the United States from any foreign country unless the requirements of paragraphs (a) and (b) of this section are complied with.

(a) The owner may submit a sworn statement that the animals have been immunized with an approved rabies vaccine not more than six months prior to the date of entry. If such a statement is not submitted, the animals must be immunized with an approved rabies vaccine following arrival into ports under control of the United States and prior to release from quarantine.

(b) The owner may submit a sworn statement that the animals were physically inspected within ten days prior to departure for the United States and were found apparently free of demonstrable diseases involving emaciation, lesions of the skin, nervous system disturbances, jaundice, or diarrhea. If such a statement is not submitted, the animals must be physically inspected following arrival into ports under control of the United States and found apparently free of demonstrable diseases involving emaciation, lesions of the skin, nervous system disturbances, jaundice, or diarrhea.

(c) Notwithstanding any other provision of this section, monkeys put on board at a port in an endemic yellow fewer area, or monkeys coming from such an area, shall not be brought in unless they are free of evidence of yellow fever infection, and their owner submits evidence satisfactory to the quarantine officer that, immediately prior either to being put aboard or their arrival, the monkeys had been detained in a mosquito-proof structure for not less than nine days.

(d) The immunization requirements of paragraph (a) of this section shall not be applicable to cats, dogs, or monkeys if the owner thereof submits a sworn statement to the effect that (1) the animals are destined for a research institution, (2) they are intended by such institution to be used for scientific purposes, and (3) immunization will seriously interfere with their use for such purposes.

(e) The provisions of paragraphs (a) and (b) of this section shall not be applicable in the case of cats, dogs, or monkeys brought in from Bermuda, Canada, Eire, Sweden, or the United Kingdom of Great Britain and Northern Ireland. The provisions of paragraph (a) of this section shall not be applicable in the case of cats, dogs, or monkeys brought in from Australia or New Zealand.

11. Section 11.155 is amended to read as follows:

§ 11.155 *Cats, dogs, and monkeys: Disposition of excluded animals.* Cats, dogs, and monkeys excluded from entry under these regulations shall be destroyed or deported. Pending deportation they shall be detained under Customs' custody at the owner's expense:

(a) Aboard the vessel on which they arrived, the vessel to be held under provisional pratique; or

(b) At the airport of entry.

(Secs. 215, 361–369, 58 Stat. 690, 703–706; 42 U. S. C. Sup., 216, 264–272)

Effective date. The foregoing amendments shall be effective 30 days after their publication in the FEDERAL REGISTER.

[SEAL] JAMES A. CRABTREE,
Acting Surgeon General.

Approved: August 25, 1947.

MAURICE COLLINS,
Acting Federal Security Administrator.

[F. R. Doc. 47–8056; Filed, Aug. 28, 1947; 8:47 a. m.]

[1] The yellow fever vaccine and the method of inoculation employed must be approved by the Interim Commission of the World Health Organization. See Article 40 (and the International Form of Certificate of Inoculation annexed thereto) of the International Sanitary Convention of 1926, as amended by the International Sanitary Convention of 1944; and Article 2 (f) of the Arrangement concluded by the Governments (including that of the United States) represented at the International Health Conference. The Arrangement was signed July 22, 1946, and the transfer of functions here involved became effective December 1, 1946.

[2] See Subpart H regarding issuance of duplicate pratique by United States Quarantine officers for presentation to quarantine authorities of Canada.

TITLE 43—PUBLIC LANDS: INTERIOR

Subtitle A—Office of the Secretary of the Interior

[Order 2355]

PART 4—DELEGATION OF AUTHORITY

SUBMERGED LANDS AND TIDELANDS ADJACENT TO CALIFORNIA

The following new section is added to Subpart H, Part 4, to become effective immediately:

§ 4.624 *Submerged lands and tidelands adjacent to California.* The Federal Oil and Gas Supervisor, U. S. Geological Survey, 533 U. S. Post Office and Courthouse, Los Angeles 12, California, is hereby designated as the representative of the Secretary of the Interior to receive all notices, reports, records, and other data which are required to be furnished to the Secretary of the Interior pursuant to the stipulation entered into on July 26, 1947, in United States v. California (Original No. 12, Supreme Court of the United States), between the Attorney General of the United States and the Attorney General of California governing the continuation of oil and gas production and other operations in the submerged lands and tidelands adjacent to California. Where a request for the advance approval of the Secretary of the Interior is submitted in accordance with paragraph 3 of the stipulation, the Supervisor shall forward such request with his recommendation to the Director of the Geological Survey, who is hereby authorized to approve or disapprove the request. All notices, reports, records, or other data, when received by the Supervisor, shall be retained in his office or distributed to the interested bureaus in accordance with usual procedures. (R. S. 161, 5 U. S. C. sec. 22)

J. A. KRUG,
Secretary of the Interior.

AUGUST 21, 1947.

[F. R. Doc. 47–8044; Filed, Aug. 26, 1947; 8:47 a. m.]

[Order 2356]

PART 4—DELEGATION OF AUTHORITY

FUNCTIONS RELATING TO LITIGATION AFFECTING INDIANS OF THE FIVE CIVILIZED TRIBES

The following section is added to Subpart J, Part 4:

§ 4.718 *Functions relating to litigation affecting Indians of the Five Civilized Tribes.* The Superintendent for the Five Civilized Tribes is hereby authorized (a) to make determinations against the removal to the United States district court of cases in which notices have been served upon him under section 3 of the act of April 12, 1926 (44 Stat. 239), and (b) to submit to the Department of Justice recommendations for the removal of such cases to the United States district court. All recommendations made by the superintendent in cases now pending are hereby adopted and confirmed. (Sec. 3 (c), Public Law 336, 80th Cong.)

J. A. KRUG,
Secretary of the Interior.

AUGUST 21, 1947.

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

PART 8—SHIP SERVICE

LIFEBOAT INSTALLATIONS; REQUIREMENTS

In the matter of amendment of Part 8 of the rules and regulations and related lifeboat antenna kite and balloon requirements.

At a meeting of the Federal Communications Commission on the 21st day of August 1947;

The Commission having before it the fact that certain wartime regulations of the United States Coast Guard relating to compulsory lifeboat radio installations have been rescinded, and having under consideration its own requirements relating to lifeboat radio installations as set forth in Part 8 of its Rules Governing Ship Service; and

It appearing, that certain proposed amendments to delete from Part 8 of the Commission's rules those provisions relating to portable lifeboat radio installations, and to provide an optional radio installation for motor lifeboats of passenger vessels, were submitted by the Commission to all parties known or believed to be interested, including both private and governmental agencies, and an opportunity afforded those parties to comment regarding such proposed amendments; and

It further appearing, that all comments received have been duly considered; and

It further appearing, that it is in the public interest, convenience, and necessity that the proposed amendments, with minor changes to reflect certain recommendations received from interested parties, should be finally adopted; and

It further appearing, that authority for the amendments hereinafter set forth is contained in sections 303 (r), 355, and 356 of the Communications Act of 1934, as amended, that notice and public procedure for rule making as required by sections 4 (a) and (b) of the Administrative Procedure Act are unnecessary and contrary to the public interest for the reason that all parties known or be-

lieved to be interested have heretofore been given notice and an opportunity to comment on proposed amendments substantially the same in form and content as those hereinafter set forth and the amendments hereinafter set forth should be made effective at the earliest practicable date; and that for the foregoing reasons and also because the amendments hereinafter set forth will relieve an existing restriction relating to lifeboat radio installations such amendments should be made effective immediately without prior publication as required by section 4 (c) of the Administrative Procedure Act:

Now, therefore, it is ordered, That Part 8 of the Commission's rules and regulations entitled "Rules Governing Ship Service" and the related lifeboat antenna kite and balloon requirements are hereby amended in the following respects:

1. Sections 8.201 to 8.209, inclusive, are amended as set forth below and supersede §§ 8.201 to 8.210, inclusive (7 F. R. 6975).

NOTE: The text of §§ 8.201 to 8.209, inclusive, comes from the following sources: § 8.201 (a), from F. R. Doc. 44–15298 (NP), Dec. 12, 1944 (not published in the FEDERAL REGISTER); §§ 8.202 and 8.203 (b), from F. R. Doc. 42–8619, Aug. 27, 1942, 7 F. R. 6975; §§ 8.201 (b), 8.203 (a) and (c), 8.204 to 8.206, inclusive, currently amended, effective Sept. 1, 1947; and §§ 8.208 and 8.209, codified from the Commission's Requirements for Antenna Kites, Antenna Balloons and Associated Equipment, promulgated on Aug. 22, 1944, and currently amended. Former §§ 8.207 to 8.210, inclusive, have been deleted.

LIFEBOAT INSTALLATIONS

REQUIREMENTS FOR ALL COMPULSORY LIFEBOAT RADIO INSTALLATIONS

Sec.
8.201 Inspection and maintenance of lifeboat radio installation.
8.202 Demonstration of the power supply for lifeboat installations.
8.203 Radio installation requirements.

REQUIREMENTS FOR RADIO INSTALLATIONS IN MOTOR LIFEBOATS OF PASSENGER VESSELS

8.204 Lifeboat radio station.
8.205 Optional lifeboat radio installation.
8.206 Departure from requirements.

REQUIREMENTS FOR LIFEBOAT ANTENNA KITES, ANTENNA BALLOONS AND ASSOCIATED EQUIPMENT

8.208 Lifeboat antenna kites.
8.209 Balloons and balloon inflating equipment.

LIFEBOAT INSTALLATIONS

REQUIREMENTS FOR ALL COMPULSORY LIFEBOAT RADIO INSTALLATIONS

§ 8.201 *Inspection and maintenance of lifeboat radio installation.* (a) The lifeboat radio installation shall be inspected and tested [1] by a qualified representative of the licensee within 24 hours prior to the ship's departure for sea from each port (except not necessarily more than once each week), and with the lifeboat afloat in a harbor or port of the United States when required by an inspector of the Commission. The result of any inspection and test not made in the inspector's presence shall be made known to the master of the vessel and shall be entered in the ship's radio station log or recorded in the ship's log if the ship is not provided with a radiotelegraph station. The records of all inspections and tests shall be made available to duly authorized representatives of the Commission upon request. The inspection afloat shall include an actual test of the transmitter (and receiver when required) connected to the regular lifeboat antenna(s) erected to determine that each is in effective operating condition. When testing with the lifeboat not afloat, the transmitter may be connected to an artificial antenna.

(b) When the vessel is under way, provision shall be made for adequate charging of the storage batteries and the routine inspection of all batteries used to supply the power to lifeboat radio installations. The charging and routine inspection of such batteries shall not require their removal from the lifeboats in which they are installed. The necessary charging equipment shall be arranged so as not to interfere with the launching of the lifeboats, and for this purpose shall be easily and quickly removable. Inspection of the batteries shall be made at least once every seven days by a qualified representative of the licensee, and a statement in regard to the condition and specific gravity in the case of a lead-acid battery, or voltage under normal load in the case of Edison batteries (or dry batteries when such batteries are permitted) shall be reported to the master and entered in the ship's radio station log. Any storage battery provided as a power supply or as a spare power supply shall be kept fully charged at all times.

§ 8.202 *Demonstration of the power supply for lifeboat installations.* The shipowner, operating company, or station licensee, if directed by the Commission or its authorized representative, shall prove by demonstration as may be deemed necessary, that a storage battery used for a required lifeboat radio installation is capable of energizing this installation for the required period of time as stipulated in § 8.120.

§ 8.203 *Radio installation requirements.* (a) For new radio installations completed after January 1, 1940, in motor lifeboats of ocean-going passenger vessels, the charging circuit for the lifeboat radio storage battery or batteries when used as a source of power, shall be routed through the main radiotelegraph operating room of the vessel. A device which, during charge of the lifeboat radio battery or batteries will give a continuous indication of the polarity and the rate of such charge, shall be connected in this charging circuit, and shall be located in the main radiotelegraph operating room for purposes of frequent observation.

(b) The use of metal masts and stays, unless broken by insulators, or of any structure at electrical ground potential at the masthead(s) is not permitted: *Provided, however*, That this limitation shall not prohibit the use of a metal mast or masts used as the antenna. Provision shall be made for the expeditious erection of the antenna system under adverse weather and sea conditions.

(c) Kites and balloons and balloon inflating equipment [2] for use as component parts of lifeboat radio installations shall comply with all provisions of §§ 8.208 and 8.209.

REQUIREMENTS FOR RADIO INSTALLATIONS IN MOTOR LIFEBOATS OF PASSENGER VESSELS

§ 8.204 *Lifeboat radio station.* (a) Except as provided in § 8.205, the radio installation on motor lifeboats of vessels navigated in the open sea, designated in accordance with section 355 of the Communications Act of 1934, as amended, as requiring a radio installation, shall consist of an efficient installation, for emergency use, in good operating condition, which shall comply with the following requirements:

(1) Frequency of operation of transmitter: 500 kilocycles.

(2) Type of emission of transmitter: A–2.

(3) Frequency tolerance of transmitter: 0.5 per cent.

(4) Power of transmitter: Not less than 75 watts plate input power to the oscillator or amplifier supplying power to the antenna when such oscillator or amplifier is effectively coupled to an antenna equivalent to that described in the following paragraph (5).

(5) Antenna: A single wire inverted L–type, not less than 20 feet above the water line with a horizontal section of the maximum practicable length.

(6) Receiver: Electron tube type. Continuous frequency range of at least 350 to 550 kilocycles and capable of reception of types A–1, A–2 and B emissions.

(7) The type of power supply shall be: For the transmitter: A storage battery. For the receiver: Dry cell battery and/or storage battery. The necessary power for the transmitter and receiver, at voltages other than the battery voltages, may be obtained by the use of a dynamotor or other suitable device approved by the Commission.

(8) The lifeboat radio transmitter shall be fitted with a radio frequency ammeter of suitable range and scale, connected so as to indicate the current in the antenna circuit.

(b) Availability and use of lifeboat radio power: The power supply of a lifeboat radio installation shall be capable at all times of operating the entire lifeboat radio installation for a period of at least 6 continuous hours in accordance with § 8.115 (d). With the exception of the electric starter of the lifeboat motor, the storage battery or batteries may also be used to operate equipment other than radio: *Provided*, The additional use of the battery or batteries will not affect, adversely, the ability of the installation to fulfill the foregoing 6-hour radio operating requirement. All individual circuits connected to the transmitter storage battery shall be independently and properly fused.

(c) Details of lifeboat radio installation: The components and assembly of the entire installation shall insure, primarily, the utmost dependable operation, and the design shall be such that heavy vibration and physical shocks to which a lifeboat is subject will cause no damage. All components shall be housed and treated so as to withstand saline dampness for extended periods without damage and to minimize the adverse effect of prolonged exposure to salt water or salt spray. Storage batteries shall be mounted in cabinets that will provide protection from salt-water spray and also allow proper ventilation, subject to approval of the United States Coast Guard. Provision shall be made to protect the operator from the elements when the lifeboat is afloat in a heavy sea. Antenna lead-in insulators shall be of a type approved by the Commission. Auxiliary equipment and spare parts prescribed for motor lifeboat radio stations by § 8.235 shall be retained within the radio-equipped lifeboat at all times while the vessel is in active service.

(d) Lifeboat radio instructions: Instructions shall be plainly marked on the apparatus in sufficient detail which will inform inexperienced or uninstructed personnel how to place the radio equipment in operation and how to transmit appropriate signals for a sufficient period of time to enable vessels or land stations, within communication range and equipped with radio direction finders, to determine the position of the lifeboat.

§ 8.205 *Optional lifeboat radio installation.* Radio installations provided in lieu of the radio installation required by § 8.204, shall consist of an efficient and reliable emergency transmitter and an emergency receiver in good operating condition, an emergency power supply, an antenna wire and insulator assembly for use with a lifeboat sailing mast, an antenna wire and reel assembly for use with a balloon and a kite, an approved balloon, an approved container of gas for inflating the balloon, an approved kite, a ground system, an artificial antenna, and such auxiliary equipment and spare parts as are prescribed in §§ 8.235 (d) and (f), and shall comply with the following requirements:

(a) General requirements: (1) The transmitter, receiver and power supply shall be enclosed in a single container; *Provided*, That operational parts of these components not adversely affected by immersion in sea water need not be so enclosed; and not more than two containers shall be required to house the complete installation. The container enclosing the transmitter, receiver and power supply shall be water-tight and capable of withstanding complete submersion in sea water for a continuous period of two hours without leakage. This container shall be capable of withstanding this submersion with all manual operating controls and all indicating devices and instruments unprotected from contact with sea water. Any other container provided shall be of durable and splash proof construction. Suitable protection shall be provided for the operating controls, indicating devices and instruments, including the microphone and the head telephone(s), against physical harm from accidental or inadvertent blows, and from the adverse effects of prolonged exposure to the weather. The container enclosing the transmitter, receiver and power supply shall be durably constructed of steel or aluminum or alloys thereof, and shall be suitably protected against the adverse effects of sea water and saline dampness. Provision shall be made to protect the operator from the elements while the lifeboat is afloat in a heavy sea.

(2) The container housing the transmitter, receiver and power supply shall be provided with a noncorrosive cartridge type desiccator installed in a manner which will permit convenient inspection, maintenance and replacement.

(3) The physical dimensions and shape of the container(s) shall require the minimum amount of space consistent with the design of the equipment.

(4) The weight of the complete installation shall not exceed 160 pounds.

(5) The design and construction of the entire installation shall be such that no tools are required to place it in operation for routine tests or for emergency communication.

(6) All component parts used in the installation shall be of acceptable quality for marine service.

(7) The complete installation shall be efficient and reliable in its operation and shall be ruggedly constructed and capable of withstanding the shock and vibration to which a lifeboat may be subjected.

(8) Each installation shall be equipped with a durable name plate mounted on the transmitter, receiver, power supply or control panel, or made an integral part thereof, showing at least the following: The type or model number, the name of the manufacturer, the month and year of manufacture, and the rated power output for each frequency and each type of emission into each artificial antenna specified in § 8.205 (b) (1).

(9) Suitable printed instructions together with sketches covering the erection of the antenna(s) and operation of the equipment shall be permanently and conspicuously attached to the control panel or the surface of the transmitter, receiver and power supply container, or shall be made an integral part thereof. These instructions shall be as simple as possible consistent with the amount of detail required by an unskilled person to operate the equipment for automatic radiotelegraph communication and for radiotelephony. In addition, these instructions shall include sufficient information to permit an unskilled person to manually transmit the radiotelegraph distress signal "SOS" and the international auto-alarm signal and a statement that the latter signal is effective only if transmitted on the frequency 500 kilocycles. These instructions shall be durable and waterproof.

(10) Each installation shall be provided with a copy of an instruction manual covering the design, installation, operation and maintenance of the apparatus.

(b) The radio transmitter shall comply with the following requirements:

(1) Table:

Operating frequencies	Frequency tolerance	Type of emission	Mod. [1] percentage	Mod. frequency	Power output into long antenna [2]	Power output into short antenna [3]
500 kc.....	0.5%	A–2	Not less than 70.....	Not less than 450 nor greater than 1,250 c. p. s.	Not less than 5 watts.	Not less than 2 watts.
500 kc.....	.5%	A–3	Not less than 70 nor greater than 100.	400 to 3,000 c. p. s....	Not less than 4 watts carrier.	Not less than 1.5 watts carrier.
8280 kc.....	.02%	A–1	.....	.....	Not less than 4 watts.	Not less than 2 watts.
8280 kc.....	.02%	A–3	Not less than 70 nor greater than 100.	400 to 3, 000 c. p. s....	Not less than 4 watts carrier.	Not less than 1.5 watts carrier.

[1] The indicated modulation percentage shall be determined as the average of the modulation percentages of the positive and negative peaks.

[2] The indicated power output shall be developed on 500 kilocycles into an artificial antenna of 500 micromicrofarads capacitance and 15 ohms resistance and on 8280 kilocycles into an artificial antenna of 300 ohms resistance.

[3] The indicated power output shall be developed on 500 kilocycles into an artificial antenna of 100 micromicrofarads capacitance and 10 ohms resistance and on 8280 kilocycles into an artificial antenna of 50 ohms resistance.

(2) The transmitter radio frequency control circuits shall be pretuned to the required frequencies and shall be of such design and construction that the operating frequencies are maintained within the prescribed tolerances under varying antenna circuit characteristics and conditions of adjustment. The frequency control circuit adjustment(s) shall be securely locked to prevent detuning as a result of shock or vibration and shall not be readily available to the person using the transmitter.

(3) Controls shall be provided on the operating panel for efficient transfer of radio frequency energy at each required operating frequency to antennas having the following characteristics at 500 kilocycles: 80 to 750 micromicrofarads of capacitance and 10 to 20 ohms of resistance. An initial adjustment of these controls shall effectively resonate the antenna circuit at each required operating frequency and this condition shall be maintained without further adjustment of these controls during a normal operating period of the transmitter.

(4) Provision shall be made for keying the transmitter manually and by automatic means on 500 kilocycles and 8280 kilocycles. Provision shall be made for automatic transmission of the international distress signal "SOS", in one or more groups of three "SOS" signals, followed by a continuous dash not less than 12 seconds nor more than 20 seconds in duration. Provision shall be made for automatically changing the operating frequency of the transmitter from 500 kilocycles to 8280 kilocycles, and vice versa, with a frequency transfer time interval not to exceed five seconds so that the automatically keyed transmission sequence specified herein will take place

[1] Subject to such limitations as may be imposed by United States Naval Authority or by foreign governments at foreign ports. It is necessary that each lifeboat transmitter be licensed by the Commission to insure compliance with the rules and regulations of the Commission, during the required tests with an actual antenna. Operation of a lifeboat transmitter is ordinarily authorized by the regular ship station license when it has been described in the application for such license and the authorization has been approved by the Commission.

[2] Application for approval of kites, balloons and balloon inflating equipment may be made to the Commission.

alternately on 500 kilocycles and 8280 kilocycles. The speed of automatic telegraph transmission shall not exceed 16 words per minute. Simple and reliable controls shall be provided so that the operator of the transmitter can quickly and conveniently place it in operation in accordance with any of the three required modes of transmitter operation; that is, manual radiotelegraph, automatic radiotelegraph, and manual radiotelephone operation, provided, that not more than one manual switch adjustment shall be made to place the transmitter in operation for automatic radiotelegraph transmission, and under this condition of operation the receiver shall be completely de-energized. The transmitter and the receiver, including their controls, shall be arranged mechanically and electrically so that they can be operated efficiently and conveniently from the same operating position for manual radiotelephone and manual radiotelegraph communication on the required operating frequencies and so that the time necessary to change from transmission to reception, and vice versa, on these frequencies is as short as possible and in no event more than ten seconds.

(5) The transmitter shall be equipped with reliable visual indicators (such as neon tubes) to indicate antenna resonance at each operating frequency with any antenna normally provided. Failure of these indicators shall have no effect on the actual operation of the transmitter.

(c) The emergency receiver shall comply with the following requirements:

(1) The receiver shall provide reception on the frequency 500 kilocycles and shall be capable of manual tuning between the frequencies 8100 and 8600 kilocycles for operation on the frequency 8280 kilocycles.

(2) The receiver shall be capable of responding to types A–2 and A–3 emission on the frequency 500 kilocycles and on all frequencies in the range 8100 to 8600 kilocycles.

(3) The sensitivity of the receiver shall be such that at least 6 milliwatts of audio power is developed in a non-inductive load resistor having an ohmic value equal to the value of the load resistance into which the output audio amplifier stage is designed to operate, at a signal to noise power ratio of not less than 10 to 1 when the receiver is supplied through the appropriate artificial antennas specified in § 8.205 (b) (1) with the following radio frequency signals:

Frequency kilocycles	Signal strength microvolts	Modulation factor	Modulation frequency
500	25	0.3	400 c. p. s.
8280	100	.3	400 c. p. s.

The noise power present in the output of the receiver when the receiver is adjusted for reception of types A–2 and A–3 emission on the frequencies 500 kilocycles and 8280 kilocycles shall be determined with an unmodulated input signal of the indicated strength.

(4) The receiver shall be equipped with only one manually operated volume control. The effect of this control together with an automatic sensitivity control circuit, if used, shall permit the receiver to operate normally without overload when an input signal of one volt modulated 30 per cent at 400 cycles per second is applied to the receiver input terminals through the appropriate artificial antennas specified in § 8.205 (b) (1).

(5) The receiver shall be capable of a maximum "undistorted" audio frequency output power of 10 milliwatts.

(6) The over-all electric fidelity of the receiver shall be such that with a zero decibel 1000 cycle reference the maximum response deviation at any frequency between 400 and 2000 cycles per second will not exceed 4 decibels.

(7) The selectivity of the receiver shall be at least as follows:

Ratio of input voltage off resonance to input voltage at resonance	500 kilocycle band width	8280 kilocycle band width
10	20 kc.	30 kc.
100	40 kc.	60 kc.
1000	60 kc.	90 kc.

(d) The emergency power supply shall comply with the following requirements:

(1) The source of power shall be a manually operated electric generator capable of efficiently energizing the lifeboat radio installation.

(2) The mechanical power applied to the crank handle(s) or the propelling lever(s) of the generator driving mechanism shall not exceed a maximum of 0.15 horsepower for any required condition of operation of the lifeboat radio installation at any temperature of the generator and its associated driving mechanism between minus 30 degrees and 125 degrees fahrenheit. Under these conditions the speed of rotation of the crank handle(s) shall not be greater than 70 revolutions per minute or the cycle of operation of the propelling lever(s) shall not be greater than 70 cycles per minute.

(3) The voltages applied to the radio installation shall not vary from their normal values more than 20 percent at any generator speed in excess of the normal operating speed which can be manually developed.

(e) The antenna assemblies shall comply with the following requirements:

(1) The antenna assembly required for use with a balloon and a kite shall consist of a reliable reel constructed of materials resistant to the corrosive effects of sea water and saline dampness, containing 300 feet of flexible stranded or braided copper or copper alloy wire of high conductivity having a tensile strength of not less than 60 pounds. This wire shall be securely fastened at one end to the reel and effectively insulated electrically. If an insulating cord is used it shall have a tensile strength at least equal to that of the antenna wire, and the material(s) used therein shall be such that the cord is not weakened by kinking or wetting. This reel shall be associated with the container housing the transmitter, receiver and power supply in a manner which will provide mechanical protection and protection from the weather to the reel, and shall be designed and mounted in a manner which will permit convenient unwinding and rewinding of the antenna wire. Means shall be provided for conveniently and effectively connecting the antenna wire to the proper radio installation antenna terminal.

(2) The required balloon when inflated with gas shall be capable of effectively supporting the 300-foot antenna wire and shall comply with the requirements of § 8.209.

(3) The required container of gas shall be capable of effectively inflating the balloon, and shall comply with the requirements of § 8.209.

(4) The required kite shall be capable of effectively supporting the 300-foot antenna wire, and shall comply with the requirements of § 8.208.

(5) The required antenna assembly for use with a lifeboat sailing mast shall consist of a length of not less than 40 feet of No. 10 stranded copper wire having at least 80 strands, with the antenna insulators necessary for effective insulation of the antenna when used with a lifeboat sailing mast.

(f) The ground system shall comply with the following requirements:

(1) The radio installation when installed in a metal hull lifeboat shall be effectively grounded to the hull of the lifeboat. This ground connection shall be physically located in a position where it is inaccessible to the normal movement of occupants or accessories in the lifeboat.

(2) The radio installation when installed in a lifeboat having a non-metallic hull shall be provided with a grounding conductor consisting of a length of not less than 20 feet of No. 10 bare stranded copper wire or equivalent copper braid effectively weighted at one end for immersion in the sea. This conductor shall be securely fastened to an effective ground terminal on the radio installation.

(g) The artificial antenna shall comply with the following requirements:

(1) The artificial antenna shall provide a reliable load for the transmitter, for test purposes at the frequencies 500 kilocycles and 8280 kilocycles, of approximately the same electrical characteristics as the mast supported antenna required by §§ 8.201 to 8.209.

(2) The artificial antenna shall be housed in a single container and provided with appropriate terminals for the necessary characteristics. If more than two terminals are provided on the artificial antenna, all the terminals shall be properly labeled. The physical dimensions of this container shall permit convenient storage of the unit in one of the containers specified in § 8.205 (a) (1).

§ 8.206 *Departure from requirements.* Any departure from the requirements of §§ 8.203 (c), 8.204, and 8.205 will be considered by the Commission only upon a satisfactory showing that such departure will not reduce the required efficiency, reliability and effectiveness of the installation.

REQUIREMENTS FOR LIFEBOAT ANTENNA KITES, ANTENNA BALLOONS AND ASSOCIATED EQUIPMENT[1]

§ 8.208 *Lifeboat antenna kites* — (a) *Material*—(1) *Frame.* The frame may be of wood or of metal. It must be strong and be collapsible or be easily disassembled for storage. If of wood, the wood must be treated to prevent absorption of water, unless it naturally does not take up much water. If of metal, all the metal parts must be treated with a corrosion resistant finish, unless they are of noncorrodible material.

(2) *Cloth.* The cloth shall be of a strong and durable material. It shall have a thread count in warp and fill of not less than 115 and a tensile strength (grab method) of not less than 30 pounds in warp and fill. The material shall be fast dyed a bright yellow. The cloth shall be adequately treated so as to be water repellent. The finished cloth shall not be stiff or tacky even under wide ranges of temperatures.

(3) *Bouyant material.* The kite, when assembled for flying, must be bouyant. Any bouyant material added must be securely fastened to the kite and not seriously interfere with its flight.

(b) *Details* — (1) *Dimensions and shape.* The kite may be of any desired shape, such as box, etc., provided it can be easily assembled and handled.

(2) *Antenna connector.* Each kite shall be provided with a strong and secure means for the attachment of the antenna to the kite.

(3) *Instructions.* Each kite shall be accompanied by a set of instructions written in simple and clear language so that a person may assemble and fly the kite even though he may have had no previous experience with kites.

(4) *Container.* Each kite shall be packed in a rigid and sealed container. The container shall be as small as possible and shall be rigid enough to protect the kite even though it may be stepped upon by persons getting in a lifeboat. The container shall be easy to open and not require the use of tools. A metal tear-strip with a key removably soldered to the top is acceptable. The provision is not applicable if the kite is stowed in a watertight compartment with other components of the radio installation.

(5) *Marking.* Each container shall be permanently marked to show the contents, the name of the manufacturer, the place of manufacture, the date of packing, and the model number of the kite.

(c) *Tests.* Any samples or manufactured kites may be subjected to such tests as may be necessary to determine whether they are suitable for the purpose intended. Among the tests that may be performed are:

(1) *Storage test.* One year storage aboard ship or in a laboratory in which the container containing the kite may be subjected to Fahrenheit temperatures between 70 degrees below zero to 150 degrees above zero.

(2) *Use test.* The kite shall be removed from its container and sent aloft at Fahrenheit temperatures between 30 degrees below zero to 140 degrees above zero. The kite shall function properly and the cloth shall show no signs of serious cracking, brittleness, tackiness or other evidence of deterioration.

(3) *Launching test.* The kite shall be assembled, the antenna wire attached, and successfully launched by a person sitting in a lifeboat, the wind being of a velocity between 7 and 10 miles per hour.

(4) *Lift test.* The kite shall raise and hold aloft in even flight an antenna approximately 300 feet long and weighing approximately 12 ounces. It shall maintain its flight at an angle of not less than 30 degrees in a wind of not more than 10 miles per hour.

§ 8.209 *Balloons and balloon inflating equipment*—(a) *Material.* The balloon may be constructed of any gas impermeable flexible material that can be relied upon to stand storage for long periods in a folder condition and will also withstand the effect of sunlight, temperature change, humidity, etc., likely to be encountered at sea. The material must be of such a nature that it can be easily packed, together with the valve and other gas filling fittings, into a rigid container of not more than 70 cubic inches capacity.

(b) *Gas.* The gas to be used for inflating the balloon must be non-inflammable and at the same time provide adequate buoyancy. The gas shall be furnished in a strong steel cylinder having an over-all length of not over 30 inches and a diameter of not over 8 inches. A quantity of gas sufficient to inflate the balloon to a volume of 40 to 44 cubic feet shall be furnished in the steel cylinder. In lieu of a steel cylinder filled with gas, a gas generator may be furnished. The generator must be fireproof and the gas generated must not be of a flammable or explosive nature. A fitting or other means shall be supplied with the cylinder or the generator so that the balloon may be quickly and easily inflated and without excessive loss of gas, even by an inexperienced person. Neither the gas cylinder, together with its gas, nor the gas generator, together with its chemicals shall weigh over 25 pounds.

(c) *Details* — (1) *Dimensions and shape.* If spherical, the balloon shall be aproximately 48 inches in diameter when inflated so as to provide a buoyancy of 20 ounces available for supporting an antenna. The balloon may be of any desired shape provided it supplies the 20 ounce lift. The use of fins or other means for providing stable flight of the balloon during windy periods is acceptable provided that the balloon can be packed away easily in the 70 cubic inch container.

(2) *Antenna connection.* Each balloon shall be provided with a strong and secure means for the attachment of the antenna to the balloon.

(3) *Valve.* Each balloon shall be fitted with a valve which will allow the balloon to be filled with gas in a quick and simple manner. If a gas generator is provided, the fitting shall be of such a nature that the balloon may be drained of any liquid that may have collected inside. Any metal parts of the valve must be made of noncorrodible material.

(4) *Instructions.* Simple, clear and concise instructions shall accompany each balloon so that a person who has never operated one before may successfuly inflate it without injury to the balloon or excessive loss of gas. The instructions may be made in a permanent manner on the outside of the container.

(5) *Container.* Each balloon shall be packed in a rigid airtight container. The container shall not exceed 70 cubic inches capacity nor shall it be over 6 inches in any one dimension. Preferably, the container shall be fitted with an inert gas so as to preserve the balloon. The can must be easy to open. A metal tear-strip around the top with a key removably soldered to the top is satisfactory.

(6) *Marking.* Each container shall be marked to show the contents, the name of the manufacturer, the place of manufacture, the date of packing, and the model number of the balloon.

(d) *Tests.* Any samples or manufactured balloons may be subjected to such tests as may be necessary to determine whether they are suitable for the purpose intended. Among the tests that may be performed are:

(1) *Storage test.* One year storage aboard ship or in a laboratory in which the container containing the balloon may be subjected to Fahrenheit temperature between 70 degrees below zero to 150 degrees above zero.

(2) *Use test.* The balloon shall be removed from its container and inflated and sent aloft at Fahrenheit temperatures between 30 degrees below zero to 140 degrees above zero. The balloon shall function properly and show no signs of serious cracking, tackiness, stickiness or other evidences of deterioration.

(3) *Lift test.* The balloon shall be inflated with about 35 cubic feet of helium gas so as to inflate the balloon to its regular size. It shall then support an antenna of approximately 300 feet length and weighing approximately 12 ounces at an angle of not less than 30 degrees from the horizontal during a wind of not over 15 miles per hour. In the above lift tests, the balloon shall maintain the antenna aloft for 48 hours without further addition of gas.

2. Former paragraph (f) of § 8.235 is deleted and former paragraph (g) is redesignated (f) and amended to read as follows:

§ 8.235 *Additional spare parts in general.* * * *

(f) *Optional lifeboat radio installations provided in accordance with § 8.205 for use in lifeboats (spare parts).* (1) One electron tube of each type used for normal operation of the radio installation in accordance with the requirements governing the installation, including neon or any other type of tube or lamp employed as resonance indicator(s).

(2) Six fuses of each type used which shall be of the same rating and interchangeable therewith;

(3) Where a kite and balloon are used for an antenna support, one spare 300-foot length of antenna wire of the type

[1] The Commission's requirements for lifeboat antenna kites, antenna balloons and associated equipment, promulgated on August 22, 1944, are amended and codified as set forth in §§ 8.208 and 8.209. Application for approval of kites, balloons and balloon inflating equipment, may be made to the Commission.

used which shall be of the same rating and interchangeable therewith.

It is further ordered, That for the reasons set out above, this order should be, and is hereby made effective September 1, 1947.

(Sec. 303 (r), 50 Stat. 191, 355, 50 Stat. 194, 356, 50 Stat. 194; 47 U. S. C. 303 (r), 355, 356)

FEDERAL COMMUNICATIONS COMMISSION,

TITLE 50—WILDLIFE

Chapter I—Fish and Wildlife Service, Department of the Interior

PART 01—ORGANIZATION AND PROCEDURE

FIELD ORGANIZATION

1. In § 01.23 (11 F. R. 177A-209) the existing text is designated paragraph (a) and paragraph (b) is added as follows:

§ 01.23 *Special offices.* (a) • • •

(b) The Office of Foreign Activities maintains an office at Manila, Luzon, Republic of the Philippines, for the conduct of the field work of the Philippine Fishery Program pursuant to section 309 of the act approved April 30, 1946 (60 Stat. 128, 138). This Office reports directly to the Director of the Fish and Wildlife Service.

2. The following is added to § 01.51 *Director* (11 F. R. 177A-209):

(h) To enter into contracts for construction, supplies or services irrespective of the amount involved, unless the Secretary by written order published in the FEDERAL REGISTER specifically prescribes otherwise; to redelegate such authority to subordinate officials and employees of the Service, to the Property and Procurement Officer of the Department, or to the Purchasing Officer, Alaska-Seattle Service Office; and except in cases in which the Director is the contracting officer, to act as the authorized representative of the Secretary of the Interior with respect to certain contracts (43 CFR 4.100; 12 F. R. 4115).

3. A new section is added as follows:

§ 01.60 *Delegations of authority by director*—(a) *Contracts for procurements.* The officials and employees designated in this section are authorized to enter into contracts for construction, supplies or services, limited to the amounts indicated in each case, in conformity with applicable regulations and statutory requirements and subject to the availability of appropriations. The officials and employees so authorized may with respect to any such contract issue change orders and extra work orders pursuant to the contract, enter into modifications of the contract which are legally permissible, and terminate the contract if such action is legally authorized. All other delegations or redelegations relating to the same subject matter have been revoked.

(1) Headquarters Organization: Chief, Branch of Administration and Chief, Division of Finance and Procurement, unlimited as to amount; and Purchasing Officer, Division of Finance and Procurement, $10,000.00.

(2) Regional Offices: Region 1, Regional Director, Assistant Regional Director, Administrative Officer, and Assistant Administrative Officer; Regions 2 to 5, Regional Director, Assistant Regional Director, and Administrative Officer; and Region 6, Regional Director, and Administrative Officer: $10,000.00.

(3) Other Field Offices: Administrator, and Administrative Officer, Philippine Fishery Program, Manila, Luzon, Republic of the Philippines, $10,000; General Manager, Assistant General Manager, and Administrative Officer, Pribilof Islands, Seattle, Washington, $5,000; Manager, Pocatello Supply Depot, Pocatello, Idaho; and Liaison Officer, Philippine Fishery Program, San Francisco, California, $1,000.

(Secs. 3, 12, 60 Stat. 238, 244; 5 U. S. C. Sup., 1002, 1011)

CLARENCE COTTAM,
Acting Director.

[F. R. Doc. 47-8043; Filed, Aug. 28, 1947; 8:47 a. m.]

NOTICES

FEDERAL COMMUNICATIONS COMMISSION

PORTABLE EMERGENCY RADIO EQUIPMENT FOR SHIPS AND LIFEBOATS

COMMISSION STUDYING DESIRABILITY

AUGUST 22, 1947.

The Commission on August 21, 1947, adopted amendments to Part 8 of its rules and regulations governing ship service for the purpose of deleting therefrom provisions with respect to lifeboat radio installations which became obsolete when, at the conclusion of hostilities, the U. S. Coast Guard cancelled certain lifeboat radio requirements. The effect of this action is to permit those ships which are required by the Safety of Life at Sea Convention or by the Coast Guard to carry lifeboat radio installations to have either one or two possible non-portable types of installations. One type of installation is the same as that permitted before the war. The other type of installation is one of the types of non-portable installations which was permitted during the war for use in lieu of a portable installation.

The Commission recognizes the importance from the safety standpoint of having adequate radio installations on board ship. In this connection, it is considered possible that portable radio installations should be permitted or required as part of the emergency equipment including the lifeboat radio equipment. The data available at this time are insufficient to afford a basis for a final conclusion in this matter and, therefore, the Commission through its Special Marine Safety Survey Group and in cooperation with other interested departments and agencies of the government and other interested persons is conducting a study to determine the facts and to ascertain whether recommendations should be made regarding any changes in the applicable treaties, laws and regulations.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] WM. P. MASSING,
Acting Secretary.

[F. R. Doc. 47-8065; Filed, Aug. 28, 1947; 9:25 a. m.]

[Docket No. 8230]

RCA COMMUNICATIONS, INC., ET AL.

CHARGES FOR COMMUNICATIONS SERVICE BETWEEN THE UNITED STATES AND OVERSEAS AND FOREIGN POINTS; ORDER EXTENDING TIME

The Commission, having under consideration two telegraphic requests filed on August 19, 1947, one on behalf of RCA Communications, Inc., and the other on behalf of All America Cables and Radio, Inc., The Commercial Cable Company, Mackay Radio and Telegraph Company and Commercial Pacific Cable Company, pursuant to § 1.894 of the Commission's rules and regulations, for an extension of time to August 29, 1947, within which to file a petition for reconsideration of the Commission's report and order (T-47) herein;

It is ordered, This 20th day of August 1947, that the above-described requests are granted and that the time within which the above-named carriers may file petitions for reconsideration of the Commission's report and order (T-47) herein is extended to August 29, 1947.

By the Commission.

[SEAL] WM. P. MASSING,
Acting Secretary.

[Docket No. 8483]

ACME BROADCASTING CO.

ORDER DESIGNATING APPLICATION FOR HEARING ON STATED ISSUES

In re application of The Acme Broadcasting Company, Elizabethtown, Kentucky, Docket No. 8483, File No. BP 5941, for construction permit.

At a session of the Federal Communications Commission, held at Atlantic City, New Jersey, on the 28th day of July 1947;

The Commission having under consideration the above-entitled application for Construction Permit for a new standard broadcast station to operate on 1450 kc, 250 w power, unlimited time, at Elizabethtown, Kentucky;

It is ordered, That, pursuant to section 309 (a) of the Communications Act of 1934, as amended, the said application of The Acme Broadcasting Company be, and it is hereby, designated for hearing at a time and place to be designated by subsequent order of the Commission, upon the following issues:

1. To determine the legal, technical, financial, and other qualifications of the applicant corporation, its officers, directors and stockholders to construct and operate the proposed station.

2. To determine the areas and populations which may be expected to gain primary service from the operation of the proposed station and the character of other broadcast service available to those areas and populations.

3. To determine the type and character of program service proposed to be rendered and whether it would meet the requirements of the populations and areas proposed to be served.

4. To determine whether the operation of the proposed station would involve objectionable interference with Station WLAP, Lexington, Kentucky, or with any other existing broadcast stations and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

5. To determine whether the operation of the proposed station would involve objectionable interference with the services proposed in any pending applications for broadcast facilities and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

6. To determine whether the installation and operation of the proposed station would be in compliance with the Commission's rules and Standards of Good Engineering Practice Concerning Standard Broadcast Stations.

It is further ordered, That American Broadcasting Corporation, licensee of Station WLAP, Lexington, Kentucky, be, and it is hereby, made a party to this proceeding.

By the Commission.

[SEAL] T. J. SLOWIE,
Secretary.

[F. R. Doc. 47-8067; Filed, Aug. 28, 1947; 9:25 a. m.]

[Docket No. 8498]

SAMUEL R. SAGUE (WSRS)

ORDER DESIGNATING APPLICATION FOR HEARING

In re application of Samuel R. Sague (WSRS), Cleveland Heights, Ohio, Docket No. 8498, File No. BMP-2650, for modification of construction permit.

At a session of the Federal Communications Commission, held at its offices in Washington, D. C., on the 14th day of August 1947;

The Commission having under consideration the above-entitled application for modification of constructoin permit to specify a transmitter site and antenna system, said application having been filed in accordance with the condition in the grant, after hearing, of the applicant's application (File No. BP-4377; Docket No. 7176) for a new standard broadcast station to operate on 1490 kc, with 250 w power, unlimited time, in Cleveland Heights, Ohio;

It is ordered, That pursuant to section 309 (a) of the Communications Act of 1934, as amended, the said application for modification of construction permit be, and it is hereby, designated for hearing, at a time and place to be designated by subsequent order of the Commission, to determine whether the proposed transmitter site and antenna system would be in compliance with the Commission's rules and Standards of Good Engineering Practice Concerning Standard Broadcast Stations.

By the Commission.

[SEAL] T. J. SLOWIE,
Secretary.

[F. R. Doc. 47-8066; Filed, Aug. 28, 1947; 9:25 a. m.]

FEDERAL POWER COMMISSION

[Docket No. G-826]

MINNESOTA NATURAL GAS CO. AND NORTHERN NATURAL GAS CO.

NOTICE OF POSTPONEMENT OF HEARING

AUGUST 25, 1947.

In the matter of Minnesota Natural Gas Company, complainant, v. Northern Natural Gas Company, defendant.

Notice is hereby given that the hearing in the above-docketed matter heretofore set to reconvene on September 8, 1947, is postponed to a date to be hereafter determined and fixed.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 47-8045; Filed, Aug. 28, 1947; 8:45 a. m.]

FEDERAL TRADE COMMISSION

[Docket No. 5484]

CLAY SEWER PIPE ASSN., INC., ET AL.

ORDER APPOINTING TRIAL EXAMINER AND FIXING TIME AND PLACE FOR TAKING TESTIMONY

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 20th day of August A. D. 1947.

In the matter of Clay Sewer Pipe Association, Inc., American Vitrified Products Company, The Brockway Clay Company, The Clay City Pipe Company, Dennison Sewer Pipe Corporation, The Evans Pipe Company (the estate of T. T. Evans and the estate of Eugene Evans, co-partners), Graff-Kittaning Clay Products Company, Grand Ledge Clay Product Company, The Junction City Clay Company, The Kaul Clay Manufacturing Company, The Logan Clay Products Company, Patton Clay Manufacturing Company, The Peerless Clay Manufacturing Company, The Robinson Clay Product Company, The Ross Clay Products Company, St. Mary's Sewer Pipe Company, Stillwater Clay Products Company, The Stratton Fire Clay Company, Superior Clay Corporation, The Union Clay Manufacturing Company, and Universal Sewer Pipe Corporation.

This matter being at issue and ready for the taking of testimony and the receipt of evidence, and pursant to authority vested in the Federal Trade Commission,

It is ordered, That W. W. Sheppard, a Trial Examiner of this Commission, be and he hereby is designated and appointed to take testimony and receive evidence in this proceeding and to perform all other duties authorized by law;

It is further ordered, That the taking of testimony and the receipt of evidence begin on Thursday, September 4, 1947, at one o'clock in the afternoon of that day (eastern standard time), in Room 332, Federal Trade Commission Building, Washington, D. C.

Upon the completion of the taking of testimony and the receipt of evidence in support of the allegations of the complaint, the Trial Examiner is directed to proceed immediately to take testimony and receive evidence on behalf of the respondents. The Trial Examiner will then close the taking of testimony and evidence and, after all intervening procedure as required by law, will close the case and make and serve on the parties at issue a recommended decision which shall include recommended findings and conclusions, as well as the reasons or basis therefor, upon all the material issues of fact, law, or discretion presented on the record, and an appropriate recommended order; all of which shall become a part of the record in said proceeding.

By the Commission.

[SEAL] OTIS B. JOHNSON,
Secretary.

INTERSTATE COMMERCE COMMISSION

[S. O. 396, Special Permit 276]

RECONSIGNMENT OF PEACHES AT CHICAGO, ILL.

Pursuant to the authority vested in me by paragraph (f) of the first ordering paragraph of Service Order No. 396 (10 F. R. 15008), permission is granted for any common carrier by railroad subject to the Interstate Commerce Act:

To disregard entirely the provisions of Service Order No. 396 insofar as it applies to the reconsignment at Chicago, Ill., August 19, 1947, by Chas Abbate, of car FGE 51914, peaches, now on the Chicago Produce Terminal to Ishpeming, Mich.

The waybill shall show reference to this special permit.

A copy of this special permit has been served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and notice of this permit shall be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

Issued at Washington, D. C., this 19th day of August 1947.

HOMER C. KING,
Director,
Bureau of Service.

[F. R. Doc. 47-8057; Filed, Aug. 28, 1947; 8:46 a. m.]

[S. O. 396, Special Permit No. 278]

RECONSIGNMENT OF CAR AT KANSAS CITY, MO.

Pursuant to the authority vested in me by paragraph (f) of the first ordering paragraph of Service Order No. 396 (10 F. R. 15008), permission is granted for any common carrier by railroad subject to the Interstate Commerce Act:

To disregard entirely the provisions of Service Order No. 396 insofar as it applies to the reconsignment at Kansas City, Missouri, by Helm and Company, of car PFE 43315, now on the Mo. Pac. to C. S. Robinson, St. Louis, Mo., via Mo. Pac.

The waybill shall show reference to this special permit.

A copy of this special permit has been served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and notice of this permit shall be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

Issued at Washington, D. C., this 22d day of August 1947.

HOMER C. KING,
Director,
Bureau of Service.

SECURITIES AND EXCHANGE COMMISSION

[File Nos. 4-63, 68-84]

MARKET STREET RAILWAY CO. ET AL.

ORDER EXTENDING PERIOD OF PROHIBITION OF CERTAIN PAYMENTS

At a regular session of the Securities and Exchange Commission, held at its office in the city of Philadelphia, Pa., on the 21st day of August 1947.

In the matter of Market Street Railway Company, Standard Gas and Electric Company and certain of its subsidiary companies, File No. 4-63; Russell M. Van Kirk, Bloomfield Hulick, Edmund T. Willets, committee for the Market Street Railway Company Prior Preference Capital Stock; File No. 68-84.

The Commission having on May 20, 1947 pursuant to sections 11 (a), 18 (a) and 18 (b) of the Public Utility Holding Company Act of 1935 issued its order (Holding Company Act Release No. 7425) providing, among other things, that Market Street Railway Company ("Market Street"), a subsidiary of Standard Gas and Electric Company ("Standard Gas"), a registered holding company, shall make no payments to Standard Gas of money or other property until the date of hearing in the above-entitled matter fixed in said order and the expiration of a period of 60 days thereafter without approval of the Commission, all as more fully set forth in said order; and

Hearings in the above-entitled matter having been held from time to time and being presently in adjournment until August 27, 1947; and

The Commission deeming it appropriate in the public interest and in the interest of investors and consumers that the period fixed in the Commission's order of May 20, 1947 during which Market Street shall make no payments to Standard Gas of money or other property should be extended until the expiration of a period of 60 days following the date upon which the record in the above-entitled matter is closed:

It is ordered, That the period of time fixed in the order of the Commission dated May 20, 1947 during which Market Street shall make no payments to Standard Gas of money or property, all as more fully set forth in said order of May 20, 1947, be, and it hereby is, extended until the expiration of a period of 60 days following the date upon which the record in the above-entitled matter is closed.

By the Commission.

[SEAL] NELLYE A. THORSEN,
Assistant to the Secretary.

[File Nos. 54-75, 59-20, 59-8, 54-161]

COMMONWEALTH & SOUTHERN CORP. (DELAWARE) ET AL.

NOTICE OF FILING OF PLAN AND NOTICE OF AND ORDER RECONVENING HEARINGS IN CONSOLIDATED PROCEEDINGS TO CONSIDER PLANS HERETOFORE OR HEREAFTER FILED

At a regular session of the Securities and Exchange Commission held at its office in the city of Philadelphia, Pa., on the 22d day of August 1947.

In the matter of The Commonwealth & Southern Corporation (Delaware), File No. 54-161; The Commonwealth & Southern Corporation (Delaware), respondent, File No. 59-20; The Commonwealth & Southern Corporation (Delaware) and its subsidiary companies, respondents, File No. 59-8; The Commonwealth & Southern Corporation (Delaware), File No. 54-75.

Notice is hereby given that The Commonwealth & Southern Corporation ("Commonwealth") has filed with the Commission pursuant to section 11 (e) of the act a Plan dated July 30, 1947, for compliance with sections 11 (b) (1) and 11 (b) (2), and in substitution for Commonwealth's plan dated March 25, 1946. Commonwealth's application for approval of the Plan states that the Plan has been filed in anticipation of the consummation of the transfer of its investments in the common stocks of certain subsidiary companies, as hereinbelow mentioned, to The Southern Company ("Southern"), a newly organized holding company.

The Plan provides, in substance, for the distribution to the holders of Commonwealth's Preferred Stock of a portion of its assets consisting of cash and common stocks of Consumers Power Company ("Consumers") and Central Illinois Light Company ("Central Illinois"), for the distribution to holders of its Common Stock of Commonwealth's portfolio common stocks of Ohio Edison Company ("Ohio Edison") and Southern and, after the payment of all of Commonwealth's liabilities and expenses, its remaining assets, in kind or in cash, and for the dissolution of Commonwealth.

Commonwealth has outstanding 1,441,247 shares of $6 Series Cumulative Preferred Stock without par value which has a preference in event of voluntary or involuntary liquidation of $100 per share and accrued unpaid dividends and is redeemable at the option of the company at $110 per share and accrued unpaid dividends. Giving effect to the payment of a dividend of $3 per share heretofore declared but not yet paid on Commonwealth's Preferred Stock, cumulative dividends in arrears on such Preferred Stock as of September 30, 1947 will amount to $20 per share. Commonwealth also has outstanding 33,673,328-71/1200 shares of Common Stock without par value and Option Warrants entitling holders to purchase at any time, at $30 per share, a total of 17,588,956-373/1200 shares of Commonwealth's Common Stock.

Commonwealth and Southern have heretofore filed a plan under section 11 (e) providing, among other things, for the transfer to Southern of cash and Commonwealth's investments in the common stocks of Alabama Power Company, Georgia Power Company, Gulf Power Company, Mississippi Power Company and Savannah River Electric Company, and the issuance of its common stock by Southern to Commonwealth in exchange therefor. On August 1, 1947, this Commission approved such plan, subject to certain conditions (Holding Company Act Release No. 7615).

All interested persons are referred to the Plan dated July 30, 1947 which is on file in the office of this Commission for a full statement of the transactions therein proposed, which are summarized as follows:

1. As soon as practicable after the effective date of the Plan, Commonwealth will be dissolved and, after payment of dividends on the Preferred Stock as described in paragraph 2 below, will make the following distributions in complete liquidation:

(a) To the holders of Commonwealth's Preferred Stock, in full satisfaction of all rights with respect thereto after payment of dividends thereon as hereinafter described, for each share of Preferred Stock

2.52 shares of common stock of Consumers.
0.55 shares of common stock of Central Illinois.

(b) To the holders of its Common Stock, as a primary distribution, for each share thereof, the pro rata part applicable to each such share, to the nearest fraction deemed practical by Commonwealth, of the shares of common stock owned by Commonwealth of Ohio Edison and Southern.

(c) To the holders of its Common Stock, pro rata, from time to time, after payment of all liabilities and expenses incidental to the Plan, all of the remaining assets of Commonwealth, or the proceeds of sale or other disposition thereof, in cash or, within two years after the effective date of the Plan, in kind, in full satisfaction of all rights with respect thereto, *Provided however*, That Commonwealth reserves the right to invest any of its cash or other assets in the securities of any of the companies which are its directly owned subsidiaries on the date for the distributions under paragraphs (a) and (b) above.

2. After payment of the dividend of $3 per share on its Preferred Stock declared on July 30, 1947, Commonwealth will pay from time to time, pending consummation of the Plan and not later than the Distribution Date referred to below, dividends on its Preferred Stock at the rate of $6 per share per annum from October 1, 1947 to the Distribution Date and, in addition, a total of $6 per share on account of dividends on Preferred Stock accrued and unpaid at September 30, 1947. On this basis, as of the Distribution Date, the dividends accrued and unpaid on the Preferred Stock will amount to $14 per share.

3. The date for the distributions ("Distribution Date") under paragraphs 1 (a) and 1 (b) above shall be the first day of the first quarterly dividend period on Commonwealth's Preferred Stock commencing after the effective date of the Plan. The date for a distribution in kind under paragraph 1 (c) shall be the date fixed for such distribution by Commonwealth. The Distribution Date shall also be deemed to be the date of dissolution of Commonwealth.

4. Distributions on the Preferred Stock will be made only upon surrender for cancellation of certificates for Preferred Stock. Distributions, other than the final one, on shares of Common Stock will be made only upon surrender of Common Stock certificates for stamping; the final distribution on the Common Stock will be made only upon surrender of Common Stock certificates for cancellation.

5. In the event that any certificates for Preferred Stock or Common Stock are not surrendered within two years from the date for a distribution determined in the manner described herein, the common stocks to which the holders of such certificates would be entitled will be sold, in accordance with such terms as may be approved or accepted by the Commission. The proceeds therefrom, together with any dividends paid on such shares subsequent to the date for distribution thereof and prior to such sale, will be held until the end of the five year period commencing with the Distribution Date, for the benefit of and payment to unsurrendered certificates of Preferred Stock or Common Stock, as the case may be, payable according to the respective rights thereof.

6. Any stockholder receiving a distribution pursuant to paragraphs 1 (a) or 1 (b) above will also be paid in cash the amount of any dividends received by Commonwealth on such distribution after the Distribution Date. Any stockholder receiving a distribution in kind under paragraph 1 (c) above will be paid in cash the amount of any dividends received by Commonwealth on such distribution after the date fixed by Commonwealth for such distribution.

7. No fractional shares will be issued but, in lieu thereof, non-dividend paying non-voting scrip in bearer form will be issued if so requested in writing. If no such request is made, such fractional shares will be sold on the open market from time to time as there are accumulated a number of full shares which may be handled economically, and the proportionate share of the net proceeds thereof will be remitted to the persons entitled thereto.

To the extent that scrip certificates are issued upon written request, certificates of stock represented thereby will be delivered to a scrip agent designated by Commonwealth. Such scrip agent will hold such shares of stock, subject to the rights of holders of scrip, and will receive any dividends which may be paid thereon. As more fully set forth in the plan, holders of scrip will be entitled, on presentation of scrip representing one or more full shares, to receive the shares of stock represented thereby, and any dividends thereon received by the scrip agent, provided the scrip is presented within two years from the date of distribution of the stock represented thereby. After the expiration of two years from the date for a distribution, the scrip agent will sell shares of stock represented by scrip certificates and, for a further period of three years, will hold the cash proceeds from such sale, subject to the rights of holders of scrip.

Commonwealth may at its option, in accordance with such terms, conditions and procedures as are approved by the Commission, buy and sell any shares or fractions thereof at prevailing market prices for the purpose of carrying out any provisions of the Plan providing for the disposition of or otherwise relating to fractional shares.

8. All expenses incident to distributions in cash or common stocks and original issue of scrip will be paid by Commonwealth, and all expenses of the scrip agent incident to holding common stocks, or the sale thereof, or the receipt or holding of dividends thereon, or the distributions to the holders of scrip certificates, will be paid out of such dividends and proceeds of the sale.

9. Any cash remaining unclaimed by holders of Commonwealth's Preferred or Common Stocks or by holders of scrip certificates who have not surrendered their stock certificates or scrip as aforesaid within the prescribed periods will become the property of Southern, and the holders of such stock certificates or scrip will have no right to, or claim against, such funds and thereafter such certificates shall be null and void.

10. No provision is made in the Plan for the continuance of the rights of Commonwealth's Option Warrants and, upon dissolution of Commonwealth, such Option Warrants shall be null and void.

11. As more fully set forth in the Plan, existing service contracts with Commonwealth's service company will be cancelled by any public utility subsidiary of Commonwealth (including Pennsylvania Power Company upon the dissolution of the common stock of Ohio Edison) following the disposition by Commonwealth under the Plan of not less than 75% of the common stock thereof, and such subsidiary will surrender the stock of the service company owned by it. The Plan contemplates that thereafter such public utility company may obtain certain services from the service company upon request of the directors thereof and may, subject to the Commission's approval, contract with the service company for certain other types of service.

No person who is an officer or director of Commonwealth, The Southern Company or of the service company on the 31st day after 75% of the common stock of any company (other than Southern) has been disposed of by Commonwealth under the Plan shall be at that time an officer or director of such divested company or be eligible for election as a director or officer of such divested company at the next annual meeting thereof, and thereafter there shall not be any officers and directors common to Commonwealth, Southern and their subsidiary companies, including the service company, on the one hand, and such divested company on the other hand. However, the foregoing restriction as to common officers and directors shall not prevent specified persons who are officers or directors of Commonwealth or Southern, or any of its subsidiary companies including the service company, from being officers or directors of any such divested company for such period or periods subsequent to the time aforesaid as may, on application, be approved by the Commission.

12. Commonwealth will pay such fees and remuneration for services rendered and make reimbursement for proper costs incurred in connection with the Plan, and related proceedings, as the Commission shall finally determine, award, allow or allocate upon application of any interested person.

13. The consummation of the Plan is subject to the following conditions:

(a) That the Commission shall find the Plan as submitted or as amended, necessary to effectuate the provisions of subsection (b) of section 11 of the act and fair and equitable to the persons affected thereby and shall issue an order approving the Plan and that such order

shall contain the recitals required by sections 371 (f) and 1808 (f) of the Internal Revenue Code;

(b) That the Commissioner of Internal Revenue shall have made certain determinations as more fully set forth in the Plan; and

(c) That a District Court of the United States, upon application of the Commission, shall have issued an appropriate order to enforce and carry out the terms and provisions of the Plan, which order shall no longer be subject to review.

14. As soon as practicable after the Commission has approved the Plan, and all other conditions precedent to the consummation of the Plan have been satisfied, the Board of Directors of Commonwealth shall by resolution declare the Plan effective. For all purposes of the Plan, the effective date of the Plan shall be the date fixed in such resolution.

The Commission being required by the provisions of section 11 (e) of the act before approving any plan thereunder to find after notice and opportunity for hearing that the plan as submitted or as modified is necessary to effectuate the provisions of subsection (b) of section 11, and is fair and equitable to the persons affected thereby, and it appearing appropriate to the Commission that notice be given and a hearing be held upon the Plan filed by Commonwealth, to afford all interested persons an opportunity to be heard with respect thereto; and

The Commission by order dated July 8, 1946 (File Nos. 59–20, 59–8 and 54–75—Holding Company Act Release No. 6745) having, among other things, provided an opportunity for hearing pursuant to section 11 (d) with respect to certain plans for the reorganization of Commonwealth or suggestions therefor filed with the Commission pursuant to its memorandum opinion dated January 24, 1946 (Holding Company Act Release No. 6381) by persons purporting to have a bona fide interest in the reorganization, and a public hearing having been held on September 10, 1946 and having been adjourned; and

It appearing to the Commission that the hearing in such proceedings insofar as they relate to plans pursuant to section 11 (d), should be reconvened and that the issues presented under section 11 (d) and by the Plan filed by Commonwealth involve common questions of law and fact and should be consolidated and heard together; and

It further appearing to the Commission that the record made on September 10, 1946, in the aforementioned proceedings relating to section 11 (d) designated as File Nos. 59–20, 59–8 and 54–75, and that the records heretofore concluded in proceedings designated as File Nos. 70–1322 and 54–151 and relating, among other things, to the issuance of additional common stock by Consumers, and to a plan submitted by Commonwealth providing for the exchange of a portion of the common stocks of Consumers, Ohio Edison and Southern Indiana Gas and Electric Company for a portion of Commonwealth's Preferred Stock, contain evidence that may have a bearing upon the issues presented by the Plan, and that a substantial saving of time and expense will result if the evidence adduced in said proceedings is used in connection with the consideration of the issues raised by the Plan:

It is ordered, That the proceedings with respect to the Plan be consolidated with the aforesaid proceedings (File Nos. 59–20, 59–8 and 54–75) insofar as they relate to plans under section 11 (d) filed pursuant to the memorandum opinion of the Commission dated January 24, 1946 (Holding Company Act Release No. 6381) and that the portion of the record in the latter proceedings made on September 10, 1946, be, and hereby is, incorporated into the record of the proceedings on the aforesaid Plan and that all of the record in the proceedings designated as File Nos. 70–1322 and 54–151 be, and hereby is, incorporated into the record of the proceedings on the aforesaid Plan subject, however, and without prejudice to the Commission's right, upon its own motion or the motion of any interested participant, to strike such portion of the records in respect of said prior proceedings as may be deemed incompetent or irrelevant to the issues raised in the proceeding on the Plan.

It is further ordered, That a hearing under the applicable provisions of the act and rules thereunder be held in these consolidated proceedings at 11 a. m., e. s. t., on the 8th day of October, 1947, at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania, in such room as may be designated on that day by the hearing room clerk in Room 318. In the event that amendments to the Plan are filed during the course of said proceedings, no notice of such amendments will be given unless specifically ordered by the Commission. Any person desiring to receive further notice of the filing of any additional plans or amendments should request such notice of Commonwealth or should file an appearance in these proceedings. Any person desiring to be heard or otherwise wishing to participate in this proceeding shall file with the Secretary of this Commission, on or before September 29, 1947, a written request relative thereto as provided by Rule XVII of the Commission's rules of practice.

It is further ordered, That Richard Townsend, or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said act, and to a trial examiner under the Commission's rules of practice.

The Public Utilities Division of the Commission having advised the Commission that it has made a preliminary examination of the Plan and that, upon the basis thereof, the following matters and questions are presented for consideration without prejudice to its specifying additional matters and questions upon further examination:

1. Whether the aforementioned Plan, as submitted or as modified, is necessary to effectuate the provisions of section 11 (b) of the act, is fair and equitable to the persons affected thereby and is in conformity with the requirements of the Commission's order of April 9, 1942.

2. Whether the distributions to the holders of Commonwealth's Preferred and Common Stocks proposed in the Plan are fair and equitable or whether such distributions should be modified so as to provide a greater or smaller distribution to any class of Commonwealth's stock, or to provide for a distribution to holders of Commonwealth's Option Warrants.

3. Whether it is necessary to impose any terms or conditions with respect to servicing arrangements, interlocking officers or directors, and other intercompany relationships or transactions.

4. Whether the proposed accounting treatment in connection with the proposed Plan is appropriate and in accordance with sound accounting principles.

5. Whether the fees, expenses and remuneration which may be claimed in connection with the Plan and related proceedings are for necessary services and are reasonable in amount.

6. Whether and to what extent the Plan, as submitted or as amended, should be modified, or terms and conditions imposed, to ensure adequate protection of the public interest and the interests of investors and consumers and to prevent circumvention of the act and rules and regulations thereunder.

7. Whether the Plan, as submitted or as modified, or a plan proposed by the Commission, or any plan heretofore or hereafter filed by any person having a bona fide interest in the reorganization, should be approved by the Commission for purposes of section 11 (d) and, if proposed by the Commission or a person having a bona fide interest, what the terms and provisions of such plan should be.

8. Whether the transactions proposed in any such plan comply with all the requirements of the applicable provisions of the act and rules promulgated thereunder.

It is further ordered, That particular attention shall be directed at said hearing to the foregoing matters and questions.

It is further ordered, That notice of this hearing shall be given by mailing a copy of this order by registered mail to the Public Service Commissions of the States of Michigan, Indiana and South Carolina, the Illinois Commerce Commission, the Ohio Public Utilities Commission, the Public Utility Commission of Pennsylvania, and to Commonwealth and to all other participants in the aforesaid hearing on September 10, 1946; that notice shall be given to all other persons by general release of this Commission, which shall be distributed to the press and mailed to the mailing list for releases under the act; and that further notice be given to all persons by publication of this order in the FEDERAL REGISTER.

It is further ordered, That Commonwealth shall mail a copy of this notice and order to each of its security holders (insofar as the identity of such security holders is known or available to Commonwealth) at least 20 days prior to the date set for hearing; and that Commonwealth shall enclose therewith a statement that Commonwealth may modify the Plan by amendment without further communication to security holders, unless otherwise ordered by the Commission or unless information with respect thereto is requested by individual stockholders.

It is further ordered, That jurisdiction be and is hereby reserved to separate, either for hearing, in whole or in part, or for disposition in whole or in part, any of the issues, questions or matters hereinbefore set forth or which may arise in this proceeding, or to consolidate with this proceeding other filings or matters pertaining to said Plan or to take such other action as may appear necessary or appropriate to an orderly, prompt and economical disposition of the matters involved.

By the Commission.

[SEAL] NELLYE A. THORSEN,
Assistant to the Secretary.

[File No. 54–146]

PORTLAND GAS & COKE CO.

NOTICE OF FILING OF AMENDMENT TO PLAN AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Philadelphia, Pennsylvania, on the 22d day of August A. D. 1947.

Portland Gas & Coke Company ("Portland"), is a corporation organized under the laws of the State of Oregon, which has its principal business office at Portland, Oregon. It operates in the States of Oregon and Washington. Portland is engaged primarily in the business of producing, transmitting, distributing and selling gas and by-products recovered in connection with the manufacture of gas. Portland is a gas utility subsidiary of American Power & Light Company ("American"), a registered public utility holding company, which in turn is a subsidiary of Electric Bond and Share Company, also a registered holding company.

At July 31, 1947, Portland had the following securities outstanding:

	Total outstanding	Par or stated value
First mortgage bonds, 3½% series due 1976	$10,000,000	$10,000,000
$4,500,000 instalment promissory note 3½%	4,500,000	4,500,000
7% preferred stock, cumulative, $100 par; pari passu with 6% preferred	Shares [1] 54,580	5,458,000
6% Preferred Stock, cumulative, $100 par; pari passu with 7% preferred	8,712	871,200
Common, no par value	311,130	4,113,000

[1] Includes 595 shares reacquired by Portland.

At December 31, 1946 undeclared and unpaid cumulative dividends amounted to $3,262,133.60 ($60.42 2/3 per share), on the 7% preferred stock and $451,194.48 ($51.79 per share) on the 6% preferred stock.

Of the securities of Portland outstanding American is the owner and holder of all of the common stock (with the exception of 11 directors' qualifying shares); such common stock represents 83% of the total voting power of Portland's securities outstanding.

As an initial step in a proposed reorganization program Portland on June 11, 1946 filed a proposal, subsequently authorized by the Commission, under which the company issued and sold its presently outstanding First Mortgage Bonds. At that time the company stated that upon consummation of this initial step the details of a plan for a reclassification of its preferred and common stocks into a new class of common stock would be proposed through the filing of an appropriate amendment.

Notice is hereby given that on July 29, 1947 Portland and American filed a joint application with the Commission pursuant to section 11 (e) of the act for approval of a plan which has for its stated purpose compliance with section 11 (b) of the act by (a) simplification of the capital structure of Portland by converting it into a company whose capital structure will consist only of common stock and debt; and (b) accomplishing the fair and equitable distribution of voting power among the security holders of Portland in conformity with the provisions of the act.

All interested persons are referred to said plan, which is on file in the offices of this Commission, for a full statement of the transactions therein proposed which may be summarized as follows:

1. American proposes to surrender to Portland for cancellation and to exchange for each share of Portland's outstanding 7% preferred stock and 6% preferred stock such number of shares of Portland's common stock held by American as specified by subsequent amendment to the plan in accordance with the following procedure:

(a) At the first hearing, pursuant to the Commission's notice of and order for hearing herein, American and Portland propose to introduce in evidence written testimony which will constitute substantially all of the basic data upon which American's and Portland's Boards of Directors will propose ratios of exchange of the common stock of Portland held by American for the preferred stocks of Portland.

(b) The plan will then be amended and American and Portland will insert in such amended plan the number of shares of common stock of Portland to be issued in exchange for each share of 7% preferred stock and each share of 6% preferred stock of Portland. Portland at that time will send to each of its security holders, whose address is known to it, a copy of such amended plan together with such further notice with respect to the final hearing on the amended plan as the Commission may prescribe.

2. The Commission is requested in the event it approves the plan to apply to an appropriate District Court of the United States for its enforcement. The effective date of the plan shall be the date as of which the plan shall be consummated pursuant to the order of an appropriate Court and upon becoming effective will be binding upon all persons affected by the plan including all holders of Portland's presently outstanding preferred and common stocks.

3. It is proposed that distribution by American of certificates of common stock of Portland to the holders of Portland's present preferred stocks be made simultaneously with the surrender to American of such preferred stocks and as soon as practicable after the effective date of the plan. American will surrender the preferred stocks so exchanged to Portland for cancellation.

4. To avoid the issuance and allocation of fractional shares by Portland to certain holders of the 6% preferred stock American will, if necessary, transfer and deliver or cause to be transferred and delivered a sufficient number of shares of common stock owned by it to make a full-share allotment to each holder of the 6% preferred stock on the basis of the holders of record at the close of business on July 31, 1947. As to any transfers of record made after that time the transferee or transferees shall be entitled to receive not in excess of the number of full shares which would have been deliverable on the basis of the record at that time and neither the company nor American shall be required to issue any fractional shares or fractional rights.

5. In summary, the plan, if consummated will eliminate all of Portland's preferred stocks, including arrearages, leaving the company with a simplified corporate structure consisting only of debt and common stock.

6. Portland and American request that any order of the Commission approving the plan recite that the relevant transactions of the plan are necessary or appropriate to the integration or simplification of the Holding Company System of which Portland and American are members and are necessary or appropriate to effectuate the provisions of section 11 (b) of the act within the meaning and requirements of the Internal Revenue Code, as amended, including section 1808 (f) and Supplement R thereof.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that hearings be held with respect to said plan, and with respect to any appropriate plan which might be filed during the course of the proceedings, and that said plan or any plans that might be filed during the course of the proceeding should not be approved except pursuant to further order of the Commission:

It is ordered, That a hearing be held on September 15, 1947 at 10:00 a. m., e. s. t., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. At such hearing consideration will be given to the plan herein, and to such other plans which may be filed during the course of the proceedings. In the event that other plans are filed or proposed during the course of said proceedings, no notice of such plans will be given unless specifically ordered by the Commission.

It is further ordered, That Willis E. Monty or any other officer or officers of the Commission designated by it for that

purpose shall preside at the hearing in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said act and to a Trial Examiner under the Commission's rules of practice.

It is further ordered, That, without limiting the scope of the issues otherwise to be considered in this proceeding, particular attention will be directed at the hearing to the following matters and questions:

(1) Whether the plan filed herein, or any plan hereafter proposed, as submitted or as hereafter modified, is necessary to effectuate the provisions of section 11 (b) of the act.

(2) Whether the plan filed herein, or any plan hereafter proposed, as submitted or as hereafter modified, is fair and equitable to the persons affected thereby.

(3) Whether the plan, as filed or as modified, makes appropriate provision for the payment of expenses, fees and remuneration in connection therewith, in what amounts such expenses, fees and remuneration should be paid, and the fair and equitable allocation thereof.

(4) Whether the accounting entries in connection with the proposed transactions are in conformity with the standards of the act and rules promulgated thereunder.

(5) Generally, whether the proposed transactions are in all respects in the public interest and in the interest of investors and consumers and consistent with all applicable requirements of the act and the rules thereunder, and, if not, what modifications should be required to be made therein and what terms and conditions should be imposed to satisfy the applicable statutory standards.

(6) Whether the Commission, if it should disapprove the plan, as submitted or as modified, should enter an order for the purpose of effectuating compliance by Portland with the provisions of subsections (b) (2) and section 11 of the act and if so what terms and conditions such order should contain.

It is further ordered, That jurisdiction be reserved to separate, either for hearing, in whole or in part, or for disposition, in whole or in part, any of the issues, questions or matters herein set forth or which may arise in these proceedings, or to consolidate with these proceedings other filings or matters pertaining to the subject matter of these proceedings, and to take such other action as may appear conducive to an orderly, prompt and economical disposition of the matters involved.

It is further ordered, That the Secretary of the Commission shall serve, by registered mail, a copy of this order on the applicants herein and on the Public Utility Commissioner of the State of Oregon and the Department of Public Utilities of the State of Washington; and that said notice of hearing be given to all other persons by publication of this order in the FEDERAL REGISTER. Any person desiring to be heard in connection with these proceedings, or proposing to intervene herein, shall file with the Secretary of the Commission on or before September 10, 1947 his request or application therefor, as provided by Rule XVII of the rules of practice of the Commission.

It is further ordered, That Portland shall give notice of this hearing to all its security holders (insofar as the identity of such security holders is known or available to it) by mailing to each of said persons a copy of this notice and order for hearing at least 15 days prior to the date of this hearing.

By the Commission.

[SEAL] NELLYE A. THORSEN,
Assistant to the Secretary.

MARKET STREET RAILWAY CO.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the city of Philadelphia, Pa., on the 22d day of August 1947.

In the matter of Russell M. Van Kirk, Bloomfield Hulick, Edmund T. Willetts, committee for the Market Street Railway Prior Preference Capital Stock, File No. 68-84.

Russell M. Van Kirk, Bloomfield Hulick and Edmund T. Willetts, acting as a committee designated as a "Stockholders Protective Committee Prior Preference 6% Cumulative Capital Stock of The Market Street Railway Company of San Francisco", having filed a declaration and amendments thereto regarding the solicitation of authorizations from holders of the prior preference stock of The Market Street Railway Company of San Francisco (Market Street) for the purpose of representing such stockholders in proceedings before the Securities and Exchange Commission, or in any court, with respect to the validity of an open account indebtedness in favor of Standard Gas and Electric Company against its subsidiary, Market Street; and

The declarants having filed an amendment to said declaration on August 15, 1947, and declarants having requested that the effective date of such declaration, as amended, be accelerated; and

The Commission being fully informed in the premises and deeming it appropriate to permit said declaration, as amended, to become effective and to accelerate the effective date thereof:

It is ordered, That said declaration, as amended, be, and the same is hereby, permitted to become effective forthwith.

By the Commission.

[SEAL] NELLYE A. THORSEN,
Assistant to the Secretary.

[File No. 70-1542]

MILWAUKEE ELECTRIC RAILWAY & TRANSPORT CO. AND WISCONSIN ELECTRIC POWER CO.

ORDER GRANTING EXTENSION OF TIME

At a regular session of the Securities and Exchange Commission held at its office in the city of Philadelphia, Pa., on the 22d day of August 1947.

The Commission, by order dated June 26, 1947, having granted and permitted to become effective an application-declaration filed jointly by The Milwaukee Electric Railway & Transport Company ("Transport"), and its parent, Wisconsin Electric Power Company ("Electric"), regarding the proposed sale by Transport of substantially all of its operating properties, consisting principally of transportation properties, pursuant to a competitive bidding procedure and, contingent upon such sale, the redemption by Transport of its outstanding First Mortgage 4% Bonds, held by Electric; and

Applicants-declarants having filed an amendment in which it is stated that no bids were received pursuant to the aforementioned competitive bidding procedure and request is made for an extension of time for a period of approximately 90 days to enable Transport to proceed with a negotiated sale of the aforementioned properties; and

The Commission having considered such request and deeming it appropriate in the public interest and in the interest of investors and consumers that such request be granted;

It is ordered, That the time within which the transactions proposed in the application-declaration, as now amended, may be carried out under Rule U-24 be, and hereby is, extended to and including November 26, 1947.

It is further ordered, That nothing in this order shall be construed to relieve the applicants-declarants from compliance with Rule U-44 (c) under the Public Utility Holding Company Act of 1935 with respect to the proposed sale, by filing appropriate notice of intention to sell pursuant to that rule at such time as a definitive contract of sale shall have been entered into.

By the Commission.

[SEAL] NELLYE A. THORSEN,
Assistant to the Secretary.

NORTHERN NATURAL GAS CO.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the city of Philadelphia, Pa., on the 22d day of August 1947.

Northern Natural Gas Company ("Northern Natural"), a public utility company and a registered holding company and a subsidiary of North American Light & Power Company also a registered holding company, having filed a declaration and amendments thereto, in which sections 6 (a) (1), 6 (a) (2) and 7 of the Public Utility Holding Company Act of 1935 ("act") and Rule U-62 promulgated thereunder were designated as applicable, to the following proposed transactions:

Northern Natural proposes to amend its Certificate of Incorporation to provide for a reduction in the par value of its Common Stock from $20 per share to $10 per share and to issue two shares of Common Stock, par value $10 per share, in exchange for each share of outstanding Common Stock, par value $20 per share, thereby increasing the number of issued and outstanding shares of Common Stock from 1,015,000 to 2,030,000. Northern Natural also proposes to amend its Certificate of Incorporation to provide for an increase in the number of authorized shares of its Common Stock from 1,200,000 shares of Common Stock, par value $20 per share, to 5,000,000 shares of Common Stock, par value $10 per share.

Northern Natural further proposes to call a special meeting of stockholders to be held on or about August 20, 1947 for the purpose of voting on aforesaid proposed amendments to its Certificate of Incorporation and other matters, and has requested the Commission to enter an order prior to August 4, 1947 authorizing the solicitation of proxies in connection with said meeting pursuant to the requirements of Rule U-62.

Said declaration having been filed on July 24, 1947 and the Commission having given notice of said filing in the form and manner prescribed by Rule U-23 and the Commission having entered an order dated July 28, 1947 authorizing, pursuant to Rule U-62, the solicitation of proxies in connection with said special meeting of stockholders; and the Commission not having received a request for a hearing with respect to said declaration, as amended, within the period specified in said notice, or otherwise, and the Commission not having ordered a hearing thereon; and

Northern Natural having filed an amendment on August 21, 1947, stating that said special meeting of stockholders was held on August 20, 1947 and that at said meeting the aforesaid proposed amendments to its Certificate of Incorporation were adopted; and

The Commission finding with respect to said declaration, as amended, that the requirements of the applicable provisions of the act and rules and regulations thereunder are satisfied, that no adverse findings are necessary thereunder, and deeming it appropriate in the public interest and the interest of investors and consumers that said declaration, as amended, be permitted to become effective;

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of said act and subject to the terms and conditions prescribed in Rule U-24 that said declaration, as amended, be, and the same hereby is, permitted to become effective forthwith.

By the Commission.

[SEAL] NELLYE A. THORSEN,
Assistant to the Secretary.

[File No. 70-1598]

DELAWARE COACH CO. AND SOUTHERN PENNSYLVANIA BUS CO.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Philadelphia, Pa., on the 22d day of August 1947.

Notice is hereby given that an application-declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Delaware Coach Company ("Delaware"), a wholly-owned non-utility subsidiary of The United Gas Improvement Company, a registered holding company, and Delaware's wholly-owned non-utility subsidiary, the Southern Pennsylvania Bus Company ("Southern Penn"). The application-declaration designates sections 6, 9, 10 and 12 of the act and Rule U-43 promulgated thereunder as applicable to the proposed transaction.

Notice is further given that any interested person may, not later than September 10, 1947, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues, if any, of fact or law raised by said application-declaration proposed to be controverted, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter, such application-declaration, as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated pursuant to said act, or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof.

All interested persons are referred to said application-declaration, which is on file in the offices of this Commission, for a statement of the transactions therein proposed, which are summarized below.

Southern Penn proposes to issue and sell 3,650 shares of the common capital stock, par value $100 per share, to Delaware for a cash consideration of $365,000. The proceeds of said sale together with other cash funds of the company will be applied to the purchase of new bus and garage equipment and property improvements.

The proposed transactions have been submitted to the Pennsylvania Public Utility Commission for approval.

By the Commission.

[SEAL] NELLYE A. THORSEN,
Assistant to the Secretary.

[Vesting Order 6420, Amdt.]

CHARLES AND KAROLINE RIEKER

In re: Bank account owned by Charles Rieker and Karoline Rieker. F-28-229-E-1.

Vesting Order 6420, dated June 4, 1946, is hereby amended as follows and not otherwise:

A. By deleting subparagraph 1 of said Vesting Order 6420, and substituting therefor the following:

1. That Karoline Rieker and Charles Rieker, whose last known address is Oskar-Piepgrasstrasse 21, ptr. 1, Hamburg-Horn, Germany, are residents of Germany and nationals of a designated enemy country (Germany);

B. By deleting from said Vesting Order 6420 all that part thereof beginning with the figure "2. That the property described as follows:" and ending with the words "the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany);" and substituting therefor the following:

2. That the property described as follows: That certain debt or other obligation of Central Savings Bank in the City of New York, Broadway at 73rd Street, New York, New York, arising out of a savings account, account number 1,241,314, entitled Karoline Rieker in trust for Charles Rieker, maintained at the branch office of the aforesaid bank located at 14th Street and 4th Avenue, New York, New York, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by Karoline Rieker and Charles Rieker, the aforesaid nationals of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the persons named in subparagraph 1 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All other provisions of said Vesting Order 6420 and all actions taken by or on behalf of the Alien Property Custodian in reliance thereon, pursuant thereto and under the authority thereof are hereby ratified and confirmed.

Executed at Washington, D. C., on August 13, 1947.

For the Attorney General.

[SEAL] DAVID L. BAZELON,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 9659]

KOENIG & BAUER, A. G.

In re: Debt owing to Koenig & Bauer, A. G.

Under the authority of the Trading with the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Koenig & Bauer, A. G., the last known address of which is Wurzburg, Germany, is a corporation organized under the laws of Germany and which has or, since the effective date of Executive Order 8389, as amended, has had its principal place of business in Germany and is a national of a designated enemy country (Germany);

2. That the property described as follows: That certain debt or other obligation owing to Koenig & Bauer, A. G., by Koenig & Bauer, Inc., % Office of Alien Property, 120 Broadway, New York, New York, arising out of an account payable for certain machines received by said Koenig & Bauer, Inc., together with any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on August 13, 1947.

For the Attorney General.

[SEAL] DAVID L. BAZELON,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 9709]

MARA McKEE

In re: Estate of Mara McKee, deceased. File D-28-10004; E. T. sec. 14205.

Under the authority of the Trading with the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That the Paul Von Hindenburg Foundation Fund for Blind and Crippled Soldiers of the Late War (World War I)—"Hindenburg Spende", whose last known address is Berlin, Germany, is an organization organized under the laws of Germany, and is a national of a designated enemy country (Germany);

2. That all right, title, interest and claim of any kind or character whatsoever of the person identified in subparagraph 1 hereof in and to the Estate of Mara McKee, deceased, is property payable or deliverable to, or claimed by, the aforesaid national of a designated enemy country (Germany);

3. That such property is in the process of administration by First Trust and Savings Bank, Pasadena, California, as Executor, acting under the judicial supervision of the Superior Court of the State of California in and for the County of Los Angeles;

and it is hereby determined:

4. That to the extent that the person identified in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on August 25, 1947.

For the Attorney General.

[SEAL] DAVID L. BAZELON,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 9670]

CENTRAL AND EASTERN CORP.

In re: Central & Eastern Corporation.

Under the authority of the Trading with the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Berliner Handels—Gesellschaft K. G., the last known address of which is Berlin, Germany, is a partnership organized under the laws of Germany which has, or since the effective date of Executive Order 8389, as amended, has had its principal place of business in Germany, and is a national of a designated enemy country (Germany);

2. That all of the outstanding capital stock of Central & Eastern Corporation, a corporation organized under the laws of the State of New York and a business enterprise within the United States, consisting of 950 shares of $100 par value common stock, registered in the name of Henry Ludeke, is owned by Berliner Handels—Gesellschaft K. G. and is evidence of ownership and control of Central & Eastern Corporation;

3. That Berliner Handels—Gesellschaft K. G. has claims against Central & Eastern Corporation aggregating $116,757.02, as of January 31, 1944, together with any and all accruals thereto, which claims represent an interest in Central & Eastern Corporation and which are represented on the books and records of Central & Eastern Corporation as liabilities payable to the following persons in the amounts appearing opposite their respective names:

Name	*Amount*
Berliner Handels - Gesellschaft K. G	$110,953.01
Siegfried Bieber	1,210.40
Hans Fuerstenberg	2,838.40
Loans payable to Berliner Handels-Gesellschaft K. G	1,755.21
Total	116,757.02

and it is hereby determined:

4. That Central & Eastern Corporation is controlled by Berliner Handels-Gesellschaft K. G. or is acting for or on behalf of a designated enemy country (Germany) or persons within such country and is a national of a designated enemy country (Germany);

5. That to the extent that Berliner Handels-Gesellschaft K. G. and Central & Eastern Corporation are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the 950 shares of $100 par value common stock of Central & Eastern Corporation, more fully described in subparagraph 2 hereof, together with all declared and unpaid dividends thereon, and the interest of Berliner Handels-Gesellschaft K. G. in Central & Eastern Corporation, more fully described in subparagraph 3 hereof, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The direction, management, supervision and control of said business enterprise and all property of any nature whatsoever situated in the United States, owned or controlled by, payable or deliverable to, or held on behalf of or on account of, or owing to, said business enterprise is hereby undertaken, to the extent deemed necessary or advisable from time to time. This order shall not be deemed to limit the power to vary the extent of or terminate such direction, management, supervision or control.

The terms "national", "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on August 19, 1947.

For the Attorney General.

[SEAL] DAVID L. BAZELON,
Assistant Attorney General,
Director, Office of Alien Property.

FEDERAL REGISTER

VOLUME 12 NUMBER 171

Washington, Saturday, August 30, 1947

TITLE 3—THE PRESIDENT

EXECUTIVE ORDER 9889

RESTRICTING COMPETITION TO VETERANS IN EXAMINATION FOR THE POSITION OF SUBSTITUTE RAILWAY POSTAL CLERK

By virtue of the authority vested in me by the statutes, including section 2 of the Civil Service Act (22 Stat. 403), the Veterans' Preference Act of 1944, approved June 27, 1944 (58 Stat. 387), and section 1753 of the Revised Statutes of the United States (5 U. S. C. 631), it is hereby ordered as follows:

In civil service examinations for the position of Substitute Railway Postal Clerk competition shall be restricted, until July 25, 1952, to persons entitled to preference under the said Veterans' Preference Act of 1944, as long as persons entitled to preference are available: *Provided, however*, that for purposes of classification application for examination may be accepted by the Civil Service Commission from any person who has been serving in such position continuously since the date of this order under an appointment not limited to one year or less, and the Commission is authorized to confer a competitive civil service status or a probational status upon any such employee who qualifies in the examination for classification: *And provided further*, that in no event shall any person not entitled to preference under the Veterans' Preference Act of 1944 be granted a competitive civil service status or a probational status under this order (1) unless he is recommended for this purpose by the Postmaster General and (2) until all preference eligibles who have the same or a higher rating in the examination have been appointed or have been given consideration in accordance with the Veterans' Preference Act of 1944.

Incumbents of positions to which this order is applicable who do not have a competitive status and who fail to qualify for a competitive civil service status or a probational status under this order shall be replaced by selection from the competitive register in accordance with regulations prescribed by the Civil Service Commission.

HARRY S. TRUMAN

TITLE 5—ADMINISTRATIVE PERSONNEL

Chapter I—Civil Service Commission

PART 2—APPOINTMENT THROUGH THE COMPETITIVE SYSTEM

RESTRICTION OF COMPETITION TO VETERANS IN EXAMINATION FOR SUBSTITUTE RAILWAY POSTAL CLERK

CROSS REFERENCE: For an addition to the list contained in § 2.102 (b) of positions for which examinations have been restricted to veterans, see Executive Order 9889, *supra*, with regard to the position of substitute railway postal clerk.

TITLE 7—AGRICULTURE

Chapter III—Bureau of Entomology and Plant Quarantine, Department of Agriculture

[B. E. P. Q. 565]

PART 301—DOMESTIC QUARANTINE NOTICES

MEXICAN FRUITFLY REGULATIONS MODIFIED

The following administrative instructions lift all permit requirements relative to interstate movement of regulated citrus fruits from the area regulated on account of the Mexican fruitfly until notice is given that, as a result of inspections and surveys, it has been determined that the status of fruitfly infestations in regulated areas makes it necessary to order the resumption of such requirements. Since intensive inspections over a number of years have shown that infestations do not occur during the early part of the harvesting and shipping season, it is believed unnecessary to maintain the permit requirements during that period.

The purpose of this action is thus to relieve commerce in citrus fruits from a burdensome requirement which must be observed during most of the calendar year. In order to be of maximum benefit to the public, the relief from these restrictions must be made effective as soon as possible. Accordingly, pursuant to the provisions of section 4 of the Administrative Procedure Act (60 Stat. 238), it is found, upon good cause, that notice and public procedure on this or-

Part 27—Southeastern region national wildlife refuges 5852

der are unnecessary, impracticable, and contrary to the public interest, and good cause is found for the issuance of this order effective less than 30 days after publication.

§ 301.64–3e *Administrative instructions lifting permit requirements for interstate movement of citrus fruits until further notice.* The Chief of the Bureau of Entomology and Plant Quarantine, having determined that natural conditions exist with respect to the area regulated by 7 CFR, 1945 Supp., 301.64–2 (Notice of Quarantine No. 64 on account of the Mexican fruitfly) which eliminate the risk of Mexican fruitfly infestations in regulated citrus fruits during the early part of the shipping season, hereby waives the permit requirements for interstate movement of such fruits from such regulated area, effective September 1, 1947, and until due notice of their resumption shall have been given. (Sec. 8, 37 Stat. 318, 39 Stat. 1165, 44 Stat. 250; 7 U. S. C. 161; 7 CFR, 1945 Supp., 301.64–3 (a))

Effective September 1, 1947.

Done at Washington, D. C., this 22d day of August 1947.

[SEAL] P. N. ANNAND,
Chief, Bureau of Entomology and Plant Quarantine.

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders)

PART 903—MILK IN ST. LOUIS, MO., MARKETING AREA

ORDER, AMENDING ORDER, AS AMENDED, REGULATING HANDLING

§ 903.0 *Findings and determinations*—(a) *Findings upon the basis of the hearing record.* Pursuant to Public Act No. 10, 73d Congress (May 12, 1933), as amended and reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (hereinafter referred to as the "act"), and rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders (7 CFR, Supp. 900.1 et seq.; 11 F. R. 7737; 12 F. R. 1159, 4904), a public hearing was held on July 17 and 18, 1947, upon a proposed marketing agreement and a proposed amendment to the order, as amended, regulating the handling of milk in the St. Louis, Missouri, marketing area; and the decision was made, with respect to the amendment by the Secretary on August 21, 1947. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended and as hereby further amended, and all of the terms and conditions of said order, as amended and as hereby further amended, will tend to effectuate the declared policy of the act;

(2) The prices calculated to give milk produced for sale in said marketing area a purchasing power equivalent to the purchasing power of such milk as determined pursuant to sections 2 and 8 (e) of the act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supplies of and demand for such milk, and the minimum prices specified in the order, as amended and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(3) The said order, as amended and as hereby further amended, regulates the handling of milk in the same manner as, and is applicable only to the persons in the respective classes of industrial and commercial activity, specified in a marketing agreement upon which hearings have been held.

The foregoing findings are supplementary and in addition to the findings made in connection with the issuance of the aforesaid order and the findings made in connection with the issuance of each of the previously issued amendments thereto; and all of said previous findings are hereby ratified and affirmed except insofar as such findings may be in conflict with the findings set forth herein.

(b) *Additional findings.* It is necessary to make effective promptly the present amendment to said order, as amended, to give producers immediately assurance of an increased price as an incentive to increased production which is needed for the immediately approaching fall season. In view of increased costs of feed, labor, materials, and of meeting Health Department requirements, and in view of price relationships favorable to the use of feeds for other livestock enterprises, any delay in the effective date of this order, as amended, and as hereby further amended, will threaten a serious shortage of milk for the St. Louis, Missouri, marketing area. It is, therefore, impracticable, unnecessary, and contrary to the public interest to delay the effective date of this order for 30 days after its publication (Sec. 4 (c), Administrative Procedure Act, Pub. Law 404, 79th Congress, 60 Stat. 237).

(c) *Determinations.* It is hereby determined that handlers (excluding cooperative associations of producers who are not engaged in processing, distributing, or shipping the milk covered by this order, as amended) of more than 50 percent of the volume of milk covered by this order, as amended and as hereby further amended, which is marketed within the St. Louis, Missouri, marketing area, refused or failed to sign the proposed marketing agreement regulating the handling of milk in the said marketing area; and it is hereby further determined that:

(1) The refusal or failure of such handlers to sign said proposed marketing agreement tends to prevent the effectuation of the declared policy of the act;

(2) The issuance of this order, amending the order as amended, is the only practical means, pursuant to the declared policy of the act, of advancing the interests of producers of milk which is produced for sale in the said marketing area; and

(3) The issuance of this order, further amending the aforesaid order, as amended, is approved or favored by at least two-thirds of the producers who, during the determined representative period (June, 1947), were engaged in the production of milk for sale in the said marketing area.

It is hereby ordered, That on and after the effective date hereof, the handling of milk in the St. Louis, Missouri, marketing area shall be in conformity to and in compliance with, the terms and conditions of the aforesaid order, as amended and as hereby further amended; and the aforesaid order, as amended, is hereby further amended as follows:

1. Delete § 903.4 (a) (1) and substitute therefor the following:

§ 903.4 *Minimum prices*—(a) *Class prices.* * * *

(1) *Class I milk.* The price of Class I milk shall be the price computed under subparagraph (3) of this paragraph, plus the following amount per hundredweight: $1.35 for the delivery periods of July through December; $1.10 for the delivery periods of January through

March; and $0.90 for the delivery periods of April through June.

2. Delete § 903.4 (a) (2) and substitute therefor the following:

(2) *Class II milk.* The price for Class II milk shall be the price computed under subparagraph (3) of this paragraph, plus the following amount per hundredweight: $0.55 for the delivery periods of July through December; $0.35 for the delivery periods of January through March; and $0.20 for the delivery periods of April through June: *Provided*, That during any delivery period from January through June, the price of milk used by such handler for evaporated milk in hermetically sealed containers, or disposed of by such handler to the plant of any other person where such milk is manufactured into evaporated milk and placed in hermetically sealed containers, shall be the average of the basic, or field, prices per hundredweight determined for the plants listed in subparagraph (3) of this paragraph.

(48 Stat. 31, 670, 675; 49 Stat. 750; 50 Stat. 246; 7 U. S. C., 601 et seq.; sec. 102, Reorg. Plan 1 of 1947, 12 F. R. 4534)

Issued at Washington, D. C., this 27th day of August 1947, to be effective on and after the 1st day of September 1947.

[SEAL] CHARLES F. BRANNAN,
Acting Secretary of Agriculture.

[F. R. Doc. 47-8113; Filed, Aug. 29, 1947; 8:45 a. m.]

PART 941—MILK IN CHICAGO, ILL., MARKETING AREA

MISCELLANEOUS AMENDMENTS

§ 941.0 *Findings and determinations*—(a) *Findings upon the basis of the hearing record.* Pursuant to Public Act No. 10, 73d Congress (May 12, 1933), as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (hereinafter referred to as the "act"), and the rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders, as amended, (7 CFR, Supp., 900.1 et seq.; 11 F. R. 7737, 12 F. R. 1159, 4904), a public hearing was held on March 5–8, and 10–12, 1947, upon a proposed marketing agreement and proposed amendments to the order, as amended, regulating the handling of milk in the Chicago, Illinois, marketing area; and the decision (12 F. R. 5617) was made, with respect to the amendments, by the Secretary on August 18, 1947. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended and as hereby further amended, and all of the terms and conditions of said order, as amended and as hereby further amended, will tend to effectuate the declared policy of the act;

(2) The prices calculated to give milk produced for sale in said marketing area a purchasing power equivalent to the purchasing power of such milk as determined pursuant to sections 2 and 8 (e) of the act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supplies of and demand for such milk, and the minimum prices specified in the order, as amended and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the pubic interest; and

(3) The said order, as amended and as hereby further amended, regulates the handling of milk in the same manner as, and is applicable only to the persons in the respective classes of industrial and commercial activity, specified in a marketing agreement upon which hearings have been held.

The foregoing findings are supplementary and in addition to the findings made in connection with the issuance of the aforesaid order and the findings made in connection with the issuance of each of the previously issued amendments thereto; and all of said previous findings are hereby ratified and affirmed except insofar as such findings may be in conflict with the findings set forth herein.

(b) *Additional findings.* It is necessary to make effective promptly the present amendments to the said order, as amended, to reflect current marketing conditions and to give producers immediately some assurance of a substantial seasonal increase in prices as an incentive to a needed increase in milk production during the fall and winter months of 1947–48. Any delay in the effective date of this order, as amended, and as hereby further amended, will seriously threaten the supply of milk for the Chicago, Illinois, marketing area, and, therefore, it is impracticable, unnecessary, and contrary to the public interest to delay the effective date of this order for 30 days after its publication. (See section 4 (c), Administrative Procedure Act, Pub. Law 404, 79th Cong., 60 Stat. 237.)

(c) *Determination.* It is hereby determined that handlers (excluding cooperative associations of producers who are not engaged in processing, distributing, or shipping the milk covered by this order, as amended) of more than 50 percent of the volume of milk covered by this order, as amended and as hereby further amended, which is marketed within the Chicago, Illinois, marketing area, refused or failed to sign the proposed marketing agreement regulating the handling of milk in the said marketing area; and it is hereby further determined that:

(1) The refusal or failure of such handlers to sign said proposed marketing agreement tends to prevent the effectuation of the declared policy of the act;

(2) The issuance of this order, amending the order as amended, is the only practical means, pursuant to the declared policy of the act, of advancing the interests of producers of milk which is produced for sale in the said marketing area; and

(3) The issuance of this order, further amending the aforesaid order, as amended, is approved or favored by at least two-thirds of the producers participating in a referendum on the question of approval of the order, and who, during April 1947 (said month having been determined to be a representative period), were engaged in the production of milk for sale in the said marketing area.

It is hereby ordered, That the handling of milk in the Chicago, Illinois, marketing area shall be in conformity to, and in compliance with, the terms and conditions of the aforesaid order, as amended and as hereby further amended; and the aforesaid order, as amended, is hereby further amended as follows:

1. Delete § 941.4 (a) (2) and substitute therefor the following:

§ 941.4 *Classification of milk*—(a) *Basis of classification.* • • •

(2) Any milk moved as fluid milk from an approved plant to any point located outside the following area (hereinafter referred to as the "surplus milk manufacturing area") shall be classified as Class I milk and any milk moved as fluid cream, frozen cream, other cream frozen, plastic cream, or any cream product in fluid form shall be classified as Class II milk; the State of Wisconsin; the counties of Stark, Marshall, Woodford, Livingston, Ford, Iroquois, Jo Daviess, Stephenson, Winnebago, Boone, McHenry, Lake, Carroll, Ogle, DeKalb, Kane, Cook, DuPage, Whiteside, Lee, Rock Island, Henry, Bureau, Putnam, LaSalle, Kendall, Grundy, Will, Kankakee, Peoria, McLean, Champaign, and Shelby, in the State of Illinois; the counties of Benton, White, Cass, Miami, Howard, Carroll, Tippecanoe, Tipton, Clinton, Fountain, Warren, Parke, Vermillion, Vigo, Sullivan, Lake, Newton, Porter, Jasper, LaPorte, Starke, Pulaski, St. Joseph, Marshall, Fulton, Kosciusko, Wabash, and Elkhart, in the State of Indiana; the counties of Ottawa, Kent, Allegan, Barry, Calhoun, St. Joseph, Van Buren, Kalamazoo, Cass, and Berrien, in the State of Michigan; and the county of Van Wert, in the State of Ohio.

2. Delete § 941.4 (a) (3) and substitute therefor the following:

(3) Any milk moved as fluid milk or fluid cream from an approved plant to an unapproved plant located within the surplus milk manufacturing area, which manufactured during the delivery period butter, cheese (except cottage cheese), evaporated milk, condensed milk, whole milk powder, or ice cream powder shall be classified under paragraph (b) of this section according to its utilization at the latter plant, as shown by adequate daily records: *Provided*, That (i) if in the unapproved plant the receipts of fluid milk or fluid cream from an approved plant are commingled with its other receipts, the receipts of the approved fluid milk shall be allocated, according to such daily records, to the available quantity of Class III milk, and any remaining balance of such receipts to the available quantities of Class IV milk, Class II milk, and Class I milk, in that sequence; and any such receipts of approved fluid cream shall be allocated in a similar manner to Class IV milk, Class III milk, Class II milk, and Class I milk, in that sequence; and (ii) if the unapproved plant does not

make available to the market administrator adequate utilization records on a daily basis, but does make available to the market administrator adequate utilization records on a monthly basis, the fluid milk received from an approved plant shall be allocated to the available quantity of Class I milk, and any balance of such receipts to the available quantities of Class II milk, Class III milk, and Class IV milk, in that sequence; and the fluid cream received from an approved plant shall be allocated in a similar manner to the available quantities of Class II milk, Class III milk, Class IV milk, and Class I milk, in that sequence.

3. Delete § 941.4 (e) (3) (ii) and substitute therefor the following:

(e) *Computation of milk in each class.* • • •

(3) • • •

(ii) Multiply each of the resulting amounts by its average butterfat test (in the case of flavored milk and flavored milk drinks the test to be used shall be the average fat test of the finished product if the handler's production records do not show the amount of butterfat contained therein); and add the results so obtained.

4. Redesignate subparagraphs (2), (3), (4), and (5) of § 941.4 (f) as subparagraphs (3), (4), (5), and (6), respectively, and add as subparagraph (2) the following:

(2) Subtract from the remaining pounds of milk in each class the pounds of milk obtained from frozen cream or from any other product that has been classified in an earlier delivery period and is reused (or utilized) in the current delivery period in such class.

5. Delete § 941.4 (b) (2) and substitute therefor the following:

(b) *Classes of utilization.* • • •

(2) Class II milk shall be all milk the butterfat from which is contained in sweet or sour cream, any fluid cream product having more than 6 percent butterfat, butter cream, filled cream, frozen cream, plastic cream, eggnog, yoghurt, ice cream, ice cream mix (liquid or powder), cottage cheese, and any other milk product of composition and texture similar to any of the products named in this subparagraph; except that this definition shall not include butterfat in cream, fluid cream products, filled cream, and cottage cheese disposed of in bulk in bakeries, soup companies, and candy manufacturing establishments in their capacity as such.

6. Delete from § 941.4 (b) (4) (iii) the words "or to an unapproved plant."

7. Delete from § 941.4 (e) (6) (vi) the words "or to unapproved plants."

8. Delete paragraphs (a) and (b) of § 941.5 and substitute therefor the following:

§ 941.5 *Minimum prices*—(a) *Basic formula price.* The basic formula price to be used in computing the prices of Class I milk and Class II milk for each delivery period shall be the higher of the prices for Class III milk and Class IV milk as computed by the market administrator pursuant to subparagraphs (3) and (4) of paragraph (b) of this section for the delivery period next preceding: *Provided*, That the basic formula price effective for July shall not be less than that effective for June and that the basic formula price effective for December shall not be higher than that effective for November.

(b) *Class prices.* Subject to the appropriate location adjustment credits, as set forth in paragraph (c) of this section, each handler, at the time and in the manner set forth in § 941.8, shall pay per hundredweight of milk purchased or received during each delivery period from producers or from cooperative associations, not less than the prices set forth below in this paragraph:

(1) *Class I milk.* The price for Class I milk shall be the basic formula price plus the following amount for the delivery period indicated: May and June, $0.50; August, September, October, and November, $0.90; all others, $0.70.

(2) *Class II milk.* The price for Class II milk shall be the basic formula price plus the following amount for the delivery period indicated: May and June, $0.30, August, September, October, and November, $0.50; all others, $0.40.

(3) *Class III milk.* The price for Class III milk shall be the highest of the prices resulting from the respective formulas set forth in subdivisions (i) and (ii) of this subparagraph and in subparagraph (4) of this paragraph.

(i) The average of the prices per hundredweight reported to have been paid, or to be paid, for such delivery period to farmers for milk containing 3.5 percent butterfat delivered during such delivery period at each of the following listed manufacturing plants or places for which prices are reported to the United States Department of Agriculture or to the market administrator:

Companies and Location

Borden Co.:
Black Creek, Wis.
Greenville, Wis.
Mt. Pleasant, Mich.
New London, Wis.
Orfordville, Wis.
Carnation Co.:
Berlin, Wis.
Jefferson, Wis.
Chilton, Wis.
Oconomowoc, Wis.
Richland Center, Wis.
Sparta, Mich.
Pet Milk Co.:
Belleville, Wis.
Coopersville, Mich.
Hudson, Mich.
New Glarus, Wis.
Wayland, Mich.
White House Milk Co.:
Manitowoc, Wis.
West Bend, Wis.

(ii) The price per hundredweight computed from the following formula:

(*a*) Multiply the average wholesale price per pound of 92-score butter at Chicago for the delivery period as reported by the United States Department of Agriculture, by 6;

(*b*) Add 2.4 times the average weekly prevailing prices per pound of "Twins" during the delivery period on the Wisconsin Cheese Exchange at Plymouth, Wisconsin: *Provided*, That if the price of "Twins" is not quoted on the Wisconsin Cheese Exchange the weekly prevailing price of "Cheddars" shall be deemed to be the prevailing price for "Twins" and shall be used in determining the price pursuant to this formula;

(*c*) Divide by 7;

(*d*) Add 30 percent thereof; and

(*e*) Multiply by 3.5.

(4) *Class IV milk.* The price for Class IV milk shall be that computed from the following formula: Multiply by 3.5 the arithmetical average of daily wholesale prices per pound of 92-score butter in the Chicago market, as reported by the United States Department of Agriculture during the delivery period, add 20 percent thereof, and add to, or subtract from, such sum 3¾ cents for each full ½ cent that the arithmetical average of carlot prices per pound of nonfat dry milk solids (not including that specifically designated animal feed), spray and roller process, f. o. b. Chicago area manufacturing plants, as reported by such agency during the delivery period, is respectively above or below 5 cents: *Provided*, That for the delivery periods of March, April, May, and June "6 cents" shall be substituted for "5 cents" in such computation: *And provided further*, That if such f. o. b. manufacturing plant prices of nonfat dry milk solids are not reported there shall be used for the purpose of such computation the arithmetical average of the carlot prices of nonfat dry milk solids delivered at Chicago, Illinois, as reported weekly by such agency during the delivery period; and in the latter event the respective amounts "5 cents" and "6 cents" shall be increased by one cent.

9. Delete § 941.5 (c) (1) and substitute therefor the following:

§ 941.5 *Minimum prices.* • • •

(c) *Location adjustment credit to handlers.* (1) The location adjustment credit with respect to that portion of milk received directly from producers at an approved plant (i) which is moved in the form of fluid milk or fluid skim milk from such approved plant to a plant engaged in the bottling of fluid milk, which is located less than 70 miles from the City Hall in Chicago, or (ii) which is classified as Class I milk but did not move in the manner described in subdivision (i) of this subparagraph or in subparagraph (2) (i) of this paragraph, shall be 2 cents per hundredweight for each 15 miles or fraction thereof that such approved plant is located more than 70 miles but not more than 265 miles from the City Hall in Chicago, and 1 cent per hundredweight for each additional 15 miles or fraction thereof that such approved plant is located beyond 265 miles from the City Hall in Chicago: *Provided*, That there shall be no location adjustment credit with respect to milk classified as Class I milk pursuant to § 941.4 (b) (1) (iii): *And provided further*, That all such mileages shall be computed by the market administrator by rail or highway distance, whichever is shorter.

10. Add as § 941.6 (d) the following:

§ 941.6 *Application of provisions.* • • •

(d) *Butterfat in skim milk.* A handler may claim, for classification purposes pursuant to § 941.4, butterfat in skim milk disposed of to others or used in the manufacture of milk products by including the butterfat content of such skim milk in his report for the delivery period filed pursuant to § 941.3 (a) (2) or by giving prior notification to the market administrator of his desire to do so. In the event that a handler does not have adequate records of the butterfat content of such skim milk, the market administrator shall use 0.06 percent as the butterfat content per hundredweight of such skim milk: *Provided*, That if the handler desires to discontinue accounting for butterfat in skim milk, or after discontinuing the accounting therefor desires to again account for the same, he may do so by notifying the market administrator in writing at least 30 days prior to the first day of the delivery period during which such change shall become effective.

11. Delete § 941.8 (b) and substitute thereafter the following:

§ 941.8 *Payment for milk.* • • •

(b) *Location adjustments to producers.* In making payments to producers pursuant to paragraph (a) (2) of this section, each handler shall deduct per hundredweight of milk purchased or received from producers at a plant located more than 70 miles from the City Hall in Chicago, 2 cents for each 15 miles or fraction thereof between 70 miles and 265 miles from the City Hall in Chicago, and 1 cent per hundredweight for each additional 15 miles or fraction thereof that such plant is beyond 265 miles from the City Hall in Chicago: *Provided*, That all such mileages shall be computed by the market administrator by rail or highway distance, whichever is shorter.

12. Insert in § 941.9 (a) following the phrase "a sum not exceeding 2 cents per hundredweight" the words, "or such lesser amount as the Secretary may prescribe," and delete from such paragraph the words "the exact sum to be determined by the market administrator, subject to review by the Secretary."

13. Delete § 941.9 (b).

14. Delete from § 941.10 (a) the words "or such lesser amount as the market administrator shall determine to be sufficient, such determination to be subject to review by the Secretary" and substitute therefor the words "or such lesser amount as the Secretary may prescribe."

(48 Stat. 31, 670, 675; 49 Stat. 750; 50 Stat. 246; 7 U. S. C. 601 et seq.; sec. 102, Reorg. Plan 1 of 1947, 12 F. R. 4534)

Issued in Washington, D. C. this 26th day of August 1947, to be effective on and after the 1st day of September 1947.

[SEAL] CHARLES F. BRANNAN,
Acting Secretary of Agriculture.

PART 947—MILK IN FALL RIVER, MASS., MARKETING AREA

Sec.
947.100 Findings and determinations.
947.101 Scope.
947.102 Determination of normal supply for a market other than the marketing area.
947.103 Producer-handlers.
947.104 Classifications.
947.105 Payments to producers.
947.106 Administration assessment.
947.107 Reports.
947.108 Conversion factors.

AUTHORITY: §§ 947.100 to 947.108, inclusive, issued under 48 Stat. 31, 670, 675, 49 Stat. 750, 50 Stat. 246; 7 U. S. C. 601 et seq.; sec. 102, Reorg. Plan 1 of 1947; 12 F. R. 4534.

§ 947.100 *Findings and determinations.* Pursuant to the provisions of Order No. 47, as amended (12 F. R. 4986), and of the Administrative Procedure Act (60 Stat. 237), a public meeting was held at Fall River, Massachusetts, on August 22, 1947, to consider proposed amended rules and regulations to supersede the rules and regulations [1] issued by the market administrator to effectuate the terms and provisions of said order. The data, views, and arguments presented at this meeting and all written material received on or before August 25, 1947, have been considered and it is hereby found and determined that the following rules and regulations are necessary to effectuate the terms and provisions of Order No. 47, as amended, issued by the Secretary on July 23, 1947, and made effective August 1, 1947 (12 F. R. 4986),

It is further found and determined that to defer the effective date of the said rules and regulations to a date thirty days or more after publication in the FEDERAL REGISTER would be impractical, unnecessary, and contrary to the public interest because said rules and regulations are being issued to effectuate the terms and provisions of Order No. 47 as it has been recently amended, and said rules and regulations should be made effective as soon as possible.

§ 947.101 *Scope.* Sections 947.100 to 947.108, inclusive, by the market administrator pursuant to § 947.2 (b) (3) of Order No. 47, as amended, issued by the Secretary of Agriculture, regulating the handling of milk in the Fall River, Massachusetts, marketing area, hereinafter referred to as the "order." The terms used herein shall have the same definitions as are set forth in § 947.1 of the order.

§ 947.102 *Determination of normal supply for a market other than the marketing area.* Only milk received by a handler as Class II from a plant at which no milk is received from producers and milk from dairy farmers designated for other markets shall be considered as a handler's normal supply for a market other than the marketing area pursuant to § 947.1 (f) (2) of the order. In reporting to the market administrator dairy farmers designated for other markets, such dairy farmers shall be reported individually by name, or, if a handler receives milk from a plant of a person not a handler, all of which milk the handler considers as a normal supply for a market other than the marketing area, all of the dairy farmers delivering to such plant shall be considered as dairy farmers designated for other markets if the handler reports such dairy farms to the market administrator collectively as dairy farmers designated for other markets.

§ 947.103 *Producer-handlers*—(a) *Qualification of producer-handlers.* A producer-handler shall furnish to the market administrator for his verification, subject to review by the Secretary:

(1) Evidence in writing on the form provided by the market administrator that the manner in which such producer-handler produces and distributes his milk is in compliance with § 947.1 (j) of the order.

(2) Evidence in writing in the delivery period during which such change occurs on the form provided by the market administrator of any change in the manner in which such producer-handler produces and distributes his milk which would effect his qualifications as a producer-handler pursuant to § 947.1 (j) of the order.

(b) *Receipts from producer-handlers.* (1) Milk received from a producer-handler for the purpose of being processed and packaged and returned to him shall be considered as a receipt from a handler. However, any excess of receipts in bulk from a producer-handler over the quantity of processed and packaged milk returned to him during the delivery period shall be considered as a receipt from a producer.

(2) Milk received from a producer-handler with respect to which he is not considered a producer shall be considered as received from a handler.

(c) *Reports of production.* If milk of a producer-handler's production is produced on more than one farm, the amount produced on each farm shall be reported separately.

§ 947.104 *Classifications*—(a) *Milk from a Federal order plant.* If a handler received milk from a Federal order plant at a plant at which no milk is received from producers and transfers during the delivery period an amount of milk not in excess of the amount received from a Federal order plant during the delivery period to another handler's plant at which milk is received from producers, such milk shall be considered, for the purpose of classification, as milk from a Federal order plant.

(b) *Milk transferred to a second buyer.* Milk transferred from a handler's plant at which milk is received from producers to another handler and subsequently to the plant of a third person not a handler under the order shall be classified as Class I not to exceed the total Class I during the delivery period at the plant of the person who is not a handler.

(c) *Class II milk received from a plant at which no milk is received from producers.* Milk received by a handler as Class II from a plant at which no milk is received from producers shall be considered as other source milk and shall be classified accordingly. In case the amount of Class II remaining after the proration of allowable plant shrinkage is less than the total amount of other source milk, the milk received by a handler as Class II from a plant located in Maine, New Hampshire, Vermont, Connecticut, Massachusetts, Rhode Island, or New York at which no milk is received from producers shall be first considered as Class II milk.

(d) *Classification of transfers and milk received completely processed and packaged.* If the amount of Class II remaining after the proration of allowable plant shrinkage and the classification of other source milk is insufficient to absorb the amount of milk received completely processed and packaged from a Federal order plant and classified as Class II according to actual use established plus the amount of milk transferred from a plant at which milk is received from producers to another handler and classified as Class II pursuant to § 947.5 (c) of the order, such remaining Class II shall be first applied to such milk received completely processed and packaged from a Federal order plant and classified as Class II according to actual use established and then to such milk transferred from a plant at which milk is received from producers to another handler and classified as Class II, and any remaining amount shall be Class I.

(e) *Class I utilization.* A handler's total Class I utilization in the marketing area during the delivery period cannot exceed the amount of Class I producer milk, including any plant gain, plus milk received from a Federal order plant and classified as Class I plus milk received from plants outside Maine, New Hampshire, Vermont, Connecticut, Massachusetts, Rhode Island, and New York, and classified as Class I plus Class I pursuant to paragraph (d) of this section received by such handler during the delivery period. If the computations set forth in § 947.5 (d) of the order indicate that a portion of the milk received from dairy farmers who were reported by the handler pursuant to § 947.102 hereof as dairy farmers designated for other markets was disposed of in the marketing area as Class I milk during the delivery period, all such dairy farmers designated for other markets will be considered as producers for the delivery period.

(f) *Milk which does not enter a handler's plant.* Milk which a handler takes possession of from another handler's plant and transfers directly to a third handler's plant without such milk having entered the transferring handler's plant shall be considered as a transfer from the first handler's plant to the third handler's plant.

(g) *Plant shrinkage.* The provisions of this paragraph shall apply in determining the quantity of plant shrinkage to be classified as Class II milk pursuant to § 947.5 (b) (2) (ii) of the order.

(1) Plant shrinkage shall be determined by subtracting the total of specific uses from the volume handled.

(2) Plant shrinkage can be established only if the handler keeps records adequate to establish the total of specific uses and the volume handled. If such records are not maintained or are not made available to the market administrator, or his agent, plant shrinkage cannot be established and the total quantity of milk and milk products not specifically accounted for shall be classified as Class I.

(h) *Verification of reports.* If a handler fails or refuses to make available to the market administrator or his agent such records and facilities as the market administrator finds necessary for the verification of the information contained in reports submitted by such handler pursuant to § 947.3 of the order, all milk shall be classified as Class I except that if a quantity of milk is established as having been utilized in Class II, such classification shall be recognized to the extent of established use in Class II.

§ 947.105 *Payments to producers*—(a) *Samples for butterfat testing.* Handlers shall take a representative sample of milk from each delivery of milk received by them from producers or from cooperative associations for butterfat testing.

(b) *Deductions.* In making payments to producers or cooperative associations pursuant to § 947.8 (a) (1) of the order, handlers shall not make deductions other than those allowed in § 947.8 (b) and (c) of the order unless such deductions are authorized in writing by the individual producer or a properly authorized cooperative association.

§ 947.106 *Administration assessment.* Assessment for expense of administration shall be paid by the handler at whose plant milk is received from producers, or, in the case of a handler's plant at which no milk is received from producers, by the handler from whose plant Class I milk is distributed directly in the marketing area.

§ 947.107 *Reports.* The following forms provided by the market administrator shall be submitted to the market administrator by handlers. In case the specific form is not available, the equivalent written information shall be submitted.

(a) *Stopped delivery notice.* This form shall be executed and submitted promptly for each producer stopping delivery.

(b) *Started delivery notice.* This form shall be executed and submitted promptly for each producer starting delivery.

(c) *Report Form (047–A) showing receipts and disposition of milk, skim milk, and cream.* This form shall be executed and submitted on or before the 7th day after the end of each delivery period by each handler.

(d) *Notice of producers miscellaneous deductions and assignments.* This form shall be executed and submitted at the same time information required in § 947.3 (a) (4) of the order is submitted if deductions other than those authorized in § 947.8 (b) and (c) of the order are made by the handler.

§ 947.108 *Conversion factors.* In the absence of specific weights, the weight of milk products received or disposed of in 1-quart or 40-quart containers shall be determined according to the following table, and the weight of such products in any other container shall be determined by multiplying the equivalent number of quarts in such container.

Product	Butterfat test	Weight (in pounds)	
		Per quart	Per 40-quart can
Skim milk and buttermilk	*Percent* Less than 0.5	2.16	86
All other class I products	0.5 to 16	2.15	85
Cream	16	2.136	85.42

	48	2.081	83.22
	49	2.079	83.16
	50	2.078	83.10

Issued at Fall River, Massachusetts this 27th day of August 1947, to be effective on and after the 1st day of September 1947.

JOHN J. HOGAN,
Market Administrator.

[F. R. Doc. 47-8116; Filed, Aug. 29, 1947; 8:48 a. m.]

[Lemon Reg. 236, Amdt. 2]

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

(a) *Findings.* (1) Pursuant to the marketing agreement and Order No. 53 (7 CFR, Cum. Supp., 953.1 et seq.), regulating the handling of lemons grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that compliance with the notice, public rule making procedure, and effective date requirements of the Administrative Procedure Act (Pub. Law 404, 79th Cong., 2d Sess.; 60 Stat. 237) is impracticable and contrary to the public interest in that the time intervening between the date when information upon which the regulation

[1] These rules and regulations were not filed with the Division of the Federal Register.

is based became available and the time when this regulation must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient for such compliance.

(b) *Order, as amended.* (1) The provisions in paragraph (b) (1) and (2) of § 953.343 (Lemon Regulation 236, 12 F. R. 5690, as amended), are hereby further amended to read as follows:

(1) The quantity of lemons grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., August 24, 1947, and ending at 12:01 a. m., P. s. t., August 31, 1947, is hereby fixed at 500 carloads, or an equivalent quantity.

(2) The prorate base of each handler who has made application therefor, as provided in the said marketing agreement and order, is hereby fixed in accordance with the prorate base schedule which is attached to Lemon Regulation 235 (12 F. R. 5544) and made a part hereof by this reference. The Lemon Administrative Committee, in accordance with the provisions of the said marketing agreement and order, shall calculate the quantity of lemons which may be handled by each such handler during the period specified in subparagraph (1) of this paragraph. (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.)

Done at Washington, D. C., this 28th day of August 1947.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable Branch, Production and Marketing Administration.

[Lemon Reg. 237]

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

§ 953.344 *Lemon Regulation 237*—(a) *Findings.* (1) Pursuant to the marketing agreement and Order No 53 (7 CFR, Cum. Supp., 953.1 et seq.), regulating the handling of lemons grown in the State of California, or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that compliance with the notice, public rule making procedure, and effective date requirements of the Administrative Procedure Act (Pub. Law 404, 79th Cong., 2d Sess., 60 Stat. 237) is impracticable and contrary to the public interest in that the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient for such compliance.

(b) *Order.* (1) The quantity of lemons grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., August 31, 1947, and ending at 12:01 a. m., P. s. t., September 7, 1947, is hereby fixed at 275 carloads, or an equivalent quantity.

(2) The prorate base of each handler who has made application therefor, as provided in the said marketing agreement and order, is hereby fixed in accordance with the prorate base schedule which is attached hereto and made a part hereof by this reference. The Lemon Administrative Committee, in accordance with the provisions of the said marketing agreement and order, shall calculate the quantity of lemons which may be handled by each such handler during the period specified in subparagraph (1) of this paragraph.

(3) As used in this section, "handled," "handler," "carloads," and "prorate base" shall have the same meaning as is given to each such term in the said marketing agreement and order. (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.)

Done at Washington, D. C., this 28th day of August 1947.

[SEAL] S. R. SMITH.
Director, Fruit and Vegetable Branch, Production and Marketing Administration.

[Orange Reg. 193]

PART 966—ORANGES GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

§ 966.339 *Orange Regulation 193*—(a) *Findings.* (1) Pursuant to the provisions of Order No. 66 (7 CFR, Cum. Supp., 966.1 et seq.) regulating the handling of oranges grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1947, as amended, and upon the basis of the recommendation and information submitted by the Orange Administrative Committee, established under the said order, and upon other available information, it is hereby found that the limitation of the quantity of such oranges which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that compliance with the notice, public rule making procedure, and effective date requirements of the Administrative Procedure Act (Pub. Law 404, 79th Cong., 2d Sess., 60 Stat. 237) is impracticable and contrary to the public interest in that the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient for such compliance.

(b) *Order.* (1) The quantity of oranges grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., August 31, 1947, and ending at 12:01 a. m., P. s. t., September 7, 1947, is hereby fixed as follows:

(i) *Valencia oranges.* (*a*) Prorate District No. 1, unlimited movement; (*b*) Prorate District No. 2, 1,700 carloads; and (*c*) Prorate District No. 3, unlimited movement.

(ii) *Oranges other than Valencia oranges.* (*a*) Prorate Districts Nos. 1, 2, and 3, no movement.

(2) The prorate base of each handler who has made application therefor, as provided in the said order, is hereby fixed in accordance with the prorate base schedule which is attached hereto and made a part hereof by this reference. The Orange Administrative Committee, in accordance with the provisions of the said order, shall calculate the quantity of oranges which may be handled by each such handler during the period specified in subparagraph (1) of this paragraph.

(3) As used in this section, "handled," "handler," "carloads," and "prorate base" shall have the same meaning as is given to each such term in the said order; and "Prorate District No. 1," "Prorate District No. 2," and "Prorate District No. 3" shall have the same meaning as is given to each such term in § 966.107 of the rules and regulations (11 F. R. 10258) issued pursuant to said order. (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.)

Done at Washington, D. C., this 28th day of August 1947.

[SEAL] S. R. SMITH.
Director, Fruit and Vegetable Branch, Production and Marketing Administration.

PART 975—MILK IN CLEVELAND, OHIO, MARKETING AREA

§ 975.0 *Findings and determinations*—(a) *Findings upon the basis of the hearing record.* Pursuant to Public Act No. 10, 73d Congress (May 12, 1933), as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (hereinafter referred to as the "act") and the rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders (7 CFR, Supps., 900.1 et seq., 11 F. R. 7737, 12 F. R. 1159, 4904) a public hearing was held on June 30–July 3, 1947 upon proposed amendments to the order and the marketing agreement regulating the handling of milk in the Cleveland, Ohio marketing area. The decision (12 F. R. 5627) was made with respect to the order as amended by the Secretary on August 15, 1947. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended, and all of the terms and conditions of said order, as amended, will tend to effectuate the declared policy of the act;

(2) The prices calculated to give milk produced for sale in said marketing area a purchasing power equivalent to the purchasing power of such milk as determined pursuant to sections 2 and 8 (e) of the act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supplies of and demand for such milk, and the minimum prices specified in the order, as amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(3) The said order, as amended, regulates the handling of milk in the same manner as, and is applicable only to the persons in the respective classes of industrial and commercial activity, specified in a marketing agreement upon which hearings have been held.

The foregoing findings are supplementary and in addition to the findings made in connection with the issuance of the aforesaid order and the findings made in connection with the issuance of each of the previously issued amendments thereto; and all of said previous findings are hereby ratified and affirmed except insofar as such findings may be in conflict with the findings set forth herein.

(b) *Additional findings.* In view of the emergency nature of the action being taken it is necessary to make effective promptly the present order, as amended, to reflect current marketing conditions and to give producers immediately some assurance of a substantial seasonal increase in prices as an incentive to a needed increase in milk production during the fall and winter months of 1947–48. Any delay in the effective date of this order, as amended, will seriously threaten the supply of milk for the Cleveland, Ohio, marketing area and, therefore, it is impracticable, unnecessary, and contrary to the public interest to delay the effective date of this order for 30 days after its publication (See section 4 (c), Administrative Procedure Act, Pub. Law 404, 79th Cong., 60 Stat. 237).

(c) *Determinations.* It is hereby determined that handlers (excluding cooperative associations of producers who are not engaged in processing, distributing, or shipping the milk covered by this order, as amended) of more than 50 percent of the volume of milk covered by this order, as amended, which is marketed within the Cleveland, Ohio marketing area, refused or failed to sign the proposed marketing agreement regulating the handling of milk in the said marketing areas; and it is hereby further determined that:

(1) The refusal or failure of such handlers to sign said proposed marketing agreement tends to prevent the effectuation of the declared policy of the act;

(2) The issuance of this order, as amended, is the only practical means, pursuant to the declared policy of the act, of advancing the interests of producers of milk which is produced for sale in the said marketing area; and

(3) The issuance of this order, as amended, is approved or favored by at least two-thirds of the producers participating in a referendum on the question of approval of the order, and who during May 1947 (said month having been determined to be a representative period), were engaged in the production of milk for sale in the said marketing area.

It is therefore ordered, That on and after the effective date hereof, the handling of milk in the Cleveland, Ohio, marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as hereby amended; and the aforesaid order is hereby amended to read as follows:

Sec.
975.1 Definitions.
975.2 Market administrator.
975.3 Pool plant.
975.4 Reports, records and facilities.
975.5 Classification.
975.6 Minimum prices.
975.7 Determination of uniform price to producers.
975.8 Payment for milk.
975.9 Expense of administration.
975.10 Marketing services.
975.11 Adjustment of accounts.
975.12 Application of provisions.
975.13 Effective time.
975.14 Suspension or termination.
975.15 Agents.
975.16 Separability of provisions.

AUTHORITY: §§ 975.1 to 975.16, inclusive, issued under 48 Stat. 31, 670, 675, 49 Stat. 750, 50 Stat. 246; 7 U. S. C., 601 et seq.; sec. 102 Reorg. Plan 1 of 1947, 12 F. R. 4534.

§ 975.1 *Definitions.* The following terms have the following meanings:

(a) "Act" means Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.).

(b) "Secretary" means the Secretary of Agriculture or such other officer or employee of the United States authorized to exercise the powers or to perform the duties of the said Secretary of Agriculture.

(c) "Department of Agriculture" means the United States Department of Agriculture or such other Federal Agency authorized to perform the price reporting functions specified in § 975.6.

(d) "Market administrator" means the agency described in § 975.2.

(e) "Person" means any individual, partnership, corporation, association, or any other business unit.

(f) "Cleveland, Ohio, marketing area," hereinafter called the "marketing area," means all territory, including but not being limited to all municipal corporations, within Cuyahoga County and the township of Willoughby in Lake County; all in the State of Ohio.

(g) "Handler" means any person who: (1) Operates a pool plant; or (2) operates a nonpool plant and either directly or indirectly disposes of milk, skim milk, buttermilk, flavored milk, or flavored milk drinks (i) on a route extending into the marketing area; or (ii) to a pool plant described under § 975.3 (a) (1) which receives less than 50 percent of such plant's total receipts of skim milk and butterfat from producers or from other pool plants.

(h) "Producer" means any person with respect to milk produced by him having the approval of the health authority of any community in the marketing area for consumption as fluid milk in such community which milk is moved directly from his farm to:

(1) A pool plant (i) out of which a route is operated in such community, or (ii) furnishing milk to another pool plant out of which a route is operated in such community (but not including milk diverted from a nonpool plant for the account of such plant);

(2) A nonpool plant within April, May, June, or July for the account of a pool plant by diversion from a pool plant. Milk so diverted shall be deemed to have been received by the pool plant for whose account it was diverted; or

(3) A pool plant for the account of another pool plant by diversion from the latter pool plant. Milk so diverted shall be deemed to have been received by the pool plant for whose account it was diverted.

(i) "Cooperative association" means any cooperative marketing association which the Secretary determines, after application by the association:

(1) To be qualified under the provisions of the act of Congress of February 18, 1922, as amended, known as the "Capper-Volstead Act";

(2) To have full authority in the sale of milk of its members and to be engaged in making collective sales or marketing milk or its products for its members.

(j) "Nonhandler" means any person not a handler who operates a nonpool plant.

(k) "Producer-handler" means any person who:

(1) Produces milk but receives no milk from dairy farmers; and

(2) Operates a route extending into the marketing area.

(l) "Pool plant" means a plant designated pursuant to § 975.3 (a).

(m) "Nonpool plant" means any milk manufacturing or processing plant not a pool plant.

(n) "Other source milk" means all skim milk and butterfat not received from a producer or from a pool plant, but (1) contained in milk, skim milk, or cream; or (2) used to produce any milk product.

(o) "Route" means a delivery (including a sale from a plant store) of milk, skim milk, buttermilk, flavored milk, or flavored milk drink in fluid form to a wholesale or retail stop(s), including any eating place where such items are disposed of for consumption on or off the premises, other than a pool plant(s) or nonpool plant(s).

(p) "Delivery period" means the calendar month or the total portion thereof during which this order is in effect.

§ 975.2 *Market administrator* — (a) *Designation.* The agency for the administration hereof shall be a market administrator, selected by the Secretary, who shall be entitled to such compensation as may be determined by, and shall be subject to removal at the discretion of, the Secretary.

(b) *Powers.* The market administrator shall have the following powers with respect to this order:

(1) To administer its terms and provisions;

(2) To make rules and regulations to effectuate its terms and provisions;

(3) To receive, investigate, and report to the Secretary complaints of violations; and

(4) To recommend amendments to the Secretary.

(c) *Duties.* The market administrator shall perform all duties necessary to administer the terms and provisions of this order, including, but not limited to, the following:

(1) Within 30 days following the date on which he enters upon his duties, or such lesser period as may be prescribed by the Secretary, execute and deliver to the Secretary a bond, effective as of the date on which he enters upon such duties and conditioned upon the faithful performance of such duties, in an amount and with surety thereon satisfactory to the Secretary;

(2) Employ and fix the compensation of such persons as may be necessary to enable him to administer its terms and provisions;

(3) Obtain a bond in a reasonable amount and with reasonable surety thereon covering each employee who handles funds entrusted to the market administrator;

(4) Pay, out of the funds provided by § 975.9:

(i) The cost of his bond and of the bonds of his employees,

(ii) His own compensation, and

(iii) All other expenses, except those incurred under § 975.10, necessarily incurred by him in the maintenance and functioning of his office and in the performance of his duties;

(5) Keep such books and records as will clearly reflect the transactions provided for herein, and, upon request by the Secretary surrender the same to such other person as the Secretary may designate;

(6) Publicly announce, unless otherwise directed by the Secretary, by posting in a conspicuous place in his office and by such other means as he deems appropriate, the name of any person who within 10 days after the day upon which he is required to perform such acts, has not made (i) reports pursuant to § 975.4, or (ii) payments pursuant to §§ 975.8, 975.9, 975.10 or 975.11;

(7) Submit his books and records to examination by the Secretary and furnish such information and reports as may be requested by the Secretary;

(8) Upon request, supply on or before the 25th day after the end of each delivery period to each cooperative association not a handler with respect to producers whose membership in such cooperative association has been verified by the market administrator, a record of the pounds of milk received by each handler from member producers and the class utilization of such milk. For the purpose of this report such member milk shall be prorated to each class in the proportions that the total receipts of milk from producers by such handler were classified in each class;

(9) Audit all reports and payments by each handler by inspection of such handler's records and of the records of any other handler or nonhandler upon whose utilization the classification of skim milk and butterfat for such handler depends;

(10) Publicly announce, by posting in a conspicuous place in his office and by such other means as he deems appropriate, the prices determined for each delivery period as follows:

(i) On or before the 6th day of such delivery period, the minimum prices for skim milk and butterfat in Class I milk and Class II milk computed pursuant to § 975.6;

(ii) On or before the 6th day after the end of such delivery period, the minimum prices for skim milk and butterfat in Class III milk computed pursuant to § 975.6; and

(iii) On or before the 14th day after the end of such delivery period, the uniform price computed pursuant to § 975.7 (d) and the butterfat differential computed pursuant to § 975.8 (c); and

(11) Prepare and disseminate to the public such statistics and information as he deems advisable and as do not reveal confidential information.

§ 975.3 *Pool plant*—(a) *Designation.* Subject to the conditions set forth in paragraphs (b) and (c) of this section, a pool plant means any of the following plants, except a bottling plant operated by a producer-handler:

(1) A bottling plant which is:

(i) Located inside the marketing area and out of which a route is operated; or

(ii) Located outside the marketing area with 10 percent or more of the aggregate weight of the skim milk and butterfat contained in its total route disposition of milk, skim milk, buttermilk, flavored milk, and flavored milk drink in fluid form on routes operated wholly or partially within the marketing area.

(2) A plant having approval of the appropriate health authority in the marketing area to supply milk to a pool plant described in subparagraph (1) of this paragraph and appearing on a list prepared and publicly announced by the market administrator for each delivery period not later than the 14th day after

the end of such delivery period by posting in a conspicuous place in his office. Such list shall include:

(i) The following plants:

Location of plant (Feb. 1, 1946)	*Operator of plant on Feb. 1, 1946*
Ashland, Ohio	Cleveland Dairy Products Co. (Echo Dairy)
Conneaut, Ohio	Conneaut Creamery Co.
Dorset, Ohio	Dorset Milk Co.
East Liberty, Ohio	Dutchland Farms, Inc.
Tiffin, Ohio	Do.
Akron, Ohio (Route 7)	Mountrose Dairy Co.
Orrville, Ohio	Orrville Milk Condensing Co.
Trail, Ohio (P. O. Dundee, Ohio).	Do.
Woodville, Ohio	Soeder's Sons Co.
Attica, Ohio	Telling-Belle Vernon Co.
Beloit, Ohio	Do.
Jefferson, Ohio	Do.
Prospect, Ohio	Do.
Rome, Ohio	Do.
Wellington, Ohio	Do.
Lodi, Ohio	United Dairy Co.
Wooster, Ohio	Wooster Farm Dairies Co.
Cleveland, Ohio	Milk Producers Federation of Cleveland;

and

(ii) A plant, upon request to the market administrator by the plant operator, if such plant has been a pool plant pursuant to subparagraph (3) of this paragraph for nine or more consecutive delivery periods including that within which such request was made.

(3) A plant having approval of the appropriate health authority in the marketing area to do so which has, within the delivery period and within each of the five preceding delivery periods, furnished milk to a pool plant described in subparagraph (1) of this paragraph as follows:

(i) On 14 or more days in a total amount equal to 10 percent or more of its entire receipts of milk from dairy farmers during each such delivery period; or

(ii) In an amount equal to 50 percent or more of its entire receipts of milk from dairy farmers during each such delivery period:

Provided, That (*a*) any such plant meeting the requirements set forth in subdivisions (i) and (ii) of this subparagraph may become a pool plant beginning with the fourth consecutive delivery period within which such requirements have been met if prior request for pool plant status has been made to the market administrator by the plant operator; and (*b*) any such plant meeting the requirements set forth in subdivisions (i) and (ii) of this subparagraph for each of the six delivery periods immediately preceding April 1 of any year need not do so during April, May, June, and July of such year if written request to retain pool plant status for such four-month period is made of the market administrator by the handler prior to April 1 of such year.

(b) *Replacement.* A plant which replaces a pool plant shall acquire immediately the pool plant status of the replaced plant if the operator thereof shows to the satisfaction of the market administrator that 50 percent or more of the dairy farmers delivering milk to it previously had been producers at the pool plant so replaced.

(c) *Removals.* A plant shall be removed from the list of pool plants prepared pursuant to paragraph (a) (2) of this section under either of the following circumstances:

(1) Upon prior written request for such removal made by the plant operator; such removal to be effective at the beginning of the 1st delivery period (following the market administrator's receipt of such request) within which no milk was furnished by such plant to a pool plant described in paragraph (a) (1) of this section; or

(2) If such plant furnished less than 10 percent of its dairy farm supply of milk to a pool plant described in paragraph (a) (1) of this section within each of the three most recent delivery periods, excluding April, May, June and July: *Provided*, That this subparagraph shall not apply to the plant of the Milk Producers Federation of Cleveland.

§ 975.4 *Reports, records and facilities*—(a) *Delivery period reports of receipts and utilization.* On or before the 8th day after the end of each delivery period, each handler, except a producer-handler, shall report to the market administrator with respect to milk received from producers, other source milk received at a pool plant, skim milk and butterfat received in any form at a pool plant or at a nonpool plant from a pool plant, skim milk and butterfat received in any form at a nonpool plant engaged in the manufacture of ice cream or ice cream mix which is operated by such handler and is located within the marketing area, and all skim milk and butterfat received in any form from all sources at a nonpool plant referred to in § 975.1 (g) (2), in the detail and on forms prescribed by the market administrator:

(1) The quantities of butterfat and quantities of skim milk contained in (or used in the production of) such receipts, and their sources;

(2) The utilization of such receipts; and

(3) Such other information with respect to such receipts and utilization as the market administrator may prescribe.

(b) *Other reports.* (1) Each producer-handler shall make reports to the market administrator at such times and in such manner as the market administrator may request.

(2) On or before the 25th day after the end of each delivery period, each handler who received milk from producers shall submit to the market administrator his producer pay roll for the delivery period, which shall show:

(i) The pounds of milk (and the percentage of butterfat contained therein) received from each producer;

(ii) The amount and date of payment to each producer (or to a cooperative association not a handler which is authorized to collect payment for the milk of such producer); and

(iii) The nature and amount of each deduction or charge involved in the payments referred to in subdivision (ii) of this subparagraph.

(c) *Records and facilities.* Each handler shall maintain, and make available to the market administrator during the usual hours of business, such accounts and records of all of his operations, including those of his nonpool plants in which any milk is received from a pool plant or of his nonpool plants located within the marketing area in which ice cream or ice cream mix is manufactured, and such facilities as, in the opinion of the market administrator, are necesary to verify reports or to ascertain the correct information with respect to:

(1) The receipts and utilization of all skim milk and butterfat required to be reported pursuant to paragraphs (a) or (b) (1) of this section;

(2) The pounds of skim milk and butterfat contained in or represented by all milk, skim milk, cream, and each milk product on hand at the beginning and at the end of each delivery period;

(3) The weights and tests for butterfat and for other contents of all milk and milk products handled; and

(4) Payments to producers and to cooperative associations.

§ 975.5 *Classification*—(a) *Skim milk and butterfat to be classified.* Skim milk and butterfat contained in milk, skim milk, and cream, or used to produce milk products, received from all sources by each handler at his (1) pool plant(s) and (2) nonpool plant(s) engaged in the manufacture of ice cream or ice cream mix and located within the marketing area, shall be classified separately (as skim milk or butterfat) pursuant to the following provisions of this section.

(b) *Classes of utilization.* Subject to the conditions set forth in paragraphs (d) and (e) of this section, skim milk and butterfat described in paragraph (a) of this section shall be classified by the market administrator on the basis of the following classes of utilization:

(1) Class I milk shall be all skim milk (including reconstituted skim milk) and butterfat:

(i) Disposed of in fluid form as milk; skim milk or buttermilk, except for livestock feed; flavored milk or flavored milk drink; sweet or sour cream; any mixture of cream and milk (or skim milk); or eggnog;

(ii) Transferred as any item included in subdivision (i) of this subparagraph from a pool plant to the plant of a producer-handler, or transferred as any such item, except cream, to a nonpool plant located more than 160 miles from such pool plant by shortest highway distance as determined by the market administrator;

(iii) Accounted for as any item not listed under subdivision (i) of this subparagraph or as Class II milk or Class III milk; or

(iv) Such shrinkage on milk received from producers computed pursuant to paragraph (c) (4) of this section which is in excess of 2 percent of such receipts.

(2) Class II milk shall be all skim milk and butterfat used to produce ice cream, imitation ice cream, and other frozen desserts and mixes for similar products (liquid or powdered); or storage cream (cream placed in a licensed cold storage warehouse to remain for a period of not less than 30 days, and which is subject at all times, while in such warehouse to inspection by the market administrator to determine the physical presence of such cream).

(3) Class III milk shall be all skim milk and butterfat:

(i) Used to produce butter; butter oil; cheese (including cottage cheese); bulk condensed skim milk or whole milk (sweetened or unsweetened); evaporated or condensed milk (or skim milk) in hermetically sealed cans; casein; nonfat dry milk solids; dry whole milk; condensed or dry buttermilk; whey; powdered malted milk; lactose; and skim milk or buttermilk disposed of for livestock feed;

(ii) In actual shrinkage of milk received from producers computed pursuant to paragraph (c) (4) of this section, but not in excess of 2 percent of such receipts; and

(iii) In actual shrinkage of other source milk computed pursuant to paragraph (c) (4) of this section.

(c) *Shrinkage.* The market administrator shall determine the shrinkage of skim milk and butterfat, respectively, in milk received from producers and in other source milk received in the following manner: *Provided*, That milk of producers transferred by a handler to another handler and received at the latter's (1) pool plant, or (2) nonpool plant engaged in the manufacture of ice cream or ice cream mix and located within the marketing area, without first having been received for purposes of weighing and testing in the transferring handler's pool plant shall be included in the receipts at such plant of the second handler for the purpose of computing his plant shrinkage and shall be excluded from the receipts at the pool plant of the transferring handler in computing his plant shrinkage.

(1) Compute the total shrinkage of skim milk and butterfat, respectively, by (i) combining the shrinkage thereof for all pool plants operated by the handlers, and (ii) combining in a separate sum the shrinkage thereof for all nonpool plants operated by him to which any skim milk or butterfat has been transferred from any of his pool plants

(2) Prorate the shrinkage of skim milk and butterfat, respectively, computed pursuant to subparagraph (1) (ii) of this paragraph, in such nonpool plants between (i) skim milk or butterfat, respectively, transferred from any of his pool plants, and (ii) skim milk or butterfat, respectively, received from all other sources;

(3) Add to the shrinkage of skim milk and butterfat, respectively, computed pursuant to subparagraph (1) (i) of this paragraph, the shrinkage on skim milk or butterfat, respectively, transferred from the handler's pool plant(s) to his nonpool plant(s) computed pursuant to subparagraph (2) of this paragraph; and

(4) Prorate the total shrinkage of skim milk and butterfat, respectively, computed pursuant to subparagraph (3) of this paragraph between that in milk received from producers and in other source milk at his pool plants, after deducting from the total receipts therein the receipts from pool plants other than his own.

(d) *Transfers.* Skim milk or butterfat transferred as any item listed in paragraph (b) (1) (i) of this section from a pool plant in a manner described in subparagraphs (1), (2), or (3) of this paragraph, shall be classified as follows:

(1) As Class I milk, if transferred to another pool plant unless utilization in another class is mutually indicated in writing to the market administrator by both handlers on or before the 8th day after the end of the delivery period within which such transfer was made: *Provided*, That skim milk or butterfat assigned to a particular class shall be limited to the amount thereof remaining in such class in the pool plant of the transferee handler after the subtraction of other source milk pursuant to paragraphs (g) (4) and (h) of this section, and any excess of such transferred skim milk or butterfat, respectively, shall be assigned in series beginning with the next lowest-priced available class; or

(2) As Class I milk, if transferred to a nonpool plant (except to a plant described in paragraph (b) (1) (ii) of this section) unless (i) other utilization is mutually indicated in writing to the market administrator by both the buyer and seller on or before the 8th day after the end of the delivery period within which such transfer was made, (ii) the buyer maintains books and records showing utilization of all skim milk and butterfat at his plant which are made available to the market administrator for audit, and (iii) such buyer's plant had actually used not less than an equivalent amount of skim milk or butterfat in the use indicated in such statement: *Provided*, That if such nonpool plant had not actually used an equivalent amount of skim milk or butterfat in such indicated use, the remaining pounds shall be classified in the next lowest-priced available class of utilization as if the classes of utilization set forth in paragraph (b) of this section were applicable to such nonpool plant; or

(3) As Class I milk if transferred in bulk form to (i) a manufacturer of soup, candy, or bakery products for use in such manufacturing operations, or (ii) any retail establishment which disposes of milk in fluid form.

(e) *Responsibility of handlers and reclassification of milk.* (1) All skim milk and butterfat shall be classified as Class I milk unless the handler who first received such skim milk or butterfat proves to the market administrator that such skim milk or butterfat should be classified otherwise.

(2) Any skim milk or butterfat classified (except that classified pursuant to paragraph (b) (1) (ii) of this section) in one class shall be reclassified if used or reused by such handler or by another handler in another class.

(f) *Computation of the skim milk and butterfat in each class.* For each delivery period the market administrator shall correct for mathematical and for other obvious errors the delivery period report submitted by each handler and compute the total pounds of skim milk and butterfat, respectively, in Class I milk, Class II milk, and Class III milk for such handler.

(g) *Allocation of butterfat classified.* The pounds of butterfat remaining after making the following computations shall be the pounds in each class allocated to milk received from producers:

(1) Subtract from the total pounds of butterfat in Class III milk (other than butterfat in butter), the pounds of butterfat shrinkage allowed pursuant to paragraph (b) (3) (ii) of this section;

(2) Subtract from the pounds of butterfat in Class I milk, the smaller of the following:

(i) The pounds, if any, by which the butterfat in milk received from producers and pool plants is less than 105 percent of the pounds of butterfat in such handler's milk, skim milk, buttermilk, flavored milk and flavored milk drink classified as Class I milk (exclusive of any reconstituted skim milk) pursuant to paragraph (b) (1) (i) of this section, not including such Class I milk transferred to pool plants or to nonpool plants; or

(ii) The pounds of butterfat in other source milk received;

(3) Subtract from the pounds of butterfat in other source milk, the pounds deducted pursuant to subparagraph (2) of this paragraph;

(4) Subtract from the pounds of butterfat remaining in each class, after making the deduction pursuant to subparagraph (2) of this paragraph, in series beginning with the lowest-priced utilization, the pounds of butterfat remaining in other source milk after making the deduction pursuant to subparagraph (3) of this paragraph;

(5) Subtract from the remaining pounds of butterfat in each class the pounds of butterfat received from other handlers in such classes pursuant to paragraph (d) of this section; and

(6) Add to the remaining pounds of butterfat in Class III milk (other than butterfat in butter), the pounds subtracted pursuant to subparagraph (1) of this paragraph; or if the remaining pounds of butterfat in all classes exceed the pounds of butterfat in milk received from producers, subtract such excess from the remaining pounds of butterfat in each class in series beginning with the lowest-priced utilization.

(h) *Allocation of skim milk classified.* Allocate the pounds of skim milk in each class to milk received from producers in a manner similar to that prescribed for butterfat in paragraph (g) of this section.

§ 975.6 *Minimum prices*—(a) *Basic formula price to be used in determining prices of Class I milk and Class II milk.* The basic formula price per hundredweight of milk to be used in determining the Class I milk and Class II milk prices for each delivery period, pursuant to paragraphs (b) and (c) of this section, shall be the highest of the prices per hundredweight of milk of 3.5 percent butterfat content computed by the market administrator pursuant to subparagraphs (1), (2), and (3) of this paragraph.

(1) The average of the basic (or field) prices ascertained to have been paid per hundredweight for milk of 3.5 percent butterfat content received from farmers during the next preceding delivery period at the following plants or places for which prices have been reported to the market administrator or to the Department of Agriculture by the companies indicated below:

Present Operator and Location

Borden Co.:
Black Creek, Wis.
Greenville, Wis.
Mt. Pleasant, Mich.
New London, Wis.
Orfordville, Wis.
Carnation Co.:
Berlin, Wis.
Jefferson, Wis.
Chilton, Wis.
Oconomowoc, Wis.
Richland Center, Wis.
Sparta, Mich.
Pet Milk Co.:
Belleville, Wis.
Coopersville, Mich.
Hudson, Mich.
New Glarus, Wis.
Wayland, Mich.
White House Milk Co.:
Manitowoc, Wis.
West Bend, Wis.

(2) The price per hundredweight resulting from the following formula:

(i) Multiply by 6 the average wholesale price per pound of 92-score butter at Chicago as reported by the Department of Agriculture for the next preceding delivery period;

(ii) Add an amount equal to 2.4 times the average weekly prevailing price per pound of "Twins" during the next preceding delivery period on the Wisconsin Cheese Exchange at Plymouth, Wisconsin: *Provided*, That if the price of "Twins" is not quoted on the Wisconsin Cheese Exchange the weekly prevailing price per pound of "Cheddars" shall be used; and

(iii) Divide by 7, add 30 percent thereof, and then multiply by 3.5.

(3) The price per hundredweight computed by adding together the plus amounts pursuant to subdivisions (i) and (ii) of this subparagraph:

(i) From the average wholesale price per pound of 92-score butter at Chicago, as reported by the Department of Agriculture for the next preceding delivery period, subtract 3 cents, add 20 percent thereof, and then multiply by 3.5; and

(ii) From the average of the carlot prices per pound of nonfat dry milk solids for human consumption, spray and roller process, f. o. b. manufacturing plants, as published for the Chicago area for the next preceding delivery period by the Department of Agriculture, deduct 5.5 cents, multply by 8.5, and then multiply by 0.965.

(b) *Class I milk prices.* The respective minimum prices per hundredweight to be paid by each handler, f. o. b. the marketing area, for skim milk and butterfat in milk received from producers or from a pool plant of a cooperative association, during the delivery period, which is classified as Class I milk, shall be as follows, as computed by the market administrator:

(1) Add to the basic formula price the following amount for the delivery period indicated: May and June, $0.85; September, October, November, December, January, and February, $1.15; and all others, $1.00: *Provided*, That in no event shall the price resulting from this subparagraph be lower than $4.79 for the months of September to December 1947, inclusive: *Provided, further*, That the price resulting from this subparagraph for January 1948, shall not be lower than the effective price for December 1947, less 44 cents, and that the price for February 1948, shall not be lower than the effective price for January 1948, less 44 cents: *And provided also*, That the minimum price of sweet or sour cream, or of any mixture of cream and milk (or skim milk), in Class I milk shall be the price otherwise applicable pursuant to this subparagraph less 15 cents.

(2) The price of butterfat shall be the amount obtained in subparagraph (1) of this paragraph, multiplied by 20.

(3) The price of skim milk shall be computed by (i) multiplying the price for butterfat pursuant to subparagraph (2) of this paragraph by 0.035; (ii) subtracting such amount from the amount obtained in subparagraph (1) of this paragraph; (iii) dividing such net amount by 0.965; and (iv) rounding off to the nearest full cent.

(c) *Class II milk prices.* The respective minimum prices per hundredweight to be paid by each handler, f. o. b. the marketing area, for skim milk and butterfat in milk received from producers or from a pool plant of a cooperative association, during the delivery period, which is classified as Class II milk, shall be as follows, as computed by the market administrator:

(1) Add to the basic formula price the following amount for the delivery period indicated: May and June, $0.25; September, October, November, December, January, and February, $0.55; and all others, $0.40.

(2) The price of butterfat shall be the amount obtained in subparagraph (1) of this paragraph, multiplied by 20; *Provided*, That in no event shall the price of butterfat pursuant to this subparagraph be less than the price computed pursuant to paragraph (d) (1) of this section prior to the proviso therein.

(3) The price of skim milk shall be computed by (i) multiplying the price for butterfat pursuant to subparagraph (2) of this paragraph prior to the application of the proviso by 0.035; (ii) subtracting such amount from the amount obtained in subparagraph (1) of this paragraph; (iii) dividing such net amount by 0.965; and (iv) rounding off to the nearest full cent.

(d) *Class III milk prices.* The respective minimum prices per hundredweight to be paid by each handler, f. o. b. his plant, for skim milk and butterfat in milk received from producers or from a pool plant of a cooperative association, which is classified as Class III milk shall be as follows, as computed by the market administrator:

(1) The price per hundredweight of butterfat shall be the average price per pound of 92-score butter at wholesale in the Chicago market, as reported by the Department of Agriculture for the delivery period, multiplied by 120: *Provided*, That the price per hundredweight of butterfat used to produce butter or contained in shrinkage pursuant to § 975.5 (b) (3) (ii) shall be such price less $3.60;

(2) Except as set forth in subparagraph (3) of this paragraph, the price per hundredweight of skim milk (calculated to the nearest full cent) shall be the average carlot price per pound of nonfat dry milk solids for human consumption, roller process, f. o. b. manufacturing plants, as published for the Chicago area for the delivery period by the Department of Agriculture, less 5.5 cents and then multiplied by 8.5; and

(3) When the higher of the prices computed pursuant to paragraphs (a) (1) or (a) (2) of this section is higher than the price of 100 pounds of milk of 3.5 percent butterfat content computed by adding the value of 3.5 pounds of butterfat pursuant to subparagraph (1) of this paragraph, prior to the application of the proviso therein, to the value of 96.5 pounds of skim milk pursuant to subparagraph (2) of this paragraph, the price per hundredweight of skim milk used to produce bulk condensed skim milk or whole milk (sweetened or unsweetened), evaporated or condensed milk (or skim milk) in hermetically sealed cans, cottage cheese, and powdered malted milk shall be computed as follows and used in lieu of the price computed pursuant to subparagraph (2) of this paragraph:

(i) From the higher of the prices computed pursuant to paragraphs (a) (1) or (a) (2) of this section deduct 25 cents;

(ii) Multiply the result by 0.7;

(iii) Subtract such result from the figure obtained in subdivision (i) of this subparagraph; and

(iv) Divide the result by 0.965, and round off to the nearest full cent.

(e) *Emergency price provisions.* Whenever the provisions hereof require the market administrator to use a specific price (or prices) for milk or any milk product for the purpose of determining minimum class prices or for any other purpose, the market administrator shall add to the specified price the amount of any subsidy, or other similar payment, being made by any Federal agency in connection with the milk, or product, associated with the price specified: *Provided*, That if for any reason the price specified is not reported or published as indicated, the market administrator shall use the applicable maximum price established by regulations of any Federal agency plus the amount of any such subsidy or other similar payment: *Provided further*, That if the specified price is not reported or published and there is no applicable maximum uniform price, or if the specified price is not reported or published and the Secretary determines that the market price is below the applicable maximum uniform price, the market administrator shall use a price determined by the Secretary to be equivalent to or comparable with the price specified.

§ 975.7 *Determination of uniform price to producers*—(a) *Computation of pool value for each handler operating a pool plant.* Subject to the location adjustment provided by paragraph (b) of this section, the pool value for each delivery period for each handler operating a pool plant shall be a sum of money computed by the market administrator by multiplying by the applicable prices for skim milk and butterfat in each class pursuant to § 975.6, the skim milk and butterfat in milk received from producers according to their classification pursuant to paragraphs (g) and (h) of § 975.5, and adding together the resulting amounts: *Provided*, That if such handler, after subtracting all receipts of skim milk and butterfat, respectively other than in milk received from producers, has a utilization of skim milk or butterfat greater than has been accounted for in milk received from producers, there shall be added a further amount equal to the quantity of such excess of skim milk or butterfat multiplied by the applicable prices.

(b) With respect to the actual weight of (1) milk, cream, or any other item named in Class I milk and Class II milk which is moved directly to the marketing area from a pool plant located outside the marketing area, and (2) Class I milk and Class II milk disposed of outside the marketing area from a pool plant so located, there shall be deducted, in the computation of the handler's pool value, the following amount per hundredweight thereof applicable for the location of such plant by shortest highway distance from the Public Square in Cleveland, Ohio, such distance to be determined by the market administrator:

Mileage zone	*Cents per hundredweight*
Not more than 30 miles	0
More than 30 miles but not more than 45 miles	15
More than 45 miles but not more than 60 miles	17
More than 60 miles but not more than 75 miles	19
More than 75 miles but not more than 90 miles	21

Within each 15 mile zone thereafter—an additional 1 cent.

Provided, That such adjustment shall be limited to an amount of milk, cream, or other item so moved which could be derived from the milk received from producers at such plant.

(c) *Computation of obligation to the producer-settlement fund for certain handlers operating nonpool plants.* (1) For each delivery period the obligation to the producer-settlement fund for each handler (except a producer-handler) who operates a nonpool plant out of which a route is operated which extends into the marketing area, shall be computed by the market administrator by multiplying by the respective prices for skim milk and butterfat in Class I milk the total pounds of skim milk and butterfat disposed of as milk, skim milk, buttermilk, flavored milk, or flavored milk drink within such delivery period on each such route, and subtracting therefrom an amount computed by multiplying such volumes of skim milk and butterfat by the higher of the prices for skim milk and butterfat, respectively, in Class III milk.

(2) For each delivery period, the obligation to the producer-settlement fund for each handler who operates a nonpool plant and supplies milk, skim milk, buttermilk, flavored milk, or flavored milk drink to a plant designated as a pool plant pursuant to § 975.3 (a) (1), which latter plant received within such delivery period less than 50 percent of its total receipts of skim milk and butterfat from producers or from other pool plants, shall be computed by the market administrator by multiplying by the difference between the respective prices for skim milk and butterfat in Class I milk and Class III milk, the amount of such receipts from such nonpool plant which are Class I milk at the receiving pool plant.

(d) *Computation of uniform price.* For each delivery period, the market administrator shall compute the "uniform price" per hundredweight for milk of 3.5 percent butterfat content, f. o. b. the marketing area, received from producers by:

(1) Combining into one total the pool values computed under paragraph (a) of this section for all handlers who reported pursuant to § 975.4 (a) for such delivery period, except those in default in payments required pursuant to § 975.8 (e) for the preceding delivery period;

(2) Adding an amount representing the monies received in payment of obligations computed under paragraph (c) of this section;

(3) Adding the aggregate of the values of all allowable location adjustments computed at the maximum rates for the appropriate zones as set forth in § 975.8 (b);

(4) Adding an amount representing not less than one-half of the unobligated balance in the producer-settlement fund;

(5) Subtracting, if the weighted average butterfat test of all milk received from producers represented by the values included in subparagraph (1) of this paragraph is greater than 3.5 percent, or adding, if the weighted average butterfat test of such milk is less than 3.5 percent, an amount computed by multiplying the total hundredweight of butterfat represented by the variance of such weighted average butterfat test from 3.5 percent, by the butterfat differential computed pursuant to § 975.8 (c) multiplied by 1,000;

(6) Dividing by the hundredweight of milk received from producers represented by the values included in subparagraph (1) of this paragraph; and

(7) Subtracting not less than 4 cents nor more than 5 cents.

(e) *Notification.* The market administrator shall notify:

(1) On or before the 14th day after the end of each delivery period, each handler who operates a pool plant of:

(i) The amounts and pool values of his skim milk and butterfat in each class and the totals of such amounts and values;

(ii) The uniform price;

(iii) The amount due such handler from the producer-settlement fund or the amount to be paid by such handler to the producer-settlement fund, as the case may be; and

(iv) The totals of the minimum amounts to be paid by such handler pursuant to §§ 975.8, 975.9, 975.10, and 975.11.

(2) On or before the 14th day after the end of each delivery period each handler described in § 975.1 (g) (2) of:

(i) The pounds of his skim milk and butterfat in milk, skim milk, buttermilk, flavored milk, and flavored milk drink subject to the provisions of paragraph (c) of this section; and

(ii) The amount due the producer-settlement fund from each such handler.

§ 975.8 *Payment for milk*—(a) *Time and method of payment.* (1) Except as provided by subparagraph (2) of this paragraph, on or before the 20th day after the end of each delivery period, each handler (except a cooperative association) shall pay each producer for milk received from him within such delivery period, not less than an amount of money computed by multiplying the total pounds of such milk by the uniform price, less the location adjustment pursuant to paragraph (b) of this section and adjusted by the butterfat differential pursuant to paragraph (c) of this section: *Provided*, That if by such date such handler has not received full payment for such delivery period pursuant to paragraph (f) of this section, he may reduce such payments uniformly per hundredweight for all producers, by an amount not in excess of the per hundredweight reduction in payment from the market administrator; however, the handler shall make such balance of payment to those producers to whom it is due on or before the date for making payments pursuant to this paragraph next following that on which such balance of payment is received from the market administrator.

(2) On or before the 19th day after the end of each delivery period, each handler shall pay a cooperative association not a handler, with respect to milk of producers for which it has received written authorization to collect payment, a total amount not less than the sum of the individual amounts otherwise payable to such producers pursuant to subparagraph (1) of this paragraph.

(3) On or before the 15th day after the end of each delivery period, each handler shall pay a cooperative association which is a handler, with respect to skim milk and butterfat received by him from a pool plant operated by such cooperative association, not less than an amount computed by multiplying the minimum prices for skim milk and butterfat, respectively, in each class, subject to the applicable location adjustment provided by § 975.7 (b), by the hundredweight of skim milk and butterfat, respectively, in each class pursuant to § 975.5.

(b) *Location adjustments to producers.* In making payments pursuant to paragraphs (a) (1) and (a) (2) of this section a handler may deduct, with respect to all milk received from producers at a plant located outside the marketing area, not more than the following respective amount per hundredweight of milk applicable for the location of such plant by shortest highway distance from the Public Square in

Cleveland, Ohio, such distance to be determined by the market administrator:

Mileage zone	Cents per hundredweight
Not more than 30 miles	0
More than 30 miles but not more than 45 miles	15
More than 45 miles but not more than 60 miles	17
More than 60 miles but not more than 75 miles	19
More than 75 miles but not more than 90 miles	21
Within each 15 mile zone thereafter—an additional 1 cent.	

(c) *Butterfat differential.* In making payments pursuant to paragraphs (a) (1) or (a) (2) of this section there shall be added to or subtracted from, the uniform price per hundredweight, for each one-tenth of 1 percent of such butterfat content in milk above or below 3.5 percent, as the case may be, a butterfat differential computed by the market administrator as follows:

(1) Multiply the hundredweight of butterfat in each class computed pursuant to § 975.5 (g) by the applicable minimum price for butterfat in such class computed pursuant to § 975.6;

(2) Add into one total the butterfat values obtained in subparagraph (1) of this paragraph and divide such total by the total hundredweight of butterfat in all classes computed pursuant to § 975.5 (g) to determine a weighted average price for butterfat;

(3) Subtract from the weighted average price per hundredweight of butterfat computed in subparagraph (2) of this paragraph, a weighted average price per hundredweight of skim milk computed as follows:

(i) Multiply the hundredweight of skim milk computed in each class pursuant to § 975.5 (h) by the respective minimum price for skim milk in such class computed pursuant to § 975.6; and

(ii) Add into one total the skim milk values so obtained for all classes and divide such total by the total hundredweight of skim milk in all classes computed pursuant to § 975.5 (h); and

(4) Divide by 1,000 the price of butterfat resulting pursuant to subparagraph (3) of this paragraph, and round off to the nearest tenth of a cent.

(d) *Producer-settlement fund.* The market administrator shall establish and maintain a separate fund known as the "producer-settlement fund" into which he shall deposit all payments made pursuant to paragraph (e) of this section and out of which he shall make all payments pursuant to paragraph (f) of this section.

(e) *Payments to the producer-settlement fund.* On or before the 16th day after the end of each delivery period, each handler:

(1) Whose pool value is required to be computed pursuant to § 975.7 (a), shall pay to the market administrator the amount by which such pool value for such delivery period is greater than the total minimum amount required to be paid by him pursuant to paragraphs (a) (1) and (a) (2) of this section; and

(2) Whose obligation is required to be computed pursuant to § 975.7 (c), shall pay to the market administrator such obligation for such delivery period.

(f) *Payment out of the producer-settlement fund.* On or before the 18th day after the end of each delivery period, the market administrator shall pay to each handler the amount by which such handler's pool value pursuant to § 975.7 (a) is less than the total minimum amount required to be paid by him pursuant to paragraphs (a) (1) or (a) (2) of this section, less any unpaid obligations of such handler to the market administrator pursuant to paragraph (e) of this section, §§ 975.9, 975.10, or 975.11: *Provided*, That if the balance in the producer-settlement fund is insufficient to make all payments to all such handlers pursuant to this paragraph, the market administrator shall reduce uniformly such payments and shall complete such payments as soon as the necessary funds become available.

§ 975.9 *Expense of administration.* As his pro rata share of the expense incurred pursuant to § 975.2 (c) (4), each handler shall pay the market administrator on or before the 16th day after the end of each delivery period, three cents per hundredweight, or such lesser amount as the Secretary may from time to time prescribe, to be announced by the market administrator on or before the 14th day after the end of such delivery period, with respect to all receipts within the delivery period, of milk from producers at pool plants (including such handler's own production), of other source milk at pool plants, except that used in the manufacture of ice cream or ice cream mix, and of other source milk on which payment is required pursuant to § 975.5 (c).

§ 975.10 *Marketing services*—(a) *Deductions for marketing services.* Except as set forth in paragraph (b) of this section, each handler, in making payments to producers pursuant to paragraphs (a) (1) and (a) (2) of § 975.8, with respect to all milk received from each producer (except milk of such handler's own production) at a plant not operated by a cooperative association of which such producer is a member, shall deduct four cents per hundredweight, or such lesser amount as the Secretary may from time to time prescribe, to be announced by the market administrator on or before the 14th day after the end of each delivery period; and, on or before the 16th day after the end of such delivery period, shall pay such deductions to the market administrator. Such monies shall be expended by the market administrator to verify weights, samples, and tests of the milk of such producers and to provide such producers with market information; such services to be performed in whole or in part by the market administrator, or by an agent engaged by and responsible to him.

(b) *Cooperative associations.* In the case of producers whose milk is received at a plant not operated by a cooperative association of which such producers are members, and for whom a cooperative association is actually performing the services described in paragraph (a) of this section, as determined by the market administrator, each handler shall make, in lieu of the deductions specified in paragraph (a) of this section, such deductions from payments required pursuant to paragraphs (a) (1), and (a) (2) of § 975.8 as may be authorized by such producers, and pay such deductions on or before the 16th day after the end of each delivery period to the cooperative association rendering such services of which such producers are members.

§ 975.11 *Adjustment of accounts*—(a) *Payments.* Whenever audit by the market administrator of any handler's reports, books, records, or accounts discloses adjustments to be made, for any reason, which result in monies due (1) the market administrator from such handler, (2) such handler from the market administrator, or (3) any producer or cooperative association from such handler, the market administrator shall promptly notify such handler of any such amount due; and payment thereof shall be made on or before the next date for making payment set forth in the provision under which such error occurred, following the 5th day after such notice.

(b) *Overdue accounts.* Any unpaid obligation of a handler or of the market administrator pursuant to §§ 975.8, 975.9, 975.10 or paragraph (a) of this section shall be increased one-half of one percent on the first day of the calendar month next following the due date of such obligation and on the first day of each calendar month thereafter until such obligation is paid.

§ 975.12 *Application of provisions*—(a) *Exempt milk.* Milk received at a plant of a handler, the handling of which the Secretary determines to be subject to the pricing and payment provisions of any other Federal milk marketing agreement or order issued pursuant to the act for any fluid milk marketing area shall not be subject to the pricing and payment provisions hereof.

(b) *Milk caused to be delivered by cooperative associations.* Milk referred to herein as received from producers by a handler shall include milk of producers caused to be delivered to such handler by a cooperative association which is not a handler and which is authorized to collect payment for such milk.

§ 975.13 *Effective time.* The provisions hereof, or of any amendment hereto, shall become effective at such time as the Secretary may declare and shall continue in force until suspended or terminated.

§ 975.14 *Suspension or termination*—(a) *When suspended or terminated.* The Secretary shall, whenever he finds that this order, or any provision thereof, obstructs or does not tend to effectuate the declared policy of the act, terminate or suspend the operation of this order or any such provision thereof.

(b) *Continuing obligations.* If, upon the suspension or termination of any or all provisions of this part, there are any obligations thereunder the final accrual or ascertainment of which requires further acts by any person (including the market administrator), such further acts shall be performed notwithstanding such suspension or termination.

(c) *Liquidation.* Upon the suspension or termination of the provisions hereof, except this section, the market administrator, or such other liquidating agent as the Secretary may designate, shall, if so directed by the Secretary, liquidate the business of the market administrator's office, dispose of all property in his possession or control, including accounts receivable, and execute and deliver all assignments or other instruments necessary or appropriate to effectuate any such disposition. If a liquidating agent is so designated all assets, books, and records of the market administrator shall be transferred promptly to such liquidating agent. If, upon such liquidation, the funds on hand exceed the amounts required to pay outstanding obligations of the office of the market administrator and to pay necessary expenses of liquidation and distribution, such excess shall be distributed to contributing handlers and producers in an equitable manner.

§ 975.15 *Agents.* The Secretary may, by designation in writing, name any officer or employee of the United States to act as his agent or representative in connection with any of the provisions hereof.

§ 975.16 *Separability of provisions.* If any provision hereof, or its application to any person or circumstances, is held invalid, the application of such provision, and of the remaining provisions hereof, to other persons or circumstances shall not be affected thereby.

Issued at Washington, D. C., this 26th day of August 1947, to be effective on and after the 1st day of September 1947.

[SEAL] CHARLES F. BRANNAN,
Acting Secretary of Agriculture.

TITLE 9—ANIMALS AND ANIMAL PRODUCTS

Chapter III—Bureau of Dairy Industry, Department of Agriculture

PART 301—SANITARY INSPECTION OF PROCESS OR RENOVATED BUTTER

MISCELLANEOUS AMENDMENTS

On June 11, 1947, a notice of proposed rule-making was published in the FEDERAL REGISTER (12 F. R. 3809), relative to proposed amendments to the regulations (11 F. R. 14674) under the so-called Process or Renovated Butter Act (60 Stat. 300; Pub. Law 427, 79th Cong.), entitled "An act to authorize the condemnation of materials which are intended for use in process or renovated butter and which are unfit for human consumption, and for other purposes." Consideration having been given to all relevant matter presented, including the proposal set forth in the aforesaid notice, the regulations are, on the basis of the authority contained in the act, hereby amended for the purpose of: (1) Requiring the condemnation of ingredients found to be infested with immature stages of insects, and (2) aiding the effective administrative operation of the regulations by (a) eliminating superfluous terminology, (b) permitting the storage of butter oil in commercial warehouses, and (c) permitting the use of less expensive denaturants, as follows:

1. Substitute a comma for the period at the end of § 301.4 (a) and add the following: "*Provided, however*, That butter oil may be stored in commercial cold storage warehouses."

2. Delete the words "poor" and "satisfactorily" from § 301.4 (c).

3. Amend § 301.4 (d) to read as follows:

§ 301.4 *Sanitary requirements for process or renovated butter factories.* * * *

(d) *Equipment.* All melting tanks, cans, vats, blowing tanks, and settling tanks and equipment used in preparing, cutting, chopping, and otherwise handling the ingredients used in the manufacture of process or renovated butter, shall be made of a noncorrosive metal, or shall be suitably nickeled, tinned, or coated with other noncorrosive metal. All such equipment and all churns, butter workers, trucks, trays, and other receptacles, chutes, platforms, racks, tables, and all other utensils, machinery, and equipment used in the packaging, storing, or other handling of process or renovated butter, shall be kept in a clean and sanitary condition.

4. Delete the word "approved" wherever it appears in § 301.4 (e).

5. In § 301.5 (a) delete the words "An approved" under (1) and the word "approved" under (2).

6. Amend § 301.5 (c) to read as follows:

§ 301.5 *Sanitary requirements for process or renovated butter, and for ingredients intended for use in its manufacture.* * * *

(c) *Pure, clean air to be used; approved equipment for purifying air required.* Air used in aerating butter oil in connection with the manufacture of process or renovated butter shall be pure and clean and free from contamination of any kind.

7. Amend the last sentence of § 301.5 (d) to read as follows: "A recording dairy thermometer shall be provided and used to facilitate determinations of proper pasteurization."

8. Place a period after the word "manner" and delete the following words at the end of § 301.5 (f): "in accordance with generally accepted practices of the dairy industry."

9. In § 301.6 (b) and § 301.6 (c) delete the words "or any part thereof" and substitute the following: "including immature stages or parts thereof."

10. In § 301.6 (f) delete the word "or" before "(4)" and add the following after the word "acid": "or (5) one and one-half parts of kerosene,".

Accordingly, the aforesaid amendments shall become effective 30 days after publication thereof in the FEDERAL REGISTER.

(60 Stat. 300)

Done at Washington, D. C., this 26th day of August, 1947.

[SEAL] CHARLES F. BRANNAN,
Acting Secretary of Agriculture.

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

[Regs., Serial No. 397]

PART 41—CERTIFICATION AND OPERATION RULES FOR SCHEDULED AIR CARRIER OPERATIONS OUTSIDE CONTINENTAL LIMITS OF THE UNITED STATES

PART 61—SCHEDULED AIR CARRIER RULES

TEMPERATURE ACCOUNTABILITY FOR TAKE-OFF LIMITATIONS PERTAINING TO TRANSPORT CATEGORY AIRPLANES USED IN SCHEDULED PASSENGER SERVICE; SPECIAL CIVIL AIR REGULATION

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 21st day of August 1947.

Deviation of outside air temperature from that of standard air can have an appreciable effect upon the take-off performance of an airplane. At the present time the pertinent operating requirements do not take into account such effect adequately. Amendments to Parts 41 and 61 of the Civil Air Regulations to provide temperature accountability are being considered by the Board. However, the implementation of these amendments will take considerable time after their adoption. In the meantime the Board considers it immediately necessary that a direct temperature accountability be applied by these operators to the take-off limitations. The following special Civil Air Regulation is intended to be applied by these operators until the time when the amendments to Parts 41 and 61 concerning temperature accountability become mandatory or are put into effect sooner by the individual operators.

Due to the emergency nature of this regulation, compliance with the notice and procedures required by paragraphs (a) and (b) of section 4 of the Administrative Procedure Act is impracticable, and a delay in the promulgation of this

Special Regulation would not be in the public interest.

Effective September 6, 1947, the following effects of temperature accountability shall be added to the take-off limitations of §§ 41.271 and 61.7122:

For the individual model airplanes enumerated below, the take-off weight or the minimum length of runway, or both, and the critical-engine-failure speed, V_1, shall be further modified to include the following corrections. Correction values shall be applied by adding them algebraically, noting temperatures above the standard as positive, and noting those below the standard as negative.

Airplane	Correction to weight and/or runway length (use either column or combinations)		Correction to V_1
	Pounds/°F.	Feet/°F.	M. p. h./°F.
Lockheed 649, 749	−90	+9	−.10
Lockheed 49-46	−65	+6	−.07
C-54, DC-4	−20	+10	0
DC-6	−70	+10	0
Boeing SA-307B-1	−50	+9	−.08
Martin 202:			
Temp. above Std	−300	+12.5	0
Temp. below Std	−110	+15	0

(52 Stat. 984, 1007; 49 U. S. C. 425, 551)

By the Civil Aeronautics Board.

[SEAL] M. C. MULLIGAN, *Secretary.*

TITLE 24—HOUSING CREDIT

Chapter V—Federal Housing Administration

PART 500—GENERAL

ORGANIZATION AND FUNCTIONS; OFFICIAL RECORDS

In § 500.30 *Official records*, paragraph (b) is amended, effective July 25, 1947, by the addition to the list contained in paragraph (b) of the following:

Lender's Application for Insurance (Section 609).
Commitment for Insurance (Section 609).
Contract of Insurance (Section 609).

(Sec. 1, 48 Stat. 1246; 12 U. S. C. and Sup., 1702)

[SEAL] R. WINTON ELLIOTT, *Assistant Commissioner.*

AUGUST 25, 1947.

TITLE 36—PARKS AND FORESTS

Chapter II—Forest Service, Department of Agriculture

PART 201—NATIONAL FORESTS

ABOLISHING MONTEZUMA NATIONAL FOREST AND TRANSFERRING ITS LANDS TO UNCOMPAHGRE AND SAN JUAN NATIONAL FORESTS

CROSS REFERENCE: For order affecting the tabulation contained in § 201.1, see Public Land Order 400 under Title 43, *infra*, abolishing the Montezuma National Forest, Colo., and transferring its lands to the Uncompahgre and the San Juan National Forests.

TITLE 42—PUBLIC HEALTH

Chapter I—Public Health Service, Federal Security Agency

PART 34—MEDICAL EXAMINATION OF ALIENS

Notice of proposed rule-making, and public rule-making proceedings, having been found to be impracticable in the adoption of the provisions of this part, have been omitted. The regulations herein issued impose no duties on persons outside the agency, and the persons otherwise affected are aliens not yet admitted to the United States, and therefore unavailable for participation in rule-making.

Sec.
34.1 Applicability.
34.2 Definitions.
34.3 Examinations; by whom made; female aliens.
34.4 Scope of examinations.
34.5 Aliens free of disease or defect; notation on visa.
34.6 Aliens afflicted with disease or defect.
34.7 Certificates and notifications; Class A.
34.8 Certificates and notifications; Class B.
34.9 Certificates and notifications; Class C.
34.10 Detention and observation; adequacy of facilities.
34.11 Medical and other care; death.
34.12 Quarantinable diseases.
34.13 Re-examination; convening of boards; expert witnesses; reports.

AUTHORITY: §§ 34.1 to 34.13, inclusive, issued under sec. 16, 39 Stat. 874, secs. 322 (c), 325, 610 (c), 58 Stat. 696, 697, 714; 8 U. S. C. 152, 42 U. S. C., Sup. 249 (c), 249 note, 252.

§ 34.1 *Applicability.* The provisions of this part shall apply to (a) the medical examination and reexamination of aliens presented therefor to the Public Health Service upon the arrival of such aliens at a port of entry, or upon an application for a visa at a foreign consulate of the United States, and (b) the medical and other care, and burial, of aliens admitted to Public Health Service stations and hospitals at the request of the Immigration Service.

§ 34.2 *Definitions.* As used in this part, terms shall have the following meanings:

(a) *Immigration Service.* The Immigration and Naturalization Service of the Department of Justice.

(b) *Loathsome or dangerous contagious disease.* Any of the following diseases:

1. Actinomycosis.
2. Amebiasis.
3. Blastomycosis.
4. Favus.
5. Filariasis.
6. Gonorrhea.
7. Granuloma Inguinale.
8. Keratoconjunctivitis infectiosa.
9. Leishmaniasis.
10. Leprosy.
11. Lymphogranuloma Venereum.
12. Mycetoma.
13. Paragonimiasis.
14. Ringworm of scalp.
15. Schistosomiasis.
16. Chancroid.
17. Syphilis, infectious stage.
18. Trachoma.
19. Trypanosomiasis.
20. Yaws.

(c) *Medical certificate.* A document issued by an examining medical officer to the Immigration Service, signed by him and certifying his findings with respect to an alien's physical and mental condition.

(d) *Medical notification.* A document issued by an examining medical officer to a consular authority, signed by the officer and notifying such authority of his findings with respect to an alien's physical and mental condition.

(e) *Medical officer.* A physician assigned or detailed by the Surgeon General of the Public Health Service to make mental and physical examinations of aliens.

(f) *Medical officer in charge.* A medical officer charged by the Surgeon General with responsibility for the conduct and supervision of all medical examinations made at a designated place or in a designated area.

§ 34.3 *Examinations: by whom made; female aliens.* Aliens presented to the Public Health Service for medical examination shall be examined by medical officers. Female aliens shall be examined only by female medical officers, or in the presence of a female, who may be an assistant to a medical officer.

§ 34.4 *Scope of examinations.* In performing examinations and re-examinations, medical officers shall give consideration to only those matters which relate to the physical or mental condition of the alien, and shall issue certificates or notifications of a disease or defect as hereinafter provided only if the presence of such disease or defect is clearly established.

§ 34.5 *Aliens free of disease or defect; notation on visa.* If an alien is found to have no physical or mental disease or defect, medical officers shall so indicate by notation on his visa.

§ 34.6 *Aliens afflicted with disease or defect.* If an alien is found to have one or more physical or mental diseases or defects, medical officers shall report their findings to the Immigration Service, by medical certificate, or to the presenting consular authority, by medical notification.

§ 34.7 *Certificates and notifications; Class A.* A Class A certificate or a Class A notification shall be issued with respect to any alien who is found to be afflicted with any of the following diseases or defects:

(a) Tuberculosis in any form;

(b) A loathsome or dangerous contagious disease;

(c) Idiocy, imbecility, feeblemindedness, epilepsy, insanity, chronic alcoholism, or constitutional psychopathic inferiority;

(d) A mental defect not enumerated in paragraph (c) of this section; *Provided, however,* That a Class A certificate or Class A notification shall in no case be issued with respect to an alien having only mental shortcomings due to ignorance, or suffering only from a mental condition attributable to remedial physical causes, or from a psychosis of a temporary nature caused by a toxin, drug, or disease.

§ 34.8 *Certificates and notifications; Class B.* A Class B certificate, or Class B notification, shall be issued with respect to an alien who has a physical defect which is of such a nature that it may affect his ability to earn a living. The certificate, or notification, shall state the nature and extent of the physical defect, whether it is chronic or permanent, and the extent to which it is likely to render the alien incapable of pursuing a vocation or profession for which he has particular training or experience, or, if he has no such vocation or profession, incapable of performing ordinary physical or manual work.

§ 34.9 *Certificates and notifications; Class C.* A Class C Certificate, or Class C notification, shall be issued with respect to an alien who has a disease or defect other than those for which a Class A or Class B certificate (or notification) is required to be issued.

§ 34.10 *Detention and observation; adequacy of facilities.* (a) Whenever, upon an examination, it appears to the medical officer in charge that there is doubt about the physical or mental condition of an alien, the alien shall be held over for such observation and further examination as may be reasonably necessary to determine his physical or mental condition.

(b) When in the judgment of the medical officer in charge, a medical examination or re-examination cannot be satisfactorily completed at a station or place at which it is undertaken, such examination or re-examination shall be discontinued and such officer shall recommend to the presenting authority that the alien be removed to a place where the examination or re-examination may be satisfactorily completed.

§ 34.11 *Medical and other care; death.* (a) Upon request of the Immigration Service, an alien detained by it shall be admitted to a hospital or station of the Public Health Service and receive therein necessary medical, surgical, and dental care. An alien found, in the course of an examination or re-examination, to be in need of emergency care shall be given such care to the extent deemed practicable by the medical officer in charge, and if in need of further care, he shall be returned to the presenting authority with the medical officer's recommendations concerning such further care.

(b) In case of death of an alien the body shall be delivered to the presenting authority; but if such death occurs in the United States, or in a territory or possession thereof, public burial shall be provided upon request of the Immigration Service and subject to its agreement to pay the burial expenses. Autopsies shall not be performed unless approved by the Immigration Service.

§ 34.12 *Quarantinable diseases.* Any alien arriving at a port of the United States who, in the course of a medical examination, is found to be infected with a disease defined as quarantinable under Part 11 of this chapter (Foreign Quarantine Regulations of the Public Health Service) shall be held under observation, isolated and released in accordance with the applicable provisions of such regulations.

§ 34.13 *Re-examination; convening of boards; expert witnesses; reports.* (a) The Surgeon General, or when authorized, a medical officer in charge, shall convene a board of medical officers to re-examine an alien

(1) Upon the request of the Immigration Service for a re-examination by such a board, or

(2) Upon an appeal by the alien from a certificate of insanity or mental defect, issued at a port of entry.

(b) Such a board shall consist of three, when practicable, but in no case less than two, medical officers. In the event that a board consists of three medical officers, the decision of the majority thereof shall prevail.

(c) Re-examination shall include:

(1) A medical examination by the board;

(2) A review of all records submitted;

(3) Use of any laboratory or diagnostic methods or tests deemed advisable; and

(4) Consideration of statements regarding the alien's physical or mental condition made by a reputable physician after his examination of the alien.

(d) An alien who is to be re-examined shall be notified of the time and place of his re-examination not less than five days prior thereto.

(e) An alien being re-examined may introduce as witnesses before the board such physicians or medical experts as the board may in its discretion permit, at his own cost and expense, *Provided,* That an alien who has appealed from a certificate of insanity or mental defect shall be permitted to introduce at least one expert medical witness. If witnesses offered are not permitted by the board to testify, the record of the proceedings shall show the reason for the denial of permission.

(f) Witnesses before the board shall be given an adequate opportunity to examine medical certificates involved in the re-examination and to present all relevant and material evidence, orally or in writing, until such time as the proceedings are declared by the board to be closed.

(g) The findings and conclusions of the board shall be based on its medical examination of the alien and on the evidence presented to it and made a part of the record of its proceedings.

(h) The board shall report its findings and conclusions to the Immigration Service, and shall also give prompt notice thereof to the alien if the re-examination has been held upon his appeal. The board's report to the Immigration Service shall specifically affirm, modify, or reject the findings and conclusions of prior examining medical officers.

(i) If the board finds that an alien re-examined by it has a disease or defect not previously certified, it shall issue its certificate in accordance with the applicable provisions of this part.

(j) After submission of its report, the board shall not be reconvened in the same case except upon the express authorization of the Surgeon General.

Effective date. The provisions of this part shall be effective 30 days after publication in the FEDERAL REGISTER.

Dated: August 26, 1947.

[SEAL] JAMES A. CRABTREE, *Acting Surgeon General.*

Approved: August 26, 1947.

MAURICE COLLINS, *Acting Federal Security Administrator.*

Appendix—Public Land Orders

[Public Land Order 400]

COLORADO

ABOLISHING THE MONTEZUMA NATIONAL FOREST AND TRANSFERRING ITS LANDS TO THE UNCOMPAHGRE AND THE SAN JUAN NATIONAL FORESTS

By virtue of the authority vested in the President by the act of June 4, 1897, 30 Stat. 11, 36 (U. S. C. Title 16, sec. 473), and pursuant to Executive Order No. 9337 of April 24, 1943, and upon the recommendation of the Assistant Secretary of Agriculture, it is ordered as follows:

The Montezuma National Forest, Colorado, as defined by Proclamation No. 1076 of August 15, 1910 (36 Stat. 2735), and as subsequently modified, is hereby abolished and the lands heretofore comprising said national forest are transferred to and consolidated with the Uncompahgre and the San Juan National Forests, effective July 1, 1947, as follows:

The lands within the exterior boundaries of the Montezuma National Forest in San Miguel County, Colorado, and described as follows, are hereby transferred to the Uncompahgre National Forest:

NEW MEXICO PRINCIPAL MERIDIAN

Tps. 41, 42, and 43 N., R. 8 W.,
All those parts west of the divide between the Animas and Uncompahgre Rivers and the San Miguel River.
T. 41 N., R. 9 W.,
All that part north of the divide between the Animas and Dolores Rivers and the San Miguel River.
T. 42 N., R. 9 W.
Tps. 43 and 44 N., R. 9 W.,
All those parts south of the divide between Uncompahgre River and the San Miguel River.
T. 41 N., R. 10 W.,
All that part north of the divide between Dolores River and San Miguel River.

T. 42 N., R. 10 W.,
Secs. 1, 7, and 8;
Secs. 12 to 30, inclusive;
Secs. 31 and 32, those parts north of the divide between Dolores River and San Miguel River;
Secs. 33 to 36, inclusive.
T. 43 N., R. 10 W.,
Secs. 1 to 4, inclusive;
Secs. 9 to 16, inclusive;
Secs. 24, 25, and 36.
T. 44 N., R. 10 W.,
Secs. 27, 34, and 35;
Secs. 22, 23, 25, 26, and 36, those parts south of the divide between Uncompahgre River and San Miguel River.
T. 41 N., R. 11 W.,
All that part north of the divide between Dolores River and San Miguel River.
T. 42 N., R. 11 W.,
Sec. 3, W½;
Secs. 4 to 34, inclusive;
Secs. 35 and 36, those parts north of the divide between Dolores River and San Miguel River.

[Public Land Order 401]

MISSISSIPPI

MODIFYING NOXUBEE NATIONAL WILDLIFE REFUGE

By virtue of the authority vested in the President and contained in section 32, Title III, of the Bankhead-Jones Farm Tenant Act of July 22, 1937, 50 Stat. 522, 525 (U. S. C., Title 7, secs. 1010–1013), and pursuant to Executive Order No. 9337 of April 24, 1943, and finding that such action will best serve the purposes of the said Bankhead-Jones Farm Tenant Act, it is ordered as follows:

Subject to valid existing rights and upon the recommendation of the Secretary of Agriculture, all lands and waters acquired by the United States within the following-described area are hereby added to and reserved as a part of the Noxubee National Wildlife Refuge established by Executive Order No. 8444 of June 14, 1940: *Provided*, That any private lands within the area shall become a part of the refuge upon the acquisition of title thereto or control thereof by the United States:

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter I—Interstate Commerce Commission

[Docket No. 3666]

PARTS 71–85—TRANSPORTATION OF EXPLOSIVES AND OTHER DANGEROUS ARTICLES[1]

MISCELLANEOUS AMENDMENTS

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 21st day of August A. D. 1947.

It appearing, that pursuant to section 233 of the Transportation of Explosives Act approved March 4, 1921 (41 Stat. 1445), and Part II of the Interstate Commerce Act, the Commission has formulated and published certain regulations for transportation of explosives and other dangerous articles:

It further appearing, that in applications received we are asked to amend the aforesaid regulations as set forth in provisions made part hereof:

It is ordered, That the aforesaid regulations for transportation of explosives and other dangerous articles be, and are hereby, amended as follows:

Part 3—Regulations Applying to Shippers (CFR 75)

1. Superseding and amending paragraph (b), section 182 *Nitrates*, order June 29, 1945, to read as follows:

(b) In bags in tight cars or motor vehicles. Ammonium nitrate, ammonium nitrate fertilizer, calcium nitrate and guanidine nitrate in bags must be loaded in all wood box cars, or wooden box cars with steel roofs or steel box cars with wooden floors. Motor vehicles should be of closed type, but not of all metal construction, or lading consisting of bags should be covered.

[1] Parts 3 and 4 of this order appear in CFR as Parts 75 and 80.

2. Superseding and amending section 183 *Packing nitrates—exemptions*, order July 28, 1947, to read as follows:

183 Nitrate of aluminum, nitrate of barium, nitrate of lead, nitrate of potash, nitrate of sodium (nitrate of soda), nitrate of strontia, nitro carbo nitrate, or other inorganic nitrates are exempt from specification packaging, marking and labeling requirements for transportation by rail freight, rail express, and highway and nitrate of ammonia, nitrate of ammonia fertilizer, calcium nitrate and guanidine nitrate, are exempt from specification packaging and marking, other than name of contents, requirements for transportation by rail freight, rail express and highway, when packaged as follows: In metal cans in outside fiberboard boxes; in wooden boxes, kegs, or barrels, metal cans, metal drums or fiber drums; in glass bottles in outside fiber boxes not exceeding 50 pounds net weight; calcium nitrate in bags; ammonium nitrate, ammonium nitrate fertilizer, or guanidine nitrate in bags containing not over 200 pounds net weight, made moisture proof, tight against sifting, and of strength not less than bags made of 8-ounce burlap. When for transportation by carrier by water they are exempt from specification packaging and marking, other than name of contents, and labeling requirements, except that ammonium nitrate, ammonium nitrate fertilizer, calcium nitrate and guanidine nitrate shipments must be labeled. (See column 5 of Commodity List, Part 2 for maximum quantity that may be shipped in one outside package by express.)

Part 4—Regulations Applying Particularly to Carriers by Rail Freight (CFR 80)

3. Amending section 532 *Loading packages, etc.*, order August 16, 1940, as follows (add):

(k) *Ammonium nitrate, ammonium nitrate fertilizer, calcium nitrate, guanidine nitrate.*

(k) (1) Ammonium nitrate, ammonium nitrate fertilizer, calcium nitrate, and guanidine nitrate in bags must be loaded in all wood box cars, or wooden box cars with steel roofs, or steel box cars with wooden floors. Only clean cars must be used and must be free of any projections that would injure bags.

Part 7—Regulations Applying to Shipments Made by Way of Common, Contract or Private Carriers by Public Highway (CFR 85)

4. Amending section 823 *Inflammable solids and oxidizing materials*, order November 8, 1941, as follows (add):

(e) (8) Ammonium nitrate, ammonium nitrate fertilizer, calcium nitrate, and guanidine nitrate in bags must be loaded in closed motor vehicles not of all metal construction, or if open body vehicles are used the lading must be covered. Only clean vehicles must be used and must be free of any projections that would injure bags.

5. Amending page 20, order July 28, 1947, by adding paragraph as follows:

It is further ordered, That compliance with the aforesaid regulations, as amended, made effective by this order, is hereby authorized on and after date of service hereof;

6. Superseding and amending note to paragraph (h), section 548 *Application of placards*, order July 28, 1947, to read as follows:

Because of the present emergency and until further order of the Commission, gondola cars used for the shipments of bombs or poison gas, may be placarded on both sides and both ends of car.

It is further ordered, That the aforesaid regulations as further amended herein shall be and remain in full force and effect on and after August 21, 1947, and shall be observed until further order of the Commission;

And it is further ordered, That copies of this order be served upon all parties of record herein, and that notice shall be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of Federal Register.

(41 Stat. 1445, 49 Stat. 546, 52 Stat. 1237, 54 Stat. 921, 56 Stat. 176, 18 U. S. C. 383, 49 U. S. C. 304)

By the Commission, Division 3.

[SEAL] W. P. BARTEL,
Secretary.

[S. O. 768]

PART 95—CAR SERVICE

FREE TIME ON BOX CARS LOADED AT PORTS

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 26th day of August A. D. 1947.

It appearing, that there is a critical shortage of box cars and that free time published in tariffs for loading such cars at ports aggravates the shortage thereof; in the opinion of the Commission an emergency exists requiring immediate action at all ports of the country to alleviate the box car shortage.

It is ordered, That no common carrier by railroad, subject to the Interstate Commerce Act, shall:

(a) *Free time on box cars loaded at ports.* Allow, grant or permit more than a total of 5 days free time on any car held after loading at the point of transshipment from vessel to car or when held out of such transfer point prior to the receipt of proper forwarding directions on such car. The provisions of this paragraph shall not be construed to require or permit the increase of any free time published in tariffs lawfully on file with this Commission.

(b) *Forwarding box cars loaded at ports.* Each common carrier by railroad, subject to the Interstate Commerce Act, shall, not later than twenty-four (24) hours after the receipt of proper forwarding directions, place each box car loaded with freight transferred from a vessel to such car, in an outbound train

and forward said car to the destination specified in the forwarding directions.

(c) *Computation of free time.* (1) All Sundays and legal holidays shall be included in computing the free time provided in paragraph (a).

(2) The free time provided in paragraph (a) hereof shall be computed continuously from the first 7:00 a. m. after actual loading of each car is completed.

(d) *Definition of box car.* The term "box car" as used herein means freight equipment having a mechanical designation in the Official Railway Equipment Register prefixed by "X" or "V".

(e) *Effective date.* This order shall become effective at 7:00 a. m., September 2, 1947.

(f) *Expiration date.* This order shall expire at 7:00 a. m., March 1, 1948, unless otherwise modified, changed, suspended or annulled by order of this Commission.

(g) *Tariff provisions suspended.* The operation of all tariff rules and regulations, insofar as they conflict with the provisions of this order is hereby suspended.

(h) *Announcement of suspension.* Each railroad, or its agent shall publish, file, and post a supplement to each of its tariffs affected thereby, in substantial accordance with the provisions of Rule 9 (k) of the Commission's Tariff Circular No. 20 (§ 141.9 (k) of this chapter) announcing the suspension of the operation of any of the provisions therein, and establishing the substituted provision set forth herein.

It is further ordered, That a copy of this order and direction shall be served upon the Association of American Railroads, Car Service Division, as Agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

(40 Stat. 101, sec. 402, 41 Stat. 476, sec. 4, 54 Stat. 901; 49 U. S. C. 1 (10)–(17))

By the Commission, Division 3.

[SEAL] W. P. BARTEL, *Secretary.*

[F. R. Doc. 47-8093; Filed, Aug. 29, 1947; 8:46 a. m.]

TITLE 50—WILDLIFE

Chapter I—Fish and Wildlife Service, Department of the Interior

PART 11—ESTABLISHMENT, ETC., OF NATIONAL WILDLIFE REFUGES

NOXUBEE NATIONAL WILDLIFE REFUGE

CROSS REFERENCE: For order affecting the tabulation contained in § 11.1, see Public Land Order 401 under Title 43, *supra,* modifying the Noxubee National Wildlife Refuge.

Subchapter C—National Wildlife Refuges; Individual Regulations

PART 27—SOUTHEASTERN REGION NATIONAL WILDLIFE REFUGES

PIEDMONT NATIONAL WILDLIFE REFUGE, GEORGIA; FISHING

Section 27.732 is revised to read as follows:

§ 27.732 *Piedmont National Wildlife Refuge, Georgia; fishing.* Non-commercial fishing in accordance with the State laws of Georgia is permitted during the daylight hours in the waters of the artificial pond on the Piedmont National Wildlife Refuge, known as the "Five Points Lake" situated west of Five Points on Tract 490, being west of the Dames Ferry—Wayside Road.

Entry on and use of the refuge for any purpose is governed by the regulations of the Secretary dated December 19, 1940 (5 F. R. 5284), as amended, and strict compliance therewith is required. All fishermen must comply with all State fishing laws and regulations and must have on their person and exhibit at the request of any authorized Federal or State officer whatever license is required by such laws and regulations, which license shall serve as a Federal permit for fishing in the refuge. The use of live minnows for bait is not permitted.

Persons may use boats (except motor boats), canoes, or floated devices for fishing on the waters of the refuge, but may place such boats, canoes, or floated devices on the waters of the refuge only at such point or points as may be designated by posting by the officer in charge. The use of motor boats, either inboard or outboard is prohibited on all waters of the refuge except for official purposes.

State cooperation may be enlisted in the regulation, management, and operation of the public fishing areas, and the State may promulgate such special regulations as may be necessary for such regulation, management, and operation. In the event such State regulations are issued, compliance therewith shall be a requisite to lawful entry for the purpose of fishing. (Sec. 10, 45 Stat. 1224; 16 U. S. C. 715i).

Dated: August 21, 1947.

CLARENCE COTTAM, *Acting Director.*

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR, Part 933]

[Admin. No. 35]

HANDLING OF ORANGES, GRAPEFRUIT, AND TANGERINES GROWN IN FLORIDA

ORDER DIRECTING THAT REFERENDUM BE CONDUCTED AMONG PRODUCERS OF ORANGES, GRAPEFRUIT, AND TANGERINES GROWN IN FLORIDA AND DESIGNATING AGENT TO CONDUCT SUCH REFERENDUM; DETERMINATION OF REPRESENTATIVE PERIOD

Pursuant to the applicable provisions of Public Act No. 10, 73d Congress (May 12, 1933), as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended, (7 U. S. C. 601 et seq.) it is hereby directed that a referendum be conducted among the producers who, during the period August 1, 1946, to July 31, 1947 (which period is hereby determined to be a representative period for the purpose of such referendum[1]), were engaged in the State of Florida in the production of oranges, grapefruit, or tangerines for market, to determine whether such producers favor the issuance of an order amending Order No. 33, as amended (7 CFR, Supps., 933.1 et seq.), regulating the handling of oranges, grapefruit, and tangerines grown in the State of Florida, which is attached to the decision[1] of the Secretary of Agriculture filed simultaneously herewith; and Minard F. Miller, Field Representative, Fruit and Vegetable Branch, Production and Marketing Administration, United States Department of Agriculture, Drane Building, P. O. Box 19, Lakeland, Florida, is hereby designated agent of the Secretary of Agriculture to perform the following functions:

(1) Conduct said referendum in accordance with the rules and limitations herein set forth, giving an opportunity to each producer of oranges, grapefruit, or tangerines grown in the State of Florida to cast his ballot relative to the aforesaid proposed amendment on forms furnished by the Secretary of Agriculture. A cooperative association of such producers, bona fide engaged in marketing such oranges, grapefruit, or tangerines may vote for the producers who are members of, stockholders in, or under contract with, such cooperative association, and the vote of such cooperative association shall be considered as the vote of all such producers.

(2) Determine the time of commencement, duration, and termination of the period of the referendum: *Provided,* That the referendum shall be completed prior to October 25, 1947.

(3) Determine the necessary number of polling places, designate and announce such polling places, the area to be served by each such polling place, and the hours during which such polling places will be open: *Provided,* That all such polling places shall remain open not less than four (4) consecutive daylight hours during each day announced.

[1] See F. R. Doc. 47-8098, *infra.*

(4) In addition to the designation and announcement of polling places, if the said agent determines it advisable (a) conduct meetings of producers and arrange for balloting thereat, in which event such balloting shall continue until all of the producers who are present and desire to do so have had an opportunity to vote, and (b) arrange for balloting by mail, in which event the said agent shall designate the place or places to which such ballots shall be mailed and shall give notice of the last date on which such ballots must be placed in the mail.

(5) Give public notice of the time and place of balloting and of each meeting authorized herein (a) by posting a notice thereof, at least three (3) days in advance of the first voting day, at each polling place and at each meeting place, (b) by issuing a press release in newspapers having general circulation in the citrus producing districts (as such districts are defined in the aforesaid amended order) of Florida, and (c) by such other means as the said agent may deem advisable.

(6) Appoint any of the county agricultural extension agents in the counties of Florida, or any other persons deemed necessary or desirable, to assist the said agent in carrying out his duties hereunder: *Provided,* That such county agricultural extension agents and other persons so appointed shall serve without compensation and may be authorized, by the said agent, to perform the following functions in accordance with the rules set forth herein:

(a) Give public notice of the referendum in the manner specified herein.

(b) Preside as a poll officer at a designated polling place.

(c) Distribute ballots to producers and receive such ballots after they are cast.

(d) Secure the name and address of each person casting a ballot, and inquire into the eligibility of each such person to vote.

(e) Forward to Minard F. Miller, Drane Building, P. O. Box 19, Lakeland, Florida, immediately after the close of the referendum, the following: (i) the name and address of each producer who cast a ballot at the polling place designated for such poll officer and whose ballot was received by such officer; (ii) all of such ballots which were received by the officer, together with his certificate that the ballots forwarded are all of the ballots cast and received during the referendum period at the designated polling place; (iii) a statement showing the time and place the notice of referendum was posted and, if the notice was mailed to producers, the mailing list showing the names and addresses to which the notice was mailed and the time of such mailing; and (iv) a detailed statement explaining the method used in giving publicity to such referendum.

(7) Upon receipt by the designated agent of all ballots cast and such other documents as are required pursuant hereto, the ballots shall be canvassed by him and the results of the referendum shall be forwarded with the ballots and other required documents to the Fruit and Vegetable Branch, Production and Marketing Administration, United States Department of Agriculture, Washington 25, D. C.

The Fruit and Vegetable Branch shall prepare and submit to the Secretary a detailed report covering the results of the referendum, the manner in which the referendum was conducted, the extent and kind of public notice given, and all other information pertinent to the full analysis of the referendum and its results.

The designated agent and any appointee pursuant hereto shall not refuse to accept a ballot submitted or cast; but should they, or any of them, deem that a ballot should be challenged for any reason, or if such ballot shall be challenged by any other person, said agent or appointee shall endorse, above his signature, on the back of said ballot a statement to the effect that such ballot was challenged, by whom challenged, and the reasons therefor; and the number of such challenged ballots shall be stated when they are forwarded as provided herein.

All ballots shall be treated as confidential and the contents thereof shall not be divulged except to (1) the Secretary of Agriculture, (2) his agent designated herein to conduct such referendum, (3) members of the Production and Marketing Administration, United States Department of Agriculture, (4) members of the Office of the Solicitor, United States Department of Agriculture, and (5) such other persons as the Secretary may hereafter designate.

The Director of the Fruit and Vegetable Branch, Production and Marketing Administration, United States Department of Agriculture, is hereby authorized to prescribe additional instructions, not inconsistent with the rules and the limitations herein set forth, to govern the procedure to be followed by the said agent and appointees in conducting said referendum.

Done at Washington, D. C., this 26th day of August 1947.

[SEAL] CHARLES F. BRANNAN, *Acting Secretary of Agriculture.*

[7 CFR, Part 933]

HANDLING OF ORANGES, GRAPEFRUIT, AND TANGERINES GROWN IN FLORIDA

DECISION WITH RESPECT TO PROPOSED FURTHER AMENDMENTS TO THE MARKETING AGREEMENT AND ORDER

Pursuant to Public Act No. 10, 73d Congress (May 12, 1933), as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), (hereinafter referred to as the "act"), and the rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders, as amended (7 CFR and Supps., 900.1 et seq.; 11 F. R. 7737; 12 F. R. 1159), a public hearing was held at Vero Beach, Florida, on May 12, 1947, and at Lakeland, Florida, on May 14, 1947, pursuant to notice thereof which was published in the FEDERAL REGISTER (12 F. R. 2809) upon proposed further amendments to Marketing Agreement No. 84, as amended (hereinafter referred to as the "marketing agreement"), and Order No. 33, as amended (7 CFR and Supps., 933.1 et seq.), (hereinafter referred to as the "order") regulating the handling of oranges, grapefruit, and tangerines grown in the State of Florida. This regulatory program became effective February 22, 1939.

Upon the basis of the evidence introduced at the aforesaid hearing and the record thereof, the Assistant Administrator, Production and Marketing Administration, on July 22, 1947, filed with the Hearing Clerk, United States Department of Agriculture, his recommended decision in this proceeding. The notice of the filing of such recommended decision, affording opportunity to file written exceptions thereto, was published in the FEDERAL REGISTER on July 26, 1947 (12 F. R. 4995).

Material issues. The material issues presented on the record of the hearing were concerned with the following:

(1) Amending the marketing agreement and order to provide for the issuance of regulations which may specify that shipments of any variety (as such term is defined in the marketing agreement and order) grown in Regulation Area II, as defined in the aforesaid notice of hearing, shall be limited to grades and sizes different from the grade and size limitations applicable to shipments of the same variety grown in Regulation Area I, likewise defined in the hearing notice; and

(2) Establishing Regulation Area I and Regulation Area II.

Exceptions were filed by or on behalf of the Ladd Packing Company, Marion County Growers and Shippers, and W. M. Davidson within the time prescribed for such action and related to the findings and conclusions contained in the aforesaid recommended decision. With regard to the findings and conclusions of the recommended decision to which specific exceptions have been taken, this decision contains a ruling thereon in the discussion of the material issues to which the exception refers.

Findings and conclusions. The findings and conclusions on the aforementioned material issues, all of which are based on the evidence introduced at the hearing and the record thereof, and which are substantially the same as the findings and conclusions which were set forth in connection with the respective issues in the aforementioned recommended decision, are as follows:

(1) The marketing agreement and order should be amended to provide for the issuance of regulations which may specify that shipments of any variety grown in Regulation Area II shall be limited to grades and sizes different from the grade and size limitations applicable to shipments of the same variety grown in Regulation Area I.

Substantial differences exist between Regulation Area I and Regulation Area II with regard to cultural, grading, packing, and marketing practices insofar as they apply to the citrus fruits covered by the marketing agreement and order.

A distinctive heavy hammock soil is found in Regulation Area II. The land within this area, on which citrus fruits are grown, is low and flat. These low lands require an elaborate system of drainage ditches, which are not found in the groves located in Regulation Area I, since such groves are usually on rolling, sandy type soils. Most of the groves in Regulation Area II are irrigated. Due to the ridging practices followed in Regulation Area II, citrus groves in such area are smaller in acreage than those in Regulation Area I. Other cultural practices in Regulation Area II, such as preparing the land for citrus fruit trees, cultivating, and control of insects differ in varying degrees from practices in Regulation Area I. Citrus fruit yields are generally lower per acre in Regulation Area II than yields in Regulation Area I, and production costs per box are higher. Fruit discoloration in Regulation Area II is more prevalent but is smoother and less unsightly. The fruit grown in Regulation Area II is, on the average, more tender and the peel is thinner than that grown in Regulation Area I. These and other differences in characteristics of the fruit grown in the two areas are due to the differences in soils and cultural practices.

Grading practices are different in the two areas. In Regulation Area I, citrus fruit is generally marketed as U. S. Combination grade [1] fruit which consists of a mixture of both U. S. No. 1 grade [1] and U. S. No. 2 grade [1] fruit. In Regulation Area II, however, the U. S. No. 1 grade fruit and the U. S. No. 2 grade fruit are separated in the packing house and are sold separately in the markets. The latter method of grading is more costly than the former method. This difference in grading practices has existed for several years. In the past, this difference has prevented the institution, at certain times, of grade and size regulations limiting shipments of citrus fruits to such grades of fruit as the then current marketing conditions warranted. If these regulations were made effective, then shippers in Regulation Area II would have been forced to change their grading practices. The proposed amendments would provide the necessary flexibility in the operation of the marketing agreement and order program to meet changing marketing conditions, and would not tend to decrease the volume of Florida citrus fruit marketed in interstate commerce. Such regulations, if issued, would result (i) in better quality fruit being shipped, and (ii) higher average prices being received by producers for such fruit; and would protect the interests of consumers by the shipment of better fruit.

Citrus fruits grown in Regulation Area II are generally packed in the nailed wooden box whereas most of the fruit grown in Regulation Area I is packed in the wire bound box. The nailed box is higher in cost than the wire bound box.

[1] Such grades are set forth in the United States Standards for Citrus Fruits, as amended (11 F. R. 13239; 12 F. R. 1), and in the United States Standards for Tangerines (12 F. R. 2619).

Some differences in the marketing of citrus fruits exist between Regulation Area I and and Regulation Area II. A greater percentage of the fruit grown in Regulation Area II is marketed in fresh form than that grown in Regulation Area I, while a greater percentage of the fruit grown in Regulation Area I is sold for processing than that grown in Regulation Area II. Although the production of fruit in Regulation Area II during the last five years constituted only 7.6 percent of the total production in the State of Florida, approximately 25 to 30 percent of the fresh grapefruit shipped out of the State of Florida during this period was grown in Regulation Area II. Citrus fruit grown in Regulation Area II commands a higher average price on the auction markets than does fruit grown in Regulation Area I. During the seasons 1941–42 to 1945–46 such prices averaged per box 48 cents higher for early and midseason oranges, 40 cents higher for Temple oranges, 28 cents higher for Valencia oranges, 43 cents higher for white seeded grapefruit, 61 cents higher for white seedless grapefruit, 44 cents higher for pink seeded grapefruit, and 45 cents higher for pink seedless grapefruit.

Citrus fruit grown in Regulation Area II competes in the market with that grown in Regulation Area I. The marketing agreement and order program is concerned with problems which arise in every citrus fruit area in the State of Florida, and the same marketing agreement and order should continue to cover all areas within the State. During the major portion of each marketing season, grade and size regulations would in all probability be uniform in Regulation Area I and Regulation Area II. The regulations should be recommended by the same administrative and advisory committees which have administered the marketing agreement and order since their inception.

A handler excepted on the ground that all of the "St. John's River territory" should be included in Regulation Area II. The record contains no evidence to indicate that this should be done. Other exceptions were based on the grounds that the findings and conclusions contained in the aforesaid recommended decision are not applicable particularly to oranges grown in the "Orange Lake Basin Area" and to Marion County, and that conditions which exist in these two areas are similar to those in Regulation Area II rather than to those in Regulation Area I. These contentions are not supported by the record.

(2) Regulation Area I and Regulation Area II should be established as set forth in the aforesaid notice of hearing.

The boundary line between Regulation Area I and Regulation Area II is a natural one geographically inasmuch as it is clearly demarcated by swamps, rivers, lakes, canals, and other natural landmarks. No groves are located on the boundary line; and along almost the entire length of the boundary line the nearest groves are several miles distant from the line. This line is almost identical to the boundary line established for the Indian River Citrus Area by the laws of the State of Florida. Such laws provide that only fruit grown within the Indian River Citrus Area, which corresponds to Regulation Area II as defined in the aforesaid hearing notice, may be sold under the name or brand of Indian River Citrus Fruit.

The Federal Trade Commission has defined the Indian River Area in general terms and has issued orders, in cases investigated by the commission, that shippers may not market fruit grown in Regulation Area I under an Indian River stamp or label. The Office of Price Administration established price ceilings for citrus fruit varieties grown in the Indian River area which were higher per box than those established for the same varieties grown in Regulation Area I.

Two exceptions were filed on the grounds that the findings and conclusions contained in the aforesaid recommended decision are not applicable particularly to oranges grown in the "Orange Lake Basin Area" and to Marion County, and that conditions which exist in these two areas are similar to those in Regulation Area II rather than to those in Regulation Area I. The evidence contained on the record of the hearing does not support these grounds.

General. (1) The marketing agreement, as amended and as hereby proposed to be further amended, and the order, as amended and as hereby proposed to be further amended, and all of the terms and conditions of each such document will tend to effectuate the declared policy of the act; and

(2) The marketing agreement, as amended and as hereby proposed to be further amended, and the order, as amended and as hereby proposed to be further amended, regulate the handling of oranges, grapefruit, and tangerines, grown in the State of Florida, in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity, specified in the marketing agreement upon which hearings have been held.

(3) There are differences in the production and marketing of said fruit in the production area covered by said marketing agreement, as amended and as hereby proposed to be further amended, and of the marketing order, as amended and as hereby proposed to be further amended, that make necessary different terms and provisions applicable to different parts of such area, and the proposed terms and provisions, so far as practicable, give due recognition to such differences.

Marketing agreement and order. Annexed hereto and made a part hereof are two documents entitled, respectively, "Agreement Amending the Marketing Agreement, as Amended, Regulating the Handling of Oranges, Grapefruit, and Tangerines Grown in the State of Florida" and "Order Amending the Order, as Amended, Regulating the Handling of Oranges, Grapefruit, and Tangerines Grown in the State of Florida" which have been decided upon as the appropriate and detailed means of effecting the foregoing conclusions. These documents shall not become effective unless and until the requirements of § 900.14 of

the aforesaid rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders have been met.

It is hereby ordered, That all of this decision, except the attached agreement amending the marketing agreement, as amended, be published in the FEDERAL REGISTER. The regulatory provisions of the said agreement amending the marketing agreement, as amended, are identical with those contained in the attached order amending the order, as amended, which will be published with this decision.

This decision filed at Washington, D. C., this 26th day of August 1947.

§ 933.0 *Findings upon the basis of the hearing record.* Pursuant to Public Act No. 10, 73d Congress (May 12, 1933), as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), (hereinafter referred to as the "act"), and the rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders (7 CFR, Supps., 900.1 et seq.; 11 F. R. 7737; 12 F. R. 1159), a public hearing was held at Vero Beach, Florida, on May 12, 1947, and at Lakeland, Florida, on May 14, 1947, upon proposed further amendments to the marketing agreement, as amended, and to Order No. 33, as amended (7 CFR, Supps., 933.1 et seq.), regulating the handling of oranges, grapefruit, and tangerines grown in the State of Florida. Upon the basis of the evidence introduced at such hearing, and the record thereof, it is found that:

(a) The said order, as amended and as hereby further amended,[1] and all of the terms and conditions of said order, as amended and as hereby further amended, will tend to effectuate the declared policy of the act;

(b) The said order, as amended and as hereby further amended, regulates the handling of oranges, grapefruit, and tangerines grown in the State of Florida in the same manner as the aforementioned marketing agreement, as amended and as further amended effective as of the same time as the further amendment of the said order, as amended, and the said order, as amended and as hereby further amended, is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which hearings have been held; and

(c) There are differences in the production and marketing of said fruit in the production area covered by the said marketing order, as amended and as hereby further amended, that make necessary different terms and provisions applicable to different parts of such area, and the terms and provisions hereof, so far as practicable, give due recognition to such differences.

[1] This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders have been met.

The foregoing findings are supplementary and in addition to the findings made in connection with the issuance of the aforesaid order and the findings made in connection with the issuance of the previously issued amendment thereto; and all of said previous findings are hereby ratified and affirmed except insofar as such findings may be in conflict with the findings set forth herein.

It is, therefore, ordered, That, on and after the effective date hereof, the handling of oranges, grapefruit, and tangerines grown in the State of Florida shall be in conformity to, and in compliance with, the terms and conditions of the aforesaid order, as amended and as hereby further amended; and such order, as amended, is hereby further amended as follows:

1. Add to § 933.1 *Definitions* of the order the following new paragraphs:

(m) "Regulation Area I" shall include all that part of the State of Florida not included in Regulation Area II.

(n) "Regulation Area II" shall include that part of the State of Florida particularly described as follows: Beginning at a point on the shore of the Atlantic Ocean where the line between Flagler and Volusia Counties intersects said shore, thence follow the line between said two counties to the Southwest corner of Section 23, Township 14 South, Range 31 East; thence continue South to the Southwest corner of Section 35, Township 14 South, Range 31 East; thence East to the Northwest corner of Township 15 South, Range 32 East; thence South to the Southwest corner of Township 17 South, Range 32 East; thence East to the Northwest corner of Township 18 South, Range 33 East; thence South to the St. Johns River; thence along the main channel of the St. Johns River and through Lake Harney, Lake Poinsett, Lake Winder, Lake Washington, Sawgrass Lake, and Lake Helen Blazes to the range line between Ranges 35 East and 36 East; thence South to the South line of Brevard County; thence East to the line between Ranges 36 East and 37 East; thence South to the Southwest corner of St. Lucie County; thence East to the line between Ranges 39 East and 40 East; thence South to the South line of Martin County; thence East to the line between Ranges 40 East and 41 East; thence South to the West Palm Beach Canal (also known as the Okeechobee Canal); thence follow said canal eastward to the mouth thereof; thence East to the shore of the Atlantic Ocean; thence Northerly along the shore of the Atlantic Ocean to the point of beginning.

2. Delete the provisions in subparagraph (b) (1) of § 933.4 *Regulation by grades and sizes* of the order and substitute therefor the following:

(1) Whenever the Shippers Advisory Committee deems it advisable to regulate any variety pursuant to this section, the said committee shall recommend the particular grades and sizes or either thereof deemed by it advisable to be shipped, and any such recommendation may include a proposal that shipments of any variety grown in Regulation Area II shall be limited to grades and sizes different from the proposed grade and size limitation applicable to shipments of the same variety grown in Regulation Area I. In making such determination, the said committee shall give due consideration to the following factors relating to the citrus fruit produced in Florida and in other States: (a) Market prices, including prices by grades and sizes of the fruit for which regulation is recommended; (b) amount on hand at the principal markets, as evidenced by supplies on track; (c) maturity, conditions, and available supply, including the grade and size thereof in the producing areas; (d) other pertinent market information; and (e) the level and trend in consumer income. The Shippers Advisory Committee shall promptly report the recommendations so made, with supporting information, to the Growers Administrative Committee, which committee shall, in turn, submit the same to the Secretary, together with its own recommendations and supporting information respecting the factors hereinbefore enumerated.

3. Delete the provisions in paragraph (c) of § 933.4 of the order and substitute therefor the following:

(c) *Regulation by the Secretary.* Whenever the Secretary shall find from the recommendations and reports of the Shippers Advisory Committee and the Growers Administrative Committee, or from other available information, that to limit the shipment of any variety to particular grades and sizes would tend to effectuate the declared policy of the act, he shall so limit the shipment of such variety during a specified period or periods, and any such regulation may provide that shipments of any variety grown in Regulation Area II shall be limited to grades and sizes different from the grade and size limitation applicable to shipments of the same variety grown in Regulation Area I. Prior to the beginning of any such regulation the Secretary shall notify the Growers Administrative Committee of the regulation issued by him, which committee shall notify all handlers, by publication in daily newspapers, selected by the said committee, of general circulation in the citrus-producing districts of Florida: *Provided*, That when the regulation as issued is different from the recommendation of the committee, notice thereof shall be given also by mailing a copy thereof to each handler who has filed his address with said committee for this purpose.

[SEAL] CHARLES F. BRANNAN,
Acting Secretary of Agriculture.

Civil Aeronautics Administration

[14 CFR, Part 550]

STANDARDS FOR AIRPORT RUNWAY DIMENSIONS AND STRENGTH

NOTICE OF HEARING ON PROPOSED POLICY

Notice of informal public hearing to be held at Washington, D. C., commencing September 18th, 1947, on proposed

policy of Civil Aeronautics Administration concerning standards for airport runway dimensions and strength.

Pursuant to the Civil Aeronautics Act of 1938 as amended (52 Stat. 973; 54 Stat. 1233; 49 U. S. C. 401), particularly sections 205, 301, 306, 307, and 308 thereof (49 U. S. C. 425, 451, 456, 457, 458); and the Federal Airport Act (60 Stat. 170; 49 U. S. C. 1101), particularly section 9 (a) thereof (49 U. S. C. 1108), it is proposed to issue a statement of the policy of the Civil Aeronautics Administration with respect to the standards for dimensions and strength of airport runways used for airline operations, to be used as a guide by Civil Aeronautics Administration personnel in their recommendations and advice to the public and in carrying out the Federal-aid Airport Program authorized by said Federal Airport Act. This proposed statement of policy is attached.

Although notice and hearing are not required by section 4 of the Administrative Procedure Act, notice is hereby given that an informal public hearing will be held on the said proposed statement of policy beginning at 9:30 a. m., eastern daylight saving time, on September 18, 1947, in the auditorium of the Department of Commerce Building, 14th Street between Constitution Avenue and E Street NW., Washington, D. C., and continuing through September 19, 1947, unless sooner concluded.

All interested parties and organizations are invited to be present or represented at said hearing and will be afforded an opportunity to be heard within the limitations of the time available For the accuracy of the record, all important facts and opinions should be submitted in writing as much in advance of the hearing as possible. All those desiring to be heard are requested to register their intention in advance, stating the amount of time desired. It is requested that all organizations desiring to present oral statements, limit their presentation to one spokesman.

Following the opening statement by the Administrator of Civil Aeronautics, the following organizations will first be heard, in the order listed:

Air Transport Association.
National Association of State Aviation Officials.
U. S. Conference of Mayors.
Aircraft Industries Association.
Air Line Pilots Association.
Civil Aeronautics Board.
Army Air Forces.
Bureau of Aeronautics.

All parties will be permitted to file briefs and memoranda subsequent to the hearing provided same are filed not later than October 1, 1947.

All papers are to be mailed to, or filed with, the Administrator of Civil Aeronautics, Commerce Building, Washington, D. C.

PROPOSED STATEMENT OF POLICY ON RUNWAY STRENGTH AND DIMENSIONAL STANDARDS FOR AIRLINE OPERATIONS

Introduction. In order to obtain better correlation between the design of airports and the design of aircraft which are to be used in air-carrier operations, the design standards contained herein have been developed by the Civil Aeronautics Administration. It is the purpose of this statement of policy to guide employees of the Civil Aeronautics Administration regarding approvals and recommendations for runway design, and to indicate to manufacturers and operators of transport type aircraft the airport runways which will be available. It is expected that airline operators will secure such equipment and establish such procedures that will permit, in accordance with established Civil Air Regulations, approval of operations from the runways specified herein.

Policy. Pursuant to sections 205, 301, 306, 307, and 308 of the Civil Aeronautics Act of 1938, as amended, and section 9 (a) of the Federal Airport Act, it is hereby declared to be the policy of the Civil Aeronautics Administration that airport runways used or designed for airline operations should be constructed to certain standards as to dimensions and strength. To this end, standards are hereby established for the guidance of Civil Aeronautics Administration personnel in their recommendations and advice to the public and in carrying out the Federal-aid Airport Program authorized by the Federal Airport Act, and for the information and guidance of all other persons concerned.

Standards. The following standards are hereby established for dimensions and strength of airport runways used for airline operations:

Type of airport	Runway (feet)		Taxiway (feet width)	Landing strip (feet width)	Maximum pavement [1] loading (pounds)	
	Length	Width			Single wheel	Dual wheel
Feeder	3,500	75-100	40	500	15,000	20,000
Local	4,500	100-150	50	400	30,000	40,000
Express	6,000	150-200	75	500	60,000	80,000
International	7,000	150-200	75	500	60,000	80,000

[1] Runway and taxiway pavement may be eliminated where surface conditions permit satisfactory year-round operations without such paving. Starter strips, warm-up pads and loading aprons may be used in lieu of complete paving where they are substantially equivalent to such paving.

For purposes of this policy, deviations from the runway strengths and dimensions indicated in the above table will be considered as falling within and conforming to the standards of the Civil Aeronautics Administration, if such deviations are approved by the Director, Airport Engineering Service, Office of Airports, Civil Aeronautics Administration, Washington, D. C. In any event, the fact that runways, taxiways and landing strips not conforming to these standards have been constructed at an airport without Federal funds will not disqualify that airport for Federal aid in accomplishing other construction.

The terms and standards set forth in the above table of standards are hereby defined and explained as follows:

(1) *Types of airports.* A "feeder" airport is one designed to serve certificated feeder line airlines; a "local" airport is one used as an intermediate airline stop on an airline trunk route; an "express" airport is one located at an important junction point or terminal on an airline system; an "international" airport is one used as a terminal for long international flights.

(2) *Runway lengths.* The runway lengths shown are established as standards at sea level. Correction in runway length for altitude will be made by adding 250 feet for each 1,000 feet of altitude above sea level. Correction in runway length will also be made when the longitudinal grade exceeds one per cent. Runway lengths are predicated upon approach clearances of 40–1 for instrument operation and 30–1 for non-instrument operation.

(3) *Maximum pavement loadings.* The runway pavement should be designed to carry satisfactorily the maximum wheel loadings specified in the above table. The gross weight of the aircraft is assumed to be carried by the main landing gear. Where gross weight of aircraft with two sets of dual wheels will exceed the dual wheel pavement loading in the table (160,000 lbs. for express and international airports), the excess load will be transmitted to the pavement by additional units which may be added in tandem or laterally. For the purpose of this policy, these additional units of separate dual wheels will be considered as such when spaced a distance of one foot from the center of the closest unit for each 5,000 lbs.; this means 16 feet between centers of dual wheels carrying 80,000 lbs. per set. Where spacing is less than necessary to consider each unit separately, the additional load which the pavement can carry by reason of duplicate gear will be assumed to be 5,000 lbs. for each foot of distance between centers of adjacent units.

T. P. WRIGHT,
Administrator of Civil Aeronautics.

NOTICES

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

WYOMING

AIR-NAVIGATION SITE WITHDRAWAL NO. 141, ENLARGED

By virtue of the authority contained in section 4 of the act of May 24, 1928, 45 Stat. 729 (U. S. C., Title 49, sec. 214), it is ordered as follows:

Subject to valid existing rights, the following-described public land near Fort Bridger, Wyoming, is hereby withdrawn from all forms of appropriation under the public land laws, and reserved for the use of the Civil Aeronautics Administration, Department of Commerce, in the maintenance of air-navigation facilities, as an addition to Air-Navigation Site Withdrawal No. 141 established June 21, 1940:

SIXTH PRINCIPAL MERIDIAN

T. 16 N., R. 115 W.,
Sec. 7, S½NE¼SW¼ and N½SE¼SW¼.

The area described contains 40 acres.

This order shall take precedence over, but shall not modify the order of the

Acting Secretary of the Interior of October 31, 1936 establishing Wyoming Grazing District No. 4, so far as it affects the above-described land.

It is intended that the public land described herein shall be returned to the administration of the Department of the Interior when it is no longer needed for the purpose for which it is reserved.

C. GIRARD DAVIDSON,
Assistant Secretary of the Interior.

AUGUST 22, 1947.

[F. R. Doc. 47-8078; Filed, Aug. 29, 1947; 8:51 a. m.]

ALASKA

AIR-NAVIGATION SITE WITHDRAWAL 145 ENLARGED

By virtue of the authority contained in section 4 of the act of May 24, 1928, 45 Stat. 729 (U. S. C. Title 49, sec. 214), it is ordered as follows:

Subject to valid existing rights, the public lands lying within the following-described boundaries are hereby withdrawn from all forms of appropriation under the public-land laws, for the use of the Department of Commerce as an addition to Air-Navigation Site Withdrawal No. 145 at McGrath, Alaska established and modified by departmental orders of October 1, 1940, November 24, 1941, May 4, 1942, and March 4, 1947:

Beginning at the intersection of the south boundary of Air-Navigation Site 145 enlarged, as defined by Departmental order of May 4, 1942, and the left bank of the Kuskokwim River in approximate latitude 62°56'30" North, longitude 156°38' West, thence,
East, 5,671.38 feet;
South, 2,200.0 feet;
West, 7,125.0 feet to intersection with left bank of Kuskokwim River, thence northeasterly along left bank of Kuskokwim River to point of beginning, containing approximately 350 acres.

This land is subject to a withdrawal for the use of the War Department established by Public Land Order No. 255 of December 15, 1944, so long as the order remains unrevoked.

It is intended that the public land described herein shall be returned to the administration of the Department of the Interior when it is no longer needed for the purpose for which it is reserved.

C. GIRARD DAVIDSON,
Assistant Secretary of the Interior.

COLORADO

AIR-NAVIGATION SITE WITHDRAWAL 233

By virtue of the authority contained in section 4 of the act of May 24, 1928, 45 Stat. 729 (U. S. C., Title 49, sec. 214), it is ordered as follows:

Subject to valid existing rights, the following-described public lands in Colorado are hereby withdrawn from all forms of appropriation under the public land laws, and reserved for the use of the Civil Aeronautics Administration, Department of Commerce, in the maintenance of air-navigation facilities, the reservation to be known as Air-Navigation Site Withdrawal No. 233.

SIXTH PRINCIPAL MERIDIAN

T. 11 S., R. 97 W.,
Sec. 15, NE¼SW¼.
T. 11 S., R. 102 W.,
Sec. 25, SW¼SW¼.

The areas described aggregate 80 acres.

This order shall take precedence over, but shall not modify the orders of the Secretary and Acting Secretary of the Interior dated April 8, 1935 and October 12, 1940, establishing and modifying Colorado Grazing Districts Nos. 3 and 7, so far as they affect the above-described lands.

It is intended that the public land described herein shall be returned to the administration of the Department of the Interior when it is no longer needed for the purpose for which it is reserved.

OSCAR L. CHAPMAN,
Under Secretary of the Interior.

NEVADA

AIR-NAVIGATION SITE WITHDRAWAL 234

By virtue of the authority contained in section 4 of the act of May 24, 1928, 45 Stat. 729 (U. S. C., Title 49, sec. 214), it is ordered as follows:

Subject to valid existing rights the following-described public lands in Nevada are hereby withdrawn from all forms of appropriation under the public-land laws, and reserved for the use of the Civil Aeronautics Administration, Department of Commerce, in the maintenance of air-navigation facilities, the reservation to be known as Air-Navigation Site Withdrawal No. 234:

MOUNT DIABLO MERIDIAN

T. 23 N., R. 29 E.,
Sec. 22, NE¼SE¼NW¼.
T. 24 N., R. 31 E.,
Sec. 12, SW¼SE¼SE¼.

The areas described aggregate 20 acres.

This order shall take precedence over, but shall not modify the order of the Acting Secretary of the Interior of November 13, 1941, transferring these and other lands to Nevada Grazing District No. 2, so far as it affects the above-described lands.

It is intended that the public lands described herein shall be returned to the administration of the Department of the Interior when they are no longer needed for the purpose for which they are reserved.

OSCAR L. CHAPMAN,
Under Secretary of the Interior.

COLORADO

STOCK DRIVEWAY WITHDRAWAL 2, COLORADO 2, ENLARGED

By virtue of the authority contained in section 7 of the act of June 28, 1934, 48 Stat. 1272, amended by the act of June 26, 1936, 49 Stat. 1976 (U. S. C. Title 49, sec. 315f), and in section 10 of the act of December 29, 1916, 39 Stat. 865, amended by the act of January 29, 1929, 45 Stat. 1144 (U. S. C., Title 43, sec. 300), it is ordered as follows:

The following described public land in Colorado is hereby classified as necessary and suitable for the purpose and, excepting any mineral deposits therein, is withdrawn from all disposal under the public-land laws and reserved, subject to valid existing rights, for the use of the general public as an addition to Stock Driveway Withdrawal No. 2, Colorado No. 2:

SIXTH PRINCIPAL MERIDIAN

T. 3 S., R. 94 W.,
Sec. 36, NW¼SW¼.

The area described contains 40 acres.

Any mineral deposits in the land shall be subject to location and entry only in the manner prescribed by the Secretary of the Interior in accordance with the provisions of the aforesaid act of January 29, 1929, and such regulations as have been or may be issued thereunder.

C. GIRARD DAVIDSON,
Assistant Secretary of the Interior.

NOTICE FOR FILING OBJECTIONS TO PROPOSED ORDER ENLARGING STOCK DRIVEWAY WITHDRAWAL 2, COLORADO 2

Notice is hereby given that for a period of 30 days from the date of publication of this notice, persons having cause to object to the terms of the order withdrawing the NW¼SW¼ sec. 36, T. 3 S., R. 94 W., 6th P. M., Colorado, containing 40 acres, for a stock rest and camp site, may present their objections to the Secretary of the Interior. Such objections should be in writing, should be addressed to the Secretary of the Interior, and should be filed in duplicate in the Department of the Interior, Washington 25, D. C.

In case any objection is filed and the nature of the opposition is such as to warrant it, a public hearing will be held at a convenient time and place, which will be announced, where opponents to the order may state their views and where the proponents of the order can explain its purpose, intent and extent. Should any objection be filed, notice of the determination by the Secretary as to whether the order should be rescinded, modified or let stand will be given to all interested parties of record and the general public.

C. GIRARD DAVIDSON,
Assistant Secretary of the Interior.

MINNESOTA

NOTICE OF FILING OF PLAT OF SURVEY

AUGUST 22, 1947.

Notice is given that the plat of survey of lands hereinafter described will be officially filed in Bureau of Land Management, Washington 25, D. C., effective at 10:00 a. m. on October 24, 1947. At that time the lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, or selection as follows:

(a) *Ninety-day period for preference-right filings.* For a period of 90 days from October 24, 1947, to January 22, 1948, inclusive, the public lands affected by this notice shall be subject to (1) application under the homestead law, or the small tract act of June 1, 1938 (52 Stat. 609, 43 U. S. C. sec. 682a), as amended, by qualified veterans of World War II, for whose service recognition is granted by the act of September 27, 1944 (58 Stat. 747, 43 U. S. C. secs. 279–283), subject to the requirements of applicable law, and (2) application under any applicable public-land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Application by such veterans shall be subject to claims of the classes described in subdivision (2)..

(b) *Twenty-day advance period for simultaneous preference-right filings.* For a period of 20 days from October 4, 1947, to October 24, 1947, inclusive, such veterans and persons claiming preference rights superior to those of such veterans, may present their applications, and all such applications, together with those presented at 10:00 a. m. on October 24, 1947, shall be treated as simultaneously filed.

(c) *Date for non-preference-right filings authorized by the public-land laws.* Commencing at 10:00 a. m., on January 23, 1948, any of the lands remaining unappropriated shall become subject to such application, petition, location, or selection by the public generally as may be authorized by the public-land laws.

(d) *Twenty-day advance period for simultaneous non-preference-right filings.* Applications by the general public may be presented during the 20-day period from January 3, 1948 to January 23, 1948, inclusive, and all such applications, together with those presented at 10:00 a. m., on January 23, 1948, shall be treated as simultaneously filed.

Veterans shall accompany their applications with certified copies of their certificates of discharge, or other satisfactory evidence of their military or naval service. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated affidavits in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in Bureau of Land Management, Washington 25, D. C., shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations (Circular No. 324, May 22, 1914, 43 L. D. 254), and Part 296 of that title, to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Parts 166 to 170, inclusive, of Title 43 of the Code of Federal Regulations and applications under the small tract act of June 1, 1938, shall be governed by the regulations contained in Part 257 of that title.

Inquiries concerning these lands shall be addressed to the Director, Bureau of Land Management, Washington 25, D. C.

The lands affected by this notice are described as follows:

FOURTH PRINCIPAL MERIDIAN

T. 55 N., R. 8 W.
Sec. 23, Lot 2.

The area described aggregates 0.45 acre.

The above-mentioned plat, based upon the plat approved May 26, 1859, represents the survey of an island in section 23 which was not included in the original plat of survey.

Available data indicates that this island has a low elevation above water level and has a clay loam soil supporting a fair stand of birch, fir, spruce, pine and other species of timber with a rather dense undergrowth of brush.

An application for homestead entry may be considered but it is doubtful whether such an application would be allowed in view of the character of the land and the small area involved.

FRED W. JOHNSON,
Director.

[F. R. Doc. 47-8086; Filed, Aug. 29, 1947; 8:48 a. m.]

NEVADA

AIR-NAVIGATION SITE WITHDRAWAL 235

By virtue of the authority contained in section 4 of the act of May 24, 1928, 45 Stat. 729 (U. S. C. Title 49, sec. 214), it is ordered as follows:

Subject to valid existing rights, the following-described public land in Nevada is hereby withdrawn from all forms of appropriation under the public-land laws, and reserved for the use of the Civil Aeronautics Administration, Department of Commerce, in the maintenance of air-navigation facilities, the reservation to be known as Air-Navigation Site Withdrawal No. 235:

MOUNT DIABLO MERIDIAN

T. 24 S., R. 58 E.,
Sec. 23, $S\frac{1}{2}SE\frac{1}{4}SE\frac{1}{4}$.

The area described contains 20 acres.

This order shall take precedence over, but shall not modify the order of the Acting Secretary of the Interior dated November 3, 1936, establishing Nevada Grazing District No. 5, so far as it affects the above-described land.

It is intended that the public land described herein shall be returned to the administration of the Department of the Interior when it is no longer needed for the purpose for which it is reserved.

OSCAR L. CHAPMAN,
Under Secretary of the Interior.

AUGUST 18, 1947.

[F. R. Doc. 47-8089; Filed, Aug. 29, 1947; 8:47 a. m.]

ARIZONA

STOCK DRIVEWAY WITHDRAWAL 100, ARIZONA 4, REVOKED

The order of the Secretary of the Interior dated October 2, 1919, establishing Stock Driveway Withdrawal No. 100, Arizona No. 4 under section 10 of the act of December 29, 1916, 39 Stat. 865, 43 U. S. C. sec. 300, embracing the lands described below, is hereby revoked.

GILA AND SALT RIVER MERIDIAN

T. 26 N., R. 4 E.,

T. 27 N., R. 4 E.,
Secs. 12 and 24.
T. 26 N., R. 5 E.,
Secs. 6, 18, and 30.
T. 27 N., R. 5 E.,
Secs. 18 and 30.

The areas described aggregate 5,651.32 acres.

This order shall not otherwise become effective to change the status of such lands until 10:00 a. m. on October 21, 1947. At that time the lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, or selection as follows:

(a) *Ninety-day period for preference-right filings.* For a period of 90 days from October 21, 1947, to January 19, 1948, inclusive, the public lands affected by this order shall be subject to (1) application under the homestead or the desert land laws, or the small tract act of June 1, 1938 (52 Stat. 609, 43 U. S. C. sec. 682a), as amended, by qualified veterans of World War II, for whose service recognition is granted by the act of September 27, 1944 (58 Stat. 747, 43 U. S. C. secs. 279–283), subject to the requirements of applicable law, and (2) application under any applicable public-land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Application by such veterans shall be subject to claims of the classes described in subdivision (2),

(b) *Twenty-day advance period for simultaneous preference-right filings.* For a period of 20 days from October 1, 1947, to October 21, 1947, inclusive, such veterans and persons claiming preference rights superior to those of such veterans, may present their applications, and all such applications, together with those presented at 10:00 a. m. on October 21, 1947, shall be treated as simultaneously filed.

(c) *Date for non-preference-right filings authorized by the public-land laws.* Commencing at 10:00 a. m. on January 20, 1948, any of the lands remaining unappropriated shall become subject to such application, petition, location, or selection by the public generally as may be authorized by the public-land laws.

(d) *Twenty-day advance period for simultaneous non-preference-right filings.* Applications by the general public may be presented during the 20-day period from December 31, 1947, to January 19, 1948, inclusive, and all such applications, together with those presented at 10:00 a. m. on January 20, 1948, shall be treated as simultaneously filed.

Veterans shall accompany their applications with certified copies of their certificates of discharge, or other satisfactory evidence of their military or naval service. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated affidavits in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the District Land Office, Phoenix, Arizona, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations (Circular No. 324, May 22, 1914, 43 L. D. 254), and Part 296 of that title, to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Parts 166 to 170, inclusive, of Title 43 of the Code of Federal Regulations and applications under the desert land laws and the small tract act of June 1, 1938, shall be governed by the regulations contained in Parts 232 and 257, respectively, of that title.

Inquiries concerning these lands shall be addressed to the District Land Office, Phoenix, Arizona.

The area is rough to broken with a soil composed chiefly of loose sandy clay-loam containing much rock.

C. GIRARD DAVIDSON,
Assistant Secretary of the Interior.

AUGUST 19, 1947.

Office of the Secretary

JACKSON HOLE, WYOMING, AREA

MEMORANDUM REGARDING OIL AND GAS LEASES

Memorandum to: the Director, Bureau of Land Management, and the Director, Geological Survey, from: The Secretary of the Interior.

After conferring with proponents and opponents of oil and gas development in the Jackson Hole area of northwestern Wyoming, I have concluded that unit plans may be approved, oil and gas leases issued, and drilling authorized on lands in the Teton National Forest south of the 11th standard parallel, exclusive of lands lying within the Teton Wilderness Area south of said parallel, subject to the following conditions:

(1) No unit plan will be approved unless the Geological Survey reports that the structural conditions are such as to warrant the belief that the lands included therein may contain oil or gas. Prior to such approval, copies of the proposed unit plan will be submitted to all interested agencies of this Department, as well as to the Forest Service, Department of Agriculture, for recommendations as to stipulations or conditions which it is felt should be incorporated into that plan.

(2) Prospecting and development under an approved unit plant shall not be permitted until all lands within the area are made subject to the unit plan unless a determination shall be made by the Secretary or his representative that the unit operator has made every reasonable effort to unitize all lands and the uncommitted land is insufficient in amount or so located that the orderly development of the unit area will not be adversely affected. If any part of the geological structure is located on Federal lands which are within the Jackson Hole National Monument, the Teton Wilderness Area, or which are otherwise unavailable for leasing, a unit plan for the remaining available acreage on the structure will not be approved unless the Geological Survey reports that oil or gas development, limited to the available lands, is in the best interests of the United States.

(3) All leases shall provide that no drilling will be authorized except under an approved unit plan.

(4) All leases and all unit plans for lands within the area must contain a provision vesting in the Secretary of the Interior, or his duly authorized representatives, control over the rate of prospecting and development, including, in particular, the spacing of wells and such other conditions as may be deemed necessary in any case for the protection of

the wildlife or scenic values within the area.

The lands north of the area defined herein shall continue to be temporarily withheld from leasing under the oil and gas provisions of the Mineral Leasing Act, unless the lands in T. 45 N., R. 113 W., 6th. P. M., Wyoming outside the Jackson Hole National Monument and outside the Teton Wilderness Area are deemed necessary to establish or complete a logical unit area.

J. A. KRUG,
Secretary of the Interior.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-1509]

WILLIAM H. AND JOHN M. TAYLOR

ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission held at its office in the city of Philadelphia, Pa., on the 25th day of August 1947.

William H. Taylor and John M. Taylor having filed an application pursuant to the Public Utility Holding Company Act of 1935 and the rules and regulations thereunder regarding the following transaction:

William H. Taylor and John M. Taylor each propose to acquire the capital stock of Allied Gas Company ("Allied") distributable to them pursuant to the terms of the section 11 (e) plan of dissolution of Great Lakes Utilities Company ("Great Lakes"), formerly a registered holding company, which plan was approved by this Commission and the District Court of the United States for the Eastern District of Pennsylvania on March 19, 1947, and March 25, 1947, respectively.

Allied is a public utility company and, just prior to the dissolution of Great Lakes, was Great Lakes' only remaining subsidiary. The aforementioned section 11 (e) plan of Great Lakes provides, among other things, that Great Lakes will distribute all of the outstanding capital stock of Allied, consisting of 10,052 shares of such stock with a par value of $10 per share, to the holders of the outstanding Voting Trust Certificates for common stock of Great Lakes, in exchange for such Voting Trust Certificates on the basis of one share of the common stock of Allied for each 15 shares of common stock of Great Lakes.

Allied, an Illinois corporation, distributes propane-air gas to approximately 1,507 customers in its Paxton Division, which serves the communities of Paxton, Gibson City and Rantoul, Illinois, and distributes manufactured gas to approximately 1,253 customers in Rochelle, Illinois.

The filing indicates that the applicants, William H. Taylor and John M. Taylor, own both direct and indirect interests in Voting Trust Certificates for common stock of Great Lakes. Their direct interest consists of Certificates for 50,286 and 1,095 shares, respectively, of a total of 150,780 shares of common stock of Great Lakes formerly outstanding. Their indirect interest is derived through Taylor Fibre Company which owns Certificates for 19,826 shares of common stock of Great Lakes or about 13% of the total number of shares of such stock formerly outstanding. According to the filing, William H. Taylor and John M. Taylor own, respectively, 1,887 and 1,770 shares or 27.4% and 25.7%, respectively, of a total of 6,886 shares presently outstanding of the capital stock of Taylor Fibre Company.

The filing further indicates that Taylor Fibre Company, a Pennsylvania corporation which is not registered as a holding company, is primarily engaged in the manufacture and sale of fibre, fibrous materials, bakelite and bakelite materials, and that it also owns and operates farm lands, orchards and real estate, and sells, buys, invests and reinvests its surplus funds in stocks and other securities. In addition, the filing indicates that Taylor Fibre Company does not directly or indirectly own, control or hold with power to vote as much as five percent of the outstanding voting securities of any public utility company or public utility holding company other than Great Lakes and Allied.

Said application having been filed on April 18, 1947, and notice of said filing having been duly given in the form and and manner prescribed by Rule U-23 promulgated pursuant to said act, and the commission not having received a request for a hearing with respect to said application within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The applicants having requested that the Commission take appropriate action to accelerate its order herein and that the order become effective immediately upon issuance; and

The Commission finding with respect to the application that the applicable provisions of the act and the rules thereunder are satisfied and that no adverse findings are necessary thereunder, and deeming it appropriate in the public interest and in the interest of investors and consumers that said application be granted and deeming it appropriate to grant the request to the applicants that the order become effective immediately upon issuance;

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of the act and the rules thereunder and subject to the terms and conditions prescribed in Rule U-24, that said application be, and the same hereby is, granted forthwith: *Provided, however*, That this order shall not be construed as deciding the question whether it may be necessary or appropriate, pursuant to section 2 (a) (7) (B) of the act, to determine the applicants to be a holding company: *And provided further*, That, in the event the applicants should be determined to be a holding company, this order shall not be construed as a determination of the retainability, under the standards of section 11 (b) (1) of the act, of any securities or properties then held or controlled by them.

By the Commission.

[SEAL] NELLYE A. THORSEN,
Assistant to the Secretary.

[File No. 70-1581]

NEW ENGLAND GAS AND ELECTRIC ASSN. AND PLYMOUTH COUNTY ELECTRIC CO.

ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the city of Philadelphia, Pennsylvania, on the 22d day of August 1947.

New England Gas and Electric Association ("New England"), a registered holding company, and its subsidiary, Plymouth County Electric Company ("Plymouth"), having filed a joint application pursuant to section 6 (b) and 10 of the Public Utility Holding Company Act of 1936 with respect to the following transactions:

Plymouth, all of whose common stock is owned by its parent, New England, proposes to issue and sell to New England 1,800 additional shares of its common stock, of the par value of $25 per share, at a price of $35. per share, or an aggregate of $63,000. The proceeds from the sale of this stock are to be applied in partial payment of Plymouth's floating indebtedness incurred for additions and improvements to its plant and properties and represented by outstanding bank notes in the aggregate amount of $82,750, all of such notes maturing August 28, 1947; and

Plymouth further proposes, in order to provide itself with funds as the same may be required from time to time to enable it to pay for necessary additions and betterments to its plant and property, to issue promissory notes to The First National Bank of Boston in amounts not to exceed in the aggregate $700,000, all of such notes to be issued and dated prior to December 31, 1949, and to mature not later than June 30, 1952. All of such notes issued during the remainder of 1947 and during 1948 will bear interest at the rate of 2¼% per annum; and those issued during 1949 will bear interest at the rate of 2½% per annum; and

The proposed issue and sale of securities having been approved by the Department of Public Utilities of the State of Massachusetts, the State in which Plymouth was organized and is doing business; and

The joint application having been filed on July 31, 1947, and notice of said filing having been given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act and the Commission not having received a request for hearing with respect to said application, within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding with respect to the joint application that the requirements of the applicable provisions of the act and rules thereunder are satisfied, and that no adverse findings are necessary thereunder, and deeming it appropriate in the public interest and in the interest of investors and consumers that said joint application be granted, and, further deeming it appropriate to grant the request of the applicants that the order become effective at the earliest date practicable;

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of the act, and subject to the terms and conditions prescribed in Rule U-24, that the application be, and the same hereby is, granted and the proposed transactions may be consummated forthwith.

By the Commission.

[SEAL] NELLYE A. THORSEN,
Assistant to the Secretary.

AUGUST THYSSEN, JR.

In re: Debenture stock, bonds and gold notes owned by and debts owing to the personal representatives, heirs, next of kin, legatees and distributees of August Thyssen, Jr., deceased.

Vesting Order 8494, dated March 20, 1947, is hereby amended as follows and not otherwise:

By deleting clauses a, b and c from subparagraph 2 of said Vesting Order and substituting therefor the following:

a. Ten (10) certificates for Canadian Pacific Railway Company perpetual 4% consolidated debenture stock issued in the name of bearer, each of $1 000 face value, bearing the numbers G65011/15, G21606, G32536, G7187, G11736 and G17154, and presently in the custody of Union Banking Corporation, c/o Office of Alien Property, 120 Broadway, New York, New York, together with any and all rights thereunder and thereto,

b. Five (5) International Telephone and Telegraph Corporation 4½% debenture bonds, due 1952, issued in the name of bearer, each of $1,000 face value, bearing the numbers M29055/8 and M34066, and presently in the custody of Union Banking Corporation, c/o Office of Alien Property, 120 Broadway, New York, New York, together with any and all rights thereunder and thereto,

c. Eight (8) Hugo Stinnes Corporation 7% gold notes, due July 1, 1940, issued in the name of bearer, each of $1,000 face value, bearing the numbers M2911, M4766/8, M7175/7 and M9237, and presently in the custody of Union Banking Corporation, c/o Office of Alien Property, 120 Broadway, New York, New York, together with any and all rights thereunder and thereto,

All other provisions of said Vesting Order 8494 and all actions taken by or on behalf of the Attorney General of the United States in reliance thereon, pursuant thereto and under the authority thereof are hereby ratified and confirmed.

Executed at Washington, D. C., on August 13, 1947:

For the Attorney General.

[SEAL] DAVID L. BAZELON,
Assistant Attorney General, Director, Office of Alien Property.

[Vesting Order 9672]

MARIA BARAN

In re: Estate of Maria Baran, deceased. File D-28-11820; E. T. sec. 16021.

Under the authority of the Trading with the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Johanna Becker, whose last known address is Germany, is a resident of Germany and a national of a designated enemy country (Germany);

2. That all right, title, interest and claim of any kind or character whatsoever of the person identified in subparagraph 1 hereof in and to the estate of Maria Baran, deceased, is property payable or deliverable to, or claimed by, the aforesaid national of a designated enemy country (Germany);

3. That such property is in the process of administration by Charles A. White, as Administrator, c. t. a., acting under the judicial supervision of the Surrogate's Court of Erie County, New York; and it is hereby determined:

4. That to the extent that the person identified in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on August 19, 1947.

For the Attorney General.

[SEAL] DAVID L. BAZELON,
Assistant Attorney General, Director, Office of Alien Property.

[F. R. Doc. 47-8105; Filed, Aug. 29, 1947; 8:48 a. m.]

[Vesting Order 9673]

RUDOLF BLASCHKA

In re: Estate of Rudolf Blaschka, deceased. File No. D-28-11679; E. T. sec. 15379.

Under the authority of the Trading with the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Frieda Blaschka, whose last known address is Germany, is a resident of Germany and a national of a designated enemy country (Germany);

2. That all right, title, interest and claim of any kind or character whatsoever of the person identified in subparagraph 1 hereof in and to the estate of Rudolf Blaschka, deceased, is property payable or deliverable to, or claimed by, the aforesaid national of a designated enemy country (Germany);

3. That such property is in the process of administration by Francis G. Goodale, as executor, acting under the judicial supervision of the Probate Court, Middlesex County, Cambridge, Massachusetts;

and it is hereby determined:

4. That to the extent that the person identified in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or other-

wise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on August 19, 1947.

For the Attorney General.

[SEAL] DAVID L. BAZELON,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 9692]

BERNHARD THEODOR VIERICH

In re: Estate of Bernhard Theodor Vierich, also known as Bernard Theodore Vierich, deceased. File D-28-4129; E. T. sec. 7113.

Under the authority of the Trading with the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Adolf Vierich, Mrs. Adolf Vierich, Theodor Vierich, also known as Theodore Vierich, Mrs. Theodor Vierich, also known as Theodore Vierich, Fritz Vierich, Mrs. Fritz Vierich, Rudolf Vierich, Mrs. Rudolf Vierich, Helene Huber, Bernhard Vierich, also known as Bernard Vierich, Mrs. Bernhard Vierich, also known as Bernard Vierich, Addi Stahlmann, Emmi Duncker, and Else Liebig, whose last known address is Germany, are residents of Germany and nationals of a designated enemy country (Germany);

2. That the children, names unknown, of Adolf Vierich, Theodor Vierich, Fritz Vierich, Rudolf Vierich, Helene Huber, Bernhard Vierich, and Addi Stahlmann, and husband of Helene Huber and husband of Addi Stahlmann, names unknown, who there is reasonable cause to believe are residents of Germany, are nationals of a designated enemy country (Germany);

3. That all right, title, interest and claim of any kind or character whatsoever of the persons identified in subparagraphs 1 and 2 hereof, and each of them, in and to the estate of Bernhard Theodor Vierich, also known as Bernard Theodore Vierich, deceased, is property payable or deliverable to, or claimed by the aforesaid nationals of a designated enemy country (Germany);

4. That such property is in the process of administration by The Trust Company of New Jersey, as executor, acting under the judicial supervision of the Hudson County Orphans' Court, State of New Jersey;

and it is hereby determined:

5. That to the extent that the persons identified in subparagraph 1 and the children, names unknown, of Adolf Vierich, Theodor Vierich, Fritz Vierich, Rudolf Vierich, Helene Huber, Bernhard Vierich, and Addi Stahlmann, and husband of Helene Huber and husband of Addi Stahlmann, names unknown, are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.
